## "TWISTS AND TURNS" OSCAR BURNS & SCOTT STEVENS vs. BETTER FUTURE (ADV & JACK MACE)

**DDK:**

WELCOME TO THE BIGGEST EVENT OF DEFIANCE'S CALENDAR YEAR WITH NOT ONE... BUT **TWO** NIGHTS! I CAN BARELY HEAR THINGS, IT'S SO LOUD!

**Lance:**

I KNOW! DARREN! UNREAL!

Both men take a few more seconds as the camera cuts to a massive crowd from the crowd packing the UNO Lakefront Arena!

**DDK:**

And folks, we are kicking off DEFCON with a match that has been FIVE MONTHS in the making! It will be two former FISTS of DEFIANCE... Scott Stevens and "Twists and Turns" Oscar Burns to take on the hungry duo of "El Sol Dorado" Alvaro de Vargas and Burns' former protege, Jack Mace! Tornado Tag Rules! But if Scott Stevens and Oscar Burns lose... they will be forced to join Better Future!

**Lance:**

This all started back at Ascension last year when Tom Morrow and Better Future made offers towards Oscar Burns to join the group after his own loss in that incredible two-out-of-three falls match to Lindsay Troy. In the middle of this, Burns reignited his heated rivalry with Scott Stevens. Burns came to his senses and rebuked their offer and since then, both men have had targets on their chests. That led to Morrow recruiting Burns' old protege, Jack Mace, right out of BRAZEN to join Better Future!

**DDK:**

Absolutely. ADV and Jack Mace scored the HUGE win at DEF ROAD when ADV pinned Burns! A rematch at DEFtv 150 ended in a victory for Burns and Stevens, but not without a cost as Scott Stevens had a fireball thrown in his face, courtesy of Alvaro. Mace scored a singles victory over Burns on 151, but Scott Stevens made a surprise return on 152 to avert a planned assault by Better Future. This one has been heated, but it ends tonight with either Oscar Burns and Scott Stevens victorious... or Oscar Burns and Scott Stevens being the newest members of Better Future whether they like it or not.

And to Darren Quimbey we go!

**Darren Quimbey:**

The following contest is a Tornado Tag Team match and will be YOUR opening match for DEFCON!

The rabid Faithful continue to go out of their rabid-ass minds since we're now kicking off the graps!

**Darren Quimbey:**

No tags are required and all four men will be allowed in the ring at the same time. The match will end by pinfall or submission in the ring and per the agreed stipulation... if Alvaro de Vargas and Jack Mace win, the DEFIANCE contracts of both Oscar Burns and Scott Stevens will become property of Tom Morrow and Better Future Talent Agency! **Darren Quimbey:**

...From Wellington, New Zealand, weighing in at 237 pounds... **"TWISTS AND TURNS" OSCAR BURNS!**

The DEFIANCE flag with "DEFIANCE: WE LIKE GRAPS!" drapes over his shoulders. Dressed in black wrestling gear for the evening, the crowd erupts in loud cheers as the DEFIANCE flag comes out!

**DDK:**

Burns in the black attire! Normally he's all about loud colors and the like, but that same black attire has come out for his biggest matches! One where he put his career on the line for Scott Stevens' own FIST of DEFIANCE title match! One against Kendrix to win his second FIST! Tonight, he's hoping it will bring him luck again!

Burns takes the large flag and then balls it up before handing it to an attendant near ringside. He points out to the members of Team Graps waving their DEFIANCE flags before Burns walks up the steps and into the ring. He scans the crowd and then raises one finger while leaning against the ropes before he takes his spot and waits for his partner to arrive.

"A TEXAS SIZE ASS WHOOPIN IS COMING BOY!"

The slow bellow of the guitar hits as the video screen lights up and flashes across the screen a Texas flag with the words "Texas Born. Texas Bred." "Texas Forever." branded into the flag. The jeers that had once filled the arena quickly turn into cheers. The Faithful know who is about to walk out and they are letting him know it by chanting his favorite chant as the final image that is displayed across the screen and that message reads in bold, capitalized letters... SCOTT STEVENS as

↪ *"Dead Man Walking" by Crucifix ft. The Lacs* ↪

The wait is finally over as a spotlight shines towards the top of the entrance ramp and Scott Stevens appears from behind the curtain, and as soon as he makes his way to the edge of the stage golden pyro begins to rain down behind him as he raises his right fist high into the air.

**Darren Quimbey:**

**STEEEEEEEEVEEEEEEEENS!**

As Stevens makes his way down the ramp he just smirks and shakes his head at the vocal bashers and fist bumps his supporters. Stevens slowly makes his way around the ring completely focused on the task at hand until he reaches the nearest set of ring steps and proceeds to enter the ring. Once inside, Stevens goes to the nearest corner and ascends the ropes; looking out amongst the crowd before raising his fist into the air once more before dropping to the canvas as the former FIST shows no emotion as he stretches out on the ropes waiting for the bell. Both Scott and Oscar are in the ring awaiting their opponents... but first, the crowd BOOS the fuck out of Tom Morrow with a broom in hand and Better Future headset on.

**Tom Morrow:**

OSCAR BURNS! SCOTT STEVENS! GET READY TO GIVE 30% OF YOUR PAYCHECKS TO ME FROM NOW ON AFTER TONIGHT! I TOLD YOU I'D MAKE YOU BOTH A PART OF BETTER FUTURE AND TONIGHT IS THE NIGHT, BAY-BEEEEEEEEEEEEEE!

He points at the ring with the broom.

**Tom Morrow:**

I made a promise on DEF Radio and intend to do whatever it takes to make that promise come true! Three matches! Two nights! And we are going to win them ALL at DEFCON! Better Future becomes Better RIGHT THE HELL NOW and this broom says so! Clean! Fucking! Sweep!

So much bad blood in this one, but Tom Morrow was enough of an asshole to get Oscar Burns and Scott Stevens... archrivals for most of their careers... to team up. Think about THAT, Lance.

The crowd rallies behind Burns as he throws some elbow smashes to the face of Jack Mace, but Mace returns fire using a HUGE uppercut to rock him back into the corner. He then presses a knee to Burns' back to try and choke him against the ropes so Scott Stevens can get singled out by ADV!

Morrow yells at de Vargas to end it and he nods. He grabs Stevens by his hair and then boots him in the chest. Slowly, but surely, ADV practically licks his chops and knows he can end this if he can hit his signature piledriver.

**DDK:**

He's put down many people with this move. Oscar Burns. Uriel Cortez. Minute. Many others. No one has kicked out of Ardiendo once he hits it.

He hoists him up... but Stevens shakes his legs frantically and fights his way out... then goes low and **ATTACKS** the leg of de Vargas once again! ADV cries out and Stevens finds an opening. Mace turns around and then tries to rush at Stevens, but the bloodied Scott sidesteps him and sends him **FLYING** into ADV, knocking him down! Morrow can't believe the error and Mace looks shocked, but when he turns around...

The Faithful cheer as Burns hobbles around the mat, trying to get himself back into the fight with a second wind, but the battering by Alvaro and Jack hasn't made it easy. Meanwhile, Scott Stevens is hurt and unmoving for the moment. Alvaro is down holding his neck while Mace is staring up the light seeing stars!

**DDK:**

If Oscar Burns and Scott Stevens are gonna have a chance to get back into this and keep their contracts from Tom Morrow's greedy clutches, they better take it now!

**Lance:**

That's right, Darren the time's gotta be now!

It takes some doing as Brian Slater just watches while there are bodies everywhere, checking to see if he may have to call for a double knock-out. But Oscar Burns breaks THAT UP! The crowd cheers as Burns rolls Alvaro by the leg and rolls the tall Cuban-American up into a jackknife pin!

*ONE!*

*NO!*

ADV shoves Burns off of him at the last second! Morrow shakes his head and lets out a quick sigh of relief that he kicked out!

**DDK:**

What a series of nearfalls that was by both teams and now Burns is back in it!

Burns and ADV meet up in the middle again, but ADV stops him with a right hand and then a chop to the chest of the Kiwi. He whips Burns into a corner and tries the same corner clothesline, but The Technical Spectacle sidesteps! He rushes at ADV, but he gets a boot up... NO! Burns catches his leg over the shoulder and then drives it over his shoulder! ADV is hurt now and limps back while Burns grabs the leg and then grins before SNAPPING him down to the mat with a huge dragon screw!

Burns smiles...

**Oscar Burns (and the crowd):**

And then he takes flight with a HUGE Flying knee drop to the chest of Alvaro! El Sol Dorado is out of it when Burns hooks both legs and goes for a cover...

*ONE!*

*THRE- BROKEN UP!*

The crowd goes nuts as Mace surges to life and SHOVES Stevens into his own partner to break up the fall!

**DDK:**

GOOD LORD, THAT WAS POWER BY MACE! USING BURNS' OWN PARTNER TO BREAK UP THAT COVER!

Mace grits his teeth and taps his finger to say he's smarter than Burns as he starts to get up and runs a hand across his throat. Mace wastes no time in booting Stevens from the ring! Burns gets up and rocks him with a pair of stiff elbow

smashes, but when The Technical Spectacle turns (AND TWISTS?) for a rolling elbow... MACE GRABS HIM!

**DDK:**

Jack of All Holds! Jack of All Holds! That's how he beat Oscar Burns last time!

**Lance:**

He does try and the crowd cheers him on... but not for long when Jack elevates Burns and drapes his legs over the ropes before DRILLING him with a suspended flatliner!

**DDK:**

What a move! He calls that the Jack's Fall! And now... HE'S GOT IT GROUNDED! JACK OF ALL HOLDS ON THE GROUND! THAT'S HOW HE BEAT BURNS A FEW WEEKS AGO! IS IT GONNA HAPPEN AGAIN TONIGHT?!

Morrow is laughing and hollering on the outside, waving the broom to signify the clean sweep that Morrow mentioned on DEF Radio! He continues to cheer Mace as Burns as an arm up and tries to fight...

BROKEN UP BY SCOTT STEVENS!

**Lance:**

SCOTT IN THE NICK OF TIME! HE BREAKS UP THE SUBMISSION!

Scott is all over Mace and runs down right hand after right hand into the head of the technician. The crowd cheers on the Angry Texan as he gets him up and despite a stream or two of blood near his eyes, Scott fires back with a series of punches and chops to the chest of Mace. He runs off the ropes and tries for a big boot, but Mace ducks that and keeps running, then comes back... but Stevens catches the big man on his shoulders...

**DDK:**

And now Alvaro is back! All four men do not want to give up this match and this is just the FIRST match of DEFCON!

**DDK:**

That it is, Lance! So much on the line for Oscar Burns and Scott Stevens!

A limping Alvaro grabs Scott and then beats on him with more punches, then sends him to the corner before he continues to fire off a series of knees to the chest! He lays into the decorated DEFIANCE star over and over with a few heavy knees and then pulls him back into a suplex.

**DDK:**

Alvaro thinking something big...

**Lance:**

No! Burns returns the favor from earlier!

He tries to spike him up, but out of nowhere, Oscar grabs him by the leg to help his partner. When ADV sees where he is, Burns cracks Alvaro with an uppercut... then Scott strikes him with a solid right! Uppercut! Right hand! Uppercut! Right hand! Morrow freaks out while Alvaro gets stumbled. He tries to lunge at Burns... but Burns GRABS him by the leg and takes him down...

**DDK:**

GRAPS OF WRATH III! ROLLING HEEL HOOK LOCKED IN! THIS CROWD IS ON THEIR FEET!

AND THIS CROWD IS GOING CRAZY! THIS HAS GOTTA BE IT!

Burns' Graps of Wrath II and Scott Stevens' Wrath of The Goddess are simultaneously locked on on de Vargas as Morrow freaks out on the outside! He holds out the broom and keeps yelling to hold on...

But he can't!

*TAP TAP TAP!*

The Faithful explode with cheers as the double submission pays off and Alvaro taps out!

**DING DING DING**

**Darren Quimbey:**

Here are your winners of the match via submission... **SCOTT STEVENS AND "TWISTS AND TURNS" OSCAR BURNS!**

**DDK:**

They did it! After a huge brawl that involved Alvaro de Vargas and Jack Mace trying to take the cheap win at the start, constant double-teams and a back and forth battle, it's Oscar Burns and Scott Stevens that triumph in our opener! The Team Graps Cap and Everyone's Favorite Texan get the win!

**Lance:**

And remember, Mace still has to wrestle tomorrow night, teaming with Jestal against the team of Mushigihara and Klein! What condition will the Damn Fine Pro Wrestler be in due to this?!

A bloodied Oscar Burns and a bloodied Scott Stevens now stand over a bloodied and beaten Alvaro de Vargas as he gets helped from the ring. Brain Slater raises the hands of the two former FIST of DEFIANCE. Scott eyeballs Oscar...

**Scott Stevens:**

I should kick your fucking ass right now for putting MY contract on the line without asking me.

Burns shrugs.

**Oscar Burns:**

You could... but we won, Scotty. So enjoy it.

There is no cordial handshaking between the two men who have torn each other limb from limb during their DEFIANCE tenures, but Scott simply enjoys the crowd reaction while Burns hops to the second turnbuckle and then slips slightly before pumping a fist in the air! Meanwhile on the ground, Morrow looks angry! He looks at his broom and then TOSSES it to the floor before storming off with Jack Mace as he helps Alvaro limp to the back. Mace shoots the two men in the ring one final hate-filled stare before he and a bloodied and limping Alvaro head to the back.

**DDK:**

Alvaro and Jack Mace are absolutely going to be two big stars to watch out for whether you like them or not, but tonight, Scott Stevens and Oscar Burns get the duke here at DEFCON!

**Lance:**

That was a massive gamble for Burns to take to get this match, for sure... but to get Tom Morrow out of their hair has to be pretty sweet!

**DDK:**

Morrow will manage two more matches tomorrow night... the one we mentioned earlier and that massive eight man tag tomorrow night when Uriel Cortez, Minute and the Saturday Night Specials take on Morrow's Lucky Sevens and The Stevens Dynasty... you have to wonder what Scott Stevens might think of his family siding with Morrow during this whole ordeal...

Scott Stevens unwraps his wrist tape and then basks in the victory of DEFCON while Burns throws both fists in the air, happy to have his confidence back after what has been a tumultuous five months. The two former rivals enjoy the spotlight as the scene heads back to the commentary station.

## SHE'S INTO SUPERSTITIONS, BLACK CATS AND VODOO DOLLS

The scene switches to the backstage interview location, where Jamie Sawyers stands beside Gage Blackwood.

Sawyers looks like he's significantly going to struggle with what he's about to say.

### **Jamie Sawyers:**

Gage, up next it's you vs. Teresa Ames. As in Teresa Ames, your... wife?

Jamie wonders if he'll receive a punch in the side of the head, reminding The Scot what took place [near the end of DEFTv 152](#). Blackwood doesn't look pleased with the statement but knows he'll have to address it.

### **Gage Blackwood:**

Annulment.

Blackwood stares a hole through the interviewer. An awkward silence bestows them before the former Southern Heritage Champion cracks his knuckles and continues.

### **Gage Blackwood:**

Jamie, can you tell me what the hell I'm doing here? I didn't ask for any of this. I have not been the protagonist **or** the antagonist. I am not a stock, static, round OR dynamic character. I'm a pretty plain guy, unless I get angry of course. I had my sights set on mlkEy uNLiKeLy, 24K and the FIST of DEFIANCE. Instead, I walk by an unstable woman in a hallway and now I'm her possession. She has to have me!

Blackwood's face turns beet red.

### **Gage Blackwood:**

I long for the day I fought you and David Hightower at DEFCON. That was my first big match. I ALMOST long for the day I wrestled Jay Harvey. And I fucking hate Jay Harvey. **And** I hardly swear, Jamie, so what does that tell you about the situation I find myself in? I fought Shooter Landell at my next DEFCON. Guy doesn't work here anymore. I beat his bloke ass and then he pummeled me all around the arena after. He put me on the shelf. THAT sounds like a better time than this. One day I'm battling for a shot in the MAIN EVENT of DEFCON and the next day, I'm married against my will? Had I known if I didn't defeat Scott Douglas this would've been my route instead... psycho woman, supported by a plethora of reckless clowns? Maybe I would have tried a little harder.

Blackwood pats Sawyers on the back, hard.

### **Gage Blackwood:**

That's a joke, pal. I tried. I put it all on the line against Douglas and I failed. Is this my consolation prize?

Sawyers shrugs.

### **Gage Blackwood:**

I have barely gotten a word in edgewise for MONTHS and the only reason I am able to now is because I'm nowhere near Gorilla. Who are the DEFcepticons? What am I watching on Screen 7? A Hallmark Movie?

Blackwood snatches Sawyers by the collar.

### **Gage Blackwood:**

I'm tired, Jamie. I'm stuck in hell. Aye. On the bright side, if any one of these baw jugglers puts me in the hospital, I'll be able to get some rest.

Blackwood is about to walk away but he pulls back.

### **Gage Blackwood:**

Mushigihara, a guy named Chris, Jay Harvey. Some of my most hated rivals.

Pause.

**Gage Blackwood:**

All replaced by Teresa, stunned cunt living rent free inside my head. Well, sweetheart, one of your partners, Cyrus Bates, broadcasts the counselling sessions he attends on DEFIANCE UNCUTS. In minutes it's not a quote-unquote "counselling session" but it's going to be our form of marriage mediation. Either way, win or lose...

Blackwood's voice trails off, until he smiles sadistically and looks straight into the camera.

**Gage Blackwood:**

I want a divorce.

Gage nods to Jamie and exits to the left.

**Jamie Sawyers:**

Gage Blackwood vs. Teresa Ames, next!

## **GAGE BLACKWOOD vs. TERESA AMES w/ SOCIAL SUPPORT/BRIDAL PARTY: DEFcepticons, SCREEN 7, HALLMARK JOURNEY, THOMAS SLAINE & KYLE SHIELDS**

The scene switches to Keebler and Warner and then the match graphic reading...

**GAGE BLACKWOOD vs. TERESA AMES** with all thirteen of her social support network behind her.

**Lance:**

A glorified FOURTEEN-ON-ONE, Keebs, with Ames. Fourteen people against Gage Blackwood.

The camera cuts to Darren Quimbey inside the ring.

**DDK:**

Listen, I'm hyped for DEFCON but it is already two nights and we have plenty of matches to get through. Let's not make this 3 nights, okay guys?

The camera mic picks up some of the Hall's conversation to each other as they make their way down.

**Jonathan-Christopher Hall:**

Baby, this night is so magical.

**Vickie Hall:**

Honey, am I magical? Gosh golly, sometimes I wonder with you.

Jonthan-Christopher blushes, seemingly rattled his wife is feeling bad right now.

**Jonathan-Christopher Hall:**

Oh, girl, you mean the world to me. Absolutely. Every night and every day.

Vickie blushes again but this time it's a good blush.

**Vickie Hall:**

Awwwwwww sweetheart. Goosebumps when you tell me that.

Finally, The Hallmark's enter the ring and Darren gives them the mic. Even though Vickie is about to speak, they are

still wrapped up in each other's arms. JC Hall ensures his wife is properly encouraged while she speaks. He caresses her back the entire time.

**Vickie Hall:**

My goodness, this match is for one *fall* and boy did they ever!

Jonathan-Christoper smiles warmly, wrapped up in that feeling of love.

**Vickie Hall:**

Baby, I'm a little nervous right now, baby.

Jonathan-Christopher caresses Vickie's back harder.

