

BACK TO THE SOHER

We crane from expensive shoes up through a nice armani suit, before resting onto the face of the D. One of his eyes is covered by a monocle. He has O-Face dangling from one arm as Flex struts behind the power couple in the outside parking lot.

The D:

Now, tonight, you know what we have to do, right Flex?

Flex stops, and scratches the top of his head.

The D:

You can walk scratch and think at the same time Flex.

Flex Kruger:

Hmmm. Does it involve computers? I don't know computers.

The D:

No, we talked about this ages ago, O, you got my back, right?

O-Face smiles toward the D and nods her head before walking over to Flex. She hops onto Flex's back, and then points toward the arena, telling him to charge.

Suddenly a loud crack echoes through the parking lot, followed by the sound of a rare 80's sports car accelerating at high speeds. All three turn around just in time to see a silver DeLorean screech around the corner, smoke billowing from the tires as it desperately tries to come to a halt. O-Face hops off Flex and takes a few steps towards the door to try and run away. The D looks back at the beautiful car, mesmerized by what appears to be taking place in front of him. The D carefully and slowly raises the external lens of his monocle to see clearer, eyes wide. The car doors rise open vertically and smoke pours out from inside. Flex stands in front of O-Face as if to guard her from immediate danger.

DDK:

What's going on here? Is that...

Angus:

That's my car!

DDK:

Oh please.

Two individuals rush out of the vehicle, coughing and surrounded by smoke as The D approaches them. First is a woman wearing a flannel shirt under a jean jacket under a red poofy vest for some reason at the beginning of May in Louisiana. Her hair is pulled up into a pony tail and she wears a pair of aviator sunglasses. Behind her, from the driver's seat staggers a much larger man wearing a white lab coat over a hawaiian shirt. His hair standing straight up as if recently escaping some sort of panic.

The D:

No. No no no no...

Klein:

GREAT SCOTT!

Elise Ares:

No, his name is Derek, we've gone over this... he just calls himself The D because he's over-compensating.

Klein:

He always told me he was under-compensating...

Elise rips off her sunglasses and runs over to The D in a panic.

Elise Ares:

Please, tell me what day and time it is.

The D:

Sunday. And like, sunset? I don't believe in clocks.

Elise takes a deep breath and looks back over her shoulder at Klein.

Elise Ares:

I think we made it just in time. D, I know what you're thinking... it's my good friends Elise McFly and Dr. Box Brown without his box on totes acting like a couple of crazy people. But we're not crazy people, D. We're exceptionally talented and beautiful people from the future. We've come to deliver you a grave message that if you don't heed will change the fate of DEFIANCE and humanity forever.

The D rolls his eyes. Flex leans in, curious.

Flex Kruger:

The future?

The D just slaps his own forehead. O-Face proceeds to slap the back of Flex's head as he winces in pain.

Elise Ares:

At DEFCON, I'm going to defeat some guy named Jay Harvey for the Southern Heritage Championship... and then I have this totally awesome idea to change it to the SoCal and put a selfie camera on the championship. I know. I know. Hear me out. Something about this makes you totally become SUUUUPER jealous and shit, you get all selfish and you turn on me, then try to turn Klein against me to take away my new super awesome title. It's not cool at all.

The D:

NYAAAAAAAAAAHHHH!

Elise Ares:

Shhhhh, hear me out, I know it sounds crazy. I end up putting you in your place and learning a valuable lesson about how like... championships carry a lot of prestige and are important and stuff, BUT after that Andy Sharp comes back from whatever motel Mikey buried him in and declares war on all ex-members of the Sports Entertainment Guild. And he's SUUUPER lame and this makes for just terrible television and just an all-around bad time for all of us. Please tell me I'm not too late and you're still like... super cool?

The D stares daggers at Elise, his eyes narrowing like tiny slits. His teeth grind as his face tightens, and a vein in his forehead pulsates. His nose twitches, and then again, and a third time before he just lets out a guttural moan.

The D:

Uuuuuuuuuugh.

Flex Kruger:

Wait, if you're from the future... how are you GOING to win the SoHer?

The D blinks, and swats the back of Flex's head. He turns back to Elise and points in her face.

The D:

I can't wait to watch Andy Sharp KEEEEEEEL you.

