DDK:

WELCOME EVERYONE TO MAXIMUM DEFIANCE, Night Twoooooo!!!

Lance:

Are you ready, Keeps? Last night was INSANE! Tonight, we have the FIST on the line in a match where FIVE different wrestlers could walk out as champion!

"REAPER RED" TYLER FUSE vs. CODENAME: GUARDIAN vs. TERESA AMES

DDK:

To start off night two we've got Tyler Fuse donning the Reaper Red gear versus Codename: Guardian versus Teresa Ames.

Lance:

What's Ames' role in all of this?

DDK:

Well, she was attempting to PROVE herself to The Kabal but recently went a little haywire and now it's anyone's game as to what's going on. My understanding is "the plan" was to see either Tyler or Teresa in this role alone but now both are tasked with trying to takedown the Guardian, even though Tyler Fuse is really the only one The Kabal can rely on.

Lance:

That... surprisingly makes sense.

DDK:

They don't pay me for nothing, Lance.

Lance:

I'll say.

As the MAXIMUM DEFIANCE Beach scene is put on full display, the typical 'white static' video package for Codename: Guardian has been replaced by a clear blue ocean. The word 'CODENAME:' appears in solid and impactful looking black letters on the DEFIATron's video visual of a summer time break. Below it, a strange code appears, a random set of numbers but before anything can be made of it, the numbers start flipping into letters until the word 'GUARDIAN' appears below it.

DDK:

Conor Fuse gets most of the attention and for good reason. But Tyler, in the middle of this very ring, can bring it. Both Ames and Guardian better be on their game tonight.

The impact of the move has both wrestlers stunned...

Somehow, Teresa Ames is pulling her act together and entering the ring.

Via the top rope.

DDK:

Ames is up there. I don't know if this is a situation she finds herself in too often.

Lance:

Not at all. Teresa's still learning the ropes, pun intended. She did well to withstand The Kabal's battle royal invitation but she's got lots to prove!

Ames wobbles on the top buckle, trying to measure her opponents and keep herself from falling in the process. Once Guardian is to their feet and Tyler's on a knee, she jumps.

DDK:

Hurricanrana to Guardian!

Lance:

And a backbreaker to Reaper Red!

Ames pulls upright. She's on a roll...

DDK:

Missile dropkick to Guardian! The Masked Hero falls out of the ring!

Ames turns to find Tyler Fuse-

DDK:

And Tyler with a t-bone suplex to Ames! The Keyboard Queen lands on her head!

Guardian works their way back into the squared circle, however, it's Ames who gains a second wind and clubs her right knee into Guardian's head! Fuse joins in to Alabama slam The White Ranger and then hovers over Teresa.

DDK:

This isn't new ground for Tyler Fuse. He's been a part of a triple threat match like this before, alongside Stalker and against Scott Douglas. Ideally, Ames and Fuse should be on the same team. Ideally. But they aren't. Just like the initial stages of Fuse-Douglas-Stalker.

Ames walks towards the Guardian while Tyler Fuse stays back. Guardian is quick to be on the defensive and charges Teresa with a sling blade, knocking her down. Both rise but The Guardian connects with another sling blade.

DDK:

And there's Reaper Red, Tyler Fuse, with a pump kick to Guardian!

The Reaper drags Guardian by their hood and throws them into the turnbuckle. With rage, Fuse bellows in and knocks the air out of Guardian with a stinger splash. He hip tosses Guardian to the center of the ring and Teresa Ames pops up, delivering a ripcord clothesline.

Teresa Ames:

Peekaboo!

Reaper Red methodically walks out of the corner, snatches Guardian and lands a belly-to-back suplex.

He holds on.

And hits another.

Another.

Another.

Fuse discards the Guardian and turns his attention towards Teresa.

“Reaper Red” Tyler Fuse:

Go.

Lance:

So we ARE seeing Ames and Fuse on the same page!

Ames smirks sadistically as she mounts the Guardian and begins clawing and scratching at the Hero's mask.

DDK:

That mask is on pretty tight!

Lance:

I don't think Ames is trying to rip it off, actually. I think this is simply some of Teresa's offensive abilities.

Ames lifts the Guardian and hurls him into the ropes. Ames lowers her head but this is where Codename: Guardian stops in their tracks, drops to a knee and uppercuts Ames under the chin! The Keyboard Queen flies back but Tyler Fuse appears with a spear!

DDK:

Spear from the side! Guardian never had a chance!

Tyler hooks the leg.

ONE.

TWO.

AMES WITH THE SAVE!

The Reaper methodically rises from the canvas, body language displaying he is none too happy with The ASMR Artist. First, however, Fuse peels Guardian off the canvas and HURLS her out of the ring, through the top and middle rope.

SLAP!

Ames slaps Fuse in the side of the face!

DDK:

Is this... smart!?

Lance:

I don't know. You know how unstable Ames is. Who knows what changed the narrative for her. One second they're working together and now, again, they aren't.

SMACK #2!

However, all Fuse does is laugh.

“Reaper Red” Tyler Fuse:

We've gotten rid of the weak one. You want to prove your worth? HIT ME AGAIN.

Teresa seems glad to do so as she races towards Tyler but when she leaps into the air, Fuse catches her and tosses Ames out of the ring, on top of the Guardian!

Fuse slingshots himself over and out, crashing onto both combatants! Reaper Red doesn't take long to ply Ames off the mat and drive her face-first into the left ring post. Next, he finds Guardian and does the same to her, only throwing her to the post on his right hand side!

The Reaper puts both opponents into the ring and follows. A snapmare to Teresa is followed by a kick to the small of the back. He lifts Ames up with ease and throws her more than halfway across the ring in a release German suplex.

The Guardian struggles to find a vertical base. It's not for long, anyway, as Reaper Red positions behind him and connects with a snapdragon suplex.

