The sound of static hits the arena as the DEFIATron blurs dimly as if fighting against the static attempting to rip through it's very being, the struggle goes back and forth, ultimately however the screen gives way to a bright white light accompanied by high pitched feedback.

**DDK:**

What in the world?

The feedback is replaced by a black screen. Suddenly a single stroke of a flare drum which is immediately interrupted by short but violent coughing...

This is cut off by the same static and ever so slight glimpse of a bloodied Mikey Unlikely sat against the ropes...

Cut to a dark screen which is only illuminated by the specs of one or two-minute red lights on the right-hand side of the screen which slowly fades in and out on repeat.

**Lance:**

Ladies and Gentlemen, this is certainly not part of our broadcast. I can assure you that this is not...

There's the cough again, only this time it's muffled.

A slightly larger white light appears on the opposite side of the screen which helps to reveal only certain characteristics of this person's features but as it slowly fades in and out the effect on the screen shown by the lights against the dark is not enough to get a positive ID.

**DDK:**

Who is that?!

Feedback hits once more as a glimpse of Mikey Unlikely holding the FIST of DEFIANCE high in the air appears before quickly returning to the live shots on the screen.

**Distorted Voice on Screen:**

For a Minute there....I Lost myself. When I go forwards, you go backward.

The red lights disappear completely.

**Distorted Voice on Screen:**

Then the white one drops. The darkness in the arena is only lit up by the following words on the screen...

## GETTING A WORD

**DDK:**

Actually, I hear Jamie Sawyers is ready for us backstage. Jamie, what do you have for us tonight?

The scene cuts to Jamie staring directly back into the camera holding a microphone. The sound takes just a couple seconds to play into his earpiece before he begins.

**Jamie Sawyers:**

I am here backstage with a man who has caused quite a bit of a groundswell in popularity among the Faithful, Darren. Former BRAZEN member and current DEFIANCE wrestler Matt LaCroix is here with me. Matt, how are you doing tonight?

Matt LaCroix steps into frame wearing his typical black denim vest with his hood down, he leans into the microphone with a small cheer from the Faithful.

**Matt LaCroix:**

I'm doin great, how's ya mama an' them?

**Sawyers:**

The family is doing great, Matt... but that's enough about me, let's talk about not your family but a good close friend of yours Sam Day. On the last DEFtv he got a rare opportunity to have a match on the main roster against the son of a former rival of yours in Black Panda. Things didn't go too well for Sam, as he was beaten handedly in a match some people may say went way too far. Far enough that it brought you out to ringside yourself. What are your thoughts on that twisted display?

The demeanor of Southern Stong Style immediately changes to that of aggravation, his cool blue eyes narrow with a spark of emotion.

**LaCroix:**

Ya see playin' wit lives an' livelihoods ain't sumtin I appreciate, Jamie. I know y'all lookin back at Kerry an' askin me if I did tha same thing and listen here, Kerry is on tha main roster an' that was the entire point. I didn' think Kerry coulda beat me one one one an' I was wrong. I was fightin' for a spot ta prove my point that I belonged. I was fightin' for my own livelihood. Booker already has his spot. Booker's job is safe, know what I mean?

**Sawyers:**

I follow.

**LaCroix:**

So what give him tha right ta try an' take someone else's livelihood from them? He wasn't tryin' ta win. He wasn't tryin' ta earn a spot. He was an ornery child tryin' ta get my attention, throwin' a tantrum and by the grace of tha good lord above I'll tell ya what, Jamie... he did it. It's yours, Booker. You want another shot, I'll give it ta ya. Signed, sealed, and delivered at ACTS of DEFIANCE... ya wanted tha "old" Matt LaCroix. You wanted some of tha Renaissance? I'll give it ta ya, but ya know what, boy? We don't gotta wait until ACT we don't wanna. I mean, hell, if you wanna pass a good time I'm right here. Ya know where ta find me.