The D snaps his fingers just an inch from Elise's face.

Klein:

The girl!

Klein points at O-Face standing behind both The D and Flex. She tries to lean in to bite his extended finger before Klein recoils in time. Elise looks past The D, still paying no attention to anything that he's said before rolling her eyes.

Elise Ares:

Dammit, Doc! He's already turned asshole if she's here. We need to go back farther!

Klein:

Recalibrating quantum tunnel matrix, 1.19 gigawatts should do it. Checking the flux capacitor and plutonium levels!

Flex Kruger:

But if you're actually from the past... How can you go back when you're going forward?

Elise Ares:

There's no time to explain, Flex! We need to go back!

Flex Kruger:

To the island?

Klein stands up and points heroically.

Klein:

TO THE FUTURE. Or the past? AWAY FROM THE PRESENT!

Elise Ares:

GET IN THE CAR, KLEIN. WE'RE OUTTA TIME!

Klein quickly slides across the hood of the car like in Dukes of Hazzard. He then realizes he's the driver, so he rolls back over the car, and slips into the driver's seat. Elise meanwhile retreats around the back and climbs in. Klein gives one last look out the window to Flex.

Klein:

You in big man?

Flex just blinks.

Flex Kruger:

I'm... so... confused.

Elise Ares:

HIT IT!

The same screech belts out across the parking lot again as the tires smoke and the delorean goes ripping off into the distance. Flex Kruger's jaw is still agape as The D walks up from behind him and closes it shut.

Flex Kruger:

Hey D. Do... Do you think I'm smart?

The D just shakes his head from side to side as he walks off, giving no verbal answer

Bright flashes, rolling cameras, and all the action in the world. The live crowd sees the intro video being played over the DEFiatron, as classic moments of DEF's current roster is played on screen. Soon appearing behind the curtain, looking particularly dapper in a sharp looking suit, his hair tied back, shades on and title draped over his shoulder, Kendrix pauses in the center, looks to his left and then to his right before throwing that cocky smirk the audience's way.

Angus:

The screen splits in two, the live feed showing Kendrix making his cocky stride down the ramp, seemingly feeding off of the all too familiar jeers of the faithful as he does so, the second half of the picture replays the vicious assault on Ryan Batts in the parking lot.

DDK:

It's certainly a fair question partner but it seems that no charges were raised by Batts against Kendrix and the company has done their utmost to keep him out of a cell and reprimand him internally with a hefty fine.

ANSWERING THE BELL

The scene opens backstage where Matthew LaCroix runs his hand through his hair and smirks back at the camera, which pans out to show him standing next to Lance Warner. The intrepid interviewer doesn't waste any time, going right in on Southern Strong Style.

Lancer Warner:

I'm here backstage with former Reaper of Light, Matt LaCroix. Matt last DEFtv you ran across a group of your former BRAZEN co-workers who took offense to a comment you'd made earlier about not being able to lace your boots. While you might've made your point in the ring, it took Kerry Kuroyama to bail you out of a sticky situation, what happened out there exactly?

LaCroix huffs a little before his rebuttle.

Matt LaCroix:

I did what I said I was gonna do. I went out to the ring, I showed the world that the joke in the Nicolas Cage mask couldn't lace my boots, and his little friends stuck their nose in my business. I didn't ask for Kerry's help. I didn't WANT Kerry's help. Kerry decided he was going to stick his nose where it didn't belong too. I would've done the same thing to Kerry that I did to that CAGE! fella if security didn't stop me.

Warner:

Yet before that when Kerry Kuroyama challenged you to a fight you backed down.

If looks could kill, Lance Warner would've dropped dead. They don't, and Lance stood firm as Matt LaCroix eyeballed the man standing next to him in a different light.

LaCroix:

Warner:

I didn't say that exactly, I was just stating the fact that Kerry called you out on DEFtv and you very clearly stated that you weren't interes...

LaCroix:

Now listen here, Lance, I have a score to settle with Kerry Kuroyama. I'm not a coward, I don't run from anyone. The point I was tryin' to get across is that Kerry has been on DEFIANCE television for a long time while people like I had to scratch and claw to get here, but that doesn't mean he's better than anyone. I've been around this business for a long time, and I'll be damned if I get big timed by K-Cups. Orderin' me around like I'm a young boy. I don't play that game, Lance.