**Jonathan-Christopher Hall:**

Honey, my little scrumpskins, when I met you, my life changed forever. You transformed me. I know you have it in you to transform this crowd.

Vickie nods, slowly gaining confidence.

**Vickie Hall:**

Yes, thank you so much, baby.

Now it's Jonathan-Christopher Hall's turn to look a little down. Catching right on that her man is feeling insecure, she looks directly into his eyes.

**Vickie Hall:**

Hey.

JC tries to pull it together.

**Jonathan-Christopher Hall:**

I love it when you say that.

The Faithful are HHHHHHAAAAATTTING all of this, if they weren't already.

**DDK:**

GET ON WITH THINGS!

**Vickie Hall:**

Baby, you have nothing to feel down about. I know you really need me. Do you want to talk about it?

Jonathan-Christopher's hands tremble as he takes a moment to stop rubbing his wife's back.

**Jonathan-Christopher Hall:**

I think I can, yes, baby.

Vickie runs a hand through his hair.

**Vickie Hall:**

I'm here.

JC nods.

**Jonathan-Christopher Hall:**

It's just, when you went to get that morning coffee, you didn't answer any of my calls or texts for fifteen minutes. I was

so worried.

Vickie reassures her husband.

**Vickie Hall:**

I am so, so sorry. I was driving. I did pick up on the twentieth call, though.

A tear trickles down JC's face.

**Jonathan-Christopher Hall:**

I know, baby, I know.

Darren Quimbey has to re-enter the ring and nudge the couple to get back on with the show.

**Vickie Hall:**

As Ames enters the litter, she unhooks herself from the straps and the DEFIANCE Corpse Bride stretches out her arms and legs, taking hold of a whip and cracking it across Screen 7's manager, "Horror" Hector Harris. The ten enhancement talents lift the litter and carry it down the massive DEFCON rampway. It's only then when Kyle Shields suddenly appears inside the litter, seemingly from out of nowhere or from under her dress. Regardless, he's there to feed Teresa Ames a vine of purple grapes. The Cute N QWERTY Gurl couldn't be loving the attention more if she tried.

All DEFcepticon, Screen 7 and Thomas Slaine sing the Maneater song along with Nelly Furtado as they carry the heavy vehicle towards the ring, marching to the beat of the music.

Old man "Horror" Hector Harris is just fucking belting out of the lyrics, working on a heart attack as the litter is halfway down the extended rampway for the biggest crowd in DEFCON history to witness. Ames even takes a moment to stop eating grapes (using her whip to tell the group to "get a move on") standing and laughing maniacally while pointing at

her wedding ring.

Inside the ring, Jonathan-Christopher and Vickie are, yep, all over each other.

**DDK:**

Once there, Ames nods to her social support/slave group and approaches the ring. Teresa's assistant, Jocelyne (seen in other wrestling circles) races down the DEFCON entrance with keys and starts handing them off for the ten "peasants" to unlock the leashes around their necks.

Ames takes hold of Blackwood and looks for a double arm DDT but Blackwood lifts her up instead and hits a backdrop! Blackwood bounces off the ropes-

Gage gets kicked in the back, from the outside!

**Lance:**

Berry Chernobyl again!

**DDK:**

Berry's likely the most "legitimate" guy in Teresa's social support network. His moves look like they really pack a punch!

Blackwood stumbles off the ropes and into a swinging arm DDT by Ames! She makes a second cover.

ONE.

TWO.

KICKOUT!

The crowd is alive at the sight of the kickout! Ames is definitely not loving the support they show for her "husband". She claws at Blackwood and spits outside the ring. Furious she hasn't got the match won yet, the Stage 5 Clinger's lack of patience takes over. She ascends to the top rope.

**DDK:**

Blackwood races to meet her up there and arm drags Teresa all the way across the squared circle!

Ames gets to a knee, Blackwood sprints in...

**DDK:**

Gaelic Storm MISSED!

**Lance:**

Because Ames was pulled out of the ring by Gilbert Rogers!

Breathing heavily, Blackwood mouths off and slingshots himself up and over the top rope, crashing into Rogers, Ames and the rest of the social support that wasn't knocked out from earlier. (Tyne is being attended to by EMTs and The Hallmark Journey haven't budged.)

**DDK:**

Blackwood takes hold of Ames and throws her back into the ring.

But before Gage re-enters, he finds Berry Chernobyl.

*SLAM!*

Gage runs him shoulder-first into the steel steps!

This gives Ames just enough time to recover, bounce off the far ropes and then make a suicide dive, into Gage's outstretched arms!

**DDK:**

Blackwood catches her!

Piledriver.

Ames' head bounces off the padded floor as Blackwood throws her into the ring, jumps on the apron and then shoots himself over the top rope. He latches onto Ames.

Snap suplex.

Hanging vertical suplex.

Rolling release suplex.

Blackwood with The Scottish Trinity. He has The Faithful buzzing!

The former SOHER screams at the massive crowd as he drags The Cute N QWERTY Gurl to her feet.

Running powerslam! Gage hooks the leg!

Mark is pulled out of the ring by his younger brother.

**Kyle Shields:**

Hey, bro, what the fuck is up?

Mark nods like Kyle's behaviour was totally acceptable.

**Mark Shields:**

**DDK:**

BLACKWOOD WITH A SPLASH ON THE OUTSIDE! He takes both Kyle and Mark down!

**Lance:**

It's all out! Throw the rulebook away... throw out everything! Like I said earlier, FIFTEEN-ON-ONE!

Blackwood pulls himself off the mat while skinny Alan Goldstein returns from the crowd.

**Gage Blackwood:**

Let's put you back there, aye.

Blackwood launches Alan into The Faithful!

Standing upright, hands on his hips, Blackwood looks around at the carnage. Every single one of Teresa's social support is down, out or barely recovering.

Gage eyes the ring and sees Ames, in her trainwreck status, getting to a knee.

Blackwood smirks and re-enters the squared circle. He positions himself quickly behind his "wife".

And drops her on her head.

**DDK:**

Vicious release German suplex by Blackwood!

**Lance:**

I don't believe I'm saying this but Gage has control of the match. Literally, EVERYONE else is down... including Teresa!

Blackwood crushes Ames with a lager bomb and then props her up for The Royal Tattoo.

**DDK:**

STIFF missile dropkick connects to Ames' head.

Blackwood screams into the dazed Comments Section member's face before he props her up one more time and takes to the ropes.

**DDK:**

Gaelic Storm! Blackwood has the cover!

**Lance:**

RIGHT! There's no referee!

Working through his rage, Blackwood clues back in. He took Mark Shields out only moments ago. Blackwood drops Ames' leg and marches around the ring, wondering what to do next seeing as there's no referee in sight.

**DDK:**

Gage let his anger get the better of him. Although, I can't blame him. He's likely not even in this position, with a chance to win right now, had he gone at this match any other way.

**Lance:**

It's a testament to Blackwood's strategy. He's wrecked everyone. Systematically destroyed Teresa's social support one at a time.

Blackwood leans down and rips the faux engagement ring from Teresa's dainty hand. He wastes no time throwing it into the crowd. Then he hits Ames with The Midlothian Hangover.

**DDK:**

I don't think Teresa's going anywhere.

Blackwood exits the ring to check on Mark Shields. The referee isn't moving. Wondering what to do next, ref Benny Doyle comes flying out from behind the DEFCON entrance letters. The crowd pops upon seeing this as Doyle is halfway there when The Scot rolls into the ring, hooking his "wife's" leg.

**DDK:**

C'MON BENNY! LET'S GO!!

*CRASH!*

**DDK:**

OH MY GOD! "Extra Butter" Gilbert Rogers bulldozed Benny Doyle into the guardrail!

*BOOOOOOOOOOOOOOOOOOOOO!*

Blackwood fumes as he walks over to the apron, shouting at Rogers to come try him. The morbidly obese kid from Screen 7 stands in a trance looking back at Blackwood, his massive gut hanging out of his black spandex suit. By now, Blackwood's moved from anger to amusement at the ridiculous numbers stacked against him.

**Lance:**

No matter what Gage is gonna do, there's someone who will recover fast enough to help Teresa. For Christ sake, there's fourteen others helping her!

**DDK:**

Only Tyne and The Hallmarks have remained down this entire time.

**Lance:**

And don't look now, Keebs...

Teresa slowly pulls herself together on the canvas as Gage Blackwood continues to tell Gilbert Rogers to take it to him. Meanwhile, one of the two EMTs checking on Septimus Tyne has moved over to provide attention to referee Benny.

**DDK:**

Blackwood, behind you. Behind you!

The crowd is trying to warn Gage Blackwood. He finally turns.

Into CTRL+ALT+ ASLEEP-

**DDK:**

Olympic slam by Blackwood! The Scot was playing possum!

Mark Shields rolls into the ring, slowly. Gilbert Rogers decides now is a good time to make his way there, too but he doesn't move fast. Not even close!

**DDK:**

MARK, COUNT! COUNT THE THREE!

ONE.

TWO.

PULLED OUT OF THE RING BY MEGAN KRON.

Blackwood immediately dropkicks Kron in the side of the head through the top and middle rope. He takes the amazonian woman and runs her into Gilbert Rogers' chest. Both fall, Kron on top of the horror geek.

Looking for his "wife," Gage locates her struggling to walk away to find more social supporters. As Blackwood turns the corner on the floor, he's crushed with a shot similar to the one Gage hit on Tyne. Instead, he's on the receiving end from an Al Sparks BRAZEN Tag Championship belt to the skull!

Panting, Ames tells Sparks to roll Blackwood in the ring. He does as a very unsteady Comments Section member works her way to the top rope, with help from recovered "Horror" Hector Harris and Kyle Shields.

**DDK:**

Ames is perched on the top rope, waiting for Blackwood to turn around.

Once he does, Ames flies into Blackwood's arms.

**DDK:**

He catches her! Fallaway slam!

The Faithful rally cry throughout the stadium as Blackwood races towards Ames with a punt kick-

Reversed into a cradle and pin by Teresa!

**DDK:**

WHAT THE HELL!?

**Lance:**

Starscream pulled **Mark Shields** out of the ring!

Immediate regret crosses Starscream's face, knowing he messed up big time because *AMES* was pinning *BLACKWOOD*. The Cute N QWERTY Gurl gets to her feet and is wrathful. It's no wonder Starscream is considered the most incompetent DEFcepticons of them all.

**DDK:**

You get what you pay for, Teresa.

**Teresa Ames:**

YOU NIMROD! You've traumatized me! I don't think I can ever forgive-

*Thump.*

Ames backs right into Blackwood's chest.

*BLACKWOOD!*

*BLACKWOOD!*

*BLACKWOOD!*

Gage spins Teresa around and drops her with another brainbuster. He lifts her onto her knees and hits the ropes.

**DDK:**

Hector Harris trips up Gage from the apron!

But in one fluent motion, Gage turns around and tosses Harris into the ring.

**DDK:**

Gaelic Storm!

Thomas Slaine enters the ring next.

**DDK:**

Gaelic Storm!

Al Sparks.

Same fate.

**DDK:**

Gaelic Storm!

The Faithful are worked into a frenzy as Blackwood rages around the ring, egging on anyone else who's on their feet to find him. Note: No one is left standing. (Starscream ran himself into the ring post again after he screwed up.)

Teresa stands and that's it.

The only one Gage doesn't see.

**DDK:**

CTRL+ ALT+ ASLEEP!

**Lance:**

DAMN.

Ames hooks the leg and Mark Shields slides back into the ring.

ONE.

TWO.

THREE.

***DING DING DING***

The air is let out of the arena as "Maneater" blares on the PA and Ames raises her hands while rolling onto her back. If The Hallmark Journey weren't injured, they'd be announcing the winner right now. Darren Quimbey doesn't do it for the sake of being attacked online afterward by any one of these keyboard warriors Teresa's entrusted.

**Teresa Ames:**

I DID IT ALL BY MYSELF!

**DDK:**

Robbery! Absolutely robbery!

**Lance:**

Honestly, Keebs, we shouldn't be surprised. The odds were impossible.

**DDK:**

I guess this is a credit to how well Gage fought, making it seem like he could pull it off.

Ames rests on her knee and DEMANDS Mark Shields raise her hand. The Queen BEE of the Ring and Leading Lady of DEFIANCE (whatever, Lindsay Troy and Elise Ares, get bent) stands tall in the center of the ring with a chorus of boos reigning down upon her. She had planned to put her foot on top of Blackwood's chest but realizes he's not there anymore.

And The Faithful are cheering.

**DDK:**

Blackwood taps Ames on the shoulder... sidewalk slam!

Blackwood spouts off to the crowd after all the shit he's had to deal with. The spectators clamors for one more Gaelic Storm. Blackwood props Ames up and hits the ropes.

**DDK:**

GAELIC STORM!

Blackwood connects with one so devastating, it not only sends spit out of Ames' mouth and into the stands, but it sends Blackwood flipping head-over-heels and crashing to the mat in the process.

**Lance:**

Win or lose, she got what's coming-

Blackwood isn't done. He snatches Ames' lifeless body and throws her out of the ring. There, Berry Chernobyl is the only one who shows some signs of life, so Blackwood grabs him by his Scream mask and runs him right into the 18th century litter, breaking the side door in the process.

**Gage Blackwood:** *[To Teresa Ames]*

Let's have our honeymoon.

**DDK:**

Blackwood is taking Teresa IN the litter...

*THUMP.***DDK:**

A SICK looking package piledriver!

Ames' head bounces off the floor of the litter. Blackwood finds the leftover grapevines and throws them into the crowd before eating one himself and spitting it back onto Teresa. The Scot fumes as he shoves Ames out of the vehicle and proceeds to rip the insides of it apart with his bare hands.

Royal throne? Destroyed.

Jewel encrusted cabinet? Punctured.

Convertible roof? Redacted.

Blackwood's going full on rage mode (or Gage mode) and The Faithful eat it up as he does.

And then, for some reason or another, the always angry and disgruntled Screen 7 manager or "critic", "Horror" Hector Harris stands in front of the litter. He's barely hanging on to life from the previous Gaelic Storm but is making his presence felt.

And working on that heart attack.

**"Horror" Hector Harris:**

You're PATHETIC, Gage. Your one-dimensional, useless mean streak is nothing more than a BLATANT RIP OFF of every other wrestler that tries to be cool. You're a JOKE. You're no Oscar Burns. Blackwood hops off the apron, takes the fifty-one-year-old man by the arm and hip tosses him into AND THROUGH the bottom of the litter, breaking it completely!

And for good measure, seeing Jonathan-Christopher and Vickie Hall FINALLY getting to their feet with help from an EMT way down at the opposite side of the ring, Blackwood sprints to the squared circle, around the corner and has a full-fledged 40-yard dash full of steam.

**Jonathan-Christopher Hall:** *[to wife, Vickie]*

Honey, are you okay, darling? I will hold you- HOLY FUCKING SHIT!

**CRASSSSSH!**

**DDK:**

BLACKWOOD SPEARS THEM AGAIN!! THROUGH ANOTHER PART OF THE GUARDRAIL!

All three are down as The Faithful continue their support for the carnage they've witnessed. Momentarily, Blackwood pulls himself up, hands on hips, walking past the laid out bodies around him. As he gets back to the litter, he sees Teresa struggling on a hand and knee. He pushes her in the side of the head as she falls back down. Blackwood storms up the DEFCON rampway.

**DDK:**

I don't think I've ever seen anything like this.

**Lance:**

Ames may have won the match but when I look back years from now, I'm not so sure I'll remember it that way.

More EMTs make their way down, enough to tend to all fourteen remaining, hurting individuals. Meanwhile, Mark Shields stands in the ring, twiddling his thumbs.

The scene switches back to Gage. Upon reaching the top of the rampway, the camera swings to the front of The Scot, who has his back turned to the massacre left in his wake. He closes his eyes, takes a deep breath and then vanishes behind the DEFCON letters.

## FIRST ENCOUNTER

The scene switches to the backstage area as Conor Fuse, in full ring gear strolls along, pumping himself up for the UNIFIED Tag Team Championship match. It doesn't take long, however, for The Ultimate Gamer to come to a screeching halt. There's someone off-camera in front of him and Fuse's jaw hits the floor.

**Conor Fuse:**

My. God. (of war).

He begins, fumbling words before he pulls it together. Kinda.

**Conor Fuse:**

I have, like, so many questions for you. You're amazing, unreal, something out of a children's movie!

The person on the other end of this so far one-sided conversation cannot be seen as Fuse leans in closer, trying to make sure no one else eavesdrops.

**Conor Fuse:**

Don't tell my big bro but I think you're the most awesome possum DEFIANT ever!!

Playful, childlike, eyes glistening as he rocks back and forth while anxiously awaiting this individual's response... the camera finally turns.

Henry Keyes.

Keyes is actively taking a deep pull from a small leather-covered flask. Satisfied, he returns it to a compartment in his APPARENTLY-OPEN~?! leather arm brace and snapping the whole apparatus shut. His short Plague Doctor Friend appears to be helping him with some sort of huge special entrance coat or jacket for tonight's huge matchup with Rezin - upon seeing Conor Fuse, the jacket is quickly shuffled out of frame to avoid spoiling a potential "moment".

**Henry Keyes:**

..."awesome possum"?

Conor nods frantically but it seems like he's having a hard time hearing Keyes because there's so much going on inside Conor's own head.

**Conor Fuse:**

Listen, do you really have an airship? Can you take me on it? Is it a hot air balloon filled with helium or regular air? Can I help add more air to the hot air balloon? Is the air actually hot or does it eventually cool down? Are you familiar with Teddy Ruxpin because I get such unreal Grubby vibes from you? I'm a little too young for Teddy Ruxpin myself but I've watched a lot of the old episodes on YouTube and he is just full of blissful adventure and-

Breathe, Conor, breathe.

Henry's eyes are WIDE at this fanboy word vomit, before chuckling and stopping Conor's rambling with a big hand clasp to the shoulder.

**Henry Keyes:**

Friend, uh...I'm a little busy at the moment. My match is literally NEXT, and I don't think I have the amount of time I need to give you the Fullest Answers you're looking for - but I have an idea! You're the Gamesman around here, yeah?

Conor nods. A lot.

**Conor Fuse:**

Yessir! That's me, pop'n'fresh! I play everything. The classics: NES, SNES, 64, PlayStation 1. The new wave:

PlayStation 5, Xbox and Switch. The unmentionables: *[leaning in close, hoping the camera won't pick him up again]* Virtual Boy, Dreamcast *[and leaning back out]* and the super retro: Fairchild Channel F, Bally Astrocade and 1292 Advanced Programmable Video System.

Keyes couldn't keep up if he tried.

**Henry Keyes:**

I don't know what state I'll be in after this No Holds Barred ordeal with Rezin - I might need some uh, "medicinal patchwork", as it were. But assuming I'm not in any death throes after I'm done fighting, I want you to find my friend here. I think you two may bond.

The short Plague Doctor reaches deep into his robes and pulls out a bone-white Game Boy Color and a Link Cable and gives a few little hops and excited nods. It's hard to tell for sure, but with the distinctive color of the cartridge, betting money is that he's got Pokemon Red locked in. A tiny voice that may have come from the Plague Doctor if we could see his mouth excitedly exclaims "SQUIRTLE!". Keyes gives a big ol' hearty pat to Conor's sternum.

**Henry Keyes:**

Awesome Blossom!

Keyes turns and leaves. Conor contemplates Henry's last words, pressing his thumbs together.

**Conor Fuse:**

Awesome... blossom.

And makes the exploding head hand gesture.