And because it's wrestling, a sophomoric giggling can be heard almost right on cue. However, it's not Black Panda, but another locker room nuisance walking into the interview. BRAZEN star Alvaro de Vargas cuts into the interview.

**Alvaro de Vargas:**

Senor High-may... you should be talking to a REAL star! Somebody who didn't take forty-five years to get to the main roster!

LaCroix snorts in his direction.

**LaCroix:**

Last I heard about you... you ain't even on the main roster.

**Alvaro de Vargas:**

Semántica, pendejo! I already have my first Pay-Per-View match at Actos de Desafío against Trailer Trash Thomas. And when I beat a member of the main roster, DEFIANCE management will have no choice BUT to recognize my talents and put me where I belong. I kicked him in the balls two weeks ago because that's what this place has done to me by putting talento superior like me down in BRAZEN while Tom gets to walk away from whatever shift he was working at the gas station and is already on the roster? Maybe I'll do the same to you right now....

He grins wider. The fans watching on in the arena start booing when the shot pulls out to show the silver masked face of Black Panda standing behind ADV. ADV shivers, as though he feels a presence and turns to get a shock from Panda's uninvited presence. He goes to talk but Panda steps past him to get into Matt's personal space.

**Black Panda:**

It's funny when you hear hypocrisy. The sight of you clutching at straws to explain what you did to Kerry in comparison to what I did to Sam last week on DEFtv...

The fans boo loudly as Matt snarls in response.

**Black Panda:**

There is no difference between those situations. You're telling me that your best friend Sam Day isn't good enough to stand inside that ring? I wonder what Sam thinks of that. Well... if he still has the capacity for independent thought after last week.

The fans' boos grow louder as LaCroix is clearly trying to restrain himself. The Black Bastard Prince looks ADV up and down before returning his gaze to LaCroix.

**Black Panda:**

I'll be there at Acts of Defiance, Matt. And I hope that the real Matt LaCroix turns up. Because you wouldn't like me if I get this K-Mart crusader again.

His gaze turns back to ADV and returns to the Southern Strong Style. Then ADV stands behind him and resumes grinning like an asshole.

**Alvaro de Vargas:**

Maybe you'll be an example for Trashy Todd. Tal vez te haga un ejemplo ahora mismo.

ADV's eyes dart behind Matt and his grin turns to a snarl. The Faithful cheer as Trashcan Tim comes into view, clapping a massive hand across Matt's back, ever-present toothless grin plastered on his face.

**Trashcan Tim:**

Mister LaCroix, it seems to me you just might be in need of a tag team partner tonight! I say we give these here boys a chance to stop flappin' they gums about being tough guys and prove it in the ring. I think we all know that I have a score to settle with this -

Tim pauses and really enunciates each syllable, in a word he clearly practiced, jutting a finger at ADV.

**Trashcan Tim:**

Pen-day-ho here!

ADV's eyes bulge as The Faithful erupt in laughter.

**Trashcan Tim:**

So whaddya say, boys?! How about Mister LaCroix and I see you in the ring later tonight?

ADV scoffs

**Alvaro de Vargas:**

I'd LOVE to destroy the both of you...

Then holds up a taped left thumb.

**Alvaro de Vargas:**

...But I hurt this thumb when I nearly broke my fist over Titus Campbell's snitch bitch head last week. You'll have to wait til the PPV, Tom...

**Black Panda:**

We accept.

He shoots one last stare at LaCroix. After Panda brushes past de Vargas, Matt nods to Tim in acceptance. Tim smirks at ADV and the two leave while de Vargas is now left alone with Jamie Sawyers.

**Jamie Sawyers:**

Quick word about your match with Trashcan Tim at Acts?

ADV turns to Sawyers and fumes.

**Alvaro de Vargas:**

Pendejo...

ADV storms off in the other direction as the scene heads elsewhere.

## MASON LUCK vs. FLEX KRUEGER

**DDK:**

The next match is going to be very important where it concerns the Lucky Sevens and the Pop Culture Phenoms! We have it on good authority that after that attack by the Pop Culture Phenoms on Max Luck's knee, Mason went to management and he wanted a match with the Phenoms at Acts of Defiance!