Warner:

I don't think that was particularly his intention...

LaCroix:

Are you his spokesperson now or somethin'?

Warner:

No, not at all, just saying the impression I got.

LaCroix:

Well this isn't about you, now, is it, Lance? This is about me and little Kerry. A man and a boy, who likes to think he's a man. He wants me to PROVE I'm the better man? I'm fine with that. I accept, Kerry. Tonight, I'll make sure that you leave the arena with little doubt in your mind where you stand in this world. You're pretty high on that old talent ladder, boy, but you're still a few rungs below me.

Lance goes to follow up but Matt quickly interrupts.

LaCroix:

No more questions, I have a lesson to teach.

With those words, Matt walks off screen and leave Lance by himself.

Warner:

There you have it, tonight Matt LaCroix will finally go one-on-one with Kerry Kuroyama in a match that will surely be a great fight for the Faithful. Back to you at the desk.

The scene shifts back to the commentary table where DDK and Angus react to the interview.

Thanks, Lance! Some strong words from Matt LaCroix there, Angus, how do you think he'll be able to back those up tonight?

Angus:

He's motivated, Keebs, and he's looked damn good since coming up from BRAZEN but I have a lot of trouble respecting anyone who clung onto "The Light" to get his roster spot. That being said, anyone who calls him K-Cups moves up a couple spots in my rankings.

Yes, it's Gage Blackwood!

A chorus of boos reign down as Blackwood's new theme music plays. He appears, sporting the same plain black t-shirt and black jeans. He has a faint smirk across his face as he strolls down the rampway, not even taking a second to notice the jeers from the crowd. Sliding into the ring, his theme music closes and he pulls the mic to his face.

Blackwood pauses. More boos come in. He waits a little longer... and then, turning to the stands...

Gage Blackwood:

Blackwood pauses to walk around the ring. He's starting to get himself pumped up as anger flows throughout him. After a moment he pulls himself back together and looks towards the curtain.

Gage Blackwood:

Get the hell out here... Mushigihara!

A loud cheer follows but no theme music plays.

DDK:

Folks, we're not sure if Mushigihara is even here. My understanding is he did suffer a serious concussion at the hands of Gage Blackwood at MAXDEF and has not been cleared to wrestle just yet.

Angus:

Mushigihara, always hurt. He's The Walking Band-Aid of DEFIANCE!

As DDK clarifies, the cameras show The God-Beast's manager, Eddie Dante, emerge from the curtain without theme music. Walking cane and all he makes his way down, showing an expression of confusion, sadness and shame all at once.

DDK:

You can see just how uncomfortable Dante is about all of this. The three of them, Blackwood, Dante and Mushi go way back these past two years.

Angus:

Go way back? Please, spare me Keebs. Dante is a loser just like Mushigihara!

Dante gets into the ring but keeps his distance from Blackwood. With his head down, Dante's eyes raise as if to say he's ready to listen.

Ker ... eh, K ... Kerry Ko ... Kerry Coacopuffs! ... That's as close as I get!

Matt, now back on his feet, squares up once again with Kuroyama. LaCroix now in control applies an arm wringer but through a series of flips and rolls "The Pacific Blitzkrieg" frees himself and takes over the former Reaper with an arm drag. Kerry, keeping Matt grounded applies an armbar. Benny Doyle checks with Matt but his response is an emphatic; No. LaCroix, with his free arm, looks for any possible recourse as Kerry floats over and transitions from the arm bar to a rear chin lock. This is opportunity Matt was looking for.

DDK:

LaCroix working his way to his feet now but Kerry Kuroyama has a firm grip on the head, tweaking the neck.

Regardless of Kerry's grip, Matt is able to turn things around and Kuroyama finds himself in a hammerlock. LaCroix transitions out of the hammerlock, spinning Kerry around and snap mares him to the mat before laying the flat of his boot down onto Kerry's face.

DDK:

Not very sportsmanlike ...

Angus:

This is Professional Wrestling, Keebs. Not Professional Sportsmaning. You do what it takes.