## NO HOLDS BARRED: HENRY KEYES vs. REZIN

**DDK:**

Coming up next, fans, we have one of the most highly anticipated matches of this monumental DEFCON event... the ultimate "punk rock" showdown between "The Escape Artist" REZIN and "The Airship Pirate" HENRY KEYES!

**Lance:**

I'm excited, Keebs... we're finally going to see these two go at!

**DDK:**

Same here, Lance! This has been brewing ever since DEFIANCE Road, when Rezin scored the pinfall on Keyes, earning a hard-fought victory for the Kabal over some of the greatest DEFIANTS to ever grace the ring.

**DDK:**

Indeed, and yet in spite of that short-coming, Keyes has been determined to settle the score, and has displayed what can only be called a heroic amount of patience as he endured Rezin's insane antics week after week.

**DDK:**

Will tonight be the steampunk superstar's chance at redemption, or will the nefarious "Goat Bastard" deny him the chance? Let's go to the ring and find out!

The lights fade out...

♪ "Threnody to the Victims of Hiroshima" by Krzysztof Penderecki ♪

As atonal, dreadful music blares through the PA, the DEFIAtron blurs through a series of flash cuts showing several images depicting scenes of chaos: Mushroom clouds, burning buildings, time-lapse footage of decaying animals, people rioting in the streets.

Then all at once, the music and footage cut, leaving the Lakefront Arena in blackened silence.

Through the void, feedback fades in...

**DDK:**

I don't know, but I do know it's damn disgusting.

Rezin slowly walks a lap around the ring, milking every minute he can out of the song while staring down the ringside Faithful and stoking as much heat as he can. The fans boo and jeer with contempt, but it only seems to add fire to the unstable glint in his bulging eyes.

**Lance:**

We mentioned this before, but it's worth saying again - I don't know how many wrestlers in DEFIANCE could have exercised the amount of restraint shown by Keyes over the last few months. He made it clear on the very FIRST DEFtv after DEFIANCE Road, all he wanted was a one-on-one scrum with Rezin!

**DDK:**

And typical of the Kabal, when they have something you want? They're never going to let you have it, at least not easily! Pardon my French, but Rezin has really become The Bullshit Artist in my mind. Keyes stepped up week after week, and it was never enough for Rezin!

**Lance:**

But you can't keep a Pirate from his booty forever, and I suspect we're about to see a WAR!

***DING DING***

Keyes and Rezin take powerful strides towards each other - Keyes reaches back to deliver an immediate big right, but before he can swing forward, Rezin simply smears his tar-covered hand down Keyes' face, neck, and chest, leaving a big black stripe.

***OHHHHHHHHH!***

Rezin cackles at this and ducks a wild haymaker from Keyes, following up with a couple of quick peppering jabs! Keyes accepts these blows and barrels forward like a dad, mad at his misbehaving puppy, and grabs Rezin by the scruff! He throws Rezin into the corner!

**Rezin:**

Rezin SOMEHOW finds the leverage and hip-pivot angle to sling Keyes forward and plant him on his back. Rezin clutches his ribs for the briefest moment before mounting Keyes' chest and throwing sharp right hands straight to the mush! Keyes weathers the blows as best he can before shoving Rezin off.

There was a while there where I thought MAYBE the whole Punk Wars thing was all a goof, but Rezin and Keyes are attacking each other with FEROCITY! It's clear to me that if this was ever a joke, these two men aren't in on it!

Rezin goes for a speedy lock-up as the two men regain their balance, and Keyes quickly slips behind and locks in a Full Nelson! Keyes uses his significant size and strength advantage to really cinch in the hold - Carla Ferrari asks Rezin how he's doing, and Rezin just spits an awful glob in her face to a smattering of boos. Ferrari stumbles backwards and signals to the timekeeper to get her a towel to clear this awful sludgy goop out of her face - meanwhile, Keyes has lifted Rezin while holding onto the Full Nelson and begins swinging him around!

**Lance:**

Rezin is taking full advantage of the stipulations at this point. And that makes him doubly dangerous.

Rezin gets to his feet first and catches the winded Henry Keyes with a knee strike to the temple before picking him and dumping him into the corner. The Goat Bastard proceeds to lay into him with wild rights and lefts, cackling with every blow.

**DDK:**

Rezin now has Keyes trapped in the corner, barraging him with a flurry of punches with now end! Henry finally shoves him right off... but Rezin rolls to his feet and POUNCES on him yet again before he can get out of there!

Without rope breaks, he's constantly putting Henry into situations where he's been forced to expend valuable strength to break loose. That could seriously affect his chances at victory as this match goes on.

**DDK:**

Henry Keyes, still taking those lefts and rights... but wait, he reaches up and grabs Rezin by the THROAT, and WALKS to the middle of the ring... DOUBLE-HAND CHOKESLAM by the Airship Pirate, finally giving himself a second to breathe!

Rezin hits the mat HARD and takes a roll in the direction of the ropes. Keyes sees his chance to turn this around as he crawls after Rezin, who in turn is crawling to the edge of the ring, still lost in a daze. Rezin gets ahold of the bottom rope... but Keyes snatches his foot. The Faithful cheer!

Rezin was feeling the momentum turn and tried to get out of the ring, but he's going to have a hard time now!

Henry Keyes, brimming with determination, taking ahold of BOTH legs and gets back to his feet! He's trying to pull Rezin back, but the Goat Bastard has a hold on that bottom rope in a death grip!

The Escape Artist can't get away from this one as--oh, WAIT!

**DDK:**

Rezin suddenly RELEASES the bottom rope, and the unsuspecting Henry Keyes inadvertently pulls him into a wheelbarrow! And Rezin ROLLS FORWARD! Clever reversal!

The momentum dumps Keyes into the ropes, but before he can get his balance back, Rezin wrangles him around the head and shoulders, hops over the ropes to the apron, and locks on a leg scissor through the ropes...

**DDK:**

My God... Rezin with the CABRO CLUTCH using the ROPES for assistance! Henry Keyes is in a horrible place now!

**Lance:**

It's going to be even more difficult to power his way out of this one! Best he can do is fight it and hang in there as long as he can!

Keyes clenches his fist as he tries to fight the hold, but Rezin squeezes even harder and pulls him back further over the top rope. After what seems like forever, Keyes looks to be slipping away... but the Faithful refuse to let it happen.

*"HEN-RY!! HEN-RY!! HEN-RY!! HEN-RY!! HEN-RY!! HEN-RY!!"*

The Faithful are coming ALIVE tonight in the Lakefront Arena, trying to rouse the Airship Pirate back into this match!

**Lance:**

And I think it's working!

Keyes' body starts trembling with energy as he again shows signs of life. He forces himself out of the body scissor, and Rezin's face whips around in sudden anxiety as he realizes he's losing control. Thinking quick, he pulls Henry over to the turnbuckle and steps up the ropes...

**DDK:**

Rezin's got something planned here... he's coming over the ropes, right into a CABRO CLUTCH BULLDOG to force Henry Keyes face first into the canvas!

**Lance:**

Oof... that completely killed the crowd. But the Goat Bastard loves to disappoint.

**DDK:**

That could be it as Rezin rolls Keyes onto his back and hooks the leg for the cover!

ONE!

THR--KICKOUT at the last moment by Henry Keyes! The Airship Pirate is still in the match, but Rezin has managed to remain firmly in control!

**Lance:**

Thanks greatly in part to quick thinking and resourcefulness... and a bit of dirty wrestling thrown in there. The question now is, does Henry Keyes have enough gas in the tank to catch up with this high-energy opponent?

Rezin, still firing on all cylinders, rolls to his feet and goes to the corner to position himself to the top rope as Keyes recovers. Henry gets to his feet, and turns around right into a Missile Dropkick that hits him like a bullet to the chest! The Escape Artist quickly jumps onto an arm...

**DDK:**

BIG Missile Dropkick puts Keyes down, and here's Rezin capitalizing with... LA MAGISTRAL!

ONE!!

NO!! Keyes powers out of yet another pin attempt!

**Lance:**

And now Rezin is no longer wearing that nasty grin, as he looks annoyed at Henry Keyes' will to fight on!

Rezin verbally berates Keyes as he tugs him back to his feet, putting a couple right hands right to the forehead. The last shot BUSTS open Keyes' brow... and the Airship Pirate responds in kind with a BIG right hand of his own! The fans pop hard!

**DDK:**

Keyes took an ugly shot there, and now blood has been shed, but he is FIGHTING BACK with a hook that sends Rezin twirling!

**Lance:**

This could be his chance to turn it around!

**DDK:**

Keyes running in with a LEFT haymaker--NO!! Rezin ducks down and takes him by the waist... LIFTS HIM UP...

GOOD GOD, KRYPTONITE KRUNCH stops Henry Keyes momentum DEAD!!

**Lance:**

**DDK:**

That may very well do it as Rezin again makes the cover!

ONE!!

TWO!!

THR--NO!! KEYES KICKED OUT AGAIN!! Rezin cannot believe it!

The Faithful are screaming wildly as Rezin gets back to his feet and paces the ring, screaming back like an enraged hobo while he tussles restlessly with his unkempt skullet. He reels up as Henry Keyes slowly works his way back to his feet.

**DDK:**

Rezin is almost unhinged now, but he's ready to end it... Keyes back up as Rezin comes forward with the CLOVEN HOOF KICK--no, KEYES CATCHES HIM BY THE LEG!!

The Lakefront Arena POPS HARD as Rezin's eyes BULGE and Keyes uses his free hand to wave his finger in the classic "NO" gesture.

**Lance:**

Nope... Henry Keyes says that's not gonna happen!

**DDK:**

Keyes twirls Rezin around... but MISSES on the spinning back elbow! Rezin hooks him around the head--INTO THE VOOOIII--NO!! Keyes STOPS HIM on the descent and reverses with a HUUUUGE BACKBREAKER!!

The fans are going wild as Rezin knee-walks across the ring, croaking in agony. He instinctively goes for the corner, and kicks Keyes off of him with a mule kick as the Airship Pirate tries to grab him again.

**DDK:**

Rezin is desperate to get away at this point... he's going up the turnbuckle, but Keyes is waiting! Rezin... off the top with the REZINRANA... and Keyes CATCHES HIM ON HIS SHOULDERS!!

**Lance:**

I think the Airship has left the station!

**DDK:**

Keyes THROWS Rezin back onto the top rope... now HE'S going up!

Rezin throws shots to knock him back, but a HEADBUTT by Keyes leaves him stunned. Keyes grabs him around the waist, and lightbulbs flash through the entire Lakefront Arena as the Airship Pirate tosses the Escape Artist ridiculously high through the air. Rezin hits the mat and bounces off the canvas, limps thrashing wildly, before landing in a broken heap.

**DDK:**

CCCLOOOOOOCCCKKKWWOORRRKK!!! MY GOD, Rezin was thrown by that belly-to-belly suplex into some SERIOUS elevation!

**Lance:**

That was absolutely DEVASTATING! The Escape Artist got ancy, and now he's paying the price for it!

Keyes works up the crowd as Rezin continues flopping around on the canvas, struggling to find his way back to his feet. Using the ropes, he eventually pulls himself back up and wobbles for a few moments. He turns to face his opponent and snaps awake at the very last moment when he sees Keyes coming at him with arms outstretched...

**Rezin:**

AAHHH!!

*CLAP~~!!*

**DDK:**

NOOO, Rezin just BARELY DUCKS the BELLCLAP~!

**Lance:**

That was a ridiculously last minute reaction! Rezin is fortunate that Henry Keyes needs to wind up for that fatal blow, otherwise he wouldn't have had that split second to get out of the way!

**DDK:**

Rezin rolled out of the ring to escape, and now... wait... where is he going?!

Angrily waving his arms in a recognizable "I'm Finished" gesture, Rezin stumbles around the ring and begins walking back up the rampway to the back. In the ring, Keyes watches him leave in disbelief while Carla Ferrari begins the ten count.

*"BOOOOOOOO!!!"*

**Lance:**

I think he's had enough, Keebs! And he's not interested in sticking around to give Keyes the satisfaction of besting him in a one-on-one contest!

**DDK:**

I can't believe this... after ALL of those bizarre challenges, ALL the antics, and ALL the speeches, Rezin is just chickening out of the match!

**Lance:**

I guess he wouldn't be called "The Escape Artist" if he didn't find ways to escape a beatdown!

Scowling angrily, Rezin ignores the jeering fans as he continues up the ramp, being pelted by trash and popcorn by the enraged ringside Faithful. The Airship Pirate almost just as stubbornly shakes his head, not allowing his foe to slink off so easily. He cups his hands around his mouth and throws his head back.

**DDK:**

HE'S COMING BACK TO THE RING!

**Lance:**

Looks like we're going to see this showdown after all! I guess if there's one thing the Escape Artist CAN'T escape from, it's his ego!

The crowd POPS as Rezin begins stomping his way back down to the ring, screaming “I’LL SHOW YOU WHAT’S PUNK ROCK!” at the top of his lungs. Keyes stops Carla from counting as she reaches eight and even holds open the ropes. Rezin, still bellowing and sputtering like a stark raving lunatic, obligingly steps through. Both men take places across from each other in the ring and raise their fists...

**Rezin:**

I'LL SHOW YOU WHAT'S PUNK--*BLEGHK!!*

Keyes shuts Rezin up with a combo of jabs and an uppercut to the face, and the Goat Bastard goes down to a tremendous crowd pop. He almost immediately rolls back to his feet on pure muscle memory, but his gaze is completely empty as he staggers in a daze.

**DDK:**

Rezin got his BELL RUNG after those shots, as he can barely keep his guard up!

**Lance:**

I think Henry busted his NOSE open!

**DDK:**

You're right, Lance! Carla Ferrari checks on the damage, but has to DUCK out of the way as the disoriented Rezin throws a series of sloppy punches at the first person he sees!

Annoyed, the official twirls Rezin around and pushes him back into Henry Keyes' direction. Keyes swings a big right hook, but the Goat Bastard instinctively deflects it and fires back with lightning fast jabs of his own that catch the Airship Pirate off guard.

**DDK:**

And now REZIN gets in some shots, and Henry Keyes falls into the corner! He wasn't expecting that!

**Lance:**

Neither were we, but Rezin is returning the fight!

Grinning ear to ear, Rezin thumb-swipes his nose a couple times and beckons Keyes back onto his feet. Henry can't help but grin himself as he pulls himself up and puts up his guard. Both men circle each other for a moment with the crowd cheering wildly...

**DDK:**

And both men TEAR INTO EACH OTHER with a STORM of rights and lefts!

**Lance:**

This No Holds Barred match has turned into a full-blown DONNYBROOK of epic proportions!

The ironclad fists of Henry Keyes eventually win over as Rezin falls into the ropes, but the Airship Pirate keeps him from falling out of the ring. Instead, he lays into the Goat Bastard's chest with PROPELLOR-EDGE CHOPS. The force causes Rezin's legs to kick wildly in the air.

**DDK:**

Henry Keyes is damn near knocking Rezin's HEAD OFF with those chops... and one BIG LAST chop to the fast sends Rezin OVER the top rope--and his HEAD gets trapped between the ropes!

Choking and sputtering in panic, Rezin's legs comically kick around on the apron as the top and middle ropes clamp down around his neck. Henry obligingly flips him back over the ropes and takes him around the waist...

**DDK:**

BIG SIDE SUPLEX!!

Keyes keeps hold as he gets to his feet again...

**DDK:**

The Airship Pirate STILL keeps hold as the Faithful, popping out of their seats, cheer him on in a deafening roar...

*"HEN-RY!! HEN-RY!! HEN-RY!! HEN-RY!! HEN-RY!! HEN-RY!!"*

Keyes takes a moment to stand up and pose for the crowd, who are absolutely electric! Rezin flounders around on the canvas in a complete daze as he struggles to find the ropes. The Airship Pirate redirects his attention to him again, and eagerly waits for him to get up.

**DDK:**

Henry Keyes is proving himself to be a FORCE to be reckoned with in toe-to-toe fisticuffs! Rezin is seeing STARS right now!

**Lance:**

**DDK:**

The Faithful are firmly behind the Airship Pirate, as he calls for Rezin to get back to his feet! He's ready to finish this here and now! Rezin is in a completely different WORLD as he tries to get to his feet using the ropes, and just FALLS OVER again!

**DDK:**

CLOOOOOVVVEEEENNHOOOFFF KICK!!! WHERE THE HELL DID THAT COME FROM?!

Keyes goes out like a light and falls over onto his back like a felled tree, and Rezin likewise splats face-first onto the canvas, completely spent. With both men motionless on the mat for several moments, the crowd begins brimming in volume to cheer them on.

**DDK:**

This match almost ended in a bust, but somehow became the ultimate punk rock slugfest! And now the Faithful are doing what they can to rouse both men into settling this feud for once and for all!

**Lance:**

It's going to take everything they have! So much energy has been expended up to this point, and now they're fighting on reserves!

Rezin begins pushing himself up, looking around confused as though unaware that he's in a wrestling match. Keyes rolls onto a side, gritting his teeth through the pain, and flashes his determined gaze to the Goat Bastard as he fights to get back up.

**DDK:**

Rezin getting up... Keyes getting up... the Escape Artist on his feet FIRST as he goes to meet Keyes--and the Airship Pirate STOPS HIM with heavy body blows!

Keyes punches the ribs of Rezin with the force of engine pistons. The Escape Artist drops to his knees, face filled with agony, as the Airship Pirate rises up to his feet, face filled with conviction.

**DDK:**

Keyes winding back with the right... but Rezin BLOCKS at the last second, and wraps him under the arm! Keyes with the LEFT--ALSO blocked by Rezin's free arm, and he wraps that up as well!

Dripping in sweat and blood, both men dance around the ring, struggling for leverage as they growl and snarl into each other's face. The Faithful are SCREAMING! Finally, Keyes twists himself around and reverses the hooks...

My god, what an absolute BATTLE between these two men! There is no question that there were a number of moments where this match could have gone either man's way, but in the end, Henry Keyes persevered just long enough and his ultimate weapon, that world-renowned BELL CLAP, sealed the deal!

Keyes gets to his feet and stumbles to a ring corner, soaked in sweat, blood, and tar, and clearly exhausted. He looks out to the crowd and gives a big double-thumbs up to the Faithful, sharing in this big love fest with a look of deep relief on his face, a long-held burden finally lifted.

**DDK:**

LOOK OUT, HENRY!

Sensing someone behind him, Keyes twirls around... and Rezin is there, eyes wide and wild. He's removed his studded belt, which he now brandishes in his hand. Henry hesitates to see what the Goat Bastard's next move is...

...and rather than attack, Rezin drops to a knee, and holds the belt out. The Faithful CHEER!!

**DDK:**

...what is going on?!

**Lance:**

If I had to guess, Keebs, I'd say Rezin is formally giving Henry Keyes the title of the most PUNK ROCK wrestler in DEFIANCE!

**DDK:**

Well, it may be a rather unusual gesture, but apparently even the Goat Bastard has a code of respect! And I'd say

after that brawl, Henry Keyes has earned it in droves!

In another world, a wrestler in this position might have looked around to the crowd for their approval or input, but in this moment and in this world, Keyes locks eyes with Rezin hard, unflinching, as if he's trying to look into his very brain stem. A grin crosses his face, and he accepts the belt from Rezin to raucous applause from the crowd! Rezin turns to leave the ring and give the moment to Keyes... but a sharp whistle catches his attention. He turns around to see Henry... EXTENDING THE HAND!

**DDK:**

Keyes is AGAIN OFFERING THE HANDSHAKE!