DDK:

It's all Tyler Fuse.

Lance:

Not surprising. He is the most technical sound out of all three members.

The elder Fuse puts Guardian into the ring. Then he finds Teresa Ames and places her over his shoulders in a fireman's carry.

Tyler goes to the top rope.

“Reaper Red” Tyler Fuse: *[shouting to The Faithful]*

This is what happens to the WEAK. The misguided. Those who FAIL DEFIANCE!

The Faithful give a shout as Fuse throws himself and Ames off with him.

DDK:

DEATH VALLEY DRIVER from the top!

It's over!

ONE.

TWO.

SAVE BY GUARDIAN!

Fuse pops to his feet and levels Guardian with a discus clothesline. The White Ranger topples to the canvas as Tyler bellows into the rafters again and whips Guardian to the corner across the way. He meets the buckle hard. The ring shakes on impact. Tyler stalks his prey.

Lance:

I haven't seen Tyler this amped up before. And he's WAY more amped up than his brother to begin with, in terms of sheer intensity.

Tyler continues to whip Guardian from pillar to post. Irish whips into all four turnbuckles knocks what little air is left out of the Guardian.

DDK:

Tyler's going for his finisher, CQC here-

At the last second, a desperate Guardian pushes Tyler off and to the center of the ring. Anger flowing through him, Fuse turns around and charges Guardian without thinking. C:G gets both knees up and The Reaper runs into them.

DDK:

And a bulldog by Guardian! Guardian performs CQC on Tyler! He hooks the leg!

ONE.

TWO.

KICKOUT!

Guardian takes a glance at Benny Doyle but the referee informs the Masked Ranger it wasn't a three. Nodding, Guardian tries for a suplex on Fuse but it's blocked. He tries again but it's also blocked. Tyler elbows Guardian in the chest and hooks in his own suplex in the form of a falcon arrow with a hooked leg.

ONE.

TWO.

SHOULDER UP.

Reaper's anger comes to a boil. He stands, shoves Benny Doyle and hurls Guardian into a buckle. Tyler sprints in with a clothesline that knocks Guardian onto the top rope. Fuse is about to lift The White Ranger from the top rope when Teresa Ames joins him!

DDK:

Wasn't Ames put down by a death valley driver FROM Tyler Fuse!?

Lance:

Yeah, I don't get it, either.

Ames and Fuse connect with a double brainbuster on Guardian!

Then Ames shoves Tyler.

The Reaper takes one step back and looks Ames over. She's rattled, shaking, clearly hurting from the brutality. However, The Keyboard Queen is still in one piece and not backing down from the masked man.

Victor Vacío:

Te rompí la mano y lloraste.

Unable to contain his rage, Cortez tries to go after him and steps over the ropes to the floor... but Vacio slides back in! When Cortez tries to get back up, Vacio lands a dropkick and rocks the big man on the ring apron!

DDK:

Vacio gets under his skin so he can launch an attack! He's offsetting Cortez's size right away!

The blow sees him back on the floor where Vacio sees his chance. He runs off one side of the the ropes to the other and then DIVES through the ropes with a massive suicide dive that knocks Cortez back a bit, but does NOT bring the big man down! Cortez is left stumbling so Vacio can head back into the ring. The demonic luchador heads off the ropes again inside and then launches a SECOND suicide dive!

Lance:

Goodness! Two big suicide dives, but Vacio hasn't knocked Cortez down! He's got him stumbling, though!

DDK:

And I think he's gonna go for a third!

Vacio slides back in a third time and waits for Cortez to try and head back towards him. He grabs both ropes and then takes flight looking for a third suicide dive...

BUT CORTEZ CATCHES HIM!

DDK:

Oh, no, here's trouble for Vacio!

The Lost Cause gets palmed by the back of the head, and then...

THWACK!

Cracks Vacio with a violent chop while bent backwards, sending him crashing to the floor!

Lance:

Son of a... we heard that all the way up here on the ramp! That wasn't sweat knocked off his body after the chop, that was Victor Vacio's soul leaving his body!

DDK:

Lance, don't be ridiculous... when have you known Kabal members to show that they have souls?

Cortez looks out to the sea of the rabid Faithful and then throws Vacio back inside. The Titan of Industry watches Vacio try to get back up in a neutral corner, but Cortez grabs him and then holds him over the shoulder with ONE ARM! Cortez uses his braced hand and eggs the crowd on to chant. The Faithful starts to build up in chant... then he DRIVES him down with a massive delayed body slam!

DDK:

The crowd is loving this right now! Victor Vacio getting what he deserves after his repeated attacks against Los Tres Titaness over the last few weeks.

Lance:

That's right! And Uriel looks like he's gonna try and take his time punishing him. Don't know if that's wise, but I can't fault him, either.

Cortez grabs Vacio again and does the same thing. He holds him over his shoulder in a body slam set up and he eggs the crowd on for applause as he holds him... then DUMPS him right down! The Lost Cause arches his back in pain and thrashes around the mat!

DDK:

Cortez working that back! He has that rarely-seen Industry Great submission that he can use if he chooses!

Lance:

And a HUGE body shot to Vacio! Big move there!

Uriel had just beaten Vacio and DRILLED a big fist (again, good hand) into his chest, doubling him over in pain. Cortez grabs Vacio by the neck and then leads him to his feet. He rolls him over with a snapmare...

THWACK!

Then delivers an EXTRA-STIFF forehand chop to the back, sending shivers up the spine of Vacio, causing him to thrashing about in pain! The Lost Cause lets out curses in Spanish and is still about while Cortez stares down at him.

DDK:

He's looking a little like the Cortez of old. Just completely overpowering and battering down on his opponent.