Benny Doyle warns LaCroix as Kerry sits up, frustrated but undeterred. LaCroix shoves Doyle to the side and meets the approaching Kuroyama with a boot to the midsection. Kerry keels over and Matt grabs him by the back of his head, but before LaCroix can capitalize Kuroyama drops to his knees and drives Matt's chin into the top of his head. Matt stumbles back as Kerry shakes it off, returns to his feet and goes on the attack.

Angus:

See, Keebs! K-Cups gets it!

Kerry follows up with a familiar snap mare and follows it up with a boot and a twist across Matt LaCroix's face. Benny Doyle is quick to admonish as Kerry backs off and giving LaCroix a chance to recover. The Faithful pop for Kerry returning the favor.

DDK:

Very uncharacteristic of Kerry Kuroyama.

Matt LaCroix, extremely annoyed takes a powder.

Angus:

Really? He was the Green Reaper ... not to mention ... Eye for an Eye!

Inside the ring Kerry offers him a shrug, signaling with his index fingers one for one. LaCroix, with a hand over his eye, complains to Doyle from the outside.

DDK:

... And we all go blind, partner.

Angus:

Why would I go blind!? You know that whole deal about self love isn't true, right?

Doyle calls for LaCroix to reenter the ring before beginning the count but he barely gets one out before Matt returns. The pair square up once again and quickly go to lock up once more. Matt has other plans though and throws a knee into Kerry's midsection instead. He quickly grabs the head and sets up for a vertical suplex but it's blocked. Kerry attempts the same but it is also blocked. Kerry attempts again and he gets Matt up but not in the desired form. Matt floats out of the suplex and winds up behind Kuroyama on his feet. He grabs a waist lock and drives Rocko Demon's star pupil chest first into the ropes, Kerry hangs on. Matt is sent tumbling backwards but makes a complete rotation and is back on his feet. Kerry charges and Matt drops down, Kerry hits the opposite ropes and returns as Matt pops to his feet.

DDK:

Hiptoss! No, blocked! Again, blocked!

Kerry swings from the far side with his free arm for a lariat but Matt ducks; spinning Kerry around. Waistlock. Roll up.

ONE!**TW --****NO!**

Kerry's kick out sends Matt lunging forward toward the ropes, Matt hits the ropes and hooks his arms to stop his momentum as Kerry kips up. The two knuckle up in unison as the Faithful break out in polite applause.

DDK:

This is shaping up to be one hell of a match up, partner!

Angus:

I don't think either of them expected to get this much of a fight out of the other when this all started, but it's fun as hell to watch!

LaCroix blinks first going in for a single-leg takedown but Kerry rolls him up!

ONE!**TWO!****T-- NO!**

Southern Strong Style powers out, but Kerry doesn't give him the chance to recover and stays on him. LaCroix on the other hand has a different idea and grabs the arm of Kuroyama and pulls him forward sending him stumbling between the first and second ropes and out of the ring. As Kerry crashes, Matt sees an opportunity and smacks the side of his head to wake up before hitting the ropes. As the Pacific Blitzkrieg reaches his feet, LaCroix slams into the side of his skull with a baseball slide sending him hard into the railing.

DDK:

LaCroix appears to be taking this thing outside, where you have to this his willingness to skirt the rules might give him a bit of an edge.

Angus:

You mean his desire to win.

The Renaissance stays on the offensive following up and laying some stiff kicks on Kuroyama as the fans push him back. Matt LaCroix takes a swipe at a fan who got too close and it gives Kerry the opportunity to escape. He crawls away and stumbles up to his feet where he's grabbed and spun around by the former Reaper of Light, but the original Green Reaper reverses the incoming irish whip and hurls Matt LaCroix hard into the steps with a whip of his own. The impact busts the steps and makes the recently promoted BRAZEN roster member flip before landing hard on his shoulder.

Angus:

That's a shot!

DDK:

What a reversal by Kuroyama! Matt LaCroix is shook after that.

Angus:

I like this aggressive K-Cup. He may upgrade to an actual coffee someday!

The Pacific Blitzkrieg dives into the ring to cut the corner but lands on the other side breaking the count before pulling LaCroix back up to his feet and tossing him into the ring. Kerry jumps up onto the top rope and tries to land a springboard leg drop onto the back of Matt's head, but the ring general pushes himself back out of the ring with his arms and Kerry finds no one home. As Kuroyama screams out in pain on the miss, LaCroix quickly dashes back into the ring and pulls Kerry up from behind and locks him into a pump-handle and begins to lift him into an Emerald Flosion...