**Lance:**

Is that wise? Last time he offered his hand to Rezin out of respect, he took a shot to the jewels! If I were him, I'd be happy just taking the belt and the win and the satisfaction that comes with it!

**DDK:**

That may be the case, but Henry Keyes' honor is unquestionable, and he's tipping the hat to an opponent that gave him a hard-fought challenge, and the opportunity to redeem himself! Even if he IS the lowly Goat Bastard, Keyes is courageous and willing enough to forgive and forget!

Rezin GLARES at the open hand like it was a venomous snake. His head whips around as he looks into the crowd, cheering him on in earnest. He flutters around, unable to make a decision, one part of him wanting to say "screw it" and leave, and a more curious part of him wanting to take it up.

**Lance:**

Is he going to go for it? Can Rezin actually perform a friendly gesture?

Tentatively, he creeps toward Keyes, who is standing like a beaming golden statue. His fingers flutter restlessly as he reaches out... and clasps the HAND...

And immediately finds himself involuntarily twisting around, clapping, shaking, and knuckle-bumping in tandem with Keyes. His face is filled with abject surprise and confusion as he loses control of his body. The Faithful POP HARD once again!

**DDK:**

IT'S THE SPECIAL HANDSHAKE!!

Both men go through the motions, ending with Keyes raising his hand UP HIGH! Rezin ALMOST caps it off...

**DDK:**

I don't know, Keebs! Even REZIN looks surprised! But when anybody can do the HANDSHAKE with Henry Keyes, you know there's a special connection between these two!

**DDK:**

I guess that means Henry Keyes and Rezin are frenemies for life!

Henry Keyes stands tall in the ring, continuing to celebrate the hard-fought as the Faithful chant his name. Rezin retreats back up the ramp, clutching his pants by the waist, and shaking his finger with begrudging respect.

The lights go out in the arena as the opening lead up to "Let 'em come" blares out over the PA System. As the track's marching style drumming picks up the pace and the line "no one likes us but we don't care" hits, he rotates his neck twice to stretch it before slicking his hair back with both hands. **Kendrix:**

You just don't know when to quit, do ya, bruv?! Huh?!

Harvey is down on the mat but has turned to his side. He's there but not there, you know? You don't know. You don't know shit. Anyway, Kendrix is done fucking around and does the signal for the Bell End. The crowd is a massive sea of boo as Kendrix flips them the bird.

Kendrix hangs in the background as Harvey struggles to move around. Harvey doesn't know where he is as Kendrix lies in wait for his opponent to be in the perfect spot before he pounces. Jay extends his arm in an attempt to grab at the ropes that are too far away.

He takes a moment to try to get his bearings. Both hands grab the middle rope, his legs still extended on the mat. Kendrix can feel it, his time to end this match. Harvey grabs the top rope with his right hand and props himself against the ropes, resting on his knees.

Jay Harvey has knocked JFK's tooth out!

Navarro puts something in his pocket as he tries to stem the flow of blood but Jesse pushes him aside as he crawls towards the ropes.

**Lance:**

War Lance, that's what we are witnessing right now!

**Lance:**

This is DEFCON, Darren! This is a war fitting of DEFCON!

**DDK:**

Both men have used their finishers only to have the other man kick out! What else can these two men do to each other here?!

**Lance:**

I think at this point it's not about winning, it's about not losing to your opponent!

**DDK:**

That makes absolutely no sense! But I get it, Lance!

Kendrix is back to his feet. The blood is still trickling down his chin. He wipes what he can away with the back of his hand before putting his thumb against his throat in a slitting motion! Harvey is somehow moving around after suffering the devastating maneuver from his opponent.

**DDK:**

Kendrix is calling for the Kendrix Kross! Harvey is on his knees and Kendrix is going for it, it's not locked in fully though! JFK needs to bring this down to the canvas!

**Lance:**

Kendrix is trying to get Harvey down on the mat but his knees are preventing it! Harvey is fighting with everything he has. Uff!

Jesse slams forearm after forearm across the back of Harvey's head which finally sends the "Natural One" down prone on the canvas.

**DDK:**

Devastating blows from JFK and now it's finally locked in. It's surely only a matter of time now.

Jesse reaches back and wrenches as hard as he can.

**Kendrix:**  
ASK HIM!

**Lance:**  
Harvey is yelling out in excruciating pain. Has he got enough left in the tank to get to the bottom rope?!

Navarro is on his knees asking Jay but he fights with everything he has to crawl towards the ropes.

**DDK:**  
C'mon Jay, every single person in this arena is willing you on! Don't give in!

DON'T!  
DON'T!  
DON'T!  
DON'T!

Harvey reaches out for the rope but he's a good few inches away still. Jesse wrenches harder as the blood drops from his mouth onto the back of Harvey's head. Navarro is asking Harvey if he's had enough but the Natural One inches closer and closer until his fingertips touch the bottom rope...but they don't hang on as Jesse reaches back and drags their weight further away from the ropes.

**DDK:**  
This has got to be it. It's too much, Jay, it's too mu..

**Lance:**  
Wait a minute! How is he doing this?!

Jesse's eyes widen before he shakes his head in disbelief, the hold is still locked in but Harvey has managed to get to his knees with Kendrix on his shoulders! The crowd is right behind their hero as he makes it to one knee, Navarro follows in the same manner, in disbelief at what he's seeing.

**DDK:**  
Kendrix still has the jaw locked but he's lost Harvey's arm!

**Lance:**  
He's up on both feet...He's he's....

RAAAAAAAAAAAAAHHHHHHHHHHH!!!!!!

**Lance:**  
GAME OVER, KEEBS! GAME OVER!

*HOLY SHIT!*  
*HOLY SHIT!*  
*HOLY SHIT!*  
*HOLY SHIT!*

**DDK:**  
I don't believe what I have just witnessed. How did Jay Harvey summon enough will and strength to just pull that off?!

Navarro has his hands in his head in disbelief, the fans in attendance are on their feet but both men are down on the backs in the middle of the ring.

**Lance:**

Listen to this place, Darren! Both men are down, blood is on the canvas, Navarro has an extra tooth and now he's counting!

ONE!

A replay hits our screens showing how Harvey got to his feet before connecting his knee with JFK's skull.

TWO!

**DDK:**

These guys have already been out for a fair few seconds...

THREE!

**DDK:**

...and Navarro has managed to snap out of it to begin his ten count.

FOUR!

**Lance:**

Both men are collapsed next to each other.

FIVE!

**Lance:**

It's just going to need an arm across the body for the pin.

SIX!

Harvey begins to stir, however, Kendrix remains sprawled across the mat and breathing heavily.

SEVEN!

**DDK:**

I don't think Harvey has his bearings, he's moving but he's moving away from Kendrix.

EIGHT!

The ringside camera focuses on Harvey, dragging himself and reaching out for the ropes but he looks up and sees Navarro checking on him and calling for...

NINE!

It's then when it hits him and his bearings come back.

**DDK:**

C'mon Jay, turn the other way!

TEN!

Harvey rolls over and manages to throw his hand across the chest of Kendrix.

***DING DING DING***

**DDK:**

What just happened?!

**Lance:**

It's too late. It's over! Navarro called for the bell before Harvey realized!

*BOOOOOOOOOOOOOOO!*

The crowd shows their displeasure by throwing trash into the ring!

**Darren Quimbey.**

Ladies and Gentlemen, this contest has resulted in a Double Count Out as both men failed to answer Referee Hector Navarro's ten count. Therefore this match has resulted in a draw.

*BOOOOOOOOOOOOOOO!*

**DDK:**

Jay Harvey was a second away from a pinfall attempt which I'm pretty sure would have resulted in a win and more importantly the retribution the "Natural One" deserved!

**Lance:**

I think you're right. Kendrix has only just started to come to. Both men are out of it. I don't think either of them are going to be the same after this.

**DDK:**

We understand this... this isn't the result the fans were looking for. They wanted a decisive winner and they didn't get it.

The fan's boos echo around the arena, as the cameras focus in on Harvey, arm draped over the body of Kendrix, both men barely moving a muscle as some thrown cups are seen landing by them.

Replays hit our screens showing Kendrix kicking out of the Wake Up Call and Jay doing the same with the Bell-End.

**DDK:**

What a war! Both these men went to hell and back. Both had their moments to put this to bed but they both kept pushing.

The replay of Harvey lifting Jesse while in the Kendrix Kross and hitting the Game Over!

**Lance:**

Then Jay Harvey with an unbelievable DEFCON moment, somehow summoning the will and power to rise to his feet while Kendrix had the Crossface locked in and then free himself to connect his knee to JFK's face which ultimately resulted in both men being counted out for ten.

The final replay hits our screens in slow motion where we see Navarro calling for the bell at Ten just before Harvey rolled over and landed his exhausted pin attempt.

**DDK:**

It was the right call. It's fine margins like this that make the difference. Jay Harvey was a second away from possibly pinning Kendrix one, two, three.

**Lance:**

You've got to hand it to both of them. You can feel the frustration from the crowd that there was no outright winner but no one will be feeling more frustrated than Jay Harvey right now. Unfinished business springs to mind. Where do both these men go from here?!

**DDK:**

The score is still tied between these two! One day we will have the deciding match for this war of pride! This war of attrition!

**Lance:**

Both men gave it everything they had. Jay Harvey came up just short. That's been the history with him and all of 24k.

**DDK:**

This is far from over between these two. Speaking of 24k, coming up next is the grudge match between Perfection and PCP's very own, Elise Ares!

The two think their mics are dead but continue to shoot the shit.

**Lance:**

I wonder what Hector is gonna do with that tooth?

**DDK:**

Gonna have to start calling him the Tooth Fairy!

The shot ends with Harvey rolling off of Kendrix and back first onto the canvas with his head in his hands as JFK rolls onto his side, holding at his bloody mouth. We stay on him before cutting and moving along with the fucking show.

Backstage.

Scrow sits on a bench, while Hive tapes his fists up. A knock is heard on the door and soon after Ravanna enters the room. She has two thin boxes under her arm. Scrow looks up at her.

**Scrow:**

What exactly are you doing here? Wait he is not here is he?

**Ravanna:**

No, he had a business appointment in Seattle. He however told me to deliver you both these.

She hands the boxes to Scrow and Hive.

**Ravanna:**

His words exactly were he was tired of watching his prodigy wearing rags to the ring.

Scrow opens the box, the camera catches actual wrestling gear. The color of the gear is orange and black. Hive opens hers and pulls out a leather jacket, which looks expensive. Ravanna snaps her fingers and a Reaper in cyan colors enters the room. They give Scrow a hanger with a protective covering over it. Scrow hangs the hanger in one of the lockers and unzips the covering, revealing a leather jacket for himself, with his own custom designs.

**Ravanna:**

Oh, one last thing, he expects the False Hero Dex Joy permanently removed from DEFIANCE.

Scrow looks back at her, then at Hive.

Scrow does not answer.

**Ravanna:**

I would not disobey that request.

Scrow still does not answer.

Ravanna's phone rings. She answers it.

**Ravanna:**

Yes, no that is not what we agreed on....*[she exits the room]* well I suggest you fix the issue...*[her voice trails off and becomes silent when the reaper closes the door behind her.]*

Scrow just stares at Hive.

**Hive:**

Just stick with the plan tonight. If it all goes according to plan Dex will not be able to continue his wrestling career. Just remember you are no match with him strength-wise. Do not let him work his style, make him work your style.

**Scrow:**

Scrow has been in the ring enough with him to know all that. Now finish up my wraps.

Scrow sits on the bench and Hive resumes taping his fists.

## **POSEDOWN: GOD-BEAST vs. BOX-MAN**

**DDK:**

Faithful, recently, on Web Exclusives, we've had the ongoing strongman competition between the Box Man Klein and the God-Beast, Mushigihara. Well, earlier today, during the fan fest of DEF Con, well, their competition finally came to it's grizzly end. I believe you had the pleasure of handling the reporting Lance?

**Lance:**

I did Darren. Let's take it to the tape!

The scene fades out as we hear the commentary team think they're off mic.

**Lance:**

Extra points for the dramatics Darren. You are a titan.

**DDK:**

Thanks.

Fade in to the Wrestle-Plex, after hours. We see Klein in the far corner of the room, being tended to by Flex Kruger and O-Face. O-Face just sprays a bunch of water into Klein's box face, soaking the cardboard. He shakes his head at her, as Flex massages his shoulders.

**Lance:**

Here we are, day 2 of the Strongman competition between God-Beast Mushi the Box-Headed Titan Klein. Mushi was able to best Klein in the first event on DEFtv 150, a bench press competition. Klein's ribs gave out. Perhaps today, a few more days removed from the injury will do Klein well.

Lower Chyron: Web Exclusive #1: Leg Day.

Bursting into the rooms, double doors slammed open is the God-Beast, Mushi. Eddie Dante is of course by his side. Dante quickly hypes Mushi up, who shouts OSU!

For the first leg press, Mushi is able to easily do 10 sets of 500 lbs. Klein matches it.

The second round, Klein struggles at 750, but Mushi does a bit more, doing one less rep, conserving his strength.

And the final round, a single leg press. Mushi's able to do 1500lbs of a leg press, highly impressive. Klein, behind, goes second, and is able to press 1600 lbs, winning the event. However, in doing so, he further aggravates his rib injury, and is taken care of by Iris.

A graphic transition where Klein and Mushi test of strength the previous screen, with a tally mark in the bottom right corner. Mushi already has a first tally (from the first bench press competition.) Here, Klein adds to his tally.

Lower Chyron: Web Exclusive #2: Deadlift

Mushi comes out and plays no games. He deadlifts 350 lbs with considerable strain.

Klein attempts to match him, but can not. He does get it off the ground but can't maintain control, his ribs giving out as he falls to his knees. Mushi actually catches Klein here, and helps him to the medical wing.

Another graphic transition with Klein and Mushi, head to head. Mushi's tally increases, giving him the lead.

The video package ends, and we fade into the side interview station, where Christie Zane is wearing her evening's finest attire. There is an elaborate setup, crimson red royal tarps with large rope strands. There's even a large semi-truck, dressed to look like the DEFIANCE Production truck, attached to the ropes. It seems they may have a pulling contest in mind.

**Christie Zane:**

Folks, we are just about ready for the live pose down between the God-Beast Mushi, and the Box-Herald Klein. Following that, we're meant to see who can drag this truck the far-

Suddenly, she seems to get a bit concerned, she clutches her ear piece.

**Christie Zane:**

I'm being told there's a commotion in the back...

Before the camera's can cut backstage, the cameras look up to the entranceway and Klein is tossed out. He rolls onto his side, with Jestal appearing close behind. Jestal pounces on Klein, taking Clucky and slamming it into his ribs over, and over again.

**DDK:**

Oh come on! Jestal does this, at DEFCON?!

**Lance:**

Jestal clearly blames Klein for what happened to his sister, losing her as a tag team partner. It doesn't seem to matter when, Darren.

Klein tries to protect himself, but the wrapped ribs have been torn apart, and his bruises exposed for the world to see. With one final THUD Klein falls to the ground, limp.

Jestal takes Clucky and starts to wrap it around Klein's neck.

**Lance:**

And Jestal's trying to do a Chucky assisted Smile Time. I haven't seen this before.

Jestal looks up and his eyes open in shock. He quickly drops Klein and let's him thud to the ground. Mushigahara comes roaring out of the backstage area, huffing and puffing like a bull ready to charge. Jestal raises his hands, backing off, and then slinks off through the crowd.

**DDK:**

Jestal, thinking better of confronting the God-Beast one on one. Better to wait till tomorrow's tag team matchup.

**Lance:**

At this rate, that match may very well wind up being a handicap match!

Flex Kruger emerges, and with Mushi's help, the two carry Klein to the back, one under each arm. The Faithful cheer in support.

**DDK:**

Folks, we may not get the pose down we wanted, but we did add a little spark to tomorrow evening's tag match. Mushi may need to find a new partner, but our medical staff will be on the case, ensuring that if Klein is ready, he will be cleared to go!

Klein throws a thumbs up to the crowd before he, Mushi and Flex disappear backstage.

## ELISE ARES vs. PERFECTION

**DDK:**

What a show Night One of DEFCON has been so far... and the hits just keep coming Lance. Perfection. Elise Ares. Or is it Amethysta?

**Lance:**

On our last episode of DEFtv... we were scheduled to have Amethysta and Scott Douglas take on the 24K team of Mikey Unlikely and Perfection, but instead Elise Ares showed up for some reason. Quite the mystery.

**DDK:**

You're leading me to believe you might have some more information on this, Lance?

**Lance:**

I do. It's no secret that Elise Ares has been very... secretive lately. So getting information has been tough, but I do know some people that know some people. It turns out that Elise's luggage was lost traveling from California back to Louisiana for DEFtv. So she had to find some old ring gear in the area owned by a collector and wear that, as well as have a new face shield made that is a little more "clear" than the one we caught a glimpse of under the Amethysta mask the DEFtv previous to that.

**DDK:**

Interesting, so a little bit of a luggage issue?

**Lance:**

It goes deeper than that.

**DDK:**

Oh... does it?

**Lance:**

The airline found Elise Ares' luggage at the airport here in Louisiana. It arrived on time, but once it was returned to the owner after DEFtv had aired, the Amethysta ring gear was still gone. Mask. Outfit. Boots. The whole deal. Vanished.

**DDK:**

Well, I wouldn't put something like that past 24K.

**Lance:**

We have no word on what happened beyond that, Darren, but it certainly does sound like foul play is involved. If I were to guess, I'd say 24K found a way to shut down this Amethysta problem... but how? If even The D and Klein don't know where Elise is, or when she's flying in and out of town... where would 24K get that kind of information?

**DDK:**

This may be the kind of situation where the more time passes, the more clarity we'll get. Meanwhile, Elise Ares will get the opportunity to rectify the situation right here tonight.

A bass synth cuts through the DEFplex and the Faithful stop their conversations as the lighting dims and the spotlights shine towards the entrance.

*'Cause baby now we've got bad blood

'Cause baby now we've got bad blood, hey!*

♪ "Bad Blood" by The Animal In Me ♪

The expected rap verse of Kendrick Lamar is replaced by the screaming vocals of Shane Gould of The Animal In Me.

The Faithful are shocked, not only by the change in music, but by Elise Ares who walks out with a new very short haircut. Gone are the long, dark, supermodel-esque signature locks. Replaced by a side shave and a half-bob over a clear protective face mask, covering her injured face courtesy of 24K at DEFIANCE Road.

**Darren Quimbey:**

Coming to the ring first... the challenger, hailing from Beverly Hills, California. Weighing in at 122 pounds. She is the Leading Lady of DEFIANCE. EEEEEELISEEE ARRRRRRRESSSSSSS!

**DDK:**

New song. New haircut. New ring gear... and new attitude here for Elise Ares? What are we even seeing?

**Lance:**

Where is our spectacular over-the-top DEFCON entrance?!

**DDK:**

We're not getting it here tonight, Lance. This must be Elise Ares, stripped of her identity and her beauty. Stuck behind a protective facemask, 24K have taken EVERYTHING identifiable away from the Queen of Sports Entertainment Style. A usual flamboyant personality has shown up tonight "all business." She's come to take her life back.

**Lance:**

Or at least what's left of it. Her FIST of DEFIANCE opportunity? Stolen. Her change for revenge? Stolen. Her ring gear and mask from her early days of wrestling in Mexico? Stolen. Her beauty? Stolen in a horrific face injury. She has one shot left to take a piece out of 24K here tonight, Darren. She looks like she isn't willing to dance this one away.

