MALAK GARLAND vs. SGT. SAFETY

This contest is a singles match! Introducing first, being accompanied to the ring by one half of the DEFIANCE Unified Tag Team Champions, Conor Fuse and The Game Boy, from Chicago, Illinois, weighing in at 223 pounds, SGT. SAFETY!

Sgt. Safety walks out on stage looking all business. He raises his safety clipboard high into the air and shouts loudly.

DDK:

Sgt. Safety will go one on one with Malak Garland in mere moments, Lance.

Lance:

My sources have it that this match was moved around by Favoured Saints because Malak complained to them, just like he did in regard to the tag title match at DEFtv 149.

DDK:

Except this match got moved back, not up.

Sgt. Safety wipes his boots on the apron before twirling into the ring.

Lance:

That's right, Darren. Apparently Malak wasn't "physically" ready for this singles match and needed more time to prepare.

Conor and The Game Boy find a ringpost to hang out by as Safety keeps warm in the squared circle.

Darren Quimbey:

Introducing next, being accompanied to the ring by Cyrus Bates, from Cheyenne, Wyoming, weighing in at 210 pounds, MALAK GARLAND!

A meek and mild Malak Garland wheels himself on stage to a smattering of contention.

DDK:

Still in the wheelchair, I see. What's it been now? Eight? Nine weeks? When will he regain the will to walk again?

Malak's big muscle monster of his own lurks not too far behind.

Lance:

I don't know, Darren but if he doesn't get out of his wheelchair and fight Sgt. Safety tonight then he's clearly going to have to forfeit. Look, he's got Bates with him too and let's not forget how The Game Boy WHOOPED him last Uncut!

A taped inlay interview of Malak appears while The Keyboard King gently rolls his wheelchair down to the ring with a sour look on his face.

Malak Garland:

So tonight, I finally go one-on-one, face-to-face with Sgt. Safety, the person responsible for all of this. After weeks of

him apparently feigning injury to get this match moved back, it's finally time he step up and face the music and take responsibility for everything damaging he's ever done to me. Safety, we used to be friends but once I'm done with you, they won't even be able to find your body because it will be buried. By an AVALANCHE.

The interview box vanishes as Malak looks up at the ring from his wheelchair. Bates circles his partner like a shark protecting its young.

DDK:

It's sink or swim time.

Malak points at Darren Quimbey. He promptly rolls himself over to the timekeeper and ring bell area.

Lance:

Looks like Malak is giving Quimbey a piece of his mind for some reason.

Malak incoherently babbles at the ring announcer as Conor and The Game Boy get closer just in case something goes down.

Malak Garland:

YOUDIDNOTAANOUNCEMEASATAGTEAMCHAMPION! UNREAL! YOUARESTRESSINGMEOUT!

Quimbey isn't sure how to react. Finally, Cyrus wheels Malak away before things get too heated.

DDK:

Are we going to do this match or what? People tune into DEFIANCE for the hard hitting action, not to see some snowflake bellyaching from a wheelchair he doesn't actually need to be in.

Malak reaches up and pats the pecks of Cyrus, indicating he's calmed down. Benny Doyle speaks to Garland from inside the ring, asking if he's going to join them in the ring.

DDK:

Malak is putting up the one finger wait sign. Could this be the moment we've all been waiting for?

The Source of Envy attempts to rise out of his wheelchair. Arms and legs wobbling, he promptly falls back in his seat akin to a toddler failing to stand on its own two feet.

Malak Garland:

I don't know if I can.

Lance:

Come on.

It's clear Safety and the crowd grows impatient over the antics on display.

Malak Garland:

Let me try again. I'll probably do better if you two in the ring look away.

Begrudgingly following instructions, both Doyle and Safety turn their backs to Malak.

Like magic, Malak spryly jumps out of his wheelchair, slides into the ring and launches an all out attack on Sgt. Safety just before Conor can shout any kind of warning.

DDK:

Oh what a load of BS!

Benny Doyle calls for the start of the match as Malak looms over Safety.

Malak Garland: *[Shouting]*

I HAVE REGAINED THE WILL TO WALK AGAIN!

Lance:

Malak wails on Safety in the corner before Doyle pulls him away. Instead of coming up with more offense, Malak decides it's a good idea to antagonize the crowd.

Malak Garland:

I CAN WALK AGAIN! LOOK AT ME! LOOK AT ME!

He's too intertwined with the crowd to notice Safety crawling out of the corner. Benny Doyle watches with bated breath.

THE GREATER GOOD

The scene switches to Gage Blackwood entering the DEFplex. As he makes his way down the hall, he passes all four members of Screen 7. Manager "Horror" Hector Harris turns towards Berry Chernobyl. Berry bends down to hear Harris speak.

"Horror" Hector Harris:

That's the scumbag Gage Blackwood. Broke Teresa's heart.

Harris obviously says this loud enough for Blackwood to hear. Chernobyl and the other two members of Screen 7 know who Blackwood is.

The Scot pays no attention and continues. Next, Blackwood passes all five members of the DEFcepticons, the BRAZEN Tag Team Champions.

Starscream looks at their leader, Septimus Tyne.

Starscream:

Gage is a homewrecker.

Tyne smacks Starscream on the back of the head.

Septimus Tyne:

Ryan Knox nods, arms crossed.

Ryan Knox:

He says to his wife. She blushes.

Vickie Hall:

Blackwood pushes Slaine out of the way. He continues down the hall.

Gage Blackwood:

"The Greater Good."

Blackwood hears what he thinks is a collection of voices at once. He stops in his tracks as the camera spins to face him...

Showing every single one of the DEFIANTS he crossed collectively huddled together, eyes locked on Gage.

But once Gage turns to see what the ruckus is, they go on their merry little way as if nothing even happened.

NEGOTIATIONS

DDK:

Folks, welcome back and in just a moment, we're about ready to go to ringside for what we have been told.... Is an open negotiation between two sides! At DEFCON, Tom Morrow's Lucky Sevens will join forces with Cary Stevens' Stevens Dynasty to take on The Saturday Night Specials, Uriel Cortez and Minute! A MASSIVE eight-man tag with so many grudges to settle between them!