Lance:

And not to mention, he's in far better shape now than he was when he first joined DEFIANCE at the end of 2018. He's shredded some pounds, gained a little speed and has worked on his chop-based offense. Vacio needs a way out fast.

But he doesn't get off so easily when Cortez pulls him up by his feet and then gets whipped into the corner. Cortez fed off the crowd and listened to the cheers before he rushed forward. Vacio moves out of the way of the oncoming charge, but comes off the ropes and lands a big corner elbow smash to the chest of Cortez... but the blow barely registers an angry monster. Vacio shakes his head and then kicks the leg several times to rattle The Titan of Industry.

A second run off the ropes leads to another charging forearm, but Cortez shakes it off and then piefaces Vacio, sending him to the mat. He rolls through his feet and then comes back with a dropkick that knocks him back into the corner. Cortez is finally shaken when Vacio tries to recover from the vicious chops he's eaten so far. The camera catches the two red welts - one on his chest and one on his back!

DDK:

Look at those welts!

Lance:

Yeah... and now Vacio is back on the attack... NOPE! SPOKE TOO SOON!

Vacio tries to run at him again, but Cortez catches him in his arms! Vacio tries frantically to free himself, but The Titan of Industry grabs him and then THROWS him into the corner! He looks like he's gonna set up Vacio for the two-handed Chop of Ages... but Uriel looks at his left hand and then shakes his head... so he settles for an extra STIFF chop from his good hand...

THWACK!

THWACK!

THWACK!

Or three!

Vacio gets dropped to his knees, falling to the mat and clutching his chest!

DDK:

I think that The Lost Cause is almost done! He couldn't use that two-handed Chop of Ages, but he could just chop him multiple times with the good hand!

Lance:

I bet Vacio wishes that he had the chance to hit BOTH hands!

As Victor Vacio is down on the canvas, Cortez shouts out that he's done and The Faithful get ready for what's to come. He grabs Vacio's shoulder with his braced hand and then gets ready to end things.

DDK:

Industry Standard coming right up!

He tries to get him up for the move, but at the apex a VERY desperate Vacio goes for the left eye and rakes it! Cortez yells out in pain and drops Vacio back to his feet... exactly what he wants. Cortez tries to swing at him, but Vacio buys him some precious seconds to go after he braced hand, striking it with a few elbows! The Titan of Industry finally registers pain, but then shoves him back to the ropes. Vacio tries to come back and Cortez swings with a wild clothesline. Vacio ducks and comes back off the ropes a second time...

Cortez misses the elbow...

AND HE DIVES THROUGH THE ROPES, KNOCKING DOWN TITANESS ON THE OUTSIDE WITH A HUGE SUICIDE DIVE!

DDK:

What the hell... what is he doing? She's not even in the match!

Lance:

Vacio just wiped out Titaness with that dive on the outside! No way that was an accident. No way at all!

The crowd JEERS as Titaness gets knocked down while Cortez tries to get sight back in his eye. He looks over and he sees Vacio now getting back and letting out an evil cackle.

DDK:

Oh, no, Cortez sees him. This is trouble for Vacio!

Or so it appears, but then when Cortez tries to reach over the ropes, he grabs Vacio and LIFTS him onto the ring apron! Before he can pull him back into the ring, Uriel gets his hand SNAPPED over the ropes!

Lance:

We've got a trainer at ringside checking on Titaness, but right now all eyes are back on Cortez! Vacio couldn't beat him head on so he finally finds a free shot and goes after that hand!

The crowd jeers Vacio as he starts to go to the top rope and waits for his chance to strike. He takes flight with a huge front missile dropkick to the chest! The blow doesn't knock Cortez down, but does push him backwards to the corner!

DDK:

And now what's Vacio got planned after that opening. That SOB attacked Titaness with that suicide dive and now he's got the opening he needs.

Titaness comes around on the outside, but as that goes on Vacio measures him and STRIKES him with a well-placed superkick to the knee. The blow sends Cortez hobbling and then a dropkick to the same knee finally drops Cortez down to a knee where Vacio wants him. He measures him up and then ROCKS him with not one, but TWO big superkicks and finally, Cortez is flat on his back for the first time! Slater hurries over when Vacio tries the first cover of this match.

ONE!

TWO... NO!

Cortez THROWS him off his body and even sits up, driven by straight-up anger for the devilish luchador!

DDK:

Oooh, boy... he's doing what he can... but Vacio comes back with another dropkick to the head!

Cortez goes down to the mat, flat on his back a second time. The Lost Cause gets back on his feet as Cortez lays back... then delivers a jumping stomp to the hand!

DDK:

You knew he'd do it the first chance he gets! He stomps the hand of Uriel Cortez!

Lance:

He's relentless. And most of the time he doesn't even care about winning matches. He just wants to take things from people or hurt them. He's deranged.

The former BRAZEN Champion watches as Cortez tries to roll the other way in order to try and protect the hand, but Vacio unleashes a hard running kick right at the hand! Cortez tries not to cry out and bites down, but he reels back and pounds the canvas in frustration after the second kick.

DDK:

Look at Vacio! Normally he's not the type to target a body part like this, but he's gotta do whatever he can against the giant!

Lance:

Titaness seems to be okay on the outside. She's trying to get away from the trainers. She's concerned more for Cortez in that ring right now.

Sure enough, The Faithful starts to cheer The Show of Force as he gets back to her feet and then watches the match while holding her own arm in pain. She wants to go in and take a shot at Vacio and he picks up on this. He delivers another stomp on the hand of Cortez and he winces in pain, then The Lost Cause slaps his face, baiting Titaness to make a move.

Victor Vacío:

¡Vamos! ¡Haz tu mejor tiro, perra!

Victor gets louder jeers from The Faithful and slaps his face again repeatedly, begging her to come into the ring and take a free shot. She doesn't rise to his bait, but she is more concerned about Uriel and his hand.

