Text on the video broadcast reads "Earlier today. DEFIANCE Wrestle-Plex parking lot, Wrestlers' Entrance."

Henry Keyes strides through the paved pathway towards the backstage door, lugging along an ancient-looking rolling leather case. He's wearing what passes as streetwear for him, which includes a heavy navy-and-red knee-length leather coat and heavy goggles raised to his forehead. He pulls out a brass pocket watch to check the time. Satisfied, he puts it back in his pocket and resumes looking forward - abruptly stopping in his tracks, startled.

### Henry Keyes:

I guess I should have seen this coming, huh.

Standing in front of him, Jack Mace and Alvaro de Vargas in matching black Better Future tracksuits. Keyes releases his grip on his baggage and removes the goggles from his head.

### Henry Keyes:

I've seen you snakes circling Conor. You don't know me well yet, so let me share something you need to understand...don't go after my friends.

Alvaro snorts derisively.

### Alvaro de Vargas:

Conor doesn't want your help any more, pendejo. Eres una mosca que sigue revoloteando alrededor de su cabeza. Little fly buzzing around his head.

### Jack Mace:

Oi... time for you to get fuckin' swatted, mate.

Keyes sees that he's outnumbered by the two larger men, but that doesn't stop him from throwing a headbutt into the face of Mace unexpectedly! ADV fires back and then jumps Keyes with a big knee to the gut! He starts pummeling him right after right to the gut and then Alvaro grins as he holds Henry up by his hair.

### Alvaro de Vargas:

Time for you to go away now, pende...

He gets gut-checked with an unsuspecting uppercut from The Airship Pirate, then gets a big right across the face before he grabs Alvaro and tries to slam him through the nearby door... but then he gets grabbed from behind by Mace! Mace starts to choke out Henry Keyes quickly as a staggered (and now PISSED) Alvaro de Vargas puts a boot into his gut! Mace continues holding him in the Jack of All Holds as they drag him to a nearby production crate. Mace throws him into the grip of Alvaro...

### ABAJO VAS ONTO THE PRODUCTION CRATE!

After the chokeslam connects, Keyes bounces off the crate and then crumbles to the ground nearby. Alvaro then nods as Mace holds Keyes in place... then he ROLLS the crate and SMACKS him with it!

The Airship Pirate is left in a heap, writhing in pain with Mace and Alvaro standing over him. ADV and Mace both take their leave and silently bump fists in approval before taking their leave.

## FAVORED SAINTS CHAMPIONSHIP: MINUTE Â© vs. NED REFORM

### DDK:

We've got a heck of a match to kick off tonight's show! Two weeks ago, we saw Minute defend the Favoured Saints Championship against a very game Nathaniel Eye! And tonight, we kick off the show when Minute defends the title against the undefeated Ned Ref... sorry... DOCTOR Ned Reform.

### Lance:

Reform has promised to lead DEFIANCE by example and scored a nice streak of wins on UNCUT, then made his proper DEFtv debut two weeks ago in an impactful manner... by injuring "Bantam" Ryan Batts before defeating him to earn this shot.

### DDK:

We've seen... ugh... Dr. Reform take an interest in Nathaniel Eye as his protege, but when Eye turned him down cold, Reform has been obsessed with proving himself to be superior to the young blue chipper in every way. Reform does have the skills in between the ropes to get it done. Can he do what Eye could not two weeks ago and wrestle the Favoured Saints Title from Minute, or will the Titan of the Sky march towards Maximum DEFIANCE and Rezin? We'll find out... now!

The camera moves to Darren Quimbey in the ring.

### Darren Quimbey:

The following contest is set for one fall and it is for the DEFIANCE Favoured Saints Championship!

♪ "Fur Elise" by Cole Rolland ♪

The crowd begins to boo as Ned Reform emerges from the back dressed for competition in his purple and white singlet. Reform is flanked by his gaggle of TAs. He pauses to turn his head to look around to the legions of jeering fans before smiling broadly and gesturing to TA Holyoke, his personal ring announcer.

### TA Holyoke:

Introducing first...your SOON TO BE Favoured Saints Champion... from Litchfield, Connecticut and weighing in at 227 pounds... DOOOOCTOR NED REFROOOOOORM!

Reform throws up his arms and begins to make his way down to the ring with his posse in tow. He stops, gesturing for TA Holyoke's mic. He makes a motion for his theme to cut out.

### Ned Reform:

Children... on this night, as I prepare to make history with my first ever DEFIANCE championship, I offer you one piece of humble advice...

Reform pauses, letting his words sink in. The camera catches a young lady in the front row near him giving him the finger.

### Ned Reform:

You see, tonight will go down as a turning point. The Reform movement begins today. Someday, when you're telling your children about the dark, backwards place DEFIANCE used to be, this day will be universally agreed upon by wrestling historians as the dawning of a new age. I'm sure your first impulse is to take out your phone for photos or video of this momentous event. I understand that desire. But a word of warning: studies show that we actually remember events LESS when we view them through a screen.