Lance:

That one is gonna be huge and what a road it has been to get here. At the end of DEFtv 151, The Lucky Sevens defeated The Saturday Night Specials with the revelation that Tom Morrow and Better Future worked together with Cary Stevens and The Stevens Dynasty in order to make that happen! They attacked Davey LaRue and ended the show laying out SNS, as well as Uriel Cortez and Minute.

DDK:

Indeed... The former Sky High Titans, Uriel Cortez and Minute have wanted payback on Morrow for months since turning on them, costing them the Unified Tag Titles and then taking their name. Morrow had been trying to recruit Brock since he set foot in DEFIANCE. The Stevens Dynasty have an extensive history with the Titans and SNS while The Lucky Sevens have had issues with both teams for some time. They'll all have the chance to settle it, but from what we know both teams want something out of this match. We'll see what they want right now...

In the ring already, Tom Morrow (sans Ken Ellis, from UNCUT beatdown) and Mason and Max Luck stand on one end. The twin seven-footers look mean as hell as they always do with Cary Stevens standing by with Bo and George Stevens behind him.

Tom Morrow:

Look what we have here, Cary! The four men that stacked BODIES at the end of the last DEFtv! It was pretty damn sweet!

Cary Stevens:

Tom, that's just an everyday thing when you're the Stevens Dynasty. We cash checks and stack bodies everytime we grace these filth with our presence.

Tom Morrow:

That's right! Now... a little birdie told me earlier this week that SNS and Sky High Titans want payback...

Mason Luck:

No, we don't. We're right here. I'm "The New Titan of Industry" Mason Luck remember?

Max Luck:

Yeah, boss. Standing right here! I'm Minute ... something something something catch phrase! I don't remember what it was, but it was probably arriba right?

Morrow snaps a finger. Mason and Max Luck high five like the dicks that they are!

Tom Morrow:

Sorry... slip of the tongue. Those OLD OUTDATED PAST THEIR EXPIRATION DATE former Sky High Titans, Minute and Uriel Cortez want something for our match at DEFCON. So you can...

Uriel Cortez:

OH, GOD, SHUT THE FUCK UP.

Without further delay, all of the opposition is on the stage to BIG cheers from the crowd! Uriel Cortez. Minute. Titaness. And of course, The Saturday Night Specials! "Black Out" Pat Cassidy and Brock Newbludd all stand on stage, ready to throw down. The Titan of Industry stands front and center with microphone in hand.

Uriel Cortez:

As much as I'm sure you want people to hear you jerk yourself off over what you pulled off two weeks ago... not gonna happen. We told DEFIANCE management that we'd play nice, but I'm BEGGING you, Tom... give us one reason. Any reason. And I will come down there and end this right now.

Morrow smirks.

Tom Morrow:

Oh, Uriel... look, pat yourselves on the back cause you, Minute and your Amazon girlfriend for taking out Ken Ellis on UNCUT. You're a colossus. You are a badass... but your weakest muscle (pointing at his head) ...is this one. You and your little friends can win battles, but Better Future wins WARS. And DEFCON won't be any different. Look... tonight, we'll play nice, too. My guys know better than to fight for free when they don't want to and I'm sure Cary here thinks the same. So... let's negotiate. I'll go first...

Morrow inches closer to the ropes.

Tom Morrow:

Professional wrestling is a business where time literally does equal money. You get a little bit of it, you make a little. You get a lot... well, the five of you can do basic math. And I can't make money if all my time is spent indulging YOUR petty little vendettas. So if the four of us win... then NONE of you get involved in any of my affairs ever again. You get no more matches with my guys, you get no more opportunities. We do what we please and you're out of our way. The Stevens Dynasty get back to their business, we get back to ours. Now what the hell do you idiots possibly want for this match?

On the stage, Pat Cassidy motions for the mic from Uriel. He holds up his hand with a single finger pointing into the air as if he were asking a question at a press conference.

Pat Cassidy:

Hi there, Mr. Morrow. Pat Cassidy here of The Saturday Night Specials. Now, it seems to me that you're a man of many talents.

The crowd boos at that statement, but Cassidy silences them with a hand in the air.

Pat Cassidy:

Now now now my friends... we must sometimes give the devil his due. Tom Morrow has a lot going for him. For example, he's a Grade A jackass.

Cassidy looks to Brock Newbludd, who nods in agreement. Cassidy then looks to Cortez and Minute. Cortez flashes him a thumbs up. Titaness flashes a half-smile.

Pat Cassidy:

He's a special kind of dickwad. He's extremely well-versed in being an asshole. He...

Tom Morrow:

Is there a point here!?

Pat Cassidy:

The point. Right. Brock, I had a point... right?

Brock moves over to share the mic with his partner.

Brock Newbludd:

I think you were gearing up to point out that Morrow's biggest achievement in DEFIANCE seems to be his ability to avoid the ass kicking he so rightly deserves.

Cassidy snaps his fingers and bumps his palm against his own head. Of course.

Brock Newbludd:

Morrow, Cortez and Minute should've had you dead to rights at DEF Road. But like the little unkillable cockroach that you are, you slipped away again. We're looking for a chance to right that wrong. So here's what we're proposing: when we win the match at DEFCON, we get one more shot at five minutes in the ring with you. Except this time... it's all of us.

A cheer rises up from The Faithful at the prospect of seeing Morrow at the mercy of the five people on the stage. Morrow growls and the mic picks it up. He looks over at Cary Stevens.

Cary Stevens:

Not my pig. Not my farm.

Then Morrow turns back to The Lucky Sevens, who both nod.

Tom Morrow:

So... you have all this time to pick the stipulation and Uriel and Minute convince you beat THAT drum again. Well... fine. If that's all you want, then we accept. You can have that little stipulation, but WHEN we beat you YET AGAIN... we are done. You get no more matches with my men, you stay out of our affairs for good. That's it. Done.

The crowd roars in approval!

DDK:

Folks, there you have it! If SNS, Uriel and Minute win, they ALL get five minutes alone with Tom Morrow! I'd...

Uriel Cortez:

No...

The giant isn't done and eyes the ring, staring straight at Morrow with a look that could quite possibly make his former manager drop dead if looks could indeed do that. Pat and Brock look confused, but Uriel holds a hand out.

