## SUPER MALAK ODYSSEY 6

Malak climbs the steep underside of the mountain cliff. He knows Broc Stalk Castle is nestled at the perch. It was breezy at best but the weather was mostly relaxed compared to the sea storm he had just endured.

**Malak Fuse:**

Just a little bit further. Almost there. I can smell it.

The fearlessness in Malak's eyes grows despite noticing a weird wheel of stamina floating by his head. The meter slowly depletes itself with each passing inch ascended up the cliff.

**Malak Fuse:**

I truly feel like I'm in a video game now.

The meter suddenly changes from green to yellow as it diminishes, which causes a slight fret to drum up within our hero.

**Malak Fuse:**

Pay no mind to the climbing gauge. Just keep going.

Then it turns from yellow to red as just a sliver of it is left. However, he's almost to the top. He thinks he can make it easily! If that wasn't enough, the red piece begins blinking! Great, we're in uncharted territory now!

**Malak Fuse:**

Just. A little. Further.

Malak's fingertips grip the turfy edge.

**Malak Fuse:**

I have done it!

The meter empties. One of Malak's hands lets go of the top just long enough to regain enough stamina for the other hand to take its place.

**Malak Fuse:**

I HAVE TO PULL MYSELF UP! I HAVE TO SAVE JOCELYNE! SHE IS DEPENDING ON ME!

In the blink of an eye, Malak somehow pulls himself up despite being completely out of stamina. He breathes hard, bent over with hands on his knees. It takes some time but he finally catches his breath and notices the wheel hovering above his head has filled and promptly vanished. Keeping his head skyward, he has no choice but to drink in the view of Broc Stalk Castle right in front of him. Dark clouds loom overhead as it feels like the tops of the pointed lookout towers scattered strategically around the large base pierce the sky above.

**Malak Fuse:**

Well report my comments and call me a moderator. Broc Stalk Castle is HUGE.

Malak is quick to see a large shadowy figure dancing through the candlelight.

**Malak Fuse:**

That's coming from one of the higher up chambers. That must be where Broc Newbludd is hiding. I've got to find him, defeat him and save Jocelyne once and for all!

He wastes no time approaching the fortress, the only problem is the moat and enormously high unclimbable walls in front of him.

**Malak Fuse:**

Hmmmm, what should I do?

Just then, off in the distance, he hears some mumbling so he jumps into the bushes and observes a horse drawn convoy of farmers advancing. Their carriage is full of different kinds of broccoli. They seem happy-go-lucky for the most part. Malak knows this is his literal meal ticket inside the gates. He watches them steadily as they approach the bridge before making his move. With a tumble and a dive, Malak stealthily hides on the back of the carriage.

**Malak Fuse:**

Come on, come on.

The large gate swings open after the farmers declare who they were and what they were bringing. "One meal fit for a sloth" was on its way directly to Broc Newbludd himself and all Malak has to do is keep quiet until his arrival. The castle grounds were immaculate. Many baileys funnelled traffic appropriately, guiding the wagon to the main keep. Once there, the crew enjoyed a unique elevator ride up to the highest chamber. Many broc tots pulled chains which caused the platform to rise. Malak's spirit was broken at the sight of how many hard working minions it took in order to make the mechanical elevator operate.

**Broc Newbludd:**

FINALLY! MY GRUB IS HERE! DINNER TIME!

Broc Newbludd rubbed his stalky stubs in anticipation of the offerings of meat, veggies and breads on the cart. Malak knew he had to move right then or risk being detected. The good news was the chamber being dimly lit by candlelight. He was easily able to roll into the shadows. He watched from afar as Broc demolished the carriage of food and then the carriage itself and then the farmers who brought him everything. Blood stains were left everywhere as Broc picked his teeth with a farmer's femur.

**Broc Newbludd:**

I'M STILL HUNGRY! RAWR! THAT'S THE FIFTH SET OF FARMERS I'VE EATEN THIS WEEK.

Just then, off in the distance, Malak noticed something. Nay, someone.

**Malak Fuse:**

J-Jocleyne!?

He muttered to himself as he tried his best to get closer for a better look without leaving the safety of the shadows. He could only get within about ten feet of the cage the damsel of distress was housed in before knowing that going any further would expose himself to the world. Jocelyne lay asleep at the base of the cage, dressed to the nines in a beautiful yellow garb.

**Malak Fuse:**

Psssssssssst! Hey! Jocelyne! It's me, Malak! I am here to save you!

Meanwhile, Broc entertains himself with one last piece of broccoli except this morsel is tinged blue.

**Broc Newbludd:**

A powerup broc stalk. How rare. These taste extra yummy!