The Queen of Sports Entertainment Style slides into the ring and paces back and forth, keeping her face down and away from the spotlight. It's there in the middle of the ring she faces Carla Ferrari, who hasn't officiated one of her matches since she attacked her almost a year ago. They share a knowing glance, but Elise keeps her head down as she turns away and towards the entrance waiting for her opponent.

♪ "Perfect Gentleman" by Helloween ♪

Just a cacophony of boos rain down on the now gold colored DEFplex as the haunting melody plays over the speakers. Stepping out on the entrance in Perfection, sunglasses on, in full douchebaggery. He raises his arms, basking in the jeers of the fans as golden sparks begin to rain down from above.

**Darren Quimbey:**

And her opponent... hailing from Hidden Hills, California. Weighing in at 222 pounds. He is a member of 24K. HE. IS. PERRRRRRRRFEEEEEEEEEEEECTIONNNNNNNNNN!

**DDK:**

I want to be clear about something... I don't like this man. I don't like his tactics. I don't like his... face, but he's a damn good wrestler. He's yet to be pinned since joining the DEFIANCE roster and there's a reason for it.

**Lance:**

He's a cheating bastard?

**DDK:**

Right, there's that... but also he's a skilled wrestler. You can't deny it. He knows how to target a weak spot, he has incredible ring awareness, and has unfathomable self-confidence.

**Lance:**

You can say that again.

**DDK:**

But the point is Elise Ares is coming into this match obviously injured. Motivated... but injured, just like she was against

JFKayle and we all saw how that went. The question is how much has she healed? This is by no means a step down in competition, Lance. We're talking about a man who has yet to be defeated in DEFIANCE.

**Lance:**

Yet to be pinned.

Perfection walks across the apron with a shit-eating grin on his face taking off his sunglasses and pretending to throw them into the crowd, but he balks and flips them off instead. Laughing he drops his glasses to the floor instead and steps into the ring. He goes towards the opposite corner of the ring to let the Faithful marvel in his greatness, but Ares won't step out of his way. He chuckles and instead just raises his arms directly in front of her. She bites her lip instead of tackling him on the spot.

**DDK:**

Look at him, out her provoking a wrestler of Elise Ares' caliber.

**Lance:**

It might be all part of the plan, Darren. If he gets her worked up enough he may be able to throw her off her game.

**DDK:**

It's as disrespectful as it is brilliant, I suppose. Let's just hope it backfires and Ares knocks that smug-ass grin off of his face.

**DING DING**

The Leading Lady of DEFIANCE fires out of her corner like a bullet. Perfection is caught off guard when his opponent forgoes her typical high-flying, flashy offense and instead leaps into the air and begins unloading a series of punches. The Faithful go banana as the Queen of Sports Entertainment Style knocks the surprised 24K member to the ground and begins a ground and pound. His ring awareness makes him immediately get a rope break, but Carla Ferrari has to physically pull Elise Ares off of him as she is pulled away singing.

**DDK:**

I think Carla is having flashbacks!

**Lance:**

She better watch out swinging like that! If she hits Carla she isn't going to give her a second chance, there's history here!

Elise Ares is yanked away and condemned by Carla Ferrari as Perfection pulls himself up off the canvas and dusts himself off. He makes sure to keep a firm hold of the ropes to keep the fiery asian-latina at bay. He finally steps away from the ropes and Carla moves out of Elise's way, unleashing her to launch herself at Perfection once more, but this time he's ready and grounds his much smaller opponent. Ares is hard to keep down, she tries to wiggle loose but Witherhold is just too savvy. He moves over to a chinlock and smiles as the Pop Culture Phenom tries to struggle free.

He uses his known advantage and begins to lift Elise while maintaining the chinlock, moving it up a little to rub against her protective mask, causing Ares to wince a bit and resist less. He transitions to hammerlock and Ares immediately tries to fire back elbows, but he captures the free arm and drags her to the corner. He begins to bash her head into the turnbuckle before Carla comes over for the rope break. Perfection continues to bash all the way until five, when he lifts his arms to back away, then goes back in for one more bash to a chorus of jeers from the Faithful.

**DDK:**

He just couldn't help getting that last cheap shot in, could he?

**Lance:**

Well, I think it's a prerequisite to join 24K.

**DDK:**

Fair enough, but he might be in the ring with the queen of cheap shots... he can dish them out but can he take them?

**Lance:**

Only one way to find out.

Ares is down on a knee, holding her face and adjusting her mask as Perfection blows her off in the corner. Carla checks on Elise, but the Queen of Sports Entertainment Style refuses to back down and lifts herself up to her feet. Ferrari checks one last time and Elise tells her she's fine before exploding back at Perfection once again, and this time he sidesteps her attack and tosses her over the top rope. The always nimble Ares grabs the rope and manages to land on the apron. She quickly pulls herself back up to her feet ready to launch but Perfection hits her square in the face plate with a dropkick, sending her down to the concrete floor outside of the ring.

**DDK:**

Ares is all passion here tonight, Lance, but clearly she's still a little bothered by her injury. You can tell she feels a little uncomfortable in her skin. Her precision is a little off. Everything is lagging behind just a little bit, and a ring general like Perfection is just going to pick that apart all day long.

**Lance:**

Meanwhile, he's in there dusting off his hands like he just took out the trash. She's gotta get it together here. Her crusade against 24K can't end like this... can it, Darren?

As Elise Ares pulls herself up off the floor, inside the ring Witherhold is sitting on the middle rope, opening the ropes for his opponent to re-enter the ring. Preying upon the anger that has blinded Ares thus far in the match, Perfection is playing her like a fiddle as she approaches the ring with snarl. The former Southern Heritage Champion quickly jumps up on the apron and grabs the boot of the 24K member, trying to pull him out of the ring. The Faithful perk up but are quickly dashed as Perfection manages to shake off Elise with a hard kick, sending her stumbling backwards and falling on the apron.

The Leading Lady of DEFIANCE tries to quickly get back up to her feet to escape the vulnerable position, as she gets back to a vertical base she finds Perfection already running her down and going to kick the leg out from under her. Surprisingly Ares senses this coming and runs up the turnbuckle, doing a backflip and landing back on her feet still outside on the apron as Witherhold misses. Then she responds with a windmill kick that connects to the skull of Perfection, staggering him as she falls to the apron and rolls into the ring behind him.

Rolling through and back up to her feet she launches herself backwards with a standing moonsault to the delight of the Faithful.

Carla puts two and two together and begins to ask if she hit Perfection with a low blow, which she immediately denies and screams about how Carla just watched her almost get hit in the face by a set of 24K-branded brass knuckles. As Carla continues to check on the Pop Culture Phenom, Elise points with her left hand towards the boot laying on the canvas. Another crisis averted as both wrestlers waver up to their feet once more behind the female DEFIANCE official. Perfection takes a second to try and locate his boot, he sees it in the hands of Ferrari, but quickly finds the lace against his throat as the Faithful go nuts and Elise locks Perfection in the sleeper hold!

He kicks his legs, trying to find the ropes or move Ares into a less favorable position but doesn't find what he's looking for before his body goes limp. Ferrari asks Perfection if he submits and doesn't receive an answer. Elise screams at Carla Ferrari to call the match. The checkered past between the two makes the call reluctant, she doesn't trust Elise.

We have finally come to the end of a long long road for two different men who started in DEFIANCE Wrestling around the same time Lance. **Lance:**

We'd have to go back to late 2019 when both of these men had first met in competition with one another. Scrow was trying to curry favor with a former DEFIANCE wrestler by the name of Carny Sinclair. Scrow helped Carny defeat Dex at last year's DEF-CON and since then paths of two men have not been far apart.

**DDK:**

The last few weeks have been even more intense. They have fought all over the DEFIANCE Wrestle-Plex and batted each other off of garages, backstage, off our very own stage! **DDK:**

No ... No way to the WHOA-pe!

The crowd cannot believe it when Scrow leaps up and lands a huge jumping roundhouse to Dex before he can get all the way through the ropes! He not only stops the massive suicide dive through the ropes by Dex, but stops him near

the ropes. When he's now hung in them Scrow takes his time.

**DDK:**

What is he thinking here?

Scrow grabs the neck of Dex and then jumps up to deliver a *massive* falling DDT against the ring apron!

**Lance:**

OH MY GOODNESS!!!

Dex hits the ring apron hard but his big body still slumps over the ropes. That is when Scrow decides to help him by carefully measuring Dex so that way he can run and then he lands a sliding drop kick on the apron on the side of Dex's head!!!

**DDK:**

That wasn't just one bad shot ... that was two!

**Lance:**

Scrow lured him in and he just paid for it!

Dex's massive body spills through the ropes and hits the floor where he lays flat. The official waits and when he sees that he's not moving any more, he starts to raise a hand to count but Scrow threatens the official first to stop and then gets ready for his next move ... whatever that may be.

He is on the apron and with Dex Joy still reeling from the slingshot DDT and that is when Scrow leaps off after a running start and then nails a huge diving double stomp off the apron and right into Dex Joy's chest!!!

**DDK:**

That might be it! He might have let Dex Joy punch himself out and then lay into him like this!

**Lance:**

That's gonna be it and we're going to have a new Southern Heritage champion!

Scrow recovers from the landing and then tells the official that *now* he can count. The official sees that Dex is bowled over in a lot of pain and begins.

"One!

Two!

Three!

Four!

Five!"

**DDK:**

Is this it for the Biggest Boy?

"Six!

Seven!

Eight..."

**Lance:**

No! Dex is doing what Scrow did earlier! He's using the guard rail to help himself stand up on his feet~!

Dex Joy is biting his teeth together and pulls himself up. He's got a headache and his chest likely hurts but is not going to give up that easily. The fans cheer as Dex rises but those cheers turn to jeers the second that Scrow has a chance. He throws a stiff kick under the jaw of the Biggest Boy! He gets nailed on it and Dex starts to fall over ... but then he rises up again! Scrow is caught by surprise but he nails a second stiff kick under the jaw and then Dex falls over against the guard rail.

**Lance:**

Oh boy what is he up to now?

**DDK:**

Bad news that's what!

Scrow walks the length of the ring with Dex Joy hurt against the barricade. Once the Unhinged has reached the other side he holds his hands out and the jeers are music to his ears. He runs with every hint of speed he can muster and then nails a huge hesitation dropkick to the face of Dex up against the railing!

**DDK:**

Another big shot by Scrow! He has taken over in this so quickly after Dex Joy has been attacking him throughout the match!

**Lance:**

And as good as Dex is ... Scrow is equally good at punishing people.

Scrow is up again after a couple of seconds on the floor next to Dex but the smile has not left his face the entire time since nailing the kick. Dex does not move and looks slumped over and hurt when the official counts again.

"One!

Two!

Three!

Four!

Five!"

No signs of life from Dex. Scrow is now sitting on the apron and giddy as a schoolgirl that Dex is down.

"Six!

Seven!

Eight!"

But Dex ... lives! He stands up front and center and now has his chance to laugh.

Dex Joy:

DOWN BUT NOW OUT ASSHOLE!!!

Dex beats on his own chest and then limps towards the ring but Scrow climbs out and then takes hold of a cameraman. He grabs the camera and then takes it!

**DDK:**

What's he doing?! Come on! That camera man did nothing to you!

**Lance:**

Perhaps a bit of frustration here from Scrow. He is not one to resort to using weapons. He has always considered himself the one true weapon.

Scrow takes the camera and starts to head towards Dex and lobs the camera at him .. but he moves and shatters into tiny pieces on the ringpost!

**DDK:**

That barely missed! And I mean *barely*!

Scrow screams out in a fit of rage and then peels back a part of the ring apron to expose a pair of extension cords. He grabs one of the cords from ringside ... then starts to choke the life out of Dex with it!

**Lance:**

He's got a plan B with the camera cord! And now look he's on Dex's back!

**DDK:**

This is a great strategy though! If Dex Joy has the wind taken out of his sails then he's going to be at Scrow's mercy!

**Hive:**

Pop his head off! SQUEEZE!

Scrow continues choking Dex and now even climbs on his back as he has the cord wrapped around his neck. He's got the neck wrapped up and the grip tightens ... until Dex turns his back and then backs up into the turnbuckle to squash him against it!

**DDK:**

That's one way to free yourself from that death grip!

**Lance:**

That it is!

Dex is gasping for air and then breathes heavily in a bid to get some air back into his lungs. He keeps breathing ...

... Until Scrow comes back for him this time with a *nasty* chair shot to his back!

**DDK:**

Scrow back to laying the punishment on him!

Dex tries to get back into the ring to get away and his back is on fire, but he tries to get back up. Scrow then gets back up and then grabs the chair and then nails the kicks to his chest and back!

Again!

Again!

Again!

Again!

Again!

More kicks crack Dex across the chest until a final running soccer kick lands in Dex's rib cage! Dex starts to fall to the mat but when he tries to get back to the corner, Scrow grabs the chair and he throws it right into Dex's face

**DDK:**

Those kicks of Scrow are just as lethal as any weapon he can pick up ... but that chair to the face was vile!

**Lance:**

And he's not done! The official just tried to count again but Scrow cuts him off. He wants to keep punishing Dexy Baby!

Scrow grabs hold of the chair. He raises it up and then presses the closed chair down on Dex's throat and continues where he left off with the cable cord by trying to take the air away from him. He keeps on pressing and pressing further down onto the throat until Hive gets his attention, then he drops it.

Hive:

Blind man bluff!

**DDK:**

Blind man bluff?

**Lance:**

What exactly does she mean by that?

Scrow tosses the chair and mounts Dex, pressing his fingers into Dex's eyes! The DEFIANCE Wrestling Faithful are getting all over Scrow as this gets really violent now!

**DDK:**

Stalker did this to him on DEFTV 151, he is trying to seriously injure Dex here!

Dex is shouting in pain as he tries desperately to pull Scrow's thumbs from his eyes. Eventually Dex manages to pull Scrow's thumbs from his eyes, tossing him off of him. Scrow gets to a knee with a sadistic smile on his face. Dex is trying to reach for the ropes and is nowhere near them.

**Hive:**

Don't let him recover!

Scrow gets up and lifts Dex up and quickly eye racks Dex. The Biggest Boy staggers around like a wounded bear.

**DDK:**

Scrow is trying to take Dex's sight.

**Lance:**

It's a sound plan, if Dex can not see Scrow he removes Joy's biggest strength, his power!

Scrow continues to focus his strikes to the eyes of Dex, he shoves him against the ropes and irish whips him. On return he front sweeps Dex, forcing him to go face first into the mat. Scrow quickly looks for Hush.

**DDK:**

HUSH! Scrow has moved from the eyes to now trying to choke Dex out.

**Lance:**

First he blinds him, now he is trying to sap the vitality of the three hundred pounder! This type of match would have to favor Scrow just based on stamina alone but when he really focuses on this, we could be looking at the new Southern Heritage champion!

**Hive:**

He is out!

Scrow quickly drops Dex, a gasp erupts from The Faithful as their hero lay motionless on the mat. Scrow is signalling to count.

**DDK:**

Scrow has Dex Joy out cold on the mat!

“One!

Two!

Three!

Four!

Five!”

No signs of life from Dex.

“Six!

Seven!”

**DDK:**

Dex is semi conscious and is crawling to the ropes, he has no idea where they are, he is just desperately reaching for something!

Eight!

Dex manages to find the ropes and slowly pulls himself up.

Nine!

T..” Dex gets to his feet!

**Lance:**

Dex beat the count, but now both Hive and Scrow are arguing about the count!

**DDK:**

They can argue all they want, but the referee has the discretion! If the belt isn't in your hand right now, Scrow, you didn't win!

Brain Slater continues to stand by Dex beating the count. While all this is happening Dex has managed to stumble into the corner desperately trying to rub his eyes trying to get some sort of vision back. Scrow finally stops arguing with Brian and moves in on Dex, The Faithful get louder as Scrow gets in range. Dex picks it up just as Scrow gets in range, the champ starts swinging nailing Scrow. Dex now points and The Faithful are now being his eyes for him. Scrow gets to his feet as The Faithful pop in cheers the moment Dex points at Scrow. The Raven's Eye turns around.

**Lance:**

MIDNIGHT RUNNER!

Scrow flies backward and up and over the top rope to the floor. Dex drops to a knee favoring his eyes. Motioning at Slater to count, Scrow is face first on the floor outside the ring. Hive rushes to his aid, this time it looks like Scrow is out

here.

**DDK:**

It looks like we have a different camera angle here, let's take a look.

A replay plays while Brian counts Scrow out. Scrow is elevated 5 feet in the air, upon the strike from the Midnight Runner, the height was enough for him to backflip over the ropes...it slows down as Scrow face slams off the apron before he falls to the floor!!!!

The camera catches a few fans who watched the replay, most have a cringe on their faces, some very concerned for Scrow's well being

**Lance:**

That was a nasty fall there! Scrow may be out here.

**DDK:**

And the count is now more than halfway through this replay!

"Six!

Seven!

Dex's looks like he is finally able to see again only for his eyes to widen! As he sees Scrow hand fall on top of the apron. Soon after his other hand.

Eight!"

Scrow still has yet to pull himself to his feet.

Nine!"

**DDK:**

Scrow has gotten to his feet, just before the ten count. Oh man he is busted open. His nose may be broken!

Scrow holds his face as he stumbles back into the barricade. Dex, still a bit stunned, exits the ring. He walks around the ring only for Hive to get in the middle. Dex yells at her to move. She refuses and slaps Dex. Dex rubs his cheek. He turns around and lifts her up by under her armpits and gently places her behind him. He turns around and...

**Lance:**

RAVEN'S CALL!

Dex drops like a sack of bricks!

**DDK:**

Hive was enough of a distraction and Scrow took advantage!

"One!

Two!

Three!

Four!

Five!"

“Six!

Seven!

Dex is slowly getting his bearings.

Eight!”

Dex gets to a knee, and now Scrow is in shock.

**DDK:**

No one has ever gotten up from Scrow’s Raven’s Call!

Nine!”

Dex is on his feet again!

**DDK:**

How is Dex Joy doing this? How is *Scrow* doing this?

**Lance:**

I don’t know. I really don’t! But neither man wants to give an inch to the other!

Scrow is livid. Dex is very groggy. Scrow looks like he has had enough he pulls a chair out from under the ring yet again, looking to turn the lights out of Big Dex Energy and hopefully for good. The moment he pulls it up.

*WHACK!*

**Lance:**

Dex just punched the chair right into Scrow’s face!

**DDK:**

Scrow is down, what a display of power from the champion! He even left a dent in the chair from his punch!

The Biggest Boy hobbles around and clutches at his right hand as the camera fixes on the chair and Keebler is definitely right! He’s gonna definitely feel that tomorrow, but for tonight he’s gonna do what he can to take down Scrow for good. Scrow gets knocked out for the moment and reels around the canvas. He looks over at Hive and then shoots a smile as he picks up her client and then throws him inside the ring. He picks him up and then chops him three times in the corner.

**DDK:**

Big Dex Energy is now on his second wind!

**Lance:**

He hits with a huge clothesline in that corner but Dex keeps going!

The Biggest Boy grabs his arm and then throws him onto the other side and when Scrow bounces back Dex turns him inside out using a big spinning clothesline! Dex falls to his knees but he’s riding on adrenaline as he holds his fist out and then heads back up. He grabs Scrow by the bob of his hair and when he is up, Scrow gets slammed into the corner and then a hip attack from Dex gets Scrow down into the corner. The Biggest Boy sees Scrow and then heads to where he needs to be.