Uriel Cortez:

I got this... Morrow. Junior... you've taken EVERYTHING from Minute and I. Like Pat said, we had that match at DEF ROAD WON had it not been for your scrawny ass getting involved yet again. Since then, every week we've had to watch you come out here with Mason and Max, mocking the Sky High Titans name that Minute and I built with OUR blood! OUR sweat! OUR work! You're right... you were the brainchild of the Sky High Titans. But it was US and Thomas Keeling putting in the work! NOT YOU! You never wanted this and despite what you wanted, it's happened. This bond is stronger than ANYTHING you can do to it, you greedy piece of shit.

Cheers erupt once again, agreeing with everything being said.

Minute:

¡Este vínculo es más fuerte que la sangre, Morrow! Bond! Stronger than blood! Uriel is right, you CANNOT break!

Minute and Uriel bump fists.

Uriel Cortez:

And after you INJURED Thomas... your father... and forced him to retire, we deserve the chance to get back the Sky High Titans name back! We want it back so we can retire it and NEVER have to watch you piss on it ever again! We owe Thomas that much. So if we win, we want the five minutes AND we want the Sky High Titans name back!

Lance:

Wow... what's it gonna be Morrow?

Tom Morrow takes in all that Uriel has had to say...

Tom Morrow:

No.

BOOOOOOOOOOOOOOOOOOOOOOO!

Mason and Max Luck add in through the booing.

Max Luck:

Let me add to that, Tom. Hell to the naw naw. We beat you fair and square just like we beat Saturday Night Specials fair and square!

Mason Luck:

Yeah ... sorry, Urinal Cortez. I am the Titan of Industry now!

Morrow is laughing at Mason's very bad joke.

Tom Morrow:

I already agreed to your stupid little stipulation of five minutes alone because we KNOW we can beat the four of you... but if you think I'm letting go of that name without something else in return, then I haven't taught you the first thing about business. You can either sweeten the pot or you can leave and stop wasting our time right now.

Pat Cassidy:

Okay! Fair enough. Let me lay this one on ya, Morrow. You strike me as a man of business. As a fellow successful entrepreneur...

On this line, Cassidy turns to the camera and shots a quick finger gun and a wink.

Pat Cassidy:

...I think we can work something out here. Speak the same lingo, as it were. I may have only been half paying attention when Siobhan was reading out of Running A Business For Dummies, but I do remember something called a "calculated risk." That's where you put a lot on the line for a potential bigger reward, right? As a big shot business type I'm sure you're familiar with the term. Well buddy, have we got a deal for you.

Morrow's eyes squint in curiosity. Brock Newbludd takes the mic and picks up where his partner left off.

Brock Newbludd:

If we win at DEFCON, we get five minutes in the ring with your ass and Uriel and Minute get the rights to their team name back. If you guys win at DEFCON, you don't have to worry about any of us ever again... and...

A slight sigh. Brock looks at Cassidy, who nods in agreement.

Brock Newbludd:

...Cass and I will sign Ballyhoo Brew over to you.

An audible gasp from the fans in attendance followed by jeers. Uriel and Minute both look at Brock, completely flummoxed and/or bumfuzzled, but Pat silently nods their way.

Brock Newbludd:

Think about it, Morrow: that place has become the damn hub of activity in DEFIANCE. Think of the big names in and out. The secrets shared. The money coming in. The influence and power you'd have with your name on the deed. You'd become the most powerful man in DEFIANCE overnight. Now, in normal situation, I'd say we make this sucker a ladder match. Buuuut, I did just watch big George navigate the ring steps like he was climbing Everest so, we'll just make this a straight up wrestling match. That work for you, Tommy Salami?

Morrow, the Sevens and even The Stevens Dynasty all congregate in a huddle and discuss off-mic. Bo peeks his head

up from the huddle then back in. Then Max Luck. They go back in. And when it breaks, Morrow smirks.

Tom Morrow:

See, Uriel... THAT is a businessman. On behalf our new alliance... The SEVENS DYNASTY... We accept those terms! Cary and I become 50/50 Co-Owners of your little bar when we win and kick you both the hell out!

The pop is even larger now as both sides have exactly what they want!

DDK:

My God... that's some UNREAL stipulations! If the Stevens... er, Sevens Dynasty win? SNS and the former Titans are not only out of Morrow's hair for good, but they get The Ballyhoo Brew!

Lance:

You're right, Lance, THAT is a gamble! All in the name of getting the Sky High Titans name and five minutes alone!

Brock, Pat, Uriel, Minute and Titaness all exchange high-fives on the stage while in the ring, Morrow and company look proud.

DDK:

WHAT STAKES FOR THAT MATCH!

Lance:

And don't go away, folks! Coming up next before we get to DEFCON between these eight men... we've got something of a rematch from DEFCON 2020 between The Stevens Dynasty against Uriel Cortez and Minute! We've heard that Saturday Night Specials, The Lucky Sevens and Tom Morrow will all be barred from ringside for this! Action will be underway after the break!

CORTEZ & MINUTE (w/ TITANESS) vs. STEVENS DYNASTY (w/ CARY STEVENS)

Back from break, the fired-up Faithful are getting ready for a big match as most of the parties from the big negotiations have been cleared out. Inside the ring, Uriel Cortez and Minute in street clothes with Titaness on the outside. On the other side, Bo and George Stevens have their manager and Stevens Dynasty patriarch, Cary Stevens on the outside, dispensing advice.

DDK:

Fans, if you just missed it, there are MASSIVE stakes on the line when The Stevens Dynasty join forces with The Lucky Sevens to take on The Saturday Night Specials, Uriel Cortez and Minute! If Morrow and Stevens' new alliance wins, they not only ensure that their opponents stay out of their business... but also they will get OWNERSHIP of Ballyhoo Brew! But if SNS and the former Sky High Titans win, not only will Uriel and Minute get the name and rights back... but ALL FOUR men will get five minutes alone with Tom Morrow!

Lance:

That is downright NUTS! But right now, we're about to see two sets of former two-time Unified Tag Team champions in action to gain some last-minute momentum for their sides. As a reminder, the SNS, Tom Morrow and the Lucky Sevens are banned from ringside!