**Jocelyne Ingrid Broccoli:**

Hmmm-hmmm.

She seems out of it, only tossing and turning the odd time. Malak knows he's running out of time though, so he picks up a pebble and tosses it towards the cage. It barely makes a clang but it's enough to jostle Jocleyne awake.

**Jocelyne Ingrid Broccoli:**

Bah, what! What happened!?

**Malak Fuse:**

Psssssst. Over here!

Malak waves.

**Jocelyne Ingrid Broccoli:**

Malak, what are you doing here!?

**Malak Fuse:**

Shhhhhh! Not so loud or you'll get us both caught! I'm here to save you, defeat that lug over there and acquire the Key of Broccoli Kingdom!

Jocelyne's heart fills with love. She knew she could depend on Malak Fuse to be her savior.

**Malak Fuse:**

So sit tight while I come up with a plan to defeat that pimple nosed wall plug.

CRASH!

Just then, Broc's large stalk stub slams against the wall between the two star crossed lovers.

**Broc Newbludd:**

And who might you be calling a pimple nosed wall plug, you puny putrid petrified person!

Malak looks up. Now he's done it. He's awoken the beast! With Broc's eyes fixated on himself, Malak knows a violent encounter is imminent.

**Malak Fuse:**

Broc Newbludd, I am here to DEFEAT you once and for all! To rid you from this lovely land of broccoli.

All Broc can do is laugh a guttural chuckle.

**Broc Newbludd:**

You want to fight me to the end!? So be it.

Within an instant, Malak finds himself transported to the open-air rooftop arena of Broc Stalk Castle. Across from him stands the menacing Broc Newbludd and off to the side resides Jocelyne, still in her nice little rustic cage.

**Malak Fuse:**

Where am I?

**Broc Newbludd:**

WELCOME TO MY ARENA OF DEATH!

Malak can't bother with logistics at the moment but what he DOES notice is that Broc is still holding that blue tinged powerup broc stalk.

**Malak Fuse:**

I wonder what would happen if I got that from him?

Broc swings at Malak wildly, missing him in the process. Fuse uses his speed advantage and darts around quickly, not given the appropriate time and space to ruminate. Knowing he must do something and do it fast, Malak dives towards Broc and the powerup he's holding. Mouth agape, Malak's teeth manage to sink into the broc stalk. Suddenly,

everything stops.

POWERUP!!!

Like something straight out of a video game, because hey, it seems like he's in one, Malak suddenly grows just as large as Broc Newbludd and then even LARGER than his foe. With the castle bricks beneath his feet barely holding its structure together, Malak looms over Broc Newbludd with evil intentions in mind.

**Broc Newbludd:**

WHAT THE HELL!? YOU ABSORBED MY POWERUP!

Malak looks down at Broc. How the turn based turns have turned? Something like that. This is more of an action adventure platformer so maybe that's a bad analogy.

**Malak Fuse:**

LET ME INTRODUCE YOU TO-

Malak begins reconfiguring Broc's face with pummeling blows between speaking.

**Malak Fuse:**

SUPER.

PUNCH.

**Malak Fuse:**

MALAK.

PUNCH.

**Malak Fuse:**

FUSE!

DOUBLE PUNCH!

With that last pair of shots, Broc is sent hurling off the castle roof and into the atmosphere until gravity kicks in, sending him falling to his doom. No one can see him drop off the cliff but everyone can hear and feel his body hit the ground.

THUDDDD! BADDDEDDDUNK!

A broc tot peers over the window slit in one of the towers. He looks down and then remarks with joy.

**Broc Tot:**

BROC NEWBLUDD HAS BEEN DEFEATED! REJOICE! FREEDOM! ALL HAIL MALAK FUSE! THE BEST PLAYER OF THE LAND!

The effects of the broc stalk wear off and Malak returns to his normal size just in time to bust Jocelyne out of her cage! One problem. The cage won't open.

**Malak Fuse:**

What the heck!? I thought I did it! I thought I defeated the tyrannical Broc Newbludd!

All the broc tots around look and point at something glowing and floating in the air behind Malak.

**Malak Fuse:**

Huh?

Malak completes one of those Hollywood style slow turns to face a toyetic golden key on a chain dangling right there in front of his very eyes. Everyone is left in awe.

**Malak Fuse:**

The Key of Broccoli Kingdom! Broc left it behind after I destroyed him. Whoaaaaaaa.

He can't help but extend his hand outward and touch the fantastical key. Suddenly, it majestically whirls around until it finds a home in the open slot of Jocelyne's cage. It turns itself and disappears, taking the cage in its entirety with it. What's left is Jocelyne, looking around in thankful amazement. Malak can't hold back a silly smile. They immediately embrace each other as the sun comes out and every captive minion around the castle jumps for their newly liberated joy.