**DDK:**

This won’t be good for Scrow! I think that Dex is about to channel the boulder from Indiana Jones!

**Lance:**

I think so too! Here we go with the cannon ball senton! Are we gonna see it?

Dex holds his fist out and gives the thumbs down to Scrow and then runs at the corner ...

**DDK:**

JUMP! FOR! JOY!

**Lance:**

THAT IS DONE! SCROW IS DONE!

The crowd cheers when he manages to hit his finishing senton that has won him many matches in the past including leading to him winning and keeping the Southern Heritage championship on many previous occasions. Dex gets to his knees and counts with Slater and the crowd.

“One!

Two!

Three!

Four!

Five!”

**DDK:**

Scrow isn’t moving! He’s done!

Hive yells at Scrow to get up now! He keeps on not moving.

**Lance:**

He’s really not moving!

“Six!

Seven!

Eight!”

Scrow manages to roll ... barely!

“Nine!”

And rolls out of the ring while clutching the ring apron ... *then* falls over, but just enough to stop the count! Dex falls to his knees and curses his rotten luck.

**DDK:**

That ... that was *genius* by Scrow! He fell out of the ring and just grabbed that apron to save himself! He was done there!

**Lance:**

That really was! I don’t know if that was instinct or strategy by Scrow, but I think if he didn’t roll out at nine and hang onto that apron, that would have been it!

Dex Joy doesn’t let the moment try and get him down now that he knows Scrow is in a weakened state. The Biggest

Boy ducks out of the ring again and then takes Scrow on his shoulder and then he drives him by the back onto the ring apron. The DEFIANCE Wrestling faithful keeps watching when he grabs Scrow and then throws him against the steel steps! Scrow knocks them over into the pile and then Dex Joy goes for the corner. Scrow's body is propped up against the steps and now Dex looks focused and ready to keep his title for a while longer.

**DDK:**

Dex Joy's title reign is gonna continue if he hits this!

**Lance:**

Another Jump For Joy:!

Dex Joy runs again ... and gets everything he wants ...

But the landing!

Scrow moves out of the way and then he *crashes* right into the steps! Scrow is still hurt and Dex Joy isn't moving now.

**DDK:**

That Jump For Joy back-fired! Badly! If Scrow has a chance to win the championship then this is it!

**Lance:**

But neither man is standing right now!

"One!

Two!

Three!

Four!

Five!"

Hive is barking orders at Scrow and now he is starting to stand up again. Scrow is trying to get back and uses the guard rail as a prop for himself.

"Six!

Seven!

Eight!

Ni---"

The count is interrupted because Scrow grabs Dex when he is about to stand and then pushes him so he goes right into the post!

**DDK:**

Scrow saw he was about to get back up and jumped on him!

**Lance:**

As much as we can't stand him or this sick obsession that he's had all this time with besting Dex Joy ... he is doing almost everything right try and keep Dex down.

**DDK:**

True ... oh no! Look!

Scrow has Dex winded but when he turns around The Biggest Boy is right behind him and seems to have shaken off the face plant into the buckle.

**Dex Joy:**

THIS ENDS NOW SCROW! YOU'RE DONE!!!!

Scrow is shocked and the DEFIANCE Wrestling faithful are loving every second of this! Scrow hits Dex with a chest kick but the big man leans right into it and absorbs the impact. Scrow looks shocked and then fires off another one but Dex takes it again and this time he smashes a few crossface forearms against Scrow in retaliation and then throws him inside the ring.

**DDK:**

Joy is rounding the corner here! Are we going to see a successful tenth defense of the Southern Heritage championship tonight?

Dex gets in the ring and blocks a kick from Scrow with a hand up and then smashes him in the chest with another big clubbing blow and then throws him right into the ropes. The second that Scrow bounces back Dex heaves him up in the air ...

**DDK:**

DEX BOM ... NO! THE MIST! SCROW WITH THE MIST TO THE EYES! HE JUST BLINDED DEX TO SAVE HIMSELF!

The Biggest Boy staggers around the ring as he drops Scrow. The Unhinged Mad Man makes a beeline for a possible finish by striking Dex upside the head using a kick to bend him over and then pushes him into the ropes. The momentum from the massive Dex coming back allows Scrow to use a snap German suplex! The DEFIANCE Wrestling faithful can't believe Scrow's technique on the suplex and it gets worse when he takes flight using a bicycle knee strike!

**DDK:**

That was a deadly series of moves and ... no! Scrow is pulling up Dex! What is he doing?

**Lance:**

He's setting him up for something!

He has the blinded and possibly concussed Dex up on the top rope. Scrow is out on the apron and then climbs to the top turnbuckle. Scrow takes flight and nails Dex while he's down with diving meteora knee strike to the chest!

**DDK:**

He's done! Dex is done! We'll have a new champion here!

Dex does not move and Hive watches with Scrow as the ten count starts.

"One!

Two!

Three!

Four!

Five!"

There is no movement in Dex Joy, face caked in mist and still down.

“Six!

Seven!”

Finally there are signs of life. He starts to roll ...

“Eight!”

And he is near the ropes ...

“Nine!”

He lunges upwards! Just enough to hang on and break the count ... and then falls over again still blinded by the mist!

**DDK:**

Who can believe this? This is completely unbelievable! Dex Joy cannot have anything left in the tank after that!

**Lance:**

And Scrow knows it too!

Dex reaches for the ring apron and starts wiping his his face on the skirt to try and get some of the mist out of his eyes but Scrow doesn't give him any more chances. He stomps on Dex's back again and again until he backs off to try and lead the reigning SO-HER champion to his knees. He grabs him by the hand and tries to drag Dex up for what be a kill shot. He waits patiently and then fires a kick at Dex ...

**DDK:**

No!!! Dex ducks the round house kick!!!

Scrow can't believe it and tries to hit a kick from the other side but when he tries, Dex grabs the leg and with a sudden burst of ... well what else do you call it but Big Dex Energy ... he has Scrow on the shoulder and hits a Dex Bomb by throwing Scrow right at the turnbuckle as hard as he can! He bounces back off the corner and Dex picks him up before he can fall. He gets powered into a reverse spinning power slam ...

**DDK:**

DEX DRIVER!!! DEX DRIVER!!!

The DEFIANCE Wrestling Faithful have gone crazy but before the referee can make a count Dex sees the turnbuckle ... and he picks up Scrow off the mat and starts to head up ...

**Lance:**

What is he doing now? What is he thinking?

**DDK:**

I think he wants this one to be over that's what!

Dex has carried Scrow up. The fans are just waiting for whatever comes next and they do not have to wait long ... he leaps off the buckles and then he drives Scrow off the top rope and almost right through the ring using a super variation of the Dex Driver!!!!

**DDK:**

NOT JUST ANY DEX DRIVER!!! SUPER DEX DRIVER!!! HE'S NEVER DONE THAT MOVE BEFORE TO ANY ONE IN DEFIANCE WRESTLING!!!

Not a person is sitting in the arena with Dex Joy and Scrow both down and out. The official starts another count on both men!

“One!

Two!

Three!

Four!

Five!

Six!

Seven!”

Dex is the first up by using the ropes to hold him up! He counts the rest of the way along with the DEFIANCE Wrestling faithful and Hive is on the verge of her head exploding. Scrow isn't moving!

“Eight!

Nine!

...

TEN!!!!!”

Dex is leaning up by the ropes and the bell ringing is music to his ears!

***DING DING DING***

**Darren Quimbey:**

Here is the winner of this match and *still!!!!!!!!!!!!* your DEFIANCE Wrestling Southern Heritage champion ... “THE BIGGEST BOY” DDDDDDEEEEEXXXXX JJJJJJOOOOOOYYYYYYY!!!!

Dex retrieves the Southern Heritage championship from the official of the match and he hugs it close to his chest and looks at Scrow knowing just how close the match was to a very different outcome!

**DDK:**

I don't know where that last burst came from! Scrow had him right where he wanted him ... but one last shot of adrenaline just allowed Dex Joy to avenge Nathaniel Eye and to hopefully finally end this issue between him and Scrow for good!

**Lance:**

I'd like to think so I really would but what a match we just witnessed regardless! Normally in these types of matches you might see a lot of weaponry in play. While we saw some of that, what we really saw were two men's hate for each other boiling over to see who would truly be the last man standing based on their own abilities ... and the last man standing was The Biggest Boy himself!

Scrow sits in the corner and is being checked on in the corner by Hive. He says something to Hive, before staring at his nemesis still champion. Hive returns with a microphone.

**Scrow:** *[exhausted breathing]*

Shut that shit off!

Joy's music cuts. Dex stops and turns toward Scrow, Hive helps him up to his feet. Scrow favoring his ribs.

**Scrow:** *[talking through deep breaths]*

Scrow hates you Dex! He hates ..*[deep breath]* your music. *[Another gasp of air between sentences]* He hates your natural talent. He hates your ring attire, your smell, and most of all.

**Scrow:**

The way these sheep stand by you!

Jeers begins.

Scrow looks out into the Faithful for a second before returning his stare at his obsession.

**Scrow:**

If there is one thing Scrow has good to say about you, is you have shown him he is not quite there yet.

He cringes in pain still favoring the effects of that Super Dex Driver.

**Scrow:**

Scrow is not gonna stand here and complain about the result. You won Scrow accepts that. You have given him the answer he truly sought. Can Scrow beat you? Maybe not right now, but he knows for a fact he is just as talented if not more talented than the Defiants in the back who spend their time in the main event every night on DEFTV.

He points at the belt on Dex's shoulder.

**Scrow:**

That championship will be his, in the future whether you have it or not! So enjoy it while you have it!

Scrow drops the microphone and exits the ring, he gets a few Faithful giving him a round of applause, before returning to Dex in the ring. Dex watches Hive help Scrow up the ramp and decides to nod towards his opponent to pay him at the very minimum respect of his abilities. After he is finished and Scrow disappears he holds the Southern Heritage championship and pats his name on the face plate. He rests the title over his shoulder and holds up his fingers to the count of ten.

**DDK:**

That was a clear warning by Scrow ... but Dex Joy now holds up the championship! Another successful defense for Dex Joy but also his most personal one yet!!!

**Dex Joy:**

LAST! PALLY! STANDING!!!!

He revels in this moment to have finally vanquished Scrow and finally put this issue to bed.

## UNIFIED TAG TEAM CHAMPIONSHIPS, PLATFORMS & PORTALS, NO CONTINUES: FUSE BROS. ONE Â© vs. THE COMMENTS SECTION

The DEFCON match graphic appears with a Mortal Kombat remix accompanying it.

**DDK:**

It's time for night one's main event. Fuse Bros. One vs. The Comments Section for the UNIFIED Tag Team Championships. The winning team leaves with the titles and the losing team will no longer qualify to tag together in a DEFIANCE ring for the rest of their careers.

**Lance:**

Intense stuff.

The scene switches to the ring and the Platforms and Portals construction. There is a pole added to the top of each ring post, standing at least ten feet high. At the top of each pole is a mini platform where a Fuse Bros. trademark powder blue question mark box sits, from their original days on the independent scene and first tag run in DEFIANCE. Obviously, the contents inside are unknown, hence the "???" printed on them. In addition, all four poles have a wire attached, connecting with the pole adjacent, which means in the center of the canvas, the wires cross and X marks the spot (think TNA X-Division layout -[view](#)-). At the X, a larger powder blue question mark box hangs from the rafters. It's clear the only way to get at this power-up is to climb a wire and reach the center. The announcers explain the rules.

**DDK:**

As you can see, there are five boxes/blocks/power-ups, from what I've been told. This match will fall under tornado rules, so it will be our second tornado tag match tonight. It's one pinfall or submission to a finish and that has to happen inside the ring. I've also been told it *is* anything goes, however, apparently the contents in those trademark Fuse Bros. blocks are far superior to the other weapons one could get their hands on.

**Lance:**

So no portals?

**DDK:**

I believe "portals" may be a metaphor. They could be considered the question mark blocks? They're a portal to violence, if you will. We do have platforms, though. Narrow ones at that.

**Lance:**

Who knows what kind of "power-ups" those blocks entail.

**DDK:**

I will say this, that's awfully high up and might not be worth the risk.

**Lance:**

Or it might.

The lights dim, signifying the introductions to come. Darren Quimbey enters the ring.

**Darren Quimbey:**

Ladies and gentleman, this is the MAIN EVENT for Night One of DEFCON and it is a Platform and Portals match for the UNIFIED Tag Team Championships!

The Faithful cheer in anticipation.

**Darren Quimbey:**

The losing team will not be able to tag with each other for the rest of their DEFIANCE careers!

As Quimbey's voice drifts away, allowing those words to sink in further, the lights switch off and the DEFI-A-

TRON/DEFCON entrance lettering lights up, revealing a drone's view of the COMPLIANCE Warehouse (the building formerly known as The Funhouse, now in Malak Garland's possession amongst other services). There's a large gathering on the roof of the building and a giant drive-thru screen, showing the live stream of DEFCON. Many of the individuals in attendance, however, are not paying attention to the show. Instead, they are either on their phones, laptops or iPads, typing away. Searchlights pan back and forth, giving that big party vibe and feel like something straight out of a New Donk City music festival.

**DDK:**

A snowflake viewing party?

**Lance:**

Looks like it.

Suddenly, the DEFI-A-TRON and DEFCON letters turn off, only to be replaced by sounds of iMessage and email notifications.

The tweets, Facebook statuses, text/discord and forum comments fill the screen at a furious pace.

**FIRST!**

**#NOTMYCHAMPIONS**

**CONOR FUSE SUX**

**FUSE BROS OVERRATED**

**FAITHFUL BLOW**

**FAKE IT TIL YOU MAKE IT**

**VPNS ARE MY BFFS**

**DON'T @ ME**

**TYLER IS A BAD WRESTLER**

**CONOR IS A JOKE**

**SHINY SHINIES**

The entire arena goes dark when the screen is flooded with too many messages and notification sounds.

**Lance:**

Great, they've crashed the system.

A chorus of jeers slowly makes its way around the arena. However, most of The Faithful wait in silence.

A tiny, blue light flickers from the entrance. Soon, there are tiny blue lights flickering all the way up and down the rampway. As the scene becomes clearer, the lights are being held in the hands of men and women dressed in black cloaks. These people stand across both sides of the rampway, from the top to the bottom, lighting the way. Their faces are in partial view.

The colours of their faces range from different shades of orange, blue or green. All of them wear prosthetic noses which are long, boney and rigid. The heights of these individuals vary. Some are tall and lanky, others short and fat. They resemble the look of evil leprechauns.

Or trolls.

ALARM SOUNDS blare over the PA.

“ATTENTION.”

“ATTENTION.”

The stage off to the right of the entrance reveals itself with bright lights, showing the band Shinedown as they play The Comments Section’s theme.

[\*♪ “ATTENTION ATTENTION” by Shinedown ♪\*](#)

The boos are heavy for The Keyboard King and The Bellicose Brawler but no one comes out of the DEFCON entranceway yet. Instead, a rotating helicopter shot shows the COMPLIANCE viewing party. Still, no one in attendance there is watching. Everyone remains on their phones, typing away.

Back to the Lakefront stage. Finally...

The DEFCON entrance letters separate in the middle, making way for what looks like a giant snow globe. And inside the globe?

*BBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO.*

Malak Garland and Cyrus Bates, standing motionlessly, like they’re part of the display as snowflakes drift around them. The words “HANDLE WITH CARE” are plastered across the bottom of the snowglobe in sponge-like lettering.

**Darren Quimbey:**

First, the challengers. They are Malak Garland and Cyrus Bates, THE COMMENTS SECTION!

As the snow globe sits atop of the ramp, additional “trolls” lift the structure and carry it down to ringside. Shinedown continues playing the challengers out and the trolls “lighting the way” dance along with the theme by providing fake karate chops.

**Lance:**

Teresa Ames was carried to the ring in a litter. Malak and Cyrus are ALSO carried to the ring in a snow globe. Boy, Keebs, I’m in with the wrong people.

**DDK:**

You and me both, buddy.

The eeriness inside the snow globe sees Malak Garland staying absolutely motionless while Bates’ facial expression says he may not be able to hold this mannequin pose much longer.

**DDK:**

The fun and games are going to end for both teams very soon. Garland and Bates might be carried to the ring but they’ll be carried **out** if they don’t pick up their game.

**Lance:**

You know, I wonder how much of this is an *act* by Malak and Cyrus for them to get comfortable in their surroundings. Take this massive DEFCON entrance. We’ve seen a lot of them tonight. Get lost in the entrance. Perhaps walking out normally might be deemed overwhelming for two guys who like to hide behind a computer screen.

Nearing the end of the rampway, Cyrus finally snaps and reaches up to scratch his nose. Malak immediately smacks The Bellicose Brawler’s hand as hard as possible and Bates reverts to his mannequin pose, as if he repositioned quickly enough for no one to notice.

The snow globe arrives and the trolls take the top off. Pyro explodes at the top of the rampway as flakes of snow gently fall from the Lakefront Arena rafters. Malak nods to Cyrus like *now* is an appropriate time to break their freeze. Bates

hops off the globe and rolls into the ring. Malak, however, sees the “HANDLE WITH CARE” sign in front of him and goes absolutely ape shit on it, kicking it and tackling it to the ground. A couple of trolls try to compose Garland but he immediately drops them with elbows and starts screaming “AVALANCHE”!

**DDK:**

Jesus.

Malak cracks one of the shorter trolls in his jaw before the troll's prosthetic nose falls off and he screams in pain, breaking character. Garland sneers, rolling into the ring.

**Lance:**

So he hires these guys only to beat them up?

**DDK:**

Surprised?

**Lance:**

Oh, no. Not at all.

Malak coyly smiles as he snaps his fingers. The broadcast immediately shows the COMPLIANCE rooftop party once more. Endless amounts of fireworks go off in the background, startling all the snowflake patrons not paying attention to the pay-per-view feed on the big screen.

**DDK:**

A fireworks show at an illegally streaming rooftop party? All those people should be over at Ballyhoo partaking in the official DEFCON watch party.

Back in the ring, Malak and Cyrus are wearing special matching DEFCON gear. They're each in black wrestling trunks, pads and boots, all adorned with powder blue snowflake images randomly placed on them. Malak is the only one wearing a black tank top, though. The lights dim again. The trolls disappear and Shinedown finishes playing.

*"DEFIANCE WRESTLING!"*

Two large plastic DRAGONS have replaced the DEFCON-lettered entrance. One orange, one green.

*"FIGHT!"*

Smoke fills the entrance way as Tyler walks out of the orange dragon and Conor emerges from the green one. Although the dragons represent the Bros. original DEFIANCE colours, they are sporting a much different look than their roots. Conor resembles MK character Sub-Zero, complete with the blue MA140 BB gun airsoft facemask and additional armour. Tyler resembles MK character Reptile, dressed in green, with bone spikes popping out of his uniform, conveying a more modern version of the character.

*"DEFIANCE WRESTLING!"*

Conor lifts four of the five UNIFIED Tag Team Championship belts, stacked on top of one another (the other is around his waist) and swings them over his shoulder.

*"BROCK NEWBLUDD!"*

At the end of the rampway, Conor raises his arms and pyro detonates for the final time. The Fuse's sprint to the ring as Tyler slides under the bottom rope and Conor performs his usual leap to the apron and then a rolling leap over the top rope and into the ring.

*"DEFIANCE WRESTLING!"*

The opera and orchestra come to a close, leaving The Faithful standing and cheering the champions on. Tyler and Conor take off their excess ring gear as Conor hands all five belts over to referee Mark Shields. Shields tries to hold them up but two fall, one smacking him in the side of the face. The incompetent ref says screw it and moves the belts to the time keepers table.