**Lance:**

And they got it, didn't they?

**DDK:**

They sure did! That satisfied them to a degree but Mason demanded to fight one of the PCP group tonight and he gets their muscle man Flex Kruger! What makes this match more important is that it the winner will be allowed to choose the stipulation for the tag team match!

**Lance:**

Wow! I would normally give the edge to that tag team match to the L-7s, but Pop Culture Phenoms are considered the overall best tag team in DEFIANCE Wrestling whether you like them or not. A win here could give them an advantage to offset their size ... or The Lucky Sevens can really seal their fate and do something like bar the rest of the PCP's from ringside.

**DDK:**

It's true. Mason Luck is looking for payback for his brother and tonight he will try to take his pound of flesh from Flex Kruger.

## STALKER vs. JJ DIXON

Returning to action in the ring, JJ Dixon just made his entrance much to the dismay of the DEFIANCE Faithful, the Brazen talent, one-third of the Southern Bastards is standing in the far side corner of the ring while Darren Quimbey is standing ready in the center of the ring.

### Darren Quimbey:

The following contest is set for one fall! Already in the ring, he's one-third of the Southern Bastards hailing from Houston, Texas weighing in at two hundred sixteen pounds here's...JJ!!! DIXON!!!

♪ "It's On" by Korn ♪

Unknown entrance music to The Faithful pops on next, a video package on the DEFIatron plays of Jason 'Stalker' Reeves. Brief and to the point the video reel shows the highlights over the past few weeks on repeat as Stalker makes his way down the rampway. Dressed in black wrestling pants and a black t-shirt that reads 'No More False Heroes!' he stares daggers into the wrestling ring as the bald-headed veteran stalks his way to the ring while ignoring The Faithful's boos.

### Darren Quimbey:

His opponent, weighing in at two hundred and thirty-five pounds ... from Seattle, Washington ...  
 SSSTALKKKERRRR!!!!!!!!!!!!!!

Arriving at the ring Stalker climbs the steps entrance before pausing and pulling off his 'No More False Heroes!' shirt and tossing it into the crowd, his black wife beater matches his wrestling pants as the grizzled veteran steps through the middle ropes. A look in his eyes gives the impression that he's very much studying the ring as he slowly makes his way to the opposite corner of Dixon, ignoring the reaction of the crowd Stalker nonchalantly takes a seat against the bottom turnbuckle while keeping his eyes on Dixon as referee Benny Doyle gives out the match instructions.

### DDK:

We've seen quite a bit of Stalker and what he is capable of since arriving in DEFIANCE seemingly summoned by Tyler Fuse!

JJ Dixon settles into the opposite corner that Jason 'Stalker' Reeves is sitting down in, Doyle rings the bell and Stalker deftly stands up to a chorus of boos from the Faithful.

### DDK:

It bears mentioning, Dixon was scheduled to face Scott Douglas on tonight's card. We learned earlier today that Douglas' injuries, suffered at the hands of Stalker and Tyler Fuse two weeks ago, would preclude him from competition for the time being.

### Lance:

That has to be playing on the mind of JJ Dixon, who was prepared to face Scott and get the Stalker substitution at the last minute!

### DDK:

I would have to agree, Lance. Dixon seems a little bit offset by his new opponent. However, that doesn't seem to stop one-third of the Southern Bastards!

JJ Dixon charges forward to kick things off!

Stalker ducks a quick lariat from the youthful Dixon, stepping backward the slow veteran doesn't engage him, he simply walks backward almost bating him forward.

### Lance:

The Faithful has seen what Stalker's capable of, with his brash of attacks against Scott Douglas over the past couple

of DEFtv's, the vague threats made on Uncut and now for his first match here on DEFtv and the veteran wrestler doesn't seem too comfortable in a regular match up.

Commentators are right in a sense as Dixon finally had enough of Stalker's slow backing up, he moved forward and initiated a grapple with the even heightened Stalker, with two knees to the gut, Dixon got a quick advantage by knocking Stalker's wind out.