DDK:

I won't even bother trying to translate that. It wasn't anything good.

Lance:

Titaness wants to make a move, but she doesn't want to risk getting Uriel disqualified either. She knows this is their battle to fight.

Titaness yells for Uriel to get up and fight while Vacio turns back to attack the hand of Cortez again. He grabs the hand, but the taunting may have given Cortez a small opening when he grabs Vacio and pushes him away. He rolls with it, lucha-style and then rolls back to his feet and then runs off the ropes to connect with a big springboard back elbow smash to Cortez's face! Vacio rolls through and gets back to his feet and then stands over Minute, then delivers a standing moonsault... right onto the hand!

DDK:

Goodness! The hand of Cortez is being worked over badly. He needs to mount a comeback quickly.

Lance:

And now where is he going?

Vacio heads to the middle rope, but then inches his way up top. When Cortez tries to get back to his feet, The Lost Cause launches himself off the ropes and then DRILLS the massive Cortez into the mat with a leaping Tornado DDT off the top rope!

DDK:

Cortez was trying to protect that hand and just got dropped on his head because of it!

And with that, Vacio makes the cover!

ONE!

TWO!

NO!

Cortez gets the shoulder up again! The Titan of Industry is left reeling, but Vacio smiles and then leaps to the middle rope to hit a twisting springboard dropkick to keep him down! And after he's down...

The crowd JEERS again when he unstraps the brace from his hand and then throws it out of the ring!

DDK:

That's not good... now the hand has been completely exposed!

Lance:

And that's gonna spell trouble!

Cortez tries crawling up again and then Vacio puts his boot down on his hand and grinds his heel into the hand! The Titan of Industry finally howls out and shoves Vacio away again... but he doesn't have the strength he did earlier and The Lost Cause only laughs it off.

Victor Vacío:

¡Córtame ahora, gilipollas gigantes!

DDK:

Vacio should try and finish him.

Lance:

And he's trying to grab the hand...

He grabs the massive arm of Cortez as Titaness starts to slam her fists into the ring apron to get the crowd behind The Titan of Industry! The crowd support seems to inspire Cortez as he tries to struggle against Vacio. When Vacio tries to grab the arm for some sort of armbar... he doesn't force Cortez to not only lift him up, but he THROWS him across the ring with a huge atomic throw!

Lance:

What a throw! Vacio was taunting him far too long and that just cost him.

DDK:

That it did! Cortez just throws him across the ring with the atomic throw!

Titaness runs over and then grabs the brace, then throws it back to Uriel. He picks it up and then quickly snaps it back on his hand while on his knees, making sure to keep an eye on Vacio as he limps towards the ropes. The Faithful start to applaud again when Cortez gets back to his feet.

Uriel Cortez:

¿Todavía quieres hablar mierda?

DDK:

The brace is back on... things are not looking good for Vacio!

With the brace back on, Cortez still favors the hand, but goes after Vacio and **THROWS** him into the corner with a huge body shot from his right hand, then **CRACKS** him with a headbutt! The blow sends him teetering back and now Cortez holds both arms out to a cheering crowd!

Lance:

The Titan of Industry is on the warpath!

Cortez turns back and charges towards the turnbuckle, knocking the air right out of Vacio with a big running back elbow in the corner! He grabs The Lost Cause out to the middle of the ring and then charges off the ropes before sending him **SPINNING** through the air with a huge running shoulder tackle!

Lance:

Good lord, he just got mowed over by that shoulder tackle! I'm thinking Uriel is about to wrap this up!

Cortez then grabs him by the back of the head and then starts to try and use a full nelson slam... but when his bad right hand acts up, he switches it over instead and then lifts up and drives down Victor Vacio using a big half nelson slam instead!

DDK:

Half nelson slam! He had to opt for that instead of his usual full nelson slam, but did he get enough?

Uriel doubles over and then goes for the cover!

ONE!

THR... NO!

Slater's two fingers lead to disappointment on the face of The Titan of Industry!

DDK:

I thought that was it right there!

Lance:

I did, too! Cortez hasn't gone for any pinfall attempts before now, but he wants this payback for what The Kabal have been doing to Los Tres Titanes in the last few weeks.

Cortez finally gets back up to his feet and then grabs Vacio by the throat with his good hand before goozling him and lifting him back to his feet. He shoves him back to the corner and then starts to set him up on the top turnbuckle.

DDK:

What's he doing here?

Lance:

I don't know, but it can't be good!

The Faithful are alight when looks to be setting him up on the top rope for another version of The Industry Standard... but Vacio fights for dear life and fires off right hand after right hand, then goes after his left hand with a few shots!

Cortez backs off a bit and then Vacio takes flight with a hurricanrana... Cortez catches him...

DDK:

No! Vacio tried the hurricanrana...

He tries to turn it into a powerbomb, but when he gets near the ropes, Vacio shifts his weight over... and takes The Titan of Industry with him over the top rope!

Lance:

HE COUNTERED THAT POWERBOMB AND TOOK CORTEZ OUT! HE JUST GOT DUMPED OUT TO THE FLOOR!

The crowd jeers when Vacio remains on the ring apron while Cortez is out on the floor, seeing stars after the landing. The Lost Cause stumbles upwards using the ropes, and then looks down with Titaness watching on in shock.

DDK:

What the hell is he doing? Uriel trying to stand...

Vacio then leaps up and hits a HUGE Asai arabian press all the way out to the FLOOR ON TOP OF CORTEZ!

DDK:

NO WAY! VACIO PULLING OUT ALL THE STOPS AGAINST THIS GIANT!

Lance:

The man is insane!

The replay fires off several times on the DEFtron when Vacio leaps up to the top rope and then bounces off with an Arabian press-style moonsault onto Cortez on the floor, wiping out both men!