Minute and Bo Stevens look to start for their respective teams as the fans get ready for action!

DING DING!

The cocky Bo Stevens gets ready to lock up with Minute, but the fiery dynamo kicks the leg of Bo and tries to get at him. When Minute tries to go in again for kick, Bo grabs his foot. He smirks at Minute and throws up in the air, but Minute BACKFLIPS and lands on his feet. The Faithful cheer loudly for the luchador as he waves at Bo, which angers him. A boot catches Minute in the chest and then Bo whips him off the ropes. Bo tries a big boot, but Minute ducks then does not one, but TWO front flips forward on the mat and then lands on his feet!

DDK:

Minute just takes your breath away with insane athleticism like that! Bo is NOT happy!

Lance:

He charges at Minute... NO!

Bo tries another clothesline and Minute ducks, then he comes back out like he was launched out of a cannon with a HUGE springboard dropkick to the chest of Bo! The blow knocks Bo clear through the ropes and then tries to get back inside, but when he does, Minute is right there to crack him with a second front dropkick sending Bo out of the floor! Minute is back on his feet with Uriel and Titaness cheering him on as he runs towards the corner. He leaps to the middle rope, then the middle rope on the outside before LEAPING onto Bo on the floor with an incredible springboard moonsault!

Lance:

HUGE moonsault by Minute! He may be one of the smallest competitors we have in DEFIANCE, but he can literally attack anyone from anywhere in that ring!

DDK:

Minute throws Bo back inside the ring... then the tag gets made to Uriel! Oh, I don't like Bo Stevens' chances right now...

Uriel and Minute both launch Bo across the ring. When he comes back, Uriel hoists him up into an upward dropkick from Minute! Bo stumbles on his feet as Uriel hits the ropes and then SMASHES into him with a huge running shoulder tackle!

Lance:

I would agree with you... especially now!

The Titan of Industry gets cheers from the crowd and Titaness looks on, liking what she sees in the ring. Minute has barely been in the corner when he gets tagged in again by Uriel. Cortez holds out both hands... then NAILS Bo with the Chop of Ages! The double-handed chop brings Bo to a seated position in the corner when Uriel helps with an assisted corner double knee strike!

DDK:

Another big double-team! Uriel and Minute were barely a team, having won the Unified Tag Team Titles from the Stevens Dynasty at DEFCON 2020! That was their third match together, but what a match it was!

Lance:

And Minute is gonna try and make history repeat itself tonight!

ONE... TWO... NO!

Bo's shoulder comes up, but Minute lets him have it with another flurry of kicks to Bo's chest. He reels back, but when Minute tries another head kick, Bo ducks underneath the kick and then runs over to big George to make the tag! Minute backs up a step or two as the massive heavy of the Stevens Dynasty now climbs into the ring.

DDK:

Oh, boy... Minute pinned George Stevens to win those belts when they fought at DEFCON and from the looks of it, George has not forgotten.

Lance:

And not to mention, a win here is going to carry massive momentum into what has turned out to be one of the BIGGEST wagers for a tag match in DEFIANCE history!

Minute goes right for the leg with a dropkick and that stuns George. The TJ Tornado gets back up and then fights again with another kick, but George shoves him on his back. Minute rolls through as Uriel and Titaness watch on. He tries again, but this time, George stops him with one hand by grabbing his neck! He goozles him and then throws him in the air before SMACKING him down with a massive open-palmed slap to the chest! The arena lets out a collective groan from the sound of the chop as Minute rolls around in a tizzy.

DDK:

GOD! That shot just turned the tide for the Stevens Dynasty!

Lance:

That it did... oh, lord, of course now Bo wants in!

The crowd jeers a very giddy Bo as he holds a hand out. George picks up Minute with two hands and presses him over his head... then ONE hand. Minute tries to scurry out, but George then lets him drop in a big snake eyes-like fashion in the corner! The tag is made to Bo Stevens, who climbs into the ring and kisses his arm. Minute heads into the ring, only to get a big running back elbow. The blow rocks him but it gets worse when he throws Minute out of the corner, only to follow up with a big lariat to the back of the head!

DDK:

And what a combo that was! Both teams showing on full display right now why they are top of the food chain in the tag team division!

Lance:

Very true! Cortez, Minute and Titaness knocked off The Dunson Clan as well as The Lucky Sevens and Ken Ellis on recent matches on UNCUT, but The Stevens Dynasty are a perennial threat to the Unified Tag Titles!

Bo doesn't pin Minute, simply running over to get in Uriel's face. Uriel tries to take a swipe at him, but he backs up and measures up Minute. The TJ Tornado tries to get up, only to catch Remember The Alamo to the face!

DDK:

Remember The Alamo by Bo! Will that superkick be enough?

ONE... TWO... NO!

Minute kicks out, but Bo stays on him and rains down right hands! The blows keep on coming until the official gets on Bo. He backs up without incident especially since they are still in control as he tags George. Both men get into the ring and Bo takes over Minute with a snapmare... then BOTH men lock in simultaneous iron claw holds into the shoulders of Minute!

Lance:

Deadly combo there! The Lucky Sevens aren't the only men that can work claw holds, it seems!

DDK:

Bo better get back to the corner!

Bo lets go, but George continues to squeeze just for fun, eliciting anguish from the young 23-year-old luchador. George lets go, only to pick Minute up again. Uriel and Titaness keep on watching and Cortez wants in but George is beating on Minute in the corner. A big welt from George's earlier chop is now on Minute's chest and the crowd sees it too as Bo Stevens gets a tag. George buries his shoulders into the chest of Minute and then holds him there before getting tagged by Bo. George DRILLS The TJ Tornado with a huge backbreaker, then lets Bo follow up with a jumping elbow drop to the chest! Now he tries a cover again!

ONE... TWO... NO!

DDK:

Another great combo by The Stevens Dynasty, but Minute kicks out again!

Lance:

He's a gutsy one, that's for sure... but Bo Stevens now hits the neckbreaker!

After he drops Minute with another neckbreaker, he holds on, driving Minute's neck down on his knee! Minute tries to fight his way out and his body is aching from the beatdowns he has taken, but Bo has the hold locked in tightly.

DDK:

Great tag wrestling by The Stevens Dynasty! They've isolated Minute and it's just gone sideways for the former Titans since!