Angus:

He's going to do it!

DDK:

LaCroix is going to try and put Kerry away with his own finisher!

Somehow Kerry shakes loose and lands on his feet, escaping from the Kuroyama Driver. LaCroix looks down at his arms to try and figure out what just happened when Kerry grabs him and sends him overhead for a Half-Nelson Suplex!

DDK:

High Tide! Kerry just hit LaCroix with his own move!

Angus:

GORRAM that was head-droppy and I LOVED IT.

Kerry Kuroyama backs away as the crowd explodes, retreating to the corner to size Matt LaCroix up for his next move. The Pacific Blitzkrieg pulls down the kneepad on his right leg exposing the knee and the crowd intensifies, signalling he's going to put LaCroix away with his own move Destruction In Spades. As Matt reaches his feet, Kerry darts

towards him and leaps into the air going for the shining wizard variant, but The Renaissance catches him, stands up, then runs towards the corner slamming him into the top buckle with a buckle bomb. As Kerry staggers out of the corner, Matt LaCroix rushes towards the opposite ropes and bounces back, going full speed at his opponent but Kerry recovers and lands a knee into the midsection of Southern Strong Style flipping him into the air and landing on his back. Kerry tries to follow up but falls to a knee holding his back.

DDK:

Things are starting to get rough in there, Angus, these two have beat the hell out of each other.

Angus:

This might be the tiniest hoss fight I've ever seen!

DDK:

Both these men are on the smaller side of the heavyweight spectrum but they're fighting like giants for the Faithful here tonight.

LaCroix rolls over onto his stomach and then up to his knee, he looks across and Kerry Kuroyama on one knee glaring back at him. Matt snarls and pushes himself up to his feet where he staggers but knuckles up. The crowd roars when Kuroyama does the same.

FIGHT FOR-EV-ER!

FIGHT FOR-EV-ER!

LaCroix being the aggressor goes in for the first strike again, swinging and elbow in wildly and connecting but not dropping the resilient Blitzkrieg. Kerry responds with a chop of his own. The two exchange blows back and forth ramping up the crowd more and more with each strike...

BOOOOOOOOOOOO!

Suddenly a mob hits the ring and they begin to rain hard shots across the backs of both LaCroix and Kuroyama. It doesn't take the crowd long to focus in on what has just happened.

DDK:

Is that... The Midcard Experiment?!

Angus:

For hosses sake, these guys again?!

DING DING DING

CAGE! directs traffic as Hijo del Fishman Deluxe stomps away on Kerry Kuroyama while Walter Levy mounts the battered LaCroix and rains punches down on him. They try to break free but CAGE! jumps in with the occasional stiff soccer kick to quell the uprising. As he does just that to LaCroix, Kerry takes a page out of the Southern Strong Style Handbook and rips across the face of Walter Levy, finding an opening! The roar of the crowd signifies an awakened Pacific Blitzkrieg as CAGE! Refocuses back on helping Levy. Just as he does LaCroix shakes loose and throws Ol' Fishsticks onto the back of his head with High Tide. Never passing on an opportunity to get a shot in on CAGE! LaCroix follows up by grabbing the Nicolas Cage masked mascot by the back of his line-drawn hair and locks him into a dragon sleeper! He immediately begins tapping violently.

Angus:

FTW again from LaCroix! I think it's taken him a total of 10 seconds to tap CAGE! Twice in two shows!

DDK:

And a Kuroyama Driver for Walter Levy!

After being drove into the mat by The Pacific Blitzkrieg, Levy rolls out of the ring. On the opposite side, Hijo del Fishman Deluxe pulls himself up to his feet where he's immediately clotheslined to the outside! Meanwhile, LaCroix releases the FTW on CAGE! And sends him out of the ring with a hard shove. The Renaissance drags himself back up to his feet, backing up to see who else is left standing and bumps right into Kerry Kuroyama doing the same thing. Instantaneously they both spin and face each other, fists up once again and the crowd cheers.

Angus:

I don't think they're done yet! They'll finish this match yet!

DDK:

I don't see DEFsec this time, let's figure this out once and for all!