DDK:

Vacio had to do something extreme to counteract Cortez's size here!

Lance:

And that'll do it... but... what's he doing now?

The Lost Cause is the first one back to his feet, though he looks worse for wear after the intense punishment endured by Cortez. He walks over and then delivers another jumping stomp to the hand of the giant! Uriel lets out another guttural growl in pain while Vacio walks by his coat, then grabs a chair.

DDK:

Wait... what the hell is he doing? He's gonna get disqualified.

Lance:

You know that he doesn't care! He's gotten himself disqualified in past matches in DEFIANCE just so he can punish someone.

Brian Slater yells at Vacio to put down the chair, but when he doesn't, the crowd cheers the official for reaching through the ropes to grab it out of his hands! Vacio protests as Slater tells him it won't happen under his watch. Cortez is starting to come around and gets to his knees when Slater walks away... but Vacio pulls something out of his pocket.

DDK:

Wait... he's got the mallet!

Lance:

The chair was a diversion! Slater doesn't see it!

Vacio grins wickedly and then grabs the mallet, but then the weapon is grabbed out of his hands... BY TITANESS! The Faithful cheer when she grabs the weapon out of his hands and THROWS it more than halfway up the ramp, actually landing on the stage!

DDK:

GREAT ARM BY TITANESS! SHE WON'T STAND BY AND LET HIM USE IT!

Lance:

Vacio trying to attack Titaness again!

A RED DEATH: CRIMSON REBIRTH

When: Right now

Location: Stalker's Den

Courtney Paz:

What... what exactly do you expect me to say to you Mr. Fear? He attacked me, pushed me to the ground. Blood... literal blood fell from his mouth and covered my face. If Ravanna and RG weren't there I would have been killed.

Courtney is on the verge of tears, her body is shaking. Her typical business like look and clean demeanor has been replaced with a girl in sweatpants, an old Fuse Bros. T-shirt and a duffle bag in front of her. MAXIMUM DEFIANCE is playing on one of the many 'Cerberus Monitors' in the background while the screen in the middle is currently occupied with Mr. Fear's shadowy visage.

Mr. Fear:

You can not 'quit' The Kabal. You've been reminded of the pledge many times. Do I need to recite it once more?

Courtney Paz:

You want me to 'rejoice'? For what... exactly NATHAN!? Or Chris..? Which... whichever one of you is hiding behind that goddamn monitor? Or is it even either of you. Months now your 'master plan' has been playing out and to what effect? Jason.... He's in a homemade jail cell. Our LEADER is gone to us and has been for months!

Mr. Fear:

You know who I am, Courtney.

There is a pause as Courtney starts packing her duffle bag. Neither person speaks for at least ten seconds.

Mr. Fear:

You.. You've done a fine job in Stalker's place, no one was expecting him to be placed in the situation he was. Being taken from The Kabal was never the plan for him. Stalker's failure against The Guided Hand's interference was unfortunate.

Courtney Paz:

Stop. You know I'm well versed in the history of your 'games'. Stalker was a fucking 'source' of power. You all were angry he didn't accept the pledge and here we are. A loose cannon injected with some strain of life that makes him bleed from the god damn MOUTH!

As Courtney turns to the camera and shows her face more clearly, it's visible she has a black eye hidden via make up. Some of her tears have washed away her attempts to hide it.

Mr. Fear:

Running the Proving Grounds was something I know you were uncomfortable with, but you did outstanding in that role. While unexpected, Teresa Ames, an essential wild card, will become a 'major asset' to The Kabal.

Courtney Paz:

If you think recruiting Teresa and running the Proving Grounds was even remotely something I wanted to do you would not have assigned it to me in the first place. You know what?

She slams her duffle bag onto the table before turning back to face the monitor with Mr. Fear's shadowy visage.

Courtney Paz:

That dumbass ASMR girl or whatever the FUCK, you want to call her.. Who.. let me remind you WHO JUST FAILED at her fucking promise to us? To take out Codename: Guardian? Or was I the only one in the goddamn room when she said that bullshit?

Finger flickering

Courtney's vocal display of DEFIANCE is put on hold while she looks over her own shoulder.

Mr. Fear:

No... Courtney you were not...

Courtney Paz:

Shhhh... some... someone is here...

As Courtney gathers her duffle bag up she throws the strap over her shoulder before peering back to the large monitor showing Mr. Fear's display.

Courtney Paz:

Do you have eyes on Jason??

Silence lingers from Mr. Fear's monitor as Courtney looks into the shadowy hallways of The Kabal's inner lair.

Courtney Paz:

Mr. Fear... hello?!? Do you see him or not?

Mr. Fear:

The uplink was delayed.... No. He's.. Stalker's room is empty.

Courtney's face turns white for a second before you see her attempt to run away but her steps are abruptly cut off by the sound of footsteps.

Teresa Ames:

You know what, Courtney? You could definitely benefit from an attitude change.

Looming behind Teresa Ames is Stalker, or at least a 'version' of him. The bald headed Hardcore Icon stares in silence at Courtney Paz, a ripped off piece of Teresa's red shirt now covering his mouth. Jason 'Stalker' Reeves looks like a villain from a horror movie as he stands in his usual wrestling attire, his wife beater is dirtied up more than normal and his eyes are vacant with reasoning.

Courtney Paz:

What... Why is his mouth covered like that? How... Did you get here so quickly? What... what are you doing?

Teresa Ames:

Becoming a Leader. You should really follow Malak's twitter. His inspirational advice has led me to this moment.

Mr. Fear:

Teresa Ames, I appreciate your direct approach but Stalker's mental capacity has not yet been fully cleared... you...

Teresa Ames:

I can do whatever I want.