**Jocelyne Ingrid Broccoli:**

YOU DID IT! YOU SAVED ME! MY HERO!

**Malak Fuse:**

I DID IT! I SAVED YOU! I AM THE HERO!

But then something dawns on Malak and he stops.

**Malak Fuse:**

Wait, wait. I was supposed to acquire the Key of Broccoli Kingdom and now it's gone. How will I get out of this world!?

Suddenly, everything becomes silent and goes away. Malak finds himself no longer standing triumphantly atop Broc Stalk Castle but instead, in a void a dark nothingness. The only other person with him is Jocelyne. She doesn't look happy anymore, either. She's sobbing, holding her head in dismay.

**Malak Fuse:**

J-Jocelyne? Are you okay?

**Jocelyne Ingrid Broccoli:**

I-I have something to reveal to you, Malak.

Things turn eerily tense in a moment's notice. She's holding what looks like a baby swaddled in a blanket in her hands but there's no sounds coming from it.

**Jocelyne Ingrid Broccoli:**

You see, I am not who you think I am. Thank you for saving me from Broccoli Kingdom, Malak, but I'm sorry, your princess is in another castle.

She unwraps the blanket to reveal nothing. She stands plainly upright.

**Jocelyne Ingrid Broccoli:**

I am not pregnant. I was never pregnant, Malak. I'm sorry for stringing you along. We had fun but I was never meant to carry your child.

**Malak Fuse:**

Wh-what!? WHAT'S HAPPENING!?

A force greater than any other overtakes Malak, thrusting him inwards until he hears a large POP!

Then nothing.

## NIP / TUCK

We're backstage at the Bell Centre in Montreal. DEFtv carries on out in the arena.

Several minutes ago Dabney Doubleday, his brother Douglas and their friends made Edward White's Blood Diamonds underlings look like fools... again.

*WHAM*

The locker room door is opened so forcefully the handle buries itself in the plaster wall.

Still BRAZEN tag team champion "The Problem Solver" Adrian Payne marches into the room first, having booted in the door. Behind him a dejected Nicky Corozzo, a still furious Jane Katze enter together. And bringing up the rear the other half of the BRAZEN tag champs and the irate BRAZEN champion Felton Bigsby. All four fresh from the ring and the events involving Wrestle House crew and Dabney Doubleday's challenge for DEFcon.

Waiting for them inside the dressing room is none other than the Motormouth of Malcontent himself, Angus Skaaland. He sits dressed in his usual black t-shirt and red blazer. Sunglasses perched atop his slicked back platinum blond hair.

A smirk on his face and an... iPad in his lap?

**Angus Skaaland:**

Hey gang. How'd it go? Everything go as planned? You guys said something about Doubleday and his brother being in the dirt, did that happen? I think I might have missed it during a trip to the shitter, must'a all happened pretty *GORRAM* quick, eh?

Adrian Payne and Jane Katze both start to speak at the same time and are both similarly cut off by a rather withering look from Skaaland.

**Angus Skaaland:**

Yeeeah, this is a one way conversation for the moment. Well, two, from this side of the room anyway...

He lifts the iPad and holds it front facing now in his lap. On the screen is none other than the self proclaimed Financial Backbone of DEFIANCE Wrestling, Edward White. He looks to be reclining in a bed with some kind of small bandages around his eyes and on the corners of his mouth leading back behind his ears. The largest bandage across the bridge of his nose.

By the look on the Sophisticate's face he's in a considerable amount of pain.

**Angus Skaaland:**

You're on Ed, they're all here.

**Adrian Payne:**

Oh snap, Mr. White, did you get into an accident?! You look awful, man!

Payne's Money Talks tag team partner Bigsby smacks him on the shoulder with a silent look that reads "dude, come on." Jane and Nicky both look over at Adrian and scowl in unison.

A long, tired sigh is heard emanating from the tablet.

**Edward White:**

If you must know, Mr. Payne I had a little elective surgery so as to look my best for DEFcon... I'd planned to attend the festivities simply as a DEFIANCE luminary but lo and behold you four apparently had other gotDAMN ideas, didn'tcha now? Last we spoke you told me you had this Doubleday situation handled. I gave you all the stage on DEFtv to do just that and, watchin' the live feed in my room here it seems as usual, ol' Ed White's gonna' have to lace 'em up and make

this inbred Florida trash, Doubleday, understand just how FAR he and his awful little brother have stepped in it!