Tyler tells Conor it's "go time" as the two of them walk to the center of the ring, asking their opponents to meet them there.

For now, The Comments Section don't budge from their corner.

Arms crossed, Tyler Fuse's expressionless face doesn't acknowledge the challengers. On the other hand, Conor, who is also sporting his most serious expression by his standards, takes one look at Malak and then stares straight ahead. The Faithful ROAR in support of the champions and have their shot at one of the challengers.

***DING DING***

Realizing there's no way out of this, Malak pats Cyrus on the chest and they slowly walk to the center of the ring, squaring off with their main event counterparts.

Tyler and Cyrus.

Malak and Conor.

The tension inside the Lakefront Arena builds.

There's some off-mic exchange from Tyler to the two men in front of him. Malak shakes with anxiety, fear and anger all in one. The Soapbox Superstar looks outside the ring, towards the time keepers table.

**Malak Garland:**

Mine. *My* titles.

His voice is loud enough to be picked up by the apron microphone. Tyler laughs.

**Tyler Fuse:**

Take us down.

Malak nods. He takes two steps back, looks at The Bros. and screams.

**Malak Garland:**

**DDK:**

And without any power-ups needed!

ONE!

TWO!

KICKOUT!

The Faithful let out a sigh. There's fight in the snowflake.

Conor looks up from the mat, about to direct Tyler to the top rope but-

**DDK:**

WHAT THE HELL!?! Bates took Tyler's face off!

Cyrus rolls to a knee, holding an object in his hands.

**Lance:**

Cyrus has one of the question mark blocks from the platforms! He crushed Tyler with it! How in the hell did he get that!?

Conor attempts to pop up and help Tyler but Malak slithers into position and applies an arm lock on P2! The Bellicose Brawler hurls Tyler into a corner, racing in himself with a splash! Tyler falls out of the padding and Bates hip-tosses the older Fuse to the center of the mat.

Player Two slips free from the arm bar and lifts Malak with both arms. He smashes Garland to the ground but turns around just in time to catch a big boot from Bates! Garland instructs his partner and muscle to pick up the powder blue question mark box again. As this takes place, a picture-in-picture instant replay shows that during The Fuse Bros. entrance, Malak whispers something to Cyrus and The Bellicose Brawler slowly makes his way up the nearby pole, retrieving a power-up before the match started!

**Lance:**

How did we not see that!?

**DDK:**

Well, I don't think any of us were looking inside the ring at the time and it **was** very difficult to see, considering the lights overtop of the ring weren't on!

Bates hands Malak the box. The Keyboard King punches the top open and reaches inside. His eyes light up, knowing he has something in his hands initially meant to be used *against* him.

An NES controller, wrapped in barbed wire.

Tyler struggles to his feet, so Malak casually tells Cyrus to blast The Game-Changer in the face with a boot. Conor works his way over to Malak, but Bates does the same to Player Two!

Garland carefully tries to take the controller out of the box. Even the cord is barbed. The Keyboard King licks his lips.

**Malak Garland:**

Joy.

And as Conor attempts to find a vertical base, Garland screams "AVALANCHE!" by kneeing the younger Fuse in the face! Garland continues to orchestrate Bates' attack.

**Malak Garland:**

Get me the angry one.

Tyler pumps a hard left hand into Bates chest. The Faithful come alive as Tyler gets to his feet and hammers Cyrus again, again, again-

**DDK:**

OH MY GOD, NO!! MALAK FROM BEHIND WITH THE BARBED WIRE CONTROLLER!

Garland wraps the wire around Tyler's head and pulls back HARD. Blood immediately trickles down Tyler's face! Some sprays onto Cyrus!

**Malak Garland:**

HAHAHAHAHA! I GOT YOU, BUTTON MASHING BITCH!

Like a kid in a candy store, Malak drives the wire as deep as it can go!

**DDK:**

What's he doing now?

Garland pulls the controller cord off Tyler and uses it as a whip.

**SMACK.**

**SMACK.**

**SMACK.**

The barbed controller digs into Tyler's back! Malak is in blissful delight!

**SMACK.**

**SMACK.**

**SMACK.**

**DDK:**

ENOUGH!

Malak goes back to applying the wire across the elder Fuse's face.

A determined Tyler Fuse tries to break away but ultimately, Bates hits the ropes and lands THE KEYBOARD KICK!!

**DDK:**

Dammit! IT'S OVER!

With Tyler down on the mat, wire across his face, Malak sports a wide-eyed grin. He pins Tyler and demands Mark Shields make the count!

ONE.

TWO.

SAVE BY CONOR!

A minor Frank chant surfaces but more people are worried about what's to come next than get excited about The Ultimate Gamer saving their titles (and their tag team careers).

**DDK:**

Malak dropkicks Conor in the face and Cyrus Bates props Conor onto his shoulders, running him around the ring in a circle FOUR times before hitting a earth shattering powerslam!

Malak jumps up and down for joy, watching his monster put it altogether.

**DDK:**

This is a much different Cyrus Bates we're seeing right now. Malak, too.

**Lance:**

They had a head start, Keebs. You give anyone a head start like this and I'm sure they'll have confidence.

Garland knees Conor in the face and then connects with a suplex. The former Tag Team Champion takes the NES controller off Tyler and methodically walks over to Conor.

**DDK:**

There might not be anything left of the Fuse Bros. even if they win!

Garland tells Bates to pull Conor's arms back. Bates does as Garland stretches the wire and looks to wrap it around Conor's head...

Until he pricks his own finger.

**Malak Garland:**

OWWIEEEEEEE! I'M BLEEDING!

**DDK:**

It's the opening Conor needs! He kicks Garland away, breaks free from Cyrus Bates and races into the ropes but a HARD LEAPING KNEE from Bates puts Conor back down!

The wind is knocked out of the crowd as Bates hits a gutwrench powerbomb on Conor and places him beside his brother. Malak kisses his finger numerous times before he looks over at the other poles and remaining power-ups. Hand on his chin, Malak contemplates which one he wants next.

**Malak Garland:** *[pointing to one of them]*

I want that one, get me that one.

Bates nods and scales the pole. It's clear the big man's anxiety is kicking in as he stands on the top turnbuckle and *then* start to climb.

**Malak Garland:**

You already got one of them! Stop being a little bitch!

Bates nods.

**DDK:**

The match has been ruined. Because of the cheap attack by Garland, they'll likely get to use all these weapons before The Fuse Bros. do!

Bates is almost at the platform. He closes his eyes and reaches out for the power-up block. Meanwhile, Garland is spouting off at him, like he should've had it in his mits already.

**Malak Garland:**

You were faster the last time!

Bates shakes and looks back.

**Cyrus Bates:**

Last time no one was watching me.

As Bates finally grabs the box, The Faithful come alive!

**DDK:**

That's Tyler Fuse! Fuse with a cutter to Garland and he's going to the turnbuckle Bates is at!

Wobbly, blood on his face, Tyler makes it to the top rope and reaches out for Cyrus. The Game-Changer seizes Bates' waist and connects with a MASSIVE German suplex, sending both of them off the pole and towards the center of the ring!

*Crash!*

**DDK:**

What has to be a solid eight footed drop! Tyler was standing upright on the top turnbuckle and Bates was hugging that pole!

*LET'S GO TYLER! Clap, clap, clap, clap, clap.*

*LET'S GO TYLER! Clap, clap, clap, clap, clap.*

*LET'S GO TYLER! Clap, clap, clap, clap, clap.*

Garland stands off to the side, rattled. Seeing his partner fall from such heights has him scared.

ALTHOUGH, Malak notices something in the far corner. The question mark block Bates was going for had been knocked off and sits underneath that turnbuckle.

**Malak Garland:**

Joy. Again.

He rushes to the box as the crowd jeers upon sight of it. Garland leans over, picks it up and holds it like Indiana Jones holds The Crystal Skull.

Malak breaks the top open but his face becomes puzzled. Dropping the box, he takes its contents out.

A mini potted flower.

**Malak Garland:**

What the hell is this for? Useless.

The Keyboard King discards the potted flower and walks himself over to Tyler Fuse, who's still recovering from the German suplex fall himself. Malak kicks Tyler in the side of the face and mocks him for being "tough". The Faithful grow louder... and louder...

Conor Fuse pops up behind Malak and taps him on the shoulder. Malak steps back but then laughs, seeing Conor holding the flower.

**Malak Garland:**

That's nonsense. This is silly. Get that shit outta here. FLOWERS WITHER IN THE SNOW, CONOR!

Conor smirks.

**Conor Fuse:**

Fuse is...

Garland crinkles his face.

**Malak Garland:**

What?

Conor nods, like he knows Malak heard him.

**Conor Fuse:**

Fuse is...

Again, Garland scoffs.

**Malak Garland:**

What!?

Player Two clears his throat.

**Conor Fuse:**

I SAID, FUSE... IS...

Malak shrugs as Conor bends down to pick up the question mark block. Malak only got half of what was inside.

**Malak Garland:**

A lighter?

The mischievous Conor Fuse grins from ear-to-ear.

**Conor Fuse:**

Fuse. Is. LiT.

And then...

**DDK:**

OH MY GOD!!! CONOR'S LIT THAT FLOWER ON FIRE.

**Lance:**

IT'S A FIRE FLOWER!!!

The Faithful BOOM in support, as Garland immediately backtracks to a corner. The Thirst Trapper's eyes bulge out of his head, begging Conor not to use the weapon on him.

P2 winks.

And throws the burning flower at Malak's beaten up tank top, catching it on fire!!

**DDK:**

MALAK GARLAND IS **LIT!!** THE KEYBOARD KING IS HOT!! AND FOR ALL THE WRONG REASONS!

*THUMP.*

A spear by Conor Fuse puts out the flame... and also knocks BOTH men through the top and middle rope and to the padded floor below!

*HOLY SHIT!*

**Lance:**

Inside the ring, Tyler and Cyrus pull themselves together. Tyler rushes Bates but Bates ducks and sends Tyler flying over top of him. Tyler hits the mat and Bates hits the ropes... although Tyler gets to his feet and connects with a sitdown hip toss to the big man!

**Lance:**

Tyler hits a lot harder than you'd think for a guy his size.

**DDK:**

Bates meets a stiff left fist from Tyler Fuse. Another. Another. Tyler has Bates in the corner now and kicks him down hard.

**Lance:**

Eh, could've been a better line there.

**DDK:**

Conor's face is pure joy while Tyler's is furious. They are hammering every last life bar out of The Bellicose Brawler. Tyler pats Conor on the chest like a job well done and Player Two immediately puts away his smile. The Champions whip Bates into the ropes. Tyler goes low with a chop block and Conor goes high with a sling blade.

Taking a deep breath in and not exhaling, Tyler positions Bates into a pile driver position.

Conor jumps onto the top rope and leaps off, implanting Bates as Tyler lands the pile driver.

followed by Achievement Unlocked, the Koji Clutch!

**DDK:**

Tyler's pulling out all his old school moves!

Bates shouts as he waves his arms around, hoping the ropes are nearby (nope, sorry bro). Conor, meanwhile, hits the ropes and dropkicks Cyrus SQUARE in the jaw!

**DDK:**

I can't see Cyrus lasting much longer in this hold!

Death himself, Malak Garland, sways unsteadily on the apron. He's holding the ropes to keep himself upright and he's...

**DDK:**

**Lance:**

Oh ya, those are tears.

**DDK:**

I'll say this much, the guy was lit on fire and speared out of the ring. How is he still standing?

Tyler's attention is kept on Cyrus while Conor invites The Soapbox Superstar into the squared circle.

**Malak Garland:** *[shaking]*

You lit me... on fire.

Conor shrugs.

**Conor Fuse:**

**Lance:**

I'm not sure. It's referee Mark Shields after all!

Bates is close, he reaches out.

But Tyler drags him back in!

**DDK:**

It takes Mark Shields a moment to figure things out but he slides into position and counts.

Not only did Tyler have to BREAK the hold, which seemed hard to do given Bates was on top of him but he also had to pull his shoulders off the mat! Tyler barely got them up in time!

The elder Fuse takes hold of Cyrus and tosses him into a discus clothesline, leaving his feet in the process.

**DDK:**

The Glitch connects!

**Lance:**

Cyrus is a two-hundred-forty pound rag doll!

**DDK:**

Tyler hits a side Russian leg sweep and is looking for his trademark pendulum backbreaker. I can't believe he's lifted Cyrus up-

As Keebler speaks, Tyler's leg gives from under him and he drops Bates back to the mat, without performing the maneuver. The OG P1 falls into the ropes and checks on his knee. Obviously, referee Mark Shields is clueless and doesn't follow-up with Tyler, either.

The Bellicose Brawler shakes the cobwebs from his head, locates Tyler and races towards him. Fuse flips around the second rope, sending his good leg, the left one, over the top rope and landing on the top of Cyrus' head. This buys Tyler more time to pump feeling into his right knee.

On the outside, Conor drags Malak Garland to a vertical base. Fuse B drills an elbow into Malak's skull and starts super kicking The Keyboard King across the floor, working their way around the corner of the ring and towards the entrance ramp. On superkick number four, Malak ducks, rolls free and hits a desperation poke to Conor's eyes. Garland tries for a breather, charges at Conor but is ultimately hit with a thunderous powerslam into the top of the steel steps! Garland cries out yet again while The Faithful cheer at the landing! The #9 representative on TEF Top 100 peels Malak Garland off the steel and looks into his dead eyes.

**DDK:**

The Locker Room Leader has worked Malak Garland to the top of the rampway!

Fuse takes hold of Malak's tights and looks to run him off the edge of the ramp but Malak comes to a screeching halt before he's thrown off. The COMPLIANCE Ruler tries for another desperation move and it connects.

**DDK:**

Malak with a low blow to Conor!

Followed by a DDT!

Inside the ring, Bates circles Tyler, who's basically using one leg to stand. Cyrus licks his chops and charges at Tyler, only to take a couple of steps back and laughs. It's clear the bigger man is toying with the champion.

Bates moves in again. Tyler tries to kick him away but Bates never gets close enough. P1 hops around the canvas, almost begging Bates to take him down.

**Tyler Fuse:**

Hey, Cyrus, what's it like being the NPC of The Comments Section?

Bates is confused.

**Cyrus Bates:**

NP... C?

Tyler nods.

**Tyler Fuse:**

Yeah. Non-Playable Character? BOT? Extra? Stand-in? Understudy? Walk-on?

The Bellicose Brawler draws a blank. Tyler's losing patience.

**Tyler Fuse:**

Just hit me, dumbass.

Bates charges and Tyler leaps over him, forward rolling on the canvas before the big man spins back around. The OG Player One sees Bates coming and launches onward with a flying forearm knocking the ex-power lifter down!

On the top of the ramp, Conor and Malak are going shot for shot and working their way to the performance stage. Malak takes hold of a drum set and throws it in Conor's direction but he misses. Malak finds a guitar and swings it like a baseball bat but Conor sidesteps it easily. Furious the guitar didn't work, Garland smashes it on the ground which allows for an opening. Conor races across the stage, taking hold of Malak's head and performing a tilt-a-whirl DDT right into the floor tom drum!

**DDK:**

Malak's PWN'd in the drum!

Garland's feet are all that can be seen, kicking back and forth as he struggles to work his way out of the drum.

*CLANG!*

**DDK:**

Conor takes the hi-hat symbols and starts smashing them together.

**Conor Fuse:** *[impersonating Malak Garland with the hi-hat]*

My name is Malak. I get anxiety over everything. Cry, cry, cry. I'm a pussyass-

*Whack!*

Malak pops out of the drum with a pair of drumsticks in hand. He cracks them over Conor's head. Garland finds a recorder sitting on a nearby music stand, likely from the Mortal Kombat orchestra performance.

**Malak Garland:** *[doing his best Conor Fuse impersonation]*

My name is Conor, one toot on this whistle will send me to a far away land.

Garland takes the whistle and attempts to jam it where the sun doesn't shine but Conor kicks it away at the last second and the two continue brawling across the rampway, working their way back to its center.

Inside the ring, Bates and Tyler are going shot-for-shot, as Tyler continues to stand on a leg and a half.

*Wham*, Tyler's knocked back pretty hard. He nods. He likes it.

**DDK:**

Tyler with a left of his own.

*Wham*, Bates stumbles further back than his opponent. But he does return the favour.

*Wham*. Tyler, again, loves it.

**Lance:**

These two might do this forever.

The scene switches to the top of the rampway, where Malak and Conor are going shot-for-shot too but it's not with nearly the same *impact*.

**Malak Garland:**

I told you to buy the EXPENSIVE, three-ply hammock and you didn't.

**Conor Fuse:**

Dude, will you STFU with that stuff. This is not the reason we're fighting.

**Malak Garland:**

It's not? You hurt my feelings! I'll tweet about it!

**Conor Fuse:**

You gotta look past the stupid hammock, moron. We're fighting because I tried to be your friend and you continued to take advantage of me. The hammock is a fucking McDuffin.

**DDK:**

He means Maguffin, right?

**Lance:**

Pretty sure.

Garland spits in Conor's face.

**Malak Garland:**

I CAN TAKE ADVANTAGE OF ANYONE I WANT. YOU DIDN'T CATER TO MY NEEDS! YOU'RE A STUPID BRAT WHO SHOULD BE PAYING ATTENTION TO ME. **ME**. MEEEEEEEEEE-

The Faithful cheer as Conor cracks Garland in the face but Garland follows it up with another low blow, snatches Conor by the head and runs him right into the C in the D E F C O N entrance sign!

**CRACK!**

**BOOM!**

**POP!**

*HOLY SHIT!*

*HOLY SHIT!*

*HOLY SHIT!*

**DDK:**

Malak threw Conor through the DEFCON C! I believe that's a LIVE LED display Fuse collided with!

Sparks fly everywhere. The Lakefront Arena loses power for a brief moment before regaining it. Garland looks pleased as he stands back (far back, so he doesn't get hit from the sparks), admiring his work.

**Malak Garland:**

C for Conor. There's your portal.

Without a care for his former friend, Garland turns around and starts to make his way down the DEFCON rampway. He's clearly in pain and can barely walk a straight line but he is alive.

Inside the ring, Bates and Tyler keep going shot-for-shot until Tyler gets the upper hand for good.

**DDK:**

Still on one leg, Tyler delivers three straight left fists into Cyrus and then pushes him into a corner. Tyler positions atop Bates, reigning more fists.

**Lance:**

Did Tyler see what happened to his brother?

**DDK:**

I know we lost power for a split second but Tyler seems to be in that *rage* mode so I don't think he has just yet.

The crowd counts the punches Tyler places into the top of Bates' hairless skull.

As if he's ready to give up already, the very un-resilient Malak Garland pulls his hair and screams at referee Mark Shields. This gives Tyler enough time to get to his feet, bounce off the ropes and fly halfway across the canvas with a shoulder block, knocking the spit right out of The Tyrant Troll.

The Faithful are loud as Tyler pulls himself up.

In something out of Conor's playbook, Tyler tilts his head back and does something extremely out of character.

Player One limps to the first turnbuckle and smacks the top pad.

**Tyler Fuse:**

Power up.

He limps to the second turnbuckle and smacks the top pad.

**Tyler Fuse:**

Now, with 50% less of a limp, he walks to the third turnbuckle pad and smacks it.

TWO.

LAST SECOND SAVE BY CYRUS BATES!

Half the crowd thought it was over as Tyler rolls to his back and looks at the ceiling!