Lance:

Listen to the crowd, though! They want Minute to get that tag to Uriel!

Uriel stomps on the ring steps and gets the crowd to clap along for support with Titaness joining in on the outside. Cary Stevens growls and then yells at Bo to finish off the luchador. Bo nods then releases the hold to try and set up a big move. He tries for the Game Changer, but Minute leaps up and then hits a knee square between Bo's eyes! Bo lets go and then swats at Minute with a knee then launches him to the ropes. He tries the Bo-Dazzled discus lariat, but Minute ducks and then comes off the ropes with a handspring enzuigiri, NAILING Bo in the face!

DDK:

Minute counters with the handspring enzuigiri kick! Now he's gotta get to Uriel!

Lance:

I don't think it was wise for him to let him go, but Minute just capitalized!

He crawls at the corner where Uriel is waiting for the tag just as a dazed and confused Bo rolls at his corner. George and Cary both yell at Bo to get his attention as he finally realizes where he is. But when Bo hears Minute on his side of the ring make the tag...

DDK:

Oh, boy, here comes trouble for the Stevens Dynasty!

The Faithful go nuts as Uriel tags into the match! He looks out to the crowd and then steps over the ropes. When Bo sees what's coming, he gets MOWED with a big running shoulder tackle, followed by Uriel heading to the corner and blasting George Stevens off the apron with a massive big boot! Uriel holds his arms out to a rowdy crowd and then pulls Bo up from the ring mat. He whips Bo across the ring and then CRUSHES him using a big corner splash, followed by picking him up and then throwing him across the ring with a big fallaway slam!

DDK:

WOW! Bo knows how to get tossed like a lawn dart!

Lance:

Cute, Darren, haha. But you're right! And now here comes Uriel again as Bo tries to stand... another big splash in the corner!

Uriel then grabs Bo and scoops him up before dropping him back to an inverted DDT position, then hits Big Business! The inverted facelock elbow drop connects and Uriel lays across Bo's shoulders for the cover...

ONE... TWO...

But George Stevens reaches in to grab Uriel's leg and pulls him off!

DDK:

What a save by George! He's big, but he didn't have to reach far to save his cousin!

Bo Stevens is still hurt, but Uriel boots him away! Bo is still out so Uriel steps over him and then makes the tag to Minute! The luchador is still in pain from the earlier work by the Stevens Dynasty, but he heads up top... but Cary Stevens climbs on the apron to try and stop it before they can set up the 30 Story Splash!

Lance:

Oh, come on! Cary needs to...

DDK:

Titaness has seen enough!

Titaness grabs the leg of Cary and pulls him away from the apron! The former wrestler tries to take a swing, but Cary misses... And Titaness doesn't when she comes back and nails a big boot!

Lance:

OW! Titaness just took Cary Stevens off his feet with that big boot!

She gets up and talks some trash to the former wrestler, but George Stevens goes after her. That gets Uriel into action and soon, they brawl on the floor! Back in the ring, Minute hits a springboard dropkick on Bo Stevens and sends him to the corner! Minute then leaps into action and hits a running double knee strike to the chest, then throws Bo down. Minute heads up to the ring apron and tries to leap... but he's grabbed by a pair of hands... KEN ELLIS' HANDS!

DDK:

What the hell...? That weasel wasn't supposed to be here tonight!

Lance:

Damn it, leave it to Morrow to skirt the rules. Remember, Morrow, The Lucky Sevens and The SNS were banned from ringside... didn't say anything about Ellis!

Ken gets SUPERKICKED by Minute for his troubles and gets flattened! The crowd cheers, but when Minute tries to leap for the Minute Detail, Bo trips him up on the ropes! Minute crashes and burns hard, then Bo desperately measures him up into... the Game Changer! The rolling cutter dumps Minute on his head and the crowd jeers as Bo hooks the leg!

ONE... TWO... THREE!

Uriel is a second too late to break it up and Bo panics when he sees the giant. But it's too late as they've stolen the win!

Darren Quimbey:

Here are your winners... **THE STEVENS DYNASTY!**

DDK:

This one belonged to Cortez and Minute, but Morrow finds a way around the rules to get them the win!

Lance:

And if that happens at DEFCON, not only are Uriel and Minute out of chances for any retribution against Better Future and Tom Morrow... but the Ballyhoo Brew will belong to them also.

Bo Stevens and George help Cary to his feet and they leave Ken Ellis to rot! Bo and George celebrate up the ramp! Meanwhile, Uriel sees the Executive Assistant of Better Future and then decides enough is enough! He grabs Ellis and the toadie gets HURLED into the ring where Titaness is waiting.

DDK:

Oh boy... third time WON'T be a charm for Ellis, will it?

He's referring to Titaness getting her hands on Ellis yet again when he tries to stand... only to get SPEARED by the six-foot one powerhouse!

Lance:

The former Sky High Titans have had more than enough of Ellis and Morrow after all they've bene put through and I can't blame them for this!

Uriel gets Ellis up high in the air and pauses as a punch-drunk Ken shakes his head frantically knowing the landing is gonna be bad! Lots of camera phones then DRILLS him into the canvas with the Industry Standard! The Faithful go crazy as Uriel Ellis convulses in pain as Uriel lets go and he and Titaness go to check on Minute. He shakes his head to clear the cobwebs and Uriel and Titaness help him up before making their own exit from the ring.

Lance:

The Stevens Dynasty walk away with the victory, but after tonight, Ken Ellis most definitely won't be walking to DEFCON at all!

400 SHOTS!

The scene moves backstage as we see Christie Zane poised to present a backstage interview. She's got the FIST of DEFIANCE champion and fellow 24K Compatriot, Perfection standing by her side.

Both men in their ring gear appear to be ready for tonight's big main event tag team match.

Christie Zane:

Mikey Unlikely and Perfection, tonight both you face your respective DEFCON opponents in a huge tag team main event, we're two weeks from the big show, and you get the opportunity to get your hands on them a little early. Your thoughts?

The FIST holds up the championship in it's glass display case to the camera. Once he makes his point he turns and looks at Christie, finally acknowledging her existence.