Snapping her fingers and pointing at Courtney Paz, Stalker's eyes turn and look directly towards The Kabal's 'quitting' lawyer.

Teresa Ames:

Since blondie doesn't want any part of The Kabal's new style, I say we FIRE her instead of letting her quit.

With a rush of movement Stalker's hands are already around Courtney's throat, he growls as he SLAMS her up against the old 'target board' for The Kabal's meetings.

Courtney Paz:

GET! GET! OFF ME!! JASON!... YOU...

Unable to get the words out Stalker's hands tighten around Courtney's throat, he body stops moving for a moment as Stalker pulls back his head, looking at her with a tilted and motionless expression. His silence is unnerving as Courtney chokes on gasps of limited air.

Mr. Fear:

Jason.... Let.. let her go...

The request is worded slowly to best explain it to the potentially uncontrollable Stalker. However, his mindset is completely gone and reasoning with him seems impossible at this juncture.

Teresa Ames:

You see Courtney... parading around as The Kabal's lawyer was never good enough for you, I could see it in your eyes when you were 'running' the Proving Grounds. You are not an influencer, like me. The Kabal needs an influencer. So, we don't accept quitters around here. Instead, blondie... you're fired!

Ravanna:

Enough!

The overhead lights flood on and Ravanna's stance in the entrance says it all, she's ready for a fight. Reaper the Grey is standing behind her with his hands raised as well. Stalker's stance doesn't change and Courtney's self 'fight or flight' instinct kicks in as she begins to kick haphazardly at the 'monster like' Stalker who is silently choking the life out of her behind a torn clothed red mask.

Mr. Fear:

Teresa! STOP THIS NOW! You've signed your contract, we have provided you with many of your outlandish requests.

Ravanna's patience is gone and she signals RG to move forward.

Mr. Fear:

Teresa, let Courtney go! I... I have another mission for you... something that will lure the one we seek out even more

Just as RG's approach to the motionless Stalker is underway, Teresa's fingers flicker once more and Jason Reeves releases his grip on Courtney Paz, who slumps to the floor. Teresa pulls out her phone, takes a selfie of herself in front of the fallen Courtney Paz and then pockets it. Cracking her neck she stares at Mr. Fear's monitor.

Teresa Ames:

I'm listening.

As Courtney attempts to slowly crawl away from the scene, Stalker's menacing presence gives her every reason to stay away from Teresa, Ravanna and anyone else associated with The Kabal. Stalker stands in an eerie silence behind the cocky Teresa Ames who stares at Mr. Fear's shadowy visage awaiting his specific mission request.

Mr. Fear:

You don't have much time to act as the match is upcoming, so I'll be brief.

“A TEXAS SIZE ASS WHOOPIN IS COMING BOY!”

The slow bellow of the guitar hits as the video screen lights up and flashes across the screen a Texas flag with the words “Texas Born. Texas Bred.” “Texas Forever.” branded into the flag. The jeers that had once filled the arena quickly turn into cheers. The Faithful know who is about to walk out and they are letting him know it by chanting his favorite chant as the final image that is displayed across the screen and that message reads in bold, capitalized letters... *SCOTT STEVENS* as

DDK:

The thorn in Arthur Pleasant's side is here and the expression on Arthur's face says it all.

The wait is finally over as a spotlight shines towards the top of the entrance ramp and Scott Stevens appears from behind the curtain. As soon as he makes his way to the edge of the stage, golden pyro begins to rain down behind him as he raises his right fist high into the air.

DDK:

Stevens is looking to make an example of Arthur and remind people of what the former FIST is capable of.

Lance:

Exactly Keeps. A lot of people have Arthur favored over the former FIST which is astonishing.

Darren Quimbey:

And his opponent.....from The Great State of Texas, weighing in at 256 pounds...He is....SCOTT!
STEEEEEEEEVEEEEEEEENS!

As Stevens makes his way down the ramp he just smirks and shakes his head at the vocal bashers and fist bumps his supporters.

DDK:

Stevens is all business as he approaches the ring because he knows he is taking on a unique individual.

Lance:

That he is Keeps. Arthur is a very unique individual to train and scout for but if anyone found a chink in the armor of Arthur Pleasant it's everyone's favorite Texan.

Stevens slowly makes his way around the ring completely focused on the task at hand until he reaches the nearest set of ring steps and proceeds to enter the ring. Once inside, Stevens goes to the nearest corner and ascends the ropes; looking out amongst the crowd before raising his fist into the air once more before dropping to the canvas as the former FIST shows no emotion as he stretches out on the ropes waiting for the bell.

DING DING

DDK:

And here we go.....

Pleasant and Stevens come out of their respective corners and Pleasant has a devilish grin on his face as he extends his hand and the Texan stares down at it.

DDK:

Arthur's joking right?

The Faithful boo and shout for Stevens not to shake the man's hand and the Texan doesn't do the sort as he swats away Pleasant's hand much to his annoyance.

Lance:

Arthur trying to get into the head of Stevens, but Scott is a seasoned veteran of the sport and he will have to do better than that.

Pleasant and Stevens circle one another before trying to lock up. Stevens immediately shows Pleasant his strength as

he throws him down to the canvas. The Provocateur is wide eyed and cautiously starts to get to his feet.

DDK:

Stevens showed Arthur what has brought him to the dance so many times and that's his incredible strength.

Lance:

Even at his age, he is still a physical specimen.

Pleasant and Stevens go to lock up, but this time the Texan feints and ducks under the attempt and swings behind Arthur, tripping him up. Stevens side-mounts Pleasant before transitioning to a side headlock and paint-brushing the top of his head. The VIOLENCE of DEFIANCE immediately pushes the Texan off.

DDK:

Stevens having fun with Arthur.

Lance:

Not just that, Keeps, but Scott is showing his wrestling ability as well.