As he shouts he sits farther and farther up in his bed, a nurse steps into view quietly urging Edward to lay back down. After his tirade ends he does just that, dramatically falling back down onto his pillow.

**Edward White:**

Angus, please inform these four of the plan, Griselda here has my painkillers. I swear to God, the things I have to do to stay on top of my game for you gotDAMN people. GRISELDA... WHERE DID YOU GO WOMAN, I AM IN PAIN DAMNIT!

The tablet cuts off mid-shout. Angus lays it back down in his lap.

**Angus Skaaland:**

Tornado six-man tag team match. Dabney, his two cowboy buddies Lovett and Izuchi versus the big money combination of Money Talks and "The Socialite" Edward White. I'm sure those three Saturday morning cartoons will be cornering them, Jane... you and Nicky need to neutralize that whole situation. I want Dabney and these Massive Cowboys to feel like they're on an island without a friend in the world, am I clear? At DEFcon we strangle this little BRAZEN job squad revolution in its crib. Feel me?

We hang on the silent, nodding faces of Adrian, Felton, Nicky and Jane before cutting to the fellas at the commentary booth.

**Lance:**

How did Ed have a facelift and they NOT shave his beard? How is that even possible?

**DDK:**

Money? Usually the easiest explanation when it comes to Ed White. But the bigger news, a late in the game addition to the DEFcon card. It'll be "Fair Play" Dabney Doubleday and the Massive Cowboys, Gordy Lovett and Jun Izuchi versus the current BRAZEN tag team champs Money Talks and none other than Edward White himself in a six man tornado tag team match!

**Lance:**

Do you think the issues between White and Doubleday will be settled, partner?

**DDK:**

My money's on no, but we'll have to wait and see when we arrive in Chicago! Dabney and his brother Douglas said on DEFtv they wanted to cap off their first year in DEFIANCE with something big. A win over The Socialite would be just that!

Never underestimate the lengths the Blood Diamonds will go to make a point though, Keebs. Ever.

## DAN LEO JAMES vs. JJ DIXON

### DDK:

Just one more match to go between now and DEFCON, partner! And it's two of the eight participants in that ladder match for the Favoured Saints Title! "The Fatal Attraction" JJ Dixon takes on "Giga" Dan Leo James!

### Lance:

We saw OSCAR BURNS gave DLJ his marching orders tonight to make things a little easier for the likes of Mil Vueltas defending the Favoured Saints Title and keeping it within the GC Universe! Dixon attacked Mil Vueltas as a result of screwing Lonnie Luck out of that title!

### DDK:

The bottom line is that because he put his hands on Mil, DLJ is sticking up for his "hermano" as it were! Tonight, we go to our main event! Two men who aren't exactly fan favorites, but two dangerous men regardless! Both former Favoured Saints Champions as well! "Giga" Dan Leo James takes on "The Fatal Attraction" JJ Dixon next.

We cut to ringside with Hall of Famer Darren Quimbey ready to make the announcements!

With wrists taped in gold, a brand-new set of burgundy-colored pants-length tights with gold trim and gold wrestling shoes, DLJ poses on the ramp with his back turned to the camera, draped under a spotlight. He turns and points up to the sky while flexing his jaw, sending two big sparks of pyro from either side of the ramp! He grins and heads towards the ring brimming with newfound confidence. Meanwhile, his entrance video is the same loop of about two or three GigaChad-inspired grins, showing off his chiseled facial features.

### DDK:

DLJ does look focused tonight... but over the past few weeks, we've seen... I'm not necessarily saying "dissension" but DLJ never got his rematch for the Favoured Saints Title after The D won it from him at DEFIANCE Road!

### Lance:

Yeah. Mil rightfully earned a match by pinning The D in a tag match right before that, but he jumped the line to take it and he's been running around with the title since!

In the ring, DLJ mouths "I got you, hermano!" to the camera as they wait for his opponent.

Dixon goes right at the larger DLJ with a number of forearms in the corner, forcing Danny to return fire with a few of his own! Dixon with a thumb right into the eye of James! That's one way to get past the size advantage James has over most competitors in DEFIANCE!

With Giga-Gan left vulnerable, Dixon goes low and drives a number of shoulder thrusts towards Giga-Dan in the corner. After another big shot to double Dan over, Dixon goes flying across the ropes and comes right back toward the GC Universe member with a HUGE flying leg lariat in the corner that knocks a wad of spit out of James' mouth! Dixon pops back to his feet with DLJ slumped over in the corner!

Referee Rex Knox urges both men to get back into the ring and is starting a count. Madame Melton points at Dixon and tells him he should adhere to it. He nods and then rolls back into the ring while James is still reeling from the series of offense he's taken since the jump of the match!