Mikey Unlikely:

You're skipping ahead a bit don't you think Christie!? I know we totally blew you off last week for an interview but that doesn't give you the right to disrespect the best damn champion this company has ever had. Aren't you going to congratulate me?

Christie looks confused, Perfection awaits the congratulations but when it doesn't come he gets a little flustered himself.

Christie Zane:

Congrats for wh...

James Witherhold cuts her off.

Perfection:

Aren't you a journalist? Have you done ANY research? Today marks the 400th daily anniversary since Mikey Unlikely became the FIST OF DEFIANCE!

Unlikely soaks in the accolades.

Perfection:

400 Days! That's incredible. Imagine being the best at anything in the world, for over an entire calendar year!? Tonight after we win this HOAX of a matchup we were goaded into... 24K is taking 400 shots to celebrate! You should join us Christie!

She looks aghast at the idea.

Christie Zane:

Thank you for that invite, and congratulations Mikey Unlikely, 400 days is quite the accomplishment. No one can take that from you.

Mikey Unlikely:

You got that right Christie, and ooooooooooh how they have tried to take it from me! Every week I come out here with a new record and all everyone does is try to diminish that. All they do is put an asterisk on my name! NOT TODAY! Day 400 of this glorious reign is meant to be one of celebration. Instead we're stuck wrestling in a tag team match against Captain Defiance and The little engine that could!

Perfection:

Two wrestlers who shouldn't even be in the same sentence as us, get to go up against two of the biggest stars in DEFIANCE today. Can you believe it? What an opportunity for them! Unbelievable!

Mikey Unlikely:

Opportunity... it's very fleeting Christie. Now don't misinterpret when I say this, but aside from the BIGGEST news that I've reached day 400 as YOUR FIST of DEFIANCE... there's more! We're only two weeks from DEFCON, the biggest DEFNight of the year... and Scott Douglas is yet to accept my challenge. Yes he has the FIST match locked up contractually. Yes I have to face him regardless of his acceptance or not. The fact of the matter is Scott Douglas is terrified to put his career on the line against mine.

Perfection:

And why wouldn't he be? You've toppled superstar after superstar after Oscar Burns.

Mikey Unlikely:

At the end of the day Scott Douglas knows what I know as well. Every single FAITHFUL fan in DEFIANCE is going to know how big of a coward he is when he doesn't accept. Everyone is going to know that the man they put their faith in, doesn't have faith in himself! You hate to see it Christie.

He pauses for dramatic effect.

Mikey Unlikely:

So what we're going to do tonight is beat a lesson into the pair of try hards. No one tops 24K! No one has even come close. As individuals, we're incredibly strong. As a group we're fortified beyond belief. There's nothing DEFIANCE can do. This is Day 400 and counting... this time next year we're both going to be standing right here Christie... This championship is going to still be with me, and we'll be talking about someone else I'm about to teach the same lesson.

Perfection:

That's why we're taking 400 shots!

Unlikely lifts an arm to propose a toast.

Mikey Unlikely:

To record breaking title reigns. To DEFIANCE domination. To 24K!

Perfection:

Long may they reign!

The champion smirks and the pair leave together laughing. Ready for tonight's main event.

Lance:

Indeed! Burns agreed to Tom Morrow's terms... they get the tornado tag team match they wanted against ADV and Mace, but if they lose, they'll be forced to join Better Future Talent Agency. They'd BOTH be under Morrow's thumb.

DDK:

It's true. Burns tried to take on Jack Mace two weeks ago and we saw Mace defeat his former teacher one-on-one. Folks, I'm being told we need to cut elsewhere but hopefully we are going to get this settled down! Burns and Stevens have a lot of issues between them, but they'll need to stay on this united front if they want to keep their contracts from falling into the hands of Tom Morrow and Better Future!

Morrow and Mace fight through the members of DEFsec while Burns tries to get at his former protege. Darren Quimbey:

And their opponents... Beverly Hills, California and Seattle, Washington *respectively*... ELISSSSEEEEE AREEEEESSSS and "SUB POP" SCOTT ... DOUUUUUUGGGGLAAAAASSS!

Lance:

I mean, what *CAN'T* you say about these two, Douglas and Elise Ares? Legends, both in their own right.

DDK:

Going against men, strong within their own right but ... two who have no respect for DEFIANCE or what it represents.

Lance:

Well, Darren... tonight may be the first of many where they can't run. They can't hide!

Both make their way together down the ramp, more focused on their individual opponents they will face at the pay-per-view. Perfection finally gets in the ring only to yell at Darren about the interruption and that The FIST couldn't stand on the top rope to appease the fans. Quimb's just waves off Perfection as Douglas enters the ring up the stairs while Ares slides under the bottom rope.

Lance:

You would think DEFCON is tonight by the way the Faithful are acting right now!

DDK:

Every single one of these loyal fans are foaming at the mouth to see Mikey Unlikely get what is coming to him! I'm sure they feel the same about bootlicker Perfection.

Benny Doyle puts his arms up and directs 24K to their corner while Ares hypes the crowd from the turnbuckle on the other side, before taking to the apron. Scott Douglas stares a hole into Mikey as he surprisingly stays in the ring. Witherhold moves to the outside and grabs his tag rope. Perfection massages The FISTS shoulders, hyping him up while the music fades and the WrestlePlex gets set for action.

DDK:

In a strange series of events, we're getting the main event of DEFCON RIGHT NOW!

Lance:

Tentatively, Darren! Scott Douglas has yet to accept Mikey's stipulation!

DDK:

Well, Career vs Career is nothing to take lightly as Scott Douglas, a man with a stellar reputation and career here in DEFIANCE, knows very well!

Lance:

Very true, though some have speculated ... based on Scott Douglas' comments, much less his track record, that it's obvious ... He won't back down.

DDK:

We can only assume at this point! But ... It appears Mikey Unlikely and Scott Douglas are going to start the match for their respective teams!

The champion gets a few last words of advice from Perfection, both men overly confident. The two share a laugh before Benny Doyle calls the match to begin.

DING! DING!

The bell sounds and the match is underway. Mikey Unlikely and Scott Douglas circle each other in the ring. Douglas is careful to watch where Mikey's hands are at all times. The crowd is abuzz with anticipation. As Douglas moves towards the champion, Unlikely backs up and ducks through the ropes. The official, Benny Doyle, gets between the pair and breaks it up before it can start. The Faithful lets their collective disapproval be known.