Pleasant pops up to his feet and immediately yells for Stevens to lock up again. The Texan shrugs as he approaches the Provocateur. Scott goes to lock up, but Arthur immediately kicks him in the gut, doubling him over. Arthur rocks the former FIST back upwards with another kick, this time to the face. Pleasant shows why he isn't very "pleasant" as he snapmares Scott to the mat and delivers a stiff kick to the Texan's spine before locking in a reverse chinlock... but instead of a chinlock, he grinds at the eyes like a wild savage.

Lance:

Arthur couldn't match power with Stevens and he might be at a stalemate if this turned into a technical clinic, so he's getting creative.

Carla warns Arthur who reminds her he has until the count of five before letting go at the tail end of four with a rake of the eyes.

DDK:

Stevens could seriously be injured there. Arthur was digging deep into the Texan's eye sockets.

Arthur continues the attack with stomps all around the Texan's body before reaching Scott's head and driving a sickening knee to the top of it.

Lance:

Arthur's often overlooked Muay-Thai background is coming into effect with those precision strikes.

Arthur locks in a front facelock and begins to drive his left elbow into the neck and side of Stevens' head. Arthur follows the elbows up with knees to the head and continues the attack until he believes the former FIST has had enough and goes for a pin.

Lance:

Me too, Keeps. He seems to be one step ahead of Scott.

Arthur reaches down and starts to bring Stevens to his feet and the Texan delivers a heavy-handed shot to The Provocateur's ribs.

DDK:

Arthur is wincing from that shot. Can Stevens follow up?

The answer would be no as Arthur quickly drills Stevens with a jumping double knees to the face sending Scott staggering back towards the corner.

Carla Ferrari looks like she's about to call for the bell, when suddenly she realizes what Arthur's intentions are. Calling Arthur's shit like a great official should, Carla motions for both competitors to continue.

DING DING

DDK:

I'm not sure what that was all about, but Stage Two is underway!

Lance:

Stevens looks **PISSED** at how Arthur got away with that pinfall.

Both men are up and in their respective corners as Carla Ferrari motions for both of them to "get it on". Stevens charges out first and Pleasant looks like a deer in the headlights when the former FIST catches him in a Texas Longhorn style football tackle that lifts him up and into the turnbuckle.

Stevens rams his shoulder in Pleasant... but the Provocateur **LAUGHS!**

He rams him again, and Pleasant continues cackling at Stevens' brutal shoulder thrusts.

Stevens backs away, becoming only further incensed. Despite his laughs, Pleasant staggers out of the corner. Stevens retreats into the opposite ropes, giving some major separation between them. On the recoil, Stevens **LEAPS** halfway across the ring and...

...*WHAAAAAAAAAAAAAM!*

Stevens connects with a brutal Superman Punch that knocks Pleasant down to the mat in a heap, seemingly unconscious!

Stevens immediately clutches his hand and wrist and falls to his knees. He yells out to Carla...

Scott Stevens:

FUCK. I think it's broken...!!

With Arthur sprawled out on the mat and unconscious, Carla tends to Stevens as she signals for the dreaded "X".

DDK:

Oh no.

Lance:

That's a bad break for Stevens... no pun intended.

DDK:

He hit Arthur so hard in the jaw with the patented FIST that he might've broken his own hand or wrist!

Lance:

Yeah, you can see it in his eyes too. Stevens is in a bad way here. Not a good start to Stage Two.

DDK:

It's ironic that Stevens may have broke his hand considering this feud all started after Scott Stevens knocked Arthur on his ass with a single punch.

Lance:

True that, Keeps. I'm sure the irony is not lost on the former FIST.

As Carla continues checking on Stevens, Pleasant shakes the cobwebs away from the knockout tornado punch. Getting to his feet, Pleasant notices Carla checking on Stevens' hand.

They take full on face-caving kicks and get back up. Can't wait for the Carla memes after this one, Keeps.

Pleasant slides back into the ring among the hullabaloo of what happened to Carla, and Stevens is right behind him. But suddenly, Pleasant "trips" like "first girl" in Friday The 13th. Stevens sees the opportunity present itself to him and grabs Arthur's legs, swings him onto his back and steps through with a grapevine, setting up what undoubtedly looks like a sharpshooter.

DDK:

Scott Stevens is looking for Arachnophobia here!!

Lance:

Can he get Arthur over in it, though? Can he- wait a second?! Arthur is tapping?!

Before Stevens can even step through and complete the sharpshooter, Pleasant is flailing his arms around like a man being tortured by red fire ants. He taps the mat, his own chest, his own leg... everything he can to signify that he gives up. Shocked at this, Stevens releases the hold and a pissed off, bleeding-from-the-nose Carla Ferrari calls for the bell, signifying the end of the Second Stage!

Darren Quimbey:

The winner of Stage Two by submission... SCOTT... STEVENS!!

Stevens simply looks down at Arthur with a look of utter confusion.

Darren Quimbey:

With one win a piece, we now enter... the Third and FINAL Stage! The following match is the last fall... and it is NO...HOLDS...BARRED!!!!

With Stevens looking down at the Provocateur, Pleasant slowly raises two fists, and turns them upside down into two birds.

DDK:

That son of a bitch. He PLANNED this!! No wonder he tried to get Carla to forfeit him!!

Lance:

I hate to say it, and I totally don't WANT to say it, but since I am held accountable for my duties as an unbiased announcer I have no other choice but to admit the brilliance of that. All Arthur had to do was find a way to beat Stevens in the First Stage... and he knew he could get Everyone's Favorite Texan right where he wanted him. In a match suited to his penchant for violence and sheer chaos.

DDK:

That has to be the craziest, most obnoxiously brilliant thing I've ever seen someone do here in DEFIANCE. He legitimately tapped out on purpose so he could get Scott in a match that completely favors the "Hardcore Provocateur".