Dixon uses his speed and agility to yank the veteran Stalker with an Irish whip into the far corner in which he started the match sitting in. Bouncing hard in the corner, Stalker waits, playing possum when Dixon charges, moving swiftly out of the way of Dixon's body splash. The crowd once again booed as Stalker paced away from the younger wrestler almost like he was studying the man's movements.

**DDK:**

Three weeks of unwarranted attacks against either Scott Douglas or the other half of Seattle's Best Kerry Kuroyama - and this is the type of man he is? Hiding in the ring from a wrestling match?

**Lance:**

Not entirely sure he's hiding.

Dixon has had enough, missing the body splash took a few seconds to recover from and as he did he went to town on Stalker. Leveling him with a massive lariat that Stalker seemingly just took, Dixon cat called out to the crowd to get some cheers - but the Southern Bastard was still hated among most of The Faithful - even if Stalker was hated more.

Referee Benny Doyle follows Dixon as he picks Stalker up from the mat, dragging him from corner to corner, Dixon gives Jason a pounding. Unwilling to let the older wrestler go, Dixon uses his head as a battering ram into the top turnbuckle on opposite sides of the ring. The second crushing blow into the top turnbuckle was enough to send Stalker flat on his back.

**DDK:**

And Stalker is down!

The Faithful finally getting a chance to see some wrestling from this bout, Dixon unleashes a flurry of blows into Jason Reeves, foot stomps to his ribcage, forearm, and head cause a bit of a pop from The Faithful but a warning from Benny Doyle to back off after the direct face hit.

Not used to getting a few cheers, the bad guy Dixon flashes a bit of a smile as he picks up Stalker, hooking him up he lifts the hardcore maniac up for a snap suplex, not wanting to let him recover from it, Dixon pulls him back up and hits ANOTHER longer Vertical Suplex that makes Stalker bounce off the mat with the impact.

**Lance:**

Impressive showing from JJ Dixon here, Darren!

Not through with his handiwork, Dixon was quick to follow that up with bouncing off the ropes for a firm hard-hitting elbow drop across Stalker's throat.

**DDK:**

Agreed! This may be a turning point for the BRAZEN talent!

Clearly, with the advantage in the ring the younger Dixon now has Stalker set up in the middle of the ring, the beat down of a few moves, has the winded veteran reeling. Whipping him into the corner Stalker collides into the buckles with his back, his legs flailing into the air as the impact devastated him enough to cause him to hit the mat with his butt.

**Lance:**

JJ Dixon getting some fan support here by outmaneuvering the tormentor of Scott Douglas tonight, at this juncture

won't be surprised at all to see the BRAZEN talent steal the win.

Dixon goes to capitalize on Stalker falling to the mat, Dixon moves in with a quick boot to the chest, followed by another... and ANOTHER! Stalker reacts violently to each kick, his body being bounced around like a rag doll, the effort in his reactions almost seem put on, but Benny Doyle doesn't see his reactions that way. In fact, Dixon's efforts cause another stern warning from the ref when the Southern Bastard starts using the top rope to wedge his boot against Stalker's throat.

**DDK:**

I think JJ Dixon and Benny Doyle both need to be paying attention to Stalker!

As Dixon pleaded his case and Doyle gave him a final warning about choking, Stalker was using the ropes to pull himself up. Standing in the corner, both arms hugging the top rope, the veteran started to regain his breath. JJ Dixon was quick to notice Stalker's position and opted to stop arguing with Doyle. Running to the opposite corner, Dixon got himself psyched up even through a mixture of boos and then charged... SPEAR... MISSED!!

**Lance:**

Stalker dodged the spear attempt and it sent Dixon like a flying missile into the turnbuckles. His shoulder collided with the metal!

There was a small gasp from the crowd from that heavy metal dinging impact and even Doyle walked forward to check on him but Stalker was having none of that, he swooped in, pulled his opponent from the ropes, hooked him... RUSSIAN LEG SWEEP out of the corner!