Lance:

Clearly, he's not too enthused about tangling it up with Douglas.

As Douglas backs up, Unlikely comes back in and once again they circle in the middle of the ring. On the way around Mikey stops and tags in Perfection with a snicker on his face. The hard camera shows a frustrated Elise Ares on the apron. Douglas remains calm but his slightly furrowed brow tips his hand.

DDK:

Oh come on! The mind games continue here ... as Mikey Unlikely steps out and Perfection steps in!

Lance:

24K!, clearly trying to get under the skin of the DEFCO challenger and Elise Ares.

Douglas looks back to reposed Elise, she's keeping a close eye on the pair of opponents as well. She signals to Douglas to brush it off and fight. Perfection wants to lock up with Douglas but Scott has other plans.

DDK:

Scott Douglas! Launching into a fury of forearms!

Douglas strikes, with fury, the chest and chin of Perfection.

Lance:

He's firing off those right hands and they are finding their mark!

Perfection moves backwards with each blow until he's against the ropes. Benny Doyle is quick to break it up, and Douglas, to his credit, stops as soon as the referee begins to count. The FAITHFUL in the arena are eating it up. Perfection moves away from the ropes holding his jaw. As he does, Douglas comes back trying the same thing again. This time, Perfection ducks under and takes the fight to Douglas. Perfection backs Douglas into their own corner and tags Mikey Unlikely back in.

Mikey comes in and immediately they team up on Douglas. The two on one in the corner is viscous before we see Elise Ares come from behind and dive on the two 24K! Members. This pushes them into Scott Douglas and then they both fall onto the mat.

DDK:

Elise put her own partner in jeopardy with that one, but she needed to get them off.

Mikey and Perfection both get right back up but now Douglas and Elise are ready for them. They both start firing shots at 24K! Doyle is barking trying to get the illegal team members from the ring. Quickly however Elise and Scott have pushed Mikey and Perf into the ropes. They both take a few steps back, clasp hands and together they clothesline the FIST and his stablemate over the top rope to the floor. The faithful in the arena lose it.

Lance:

What a tag team move by Elise Ares and Scott Douglas. Usually not partners, the two are finding a rhythm here!

On the outside of the ring Mikey and Perfection huddle up with their back to the ring for privacy. They begin to go over a strategy. It's not long before Douglas is on his hands and knees. Elise hits the ropes. Hops off of Douglas' back, onto the ring rope and does a springboard crossbody onto the back of 24K! Once again driving them down to the floor.

DDK:

What a move by Elise Ares! Taking to the skies!

Elise is quick to get up, stomp on Perfection before rolling Mikey Unlikely into the ring where a waiting Scott Douglas is excited to get his hands on him.

Lance:

Uh oh, Mikey doesn't know where he is!

Mikey slowly uses the ropes to get to his feet, but he's on spaghetti legs. He stumbles around the ring and turns around to find Scott Douglas rearing back for a strike. Both hands in front of him, the champion falls backwards begging off. He pleads with Scott Douglas not to attack him. Let him stand back up and fight like a man.

Douglas looks to the crowd who cheer loudly. He looks back to Mikey who's trying to get back up once more. No dice.

DDK:

SCOTT DOUGLAS GRABS MIKEY AND PULLS HIM TO THE MIDDLE OF THE RING. WE HAVE PANDEMONIUM IN HERE FOLKS!

The Faithful lose their shit as Scott Douglas creams Mikey over and over again with big shots. Left, right, left, right, then a huge kick that sends Mikey flying into the turnbuckle. Douglas is not done there, he runs up and drives a knee into the gut of the FIST that doubles him over. Douglas dips lower and grabs Mikey around the waist.

Lance:

Northern Lights Suplex, with authority! Douglas not wasting time here with a pin attempt, he pulls Mikey back up. What's he gunn.... COBRA CLUTCH on the champion! He's got him in the middle of the ring.

Unlikely's arms and legs flail wildly as he tries to break free, to no avail. Douglas then pushes forward, taking Unlikely with him.

DDK:

Oh My! He just turned that cobra clutch into a bulldog! The champion is down! Douglas is not backing off.

Douglas pulls Mikey back up again. This time pulling him to his own corner where Elise Ares is back holding the tag rope. Douglas with the quick tag to Elise, they both take Mikey and give him a double suplex in the center of the ring. Perfection is trying to get back in but Benny Doyle cuts him off. Perf complains loudly that they were allowed to double team, but Benny just claps back at Perf signaling the tag.

Douglas dips back outside as Elise takes it to the FIST of DEFIANCE.

Lance:

And don't think these two don't have unfinished business, just a few months ago Elise Ares had her own shot at the FIST, and it was nearly sowed up before Mikey Unlikely used some questionable methods to pull past her. I'm sure Elise has been fired up about getting her hands on Mikey again as well.

DDK:

I'm sure most of the roster wants to at this point. 400 Days is a long time Lance, it's a hell of an achievement, but the way that Mikey has retained over and over have caused many to have an asterisk-like view of his reign.

Elise gets Mikey back up and fires him off the ropes. On the return she snaps him to the mat with a beautiful armdrag takedown. Mikey is quick to try to roll to his feet. Elise is ready and takes him down with another armdrag. Same thing happens again when Mikey gets back and sent back to the mat. From the corner Perfection yells to him. "STAY DOWN!"

He doesn't listen. Unlikely back up to his feet and this time Elise comes with the headscissors takedown that sends Mikey flying onto his back. She quickly goes for the cover as Benny Doyle slides into position to make the count.

One...

Two...

Perfection breaks up the pin and saves his tag team partner. He also takes the time to stomp on the back of Elise's head while she's down. He then Drags Mikey over to himself before stepping out of the ring and reaching over to make the tag.

Slap.

Benny Doyle signals the tag is made but Mikey just lays there trying to recover. Perfection comes in and grabs Elise

who's just getting up by the waist and using his upper body strength he slowly picks her up over his head and brings her down with a hard bridging german suplex.

DDK:

What a move by Perfection! Did you see Elise's head snap off the mat?