They face each other down with a knowing nod. You can catch a glimpse of newfound respect in Matt LaCroix's eye for the younger Kuroyama as the crowd cheers them on, appreciating the performance put on by both men tonight. Suddenly, LaCroix makes a move towards Kuroyama who goes to dodge, but Matt smirks after faking a move and drops to the mat and rolls out of the ring. The crowd jeers as Southern Strong Style backs away, past the huddled Midcard Experiment as "Revolve" by The Melvins plays over the WrestlePlex.

DDK:

Or... Matt LaCroix is going to make us wait a little longer.

Angus:

You saw it right there, he's in K-Cups' head now. Just the smallest flinch got a jump out of Rocko Jr. He's got him right where he wants him. All this work he's putting in is paying off.

DDK:

You say that, but I saw the expression of LaCroix change when he backed into Kuroyama. I think he finally realized what he's really in for in Kerry Kuroyama, and that's a FIGHT.

Angus:

A fight that's going to happen another day, Keebs. The one tonight is over.

The camera pans backstage to the locker room and the muffled, but still LOUD voices of the DEFIANCE Faithful erupt when they see a man sitting pensively as ever. This someone would be the #1 Contender to the FIST of DEFIANCE... Oscar Burns! Sitting on one of the benches lost in thought, he leans forward. Maintaining a vow of silence until he won the FIST of DEFIANCE again, Burns has nothing but time to think about the events of the last DEFtv when one of his best friends and pupils, Ryan Batts, was savagely attacked by the champion Kendrix.

He's about to open his mouth when...

The big, friendly visage of the Wrestling Teddy Bear - Batts' tag team partner and the current BRAZEN Champion "Manpower" Jack Mace stands, dressed for a match tonight.

Jack Mace:

Mate... or GC, as you like to say... Wait, I'm gonna do my own. Good mate. GM. GM. Good mate! That work? Can I use that?

Burns nods in approval at the rapid-fire pace of Mace's Brit-speak. Mace presses on.

Jack Mace:

Look... I know you aren't sayin' anythin' until you've won back the FIST of DEFIANCE from Kendrix and I respect that, mate. But that's gotta be a lot on your noggin to think about what happened to Batts, so I'm gonna tell you right now. Don't blame yourself. There's no way you could have known that wanker, Kendrix, was gonna do what he did.

The Technical Spectacle looks up at Mace as he continues.

Jack Mace:

I'm feelin' it too... but I do have good news. Ryan's did get a concussion from what happened, but the doctors are telling him he'll be okay, but he has to sit out tonight.

The smallest of smiles inches across the face of Burnsie as he pats the shoulder of Mace.

Jack Mace:

We all know what Kendrix is doin'. He's doin' this because he knows head on, he can't beat you, GM. He's runnin' around like he's top of the crop, actin' like he actually beat you clean. The only times he's beaten you are because Scott Stevens handed him those wins. You gave him a solid thrashin' a few weeks ago and he's scared because we know at ACTS of DEFIANCE, you're gonna do it again, yeah?

He rests a hand on Burns.

Jack Mace:

Look... I'm gonna tell you one thing, mate. Ain't a lot 'round here that gets me knickers in a twist, but Kendrix? After what he did to my tag team partner? I can't promise I'm gonna leave anything for you at ACTS, but I can promise tonight, he's gonna get a BEATIN' his mum should've given him a long time ago!

Mace then sighs.

Jack Mace:

I know that's not very WrestleFriendly of me to say, boss... but right now, I'm feelin' more Avengery. That a word, GM? Well, I'm gonna make it one. We're gonna get Avengery on his arse tonight and make him pay for what he did to Ryan. Sound good?

Burns looks up at his stablemate and gives him a thumbs up.

Jack Mace:

Right-o! BRAZEN Champion versus FIST of DEFIANCE. And I'm gonna knock his arse down a peg.

Another smile from Burns as Jack Mace leaves the room. But as he does so... inching around the corner...

Victor Vacio watches. And waits. The #1 Contender to the BRAZEN Championship.

Kendrix:

Listen, yeah? One! Two! Three!

Slater rolls his eyes as he goes back to turning Mace's lights out via a Superkick. He's on point, but Mace catches the leg! He spins Kendrix around and when he turns around, SMACKS the hell out of him with a vicious Headbutt!