**DDK:**

DAMMIT!!

**Lance:**

An out of character move for a guy that's never FULLY bought into the gaming stuff.

**DDK:**

Until now!?

Tyler uses the ropes to pull himself up. He sees Bates coming to. Cyrus drags his teammate up with him.

There, Tyler stands in a corner of the ring and a recovering Malak Garland rests against the chest of his "muscle". Tyler tries to take a step forward but once more, his right knee gives a little.

Malak cracks the faintest of smiles.

**Malak Garland:**

Bingo.

Garland pats Bates on the chest like he takes the left side and Malak takes the right. They slowly enclose on Tyler and the OG Player One, Intensity Personified, has nowhere to go.

**Malak Garland:**

Wanna play "tough big brother" with me now?

Tyler shows no fear and no intent to back down. He prepared himself to take on whoever comes at him first.

Or two at the same time.

Malak nods.

**Malak Garland:**

Attack.

**DDK:**

Garland and Bates charge Tyler but Tyler hits them with elbows! Still on one leg, Tyler hurries to find space and shoots himself into the ropes... he flies across the ring and jumps onto Malak's shoulders with a hurricanrana. Bates charges at Tyler but Player One lowers the top rope on Cyrus and he falls out of the ring. Tyler spins back to Malak Garland-NO! Garland with the airplane arm clothesline!!!

Tyler's flipped inside-out and crashes to a heap on the canvas. Suddenly, Malak Garland gets an idea.

**Malak Garland:**

WEAPON... GET!

He smacks Tyler across the chest, rolls the elder Fuse to the corner of the ring and then hops outside.

**DDK:**

Malak Garland is STEALING Conor's maneuver!

**Lance:**

Well, let's be honest Keebs, Weapon Get is Conor STEALING his opponent's maneuver!

The Faithful catch on. Malak Garland has dragged Tyler Fuse to the ring post and is going to apply a figure four leg lock around it!

**DDK:**

Tyler's crippled numerous people in his career with this figure four! Kerry Kuroyama, for one. Tyler put Kuroyama on the shelf for SIX MONTHS with this move!

Malak needs Cyrus' help to figure it out but once Tyler's feet are in position, Malak hooks his legs around P1 and the post, takes hold of Tyler's legs, jumps up and falls back.

**DDK:**

He's got it locked in!

Mark Shields slides into position, asking Tyler if he's going to submit.

**DDK:**

This is a legal submission!?

**Lance:**

Normally, no, no it wouldn't but I guess this is a move being performed in the ring!? Tyler's in the ring!

**DDK:**

And he's going to tap from his own calamitous hold!

The elder Fuse shouts in pain as Malak tugs on Tyler's legs for all its worth. Cyrus Bates nods like a madman, taking it in.

Tyler's hand goes up but the crowd is shouting for him not to tap! The Original Player is trying his best to fight through the torture!

**DDK:**

I don't believe what I'm seeing!

Tyler's hand lowers... lowers... lowers.

He ta-

He screams into the rafters instead.

Garland looks over to Bates, while still tugging at the leg, as if to ask Cyrus "is it over yet"? The Bellicose Brawler shakes his head no.

This rattles Malak. It rattles him so much his body starts to tremble, causing him to lose grip. In a strange turn of events, the longer this goes...

The less it hurts Tyler.

By now, Garland's not hanging off The Game-Changer. His back is pressed to the floor and the figure four leg lock is barely applied.

**DDK:**

Luckily for Tyler, Malak's terrible at submission-based wrestling.

**Lance:**

He had him, too, Keebs. Malak had Tyler dead-to-rights but showed no patience whatsoever!

Tyler tries to crawl to the other side of the ring, away from the challengers. Beside himself, Malak screams at Cyrus to pull back the apron and take out as many tables as he can find. Bates agrees while Garland slides into the ring and finds Tyler pulling himself up on the other side.

**Malak Garland:**

Hey, big bad bro.

Tyler seethes while staring a hole into his opponent.

Garland toys with Tyler to get to his feet. Suddenly, The Armchair Expert has an idea.

There are three more power-up blocks to be opened.

Garland looks towards the DEFCON entrance and sees EMTs tending to Conor from inside the C. Malak knows there's nothing to be scared of now as he scales another pole and knocks down a powdered blue question mark box in no time.

Malak lifts the box and gives it a shake, as if it were a Christmas present and he was trying to guess its contents.

This block in particular is larger than the other two. It's rectangular in shape. Garland busts the top open and pulls out...

**DDK:**

A keyboard!?

**Lance:**

Oh boy, Keebs. Do you see it?

The camera zooms in to show every key on the keyboard has a thumb tack glued to it... point facing out, of course. The Faithful view a close up on the DEFI-A-TRON and respond with horror.

Garland places the keyboard on the canvas and immediately charges Tyler. Tyler tries to get his foot up but Garland catches him with a lariat. Garland mercifully attacks Tyler with an overwhelming amount of rights and lefts, putting Tyler's ass on the mat. He lifts Fuse, sitting him on the top turnbuckle pad. Malak joins him up there.

**DDK:**

Malak Garland is going to suplex Tyler Fuse off the top buckle and into the thumbtacked keyboard!?

**Lance:**

I think so!

Finally, there's a LOUD !RANK chant as the scene switches to Conor, who finds his second wind, an Extra Life or another Continue. Conor reFUSEs further medical attention and makes his way down the ramp!

**DDK:**

Malak better move quickly in order to-

*SPLAT.*

*HOLY SHIT!*

*HOLY SHIT!*

*HOLY SHIT!*

**DDK:**

Tyler headbutts Malak Garland, lifts him up and TOSSES him back-first into the thumbtacked keyboard!

**Lance:**

He's not wearing his tank top, either! Malak discarded the burnt remnants of it after it was lit on fire!

Garland SCREEEEEEAMS at the top of his lungs! He rolls on his stomach but the entire keyboard is stuck to his back!! It's a perfect opportunity for Tyler to inflict more damage.

**DDK:**

LEG DROP TO THE BACK! The keyboard is jammed further into Malak's skin!

Tyler shouts into the rafters but no one can hear him because the arena is unglued! Conor finally enters the ring and this is when Cyrus Bates realizes what's happening. He's been stacking layers of tables on top of each other (two layers, three tables wide). Malak would've been proud. Maybe. Okay, doubtful.

**DDK:**

Bates charges at Tyler but Conor pops him with a superkick! The younger Fuse hits the ropes... LION SUIT SAULT!

*!RANK !RANK !RANK*

Conor stomps around the canvas, pumping his arms back and forth, psyching himself up. A hobbled Tyler Fuse gets in Conor's way. They almost bump into each other.

Tyler shoves Conor with everything he has.

**Tyler Fuse:** *[pointing to Cyrus Bates]*

FINISH HIM!!

Conor shakes with intensity as Tyler drags Bates out of the ring and begins placing him on top of the stacked tables! The Armlock Aristocrat turns to the pole displaying one of the last remaining power-ups.

**DDK:**

CONOR'S GOING UP! UP! UPPPPP!

The excitable Fuse climbs as the stoic one has Bates placed appropriately across the tables. Once Conor reaches the top of the pole, he climbs onto the miniature platform, a solid twelve-plus feet in the air.

Conor holds the block in his mits.

**Conor Fuse:**

Pick a box. Its contents will help you on your way.

And opens it.

The Faithful are trying to figure it out. Conor reveals some kind of golden *cloth*.

**Lance:**

I think it's a cape?

Conor shakes the "cloth" open, revealing that it is indeed a cape. He puts it over his shoulders. Despite the nonsense of the cape, the crowd is beginning to catch on and everyone rises to their feet. Additionally, it just so happens to be the power-up on the pole that's directly ABOVE the tables.

Tables Cyrus Bates rests on.

**DDK:**

Don't do it.

**Lance:**

No. Do it. It's DEFCON!!!

**DDK:**

Lance!

**Lance:**

What?

Fuse takes a deep breath as Tyler clears the way. Conor says a quick prayer from the platform before he leaps off it.

**CRRRRRAAAAASSSSHHHHHHH!!!**

**DDK:**

CONOR FUSE WENT THROUGH CYRUS BATES AND TWO LAYERS OF TABLES WITH THE SIDE-SCROLLING SENTON!

CONOR!

CONOR!

CONOR!

Conor and Cyrus lay in pieces. There's not much time to waste, though, as Tyler slides back into the ring and sees Malak Garland using the ropes to knock the thumbtacked keyboard off his back.

**DDK:**

Tyler rolls into the ring and delivers a discus clothesline to Malak!

**Lance:**

I think the end of The Comments Section is near!

Standing directly in the center of the ring, Tyler looks up. There's one final power-up to go... the one directly hanging above, wires attached to each one of the platform posts.

Tyler walks to a corner and starts climbing the pole. To everyone's shock, MALAK GARLAND is up! Garland makes his way to the opposite corner, climbs the turnbuckles and scales the pole!

**Lance:**

How is Malak moving!?

**DDK:**

He's not moving well, Lance. Blood is pouring down his back!

**Lance:**

Neither is Tyler for that matter. His knee may be damaged!

Tyler gets to the wire attached to the top of the pole. He starts monkey-baring his way to the center of the ring. Malak, however, is not that far behind, hugging the wire as he shimmies across.

**DDK:**

You'd have to think whatever's in this one will seal the deal!!

*LET'S GO TYLER, LET'S GO! Clap, clap.*

*LET'S GO TYLER, LET'S GO! Clap, clap.*

*LET'S GO TYLER, LET'S GO! Clap, clap.*

Tyler arrives first but his balance isn't strong. He waves at the large question mark block, unable to hook it off its latch. This gives enough time for Malak to arrive. However, he does not have interest in retrieving the big powder blue question mark box. Instead...

*Click.*

**DDK:**

Malak's handcuffed Tyler's right arm to the wire!

Garland sneers as Tyler looks at his wrist, completely caught off guard by what took place. Fuse swats at Malak but The Thirst Trapper has made sure he's moved back far enough. Knowing Tyler can't get him, Garland swipes at the question mark block.

**Lance:**

Where did Malak get the handcuffs from!?

Garland comes close to knocking the box off the latch. He stops for a moment, looks at Tyler and swings his feet forward, knocking the box to the canvas below. Malak jumps down to join it.

A replay shows Malak getting the thumbtacked keyboard off of him and sliding out of the ring, looking underneath the apron and taking a pair of handcuffs before getting back into the ring and meeting the discus clothesline by Tyler.

**DDK:**

There's nowhere Tyler can go! He's STUCK on the wire!

Garland looks at the block but then makes a mad dash out of the ring and finds Conor Fuse on the floor. Garland drags Conor to his feet and works him into the ring. Malak follows.

Tyler, who remains on the wire, tries to rip at the handcuff with his free hand but it's no use. The older brother's only hope is to let himself go from the wire and see if he can either snap the handcuffs off it, or take the wire and the whole

system down with him.

Garland shouts at Conor, with Player Two propped against the ropes.

**Malak Garland:**

IT'S OVER FOR YOU! AVALANCHE!!!!!!

#OHMYGOSHYOULOSTSOSADLOL

Pumphandle DDT. Garland laughs.

Tyler knows he has no choice. He drops his weight from the wire. Either his wrist is going to snap or the wire is going to give!

Mark Shields slides into position for the pin!

Luckily, the wire DOES give under Fuse's weight and Tyler's feet touch the floor! However, the handcuffs haven't snapped and neither has the wire! Instead, the wire is pushing against the second wire attached to the other two poles! And BOTH wires are bending the platform poles into the ring... but nothing is breaking! Not yet!

Malak hooks Conor's leg.

Tyler tries to pull forward but he can't find anymore slack in the wire!

ONE.

Tyler screams.

TWO.

**Malak Garland:** *[deadpan]*

I'm sorry but your princess is in another castle.

Garland charges Conor, winding the piñata back like a baseball bat.

**CRACK!**

**BOOM!**

**POP!**

Not only does the game shark burst across the chest of Conor Fuse but smoke and sparks fly from its insides upon impact!

**DDK:**

JESUS CHRIST!! SOME KIND OF EXPLODING BARBED WIRE GAME SHARK!!

Conor's down.

Malak's on a knee.

And Tyler pulls and pulls and pulls at the handcuffs.

It takes Garland a moment to recover himself but he positions Conor Fuse properly and tells Mark Shields to make the count. Shields slides into position.

Tyler, once again, decides his only course of action is to take the wire and platform poles down with him. He pulls back **WITH EVERYTHING** he possibly can on the handcuff.

The only sounds heard within the Lakefront Arena are the pin, the slow bending of metal poles and the verbal struggle Tyler Fuse is going through.

ONE.

Tyler bellows and the four platform poles bend inward as far as they can!

TWO.

The wire **FINALLY** snaps and so does the handcuff chain! Tyler leaps towards the pinfall while Malak Garland looks up and gives Tyler the finger.

**THREE.**

Tyler lands on top of his brother, a moment too late.

***DING DING DING***

**DDK:**

No.

The arena continues its silence as Malak Garland wobbles towards the time keepers table.

**Malak Garland:**

GIVE ME MY GOD DAMN **FUCKING** SHINIES.

And snatches all five title belts before he **BLASTS** the time keeper in the face!! Blood on his chest, tacks stuck to his back, Garland doesn't even care about Cyrus Bates who remains sprawled across the six broken tables.

**Darren Quimbey:** *[somberly]*

The winners of this match and new Unified Tag Team Champions... The Comments Section.

Some boos reign in as the Shinedown theme plays but most of the fans sit in the reality that The Fuse Bros. are no more.

Malak reaches the top of the rampway before he falls to his knees, unable to stand any longer. EMTs race out to Malak and Cyrus while Tyler stays perched over his fallen brother.

**DDK:**

An unreal match. In the end, Malak Garland pulls it off.

**Lance:**

You have to give everyone credit here. The knock on Malak was he can't wrestle. He's weak. Perhaps he's found something in this 'avalanche mode'.

Conor slowly comes to on the canvas and Tyler refuses medical attention for them both.

The broadcast goes through a number of replays for the match.

**DDK:**

We thank you all for being here tonight.

**Lance:**

An incredible night, Keebs, despite this down note.

Conor is upright and asking Tyler what happened. The younger Fuse looks above, seeing the two wires completely destroyed and the four platform poles slanted inward. Conor is struggling but he pats Tyler on the chest.

DEFCON switches to a montage, recapping Night One's events:

- Oscar Burns and Scott Stevens finding revenge against ADV and Jack Mace.
- The reckless Gage Blackwood systematically destroying Teresa Ames and her gluttony of social support before eating a vicious back elbow and three count.
- Henry Keyes and Rezin's amazing exchange, ending with the BELL CLAP.
- Kendrix and Jay Harvey's back-and-forth war.
- Elise Ares seeking retribution against Perfection.
- Dex Joy and Scrow destroying each other.
- And finally, the UNIFIED Tag Team Champion match, showing the wreckage throughout.

The scene switches back to inside the ring one final time. Malak and Cyrus are gone. All that remain are Tyler and Conor.

## THE LAST OF US

The Gamers are on their feet, standing quietly as they process the events that took place.

The Fuse Bros. are over.

Game Over.

Tyler takes a deep breath and lets out a huff. He looks over to the turnbuckle Conor is resting in and gives a slight smile, like they gave it all they had and there are no hard feelings. Conor, trying not to be overwhelmed with emotions, nods only once. Player Two raises a hand to his face and tilts his head back, desperately trying to find the positives in their battle.

The announcers stay on radio silence as Tyler hits the mat lightly and struggles upwards. He gazes into the crowd...a standing ovation follows.

Tyler looks to his wife, Princess Desire, who appears at the stage. She claps Tyler on and then vanishes, giving the brothers the ring to themselves. Tyler thanks the fans for their support but ultimately points to Conor, who's sitting in the corner, depressed. The Faithful roar in response upon Tyler acknowledging him.

*!RANK !RANK !RANK*

Tyler limps over to Conor and extends his left arm, offering to help his younger brother off the mat. Conor shakes his head no, sucks back emotion and then stands, immediately hugging Tyler as the tears start to flow. The ever so stoic and cold-willed Tyler returns the embrace and smiles genuinely. The announcers break their silence.

**DDK:**

What a moment! It wasn't to be but they laid it all on the line...

**Lance:**

They most certainly did. This is a match no one will forget anytime soon! The Fuse's are going out on top.

The embrace ends as both men walk to the center of the ring. Tyler raises Conor's hand...

The fans continue to cheer.

*"THANK YOU FUSE'S!" Clap, clap, clap, clap, clap.*

*"THANK YOU FUSE'S!" Clap, clap, clap, clap, clap.*

*"THANK YOU FUSE'S!" Clap, clap, clap, clap, clap.*

**Lance:**

It's important to know both these guys aren't going anywhere. They are signed to long-term DEFIANCE contracts. While The Fuse Bros. era may be over, both guys proved they can be more than successful on their own.

At the end of Lance's words, the lights dim and, ultimately, turn off.

Lightning crackles and thunder rumbles. Due to every Faithful member having cell phones, Tyler and Conor are still in view. Conor conveys a sense of worry as he looks over to his older brother. Tyler, however, doesn't seem phased.

The lights flick on to 30%.

Three key figures stand on top of the rampway.

Stalker.

Rezin.

Victor Vacio.

...Surrounded by generic Reapers, running all the way down the ramp.

Conor looks directly at his brother and spins him around, placing a hand on Tyler's shoulder.

**Conor Fuse:** *[off-mic]*

Why are they here? We can fight them! Let's take them all on! What else do we have to lose...

Conor's voice trails. Looking into his brother's eyes, he's put together the answer.

**Tyler Fuse:**

I'm sorry.

More tears swell up in Conor's eyes. The Fuse's conversation continues off-mic as The Faithful watch on in anticipation.

**Conor Fuse:**

Why do they want *you*? I thought...

Tyler shakes his head no.

**Tyler Fuse:**

I was never the good guy in this story, Conor.

Conor's hand lowers from his brother's shoulders.

**Tyler Fuse:**

You have been the light for both of us. I possess none of your skills.

Conor starts shaking his head no. He refuses to believe what his brother is saying.

**Tyler Fuse:**

I will always support you. I will always have your back. You're going to be the FIST of DEFIANCE one day, I know it. Look at how many people truly believe in you.

Conor takes a step back.

**Tyler Fuse:**

But for me? I'm sorry, it's the only path I know.

Conor speaks with passion.

**Conor Fuse:**

No it's not. You are so much better than every single one of *them*! You can accomplish everything you want on the GOOD side, too! You don't need them. You never did; you never will.

Tyler disagrees. He pats his brother on the chest.

**Tyler Fuse:**

I wish you were right.

The elder Fuse smiles warmly.

**Tyler Fuse:**

I will always have your back. We will always be brothers. I'm sorry... I truly am.

Tyler drops to his knees and rolls out of the ring. Head down, he significantly limps up the rampway, through the line of Reapers on both sides of him. The camera cuts to Conor Fuse, emotions flowing.

Stalker grins sadistically as Tyler approaches the group at the top of the rampway. The Original Reaper holds out an orange-eyed Reaper costume as Tyler methodically nods and takes it from him. All of the Reapers and The Kabal turn to exit the stage, all except Stalker, who stands for a brief moment to make eye-contact with an overwhelmed Conor Fuse in the middle of the ring.

Stalker winks.

Jason Reeves follows his crew to the back as the DEFIANCE signature appears in the bottom right hand corner of the broadcast feed, leaving Conor crying in the middle of the ring.

Heartbroken.