**DDK:**

Signature move from his Empire Pro Wrestling days, seems he at least remembers how to pull that move off.

Like a predator, Stalker encircled his prey, lifting him off the mat the woozy Dixon tried to shove the veteran back but Jason Reeves wasn't having it... unleashing a flurry of nasty uppercuts, each one causing Dixon to stumble further back in the ring until eventually landing against the ropes.

Using the ropes as leverage, Stalker ran into them, bouncing back with a swift dropkick to the knee. Dixon hits the mat face first with a thud and Stalker uses the momentum from the dropkick to slide outside of the ring. The Faithful start giving him massive shit while he stares at all of them, silently looking for his targeted object Stalker looks under the ring to retrieve a folded steel chair.

**Lance:**

Unlike the bout between Tyler Fuse and Scott Douglas where Stalker showed up dressed like Codename Reaper, this is NOT a no holds barred match. Weapons are not allowed...

The rules don't seem to be of matter to Stalker as he slides into the ring with the chair in both hands. JJ Dixon had managed to crawl himself over to the corner, pulling himself up slowly as the crowd tried to somewhat get behind the usually hated Southern Bastard. Benny Doyle was watching Stalker closely, warning him as he climbed up the steps, but Jason Reeves wasn't hearing it.

**DDK:**

We do NOT need this type of lunatic in DEFIANCE, Doyle should just disqualify his ass right now!

Verbal exchanges start happening as Stalker climbs into the ring, chair in hand he wants to get closer to Dixon but Doyle is putting both hands up and asking for the chair. JJ Dixon is still recovering in the corner as Stalker tries to move past Doyle, which he does but not without the referee yanking the chair from Stalker's hands.

**Lance:**

Looks like Benny is trying to get control of the match here, this is a regularly sanctioned match... weapons are definitely not permissible.

Stalker has his back turned to Dixon and is watching as Doyle takes the chair with a final reminder to Stalker that he can't use it in this match, he turns to place the chair out of the ring, slowly moving to the ropes to drop the chair on the outside of the ring. Dixon FLIES IN with a LARIAT! Stalker ducks it! Dixon spins around to face the veteran and Stalker kicks him swiftly and harshly in the groin. This is done completely behind Doyle's back!

**DDK:**

**DDK:**

Perfectly timed after that illegal low blow, I don't think Dixon stands a chance!

Neither does Stalker, as he rolls over the flattened Dixon for the pinning attempt. Hooking the leg with a chest to chest pin, Doyle swoops in for the count just out of eye sight as Stalker hoists his legs up to the second rope for extra leverage.

ONE

**Lance:**

Dixon while certainly caught off guard by the low blow and a hard-hitting DDT ... He still had a bit of life in him as he attempted to kick out!

**DDK:**

Jason Reeves is a known cheater so I'm not surprised by his actions tonight. Those ropes stopped Dixon from getting up from that pin. And he doesn't look pleased!

## A CHANGED WORLD

Dixon is now standing in the middle of the ring as Stalker quickly rolls from the ring after scoring the victory, not even a pause was given for his arm to be raised. JJ Dixon is trying to explain to Doyle about the low blow and the obvious use of the ropes to keep him pinned but Doyle is not hearing any of it. The Faithful start erupting in boos as Stalker goes for the steel chair that Doyle put outside.

### DDK:

Oh man, Dixon is not aware Stalker still has his eyes set on the man. The match is over... as far as Stalker cares, now this is a no rules situation.

Sliding into the ring behind Dixon, Doyle is quick to see the incoming hit but barely dives out of the way as the chair CRASHES into Dixon's back. A loud smack of metal against skin drives the man to the canvas. Dixon rolls over in pain and in defense, holding both hands up to shield himself but the maniac Stalker drives the chair flat against Dixon's face! He's able to shield some of the blow but it's enough to cease any fighting from the man as the demented maniac Stalker circles around him like a victory parade before going for a microphone.