DDK:

WOW! YOU COULD HEAR THAT UP HERE! BOTH MEN ARE STUNNED!

Angus:

Yeah!!!

The Faithful go nuts as Mace stumbles back into the corner while Kendrix is left staring up at the lights for the moment, not sure what the hell just hit him. Mace's unorthodox offense is causing him trouble, but Mace tries to gut through the pain in his arm and waits for Kendrix to stand. He clocks him with a back elbow and then a second one, knocking him flat both times. As Kendrix rises a third time, Mace boots him in the stomach and throws him into the corner with another Irish Whip, only this time running right behind him and smacking him with the good arm!

Mace raises his arm and begins smacking him repeatedly with Clubbing Forearms to the chest before elevating him up and THROWING him up and over with a Bearhug Overhead Suplex!

DDK:

Jack Mace with the huge comeback, but how much did that take out of his arm?

Angus:

Not as much as Kendrix getting idiot tossed across the ring! That was great!

The BRAZEN Champion slams his left arm repeatedly with a few light shots, trying to get feeling back into the arm while Kendrix is still groggy from the suplex. Mace gets back up and hoists Kendrix on his good right shoulder before dropping down hard!

DDK:

WILD OUT! The Canadian Backbreaker Drop connects!

Mace rattles the spine of Kendrix and lands the cover on him.

ONE!

TWO!

THR... NO!

The Wrestling Teddy Bear comes within half a second of pinning the FIST of DEFIANCE, but Kendrix gets the shoulder up again. Angus can be heard audibly groaning over commentary while Kendrix tries to sneak away to get himself to the corner as Mace shakes his head. Kendrix slides out of the ring to the chagrin of the Faithful and limps toward the ring announcer's table.

Angus:

Kendrix knows he's about to get eaten! Finish him, WrestleDork!

Mace tries to go outside and follow Kendrix to keep him from heading to higher ground, but when he goes to pull Kendrix around to face him, he gets a faceful of the FIST of DEFIANCE title belt in full view of Brian Slater!

DING DING DING DING DING!

DDK:

What did Kendrix just do?! He just cracked Mace with the title belt in front of the official!

Angus:

Kinda answered your own question there, Keebs!

Darren Quimbey can't even get the announcement out fast enough that would have declared Jack Mace the winner by disqualification because Kendrix shoves him on his ass before taking a microphone.

Kendrix:

Burns... LISTEN, YEAH? I'M KICKING THIS BIG BELLEND'S ARSE JUST LIKE I DID TO BATTSY!

He waits for Mace to stir again and then cracks him with a second shot with the FIST of DEFIANCE title belt, knocking him down mid-ring. He then manages to get the big man down and then locks him in the Kendrix Kross!

DDK:

Mace came out here with nothing but good intentions, but Kendrix is clearly willing to do ANYTHING to throw Oscar Burns off his game heading into ACTS of DEFIANCE!

Kendrix continues pulling on the arm and cranks back... but soon, the crowd erupts!

Angus:

BURNSIE! BEAT HIS ASS!

Burns runs into the ring, but Kendrix sees his rival coming and then slides back outside the ring, a sinister shit-eating smile on his face as he limps out of the ring, having caught another one of his rival's friends with a vicious attack.

DDK:

Ever since Burns humiliated Kendrix after that attack he suffered, Kendrix has been on the warpath. He put Ryan Batts out and now just laid out the BRAZEN Champion Jack Mace with those belt shots and the Kendrix Kross.

Burns goes to check on Jack Mace with the help of Brian Slater just as Kendrix takes the FIST of DEFIANCE with him and heads back up the ramp.

DDK:

Kendrix has made this issue between he and Burns incredibly personal and now because he's attacked both of his

proteges... what is that doing to the mind of Burns and his vow of silence?

Angus:

I don't know, but this shitstain has been one step ahead of Oscar and he needs to find a way to overcome this crap. I'm sick of Kendrix holding that damn title!

The champion and the challenger eye one another. The Techincal Spectacle watches on with a look of sorrow on his face, watching another one of his friends fall to Kendrix while the FIST of DEFIANCE walks up the ramp, raising the FIST of DEFIANCE as the show fades to black.