Lance:

Devastating, Darren!

Perfection picks her up again, lifts one of her legs into a bent position and then picks her up before dropping her back down with a shin breaker that leaves Elise holding her ankle on the mat. Mikey meanwhile finally rolls to the ring apron where he now lies exhausted.

Perfection has taken control back in the middle of the ring, where he's pulled Elise and now has one of her legs in the air. He falls into it with an elbow on the same shin he just dropped her on. He stands back up and puts some stomps on the bad shin before locking in a side leg lock on her. Elise cries out in pain as Perfection rears back on the hold.

Lance:

He's got it cinched in!

Benny Doyle is asking Elise if she gives up but she refuses. She pumps up and down trying to get some traction on the mat before slowly pulling herself towards the ropes.

DDK:

That's a long journey from where she is, and she has to pull the body weight of Perfection with her. Elise Ares is one of the strongest females we've ever encountered in DEFIANCE but even I don't know if she has the upper body strength to get there!

The Faithful come alive with a slow clap that has Elise feeling the adrenaline. She slowly pulls herself closer with each effort. As she's nearing the ropes, the fans get louder and louder as Perfection shakes his head, trying to put all his weight on it.

Elise is finally near the ropes and reaches out and just misses it as her fingertips graze the bottom rope. She pulls closer one more time, and with all her strength she reaches out to get free...

...and on the outside Mikey Unlikely grabs the bottom rope with both hands, places both feet on the ring apron and pulls it as far as he can to the outside of the ring where Elise can't reach it. She misses it once again. The fans in the DEFplex boo as Mikey bridges himself between the bottom rope and the ring apron to keep the rope from her. What he doesn't realize is Scott Douglas has seen this now and it's left Mikey in a precarious position.

Lance:

Don't look now Darren, but Scott Douglas is climbing to the top rope in his corner! I don't think Perfection sees him!

DDK:

Could he be going for Perfection to break the hold?

That wasn't the plan. Scott Douglas dives off the top rope and does a double stomp to Mikey Unlikely which forces him to drop the rope and land nearly headfirst on the outside with all of Scott Douglas's weight on top of him. Both men crash into the floor HARD as the Faithful come unglued.

HOLY SHIT
HOLY SHIT
HOLY SHIT!

Elise is finally able to grab the rope and Benny Doyle begins to break the hold. Perfection cannot believe it. He lets her

get up, he wills her to turn around as he's ready to lay her out once and for all.

DDK:

Elise ducks under Perfection! James turns around... SUPERKICK FROM ELISE! She grabs Perfection by the head now... She takes him to the corner!

Lance:

CUBAN NECKTIE! SHE HIT IT! THE STEP UP STUNNER VARIATION!

Perfection is down inside the ring. Elise is moving toward him slowly. The Faithful come alive with boos as Kendrix and Jack Hunter come running down the aisle unannounced and slide into the ring. Immediately they start to attack Elise Ares and stop her from pinning Perfection.

Benny Doyle turns around and calls for the bell. Kendrix gets in Benny Doyles face before he leaves the ring.

DDK:

What the hell! This was nearly over and 24K! Comes out here to make sure their guys don't get beat, which also means they lose by disqualification.

Darren Quimbey:

Ladies and Gentlemen, your winners by Disqualification, the team of "Sub Pop" Scott Douglas and Elise Ares!

There's no time for cheering on the winning team.

Jack picks up Elise Ares and puts her in a full nelson position. Kendrix smiles and lines up the shot. From behind Scott Douglas grabs JFK and tosses him outside of the ring. The Superbest is surprised and throws Elise back down to the mat and runs at Scott Douglas. Douglas grabs him by the back of the head and using Hunter's own momentum throws him over the top rope onto Kendrix. It looks like Perfection is up next, as Scott Douglas sets his sights on him.

Lance:

Watch out! Mikey's got the briefcase!

Behind Scott Douglas, Mikey gets back in the ring and levels Douglas with the briefcase sending him forward onto the mat. He then turns and waits for Elise to get back up before dropping her the same way. The FIST of DEFIANCE holds his championship up high as the other 24K! Members get back in the ring to join him.

DDK:

24K! Standing tall despite losing the matchup. What's going to happen at DEFCON when both Mikey Unlikely and Scott Douglas have their careers on the line!?

Lance:

Will they even face off? WILL this match EVEN happen!?!?

At the top of the ramp, a frustrated Scott Douglas and Elise Ares pause before the curtain as 24K! continue to celebrate.

DDK:

This is simply ... egregious!

Cut back to the ramp and Elise has a microphone, rather than speaking into it... she holds it out to Scott Douglas. He hesitates... but takes it. Scott holds it firmly, but at the waist ... as the Faithful wait in bated breath.

Lance:

Looks like Scotty has something to say!

He must, he raises the microphone to his mouth.

A quick cut to the ring shows us 24K! all in on their celebration. Back to the stage ...

Scott Douglas:

UNLIKELY!!

Back in the ring, Mikey with his back turned snaps his head, eyes glared, toward the stage over his shoulder. Like the FIST would fully commit, right?

Scott Douglas:

ENOUGH IS ENOUGH!

Back in the ring, Mikey's uncertain look turns to one of intrigue as he turns about.

DDK:

Don't do it!

Scott Douglas:

I ACCEPT!

The Faithful explode, in a mix of emotion. Mostly ... one of Faith. Scott Douglas is, finally, pot committed ... and so are they. He will dethrone the most Unlikely reign and run Mikey out of DEFIANCE once more.

Lance:

Douglas accepts! Douglas accepts!

Mikey stares on from the ring, his smiling growing from ear to ear.

DDK:

One of these men won't be here for the next DEFtv... One will be retired!!!

Lance:

Please join us for DEFCON ladies and gentlemen, one thing we can promise you, it's going to change the landscape of DEFIANCE Moving forward. Who's career is going to end? Mikey Unlikely, or Scott Douglas? Will Douglas finally get the championship he's coveted, and take it off one of the most dominant champions we've ever seen? Or will he have to leave DEFIANCE forever? FIND OUT AT DEFCON!

The scene closes on 24K! standing over Elise and Scott Douglas. Mikey holds the FIST case high into the air.