Reform pauses, shaking his head up and down and really letting his words sink in. Among the Faithful, a small "RE - FORM - SUCKS" chant gets going, but Ned pays it no mind.

### Ned Reform:

And so do yourself a favor. Watch this match the ol' fashioned way. Take in every move with your senses. Feel the raw

emotion as it happens. Live in the moment, children. And together, we will begin the hard work of redesigning DEFIANCE. Together, we can make a difference. Now... maestro! The music, please.

Minute in the ring now! Uriel is going to be a late arrival for later tonight and Titaness will be in action against Lindsay Troy in just a little bit so she's preparing for her own match. Minute goes it alone against Dr. Ned Reform and he knows he has a literal golden opportunity in front of him.

Minute hands the title over to Hector Navarro and holds up two fingers to Reform, telling him he's gunning for his second successful defense. Reform mouths "You're one and done, young man!" The bell then rings.

**DING DING!**

The two men lock up quickly and it's Minute that gets taken off his feet first! The Good Doctor lifts him up and then drops him down with a rear waistlock takedown, then turns around into a front facelock to ground the luchador. He smirks and has the advantage for a moment.

**Lance:**

The Titan of the Sky starts to fight his way upwards, but The Warrior Poet doesn't give him the chance to mount an offense when he gets clocked with a double knee lift. Minute goes down.

**Dr. Ned Reform:**

I have successfully grounded this stunted human being, ladies and gentleman! Observe!

As he goes to try and pick up Minute by the hand, he pulls him upwards, but feels a sting in the form of a STIFF kick by Minute to his left leg! He fires back with two more harsh kicks and then grabs The Good Doctor's hand. He tries a whip, but the stronger challenger turns the tables and sends him into the ropes. Reform follows behind him, but as he runs, Minute does a tiger feint kick between the ropes to hit him in the stomach as he approaches!

**DDK:**

And that'll teach him to pontificate in the middle of a match. See? I know big words, too.

Reform is doubled over as Minute returns to the ring, then fires more kick to double him up. Reform instinctively heads to the ropes, but Minute runs and hits another tiger feint kick OVER the ropes this time, clocking him a second time!

Rolling knee bar! Troy switches it up! Titaness might have to tap if she can't get out of this!

The Show of Force gets cheers from the crowd as she tries to fight her way free from the hold, but Troy has the hold clasped on almost completely! In a panic, Titaness grabs an ankle of Troy's and then begins to twist it herself! Troy howls out when she manages to try an ankle lock of her own from the hold! Troy lets go of her hold to kick herself free from Titaness!

**Lance:**

Titaness maybe learning a thing or two using that amateur background of hers! She turned Troy's hold into one of her own and got Troy to let go and save the leg!

When Troy rolls through, Titaness leaps forward and KNOCKS her down with a huge sliding clothesline! Both women are down now with The Lady of the Hour being knocked loopy and Titaness favoring her left knee.

**DDK:**

## SNS vs. THE MIDCARD EXPERIMENT

### DDK:

Coming up next is some action of the tag team variety, featuring the number one contenders for the Unified Tag Team Titles, The Saturday Night Specials!

### Lance:

SNS has been on a roll as of late, partner. Without a doubt they're one of the hottest tag teams in DEFIANCE right now, and they've earned their chance at The Comments Section. That being said, Malak and the rest of The Comments Section are at the top of the tag team mountain for a reason. Not only are they great in the ring, Malak is also a master manipulator who has a knack for sucking the confidence right out of opponents before big matches by creating tension between them.

### DDK:

Malak's mind games have been notoriously effective in helping The Comments Section achieve the success they have, it's hard to deny that fact. And it didn't take long for him to try and create some tension between SNS on the last DEFtv when he tried to get under Pat Cassidy's skin by replaying the footage of the one and only match that took place between Cassidy and Newbludd. More specifically the ending of it that saw Brock pin Cassidy's shoulders to the mat for a three count.

### Lance:

If you ask me, it was a pretty weak attempt by Malak to try and divide SNS. But, like I said before, The Keyboard King is one of the best at getting inside an opponent's head. My guess is he was simply testing the waters with SNS or maybe, just maybe, that is all he has on them. Brock and Pat are not only tag partners, they're business partners too, and so far both of those endeavors have been paying big dividends for them.

### DDK:

Indeed they have been, Lance. With the big showdown at MAXIMUM DEFIANCE on the horizon, SNS wanted to cement their status as number one contender's even further by issuing an open challenge to the rest of the tag division. Two weeks ago we saw them defeat the first team to step up to the plate, Customer Support. Now, it's time to see which team will be next to accept their challenge. Any predictions, Lance?

### Lance:

None. The tag division is as hot as it's ever been and there are plenty of teams who'd like nothing more than to move up the ranks by beating SNS. Your guess is as good as mine, DDK.