Lance:

The only upside to this is, Scott Stevens can take full advantage of this now as well. And with him being as angry as he clearly is? I wouldn't want to be facing "Mr. FIST" in a scenario like this under any circumstances.

DING DING

A very pissed off Carla motions for both competitors to finish the third and final fall as she wipes her nose against her shirt again. Stevens immediately goes to the outside as Pleasant taunts Carla some more. After fiddling around underneath the ring for a moment, Stevens pulls out a thick and lengthy chain!

DDK:

Oh Lord! This is gonna get ugly in a HURRY.

Lance:

Look! He's wrapping his fist with that chain!

Stevens wraps it around his fist as Pleasant continues to taunt Carla. Motioning to the Faithful for his finishing strike, "The Fist", Stevens measures Pleasant up.

Pleasant finally turns towards Stevens.

Stevens LEAPS for the chain-wrapped superman punch... and misses!

DDK:

Arthur saw that one coming!

Pleasant ducks, and lets Stevens' momentum carry him into the ropes chest first. Stevens bounces back and Pleasant jumps up, pulling the Texan's neck down with an impressive jumping neckbreaker. Sitting up, Pleasant points to his head as if to say, "*Too smart for that.*". Seeing the chain in Stevens' hand, Pleasant pulls him to the center of the ring. Flipping him over onto his stomach, Pleasant sits down on the Texan's back and unravels some of the chain from his hand.

Lance:

Yep, here we go. Bad intentions and Arthur Pleasant go together like peanut butter and jelly.

With half the chain unraveled, Pleasant pulls it so that Stevens starts choking himself with the bend of his own arm. Wrapping the rest of the chain with an overhand knot connecting Stevens' hand to the middle of the chain, Pleasant pulls back, slipping some of the chain across the Texan's mouth until it slides in between his upper and lower teeth.

DDK:

Oh my GOD. He's going to kill the man!!

Wrenching back as much as he can, Carla Ferrari is right there to see if Scott wants to give up. Stevens' eyes go wide but he refuses to tap as he looks for some slack on the thick chain between his teeth. But seconds later, Pleasant stands up, places his boot on the back of Stevens' head, and STOMPS it as violently as possible into the canvas!

DDK & Lance:

OH MY GOD!!!!!!

"YOU-SICK-FUCK!"

"YOU-SICK-FUCK!"

"YOU-SICK-FUCK!"

"YOU-SICK-FUCK!"

Stevens rolls around in agony, spitting blood and parts of his own teeth out from the vicious steel chain-assisted curb stomp. Pleasant drops to his knees, and hooks a leg!

ONE!!

TWO!!

NO!! Stevens DEFIANTly kicks out despite suffering through insurmountable pain from his mouth!!

Pleasant rips the rest of the chain off of Stevens, who noticeably holds what could be a broken hand close to his chest.

Pleasant looks at the chain and laughs before tossing it back to the outside, clearly bored with the weapon. Pleasant slithers underneath the bottom ropes like a snake through a garden and starts sifting through objects underneath the ring.

DDK:

Folks, I am very concerned for the safety of Scott Stevens at this point. This No-Holds-Barred Match is EXACTLY what Arthur wanted, and now the Badass Texan is at his mercy.

Lance:

Somewhere, right now, Tillinghast is throwing a shoe.

Just as everyone feared, Pleasant pulls out an elongated table from underneath the ring... wrapped completely in barbed wire.

DDK:

Aww c'monnnnn. Already?!

Some of the fans cheer purely out of a desire to see carnage and in no way, shape, or form as a fan of Arthur Pleasant. Pleasant carefully lifts one end of the table onto the ring apron and the other end onto the guardrail. Pleasant hops back up onto the ring apron, but then stops. Shaking his head, Pleasant goes underneath the ring apron again.

This time, he pulls out a black felt bag. Pleasant expands the opening of it and tips it upside down onto the barbed wire table, allowing thousands of metal tacks to rain down on the table. Tossing the bag and some errant tacks that clung on haphazardly into the crowd, Pleasant acts like he's going to punch a kid in the front row, scaring the bejesus out of him. The child, maybe even a toddler, immediately begins crying as his Mother pulls him back, shielding him from the Provocateur.

Arthur Pleasant:

SICK FUCK?! SICK FUCK?! YOU HAVEN'T FUCKING SEEN ANYTHING YET!!!

Looking back at the barbed wire table covered in tacks... he goes underneath the ring again!

Moments later, Pleasant pulls out a bundle of light tubes.

Placing them strategically on the barbed wire, tack-covered table, Pleasant finally turns back towards the ring, seeing Stevens resting in the corner turnbuckle, holding his injured hand, bleeding mouth, and broken teeth.

DDK:

Folks watching at home, I sincerely hope you put your kids to bed before this match. Because... I don't even think I can stomach what's about to happen.

Lance:

Yeah this is no bueno, por favor.

Back inside the ring with the barbed wire, tack and light tube-covered table straddled between the guard rail and ring apron, Pleasant stalks his wounded prey. Stevens doesn't even see Pleasant coming as the Denizen of Decay stomps him in the stomach. Laughing maniacally, Pleasant peels Stevens up and away from the turnbuckles, motioning that he is about to throw the Badass Texan through the table full of violence.

DDK:

Come on, Arthur. Please. DON'T. DO. IT.

Lance:

Deaf ears, Keeps. Your words are falling on them.

All of a sudden, Scott Stevens stands up straight, shocking everyone in attendance! He smiles at Arthur and with broken and jagged teeth, much like himself, he wags his finger from his good hand.

Pleasant's face goes from happy... to concerned in about .00000001 seconds.

DDK:

Uh-oh. I think Stevens just tapped into something deep within.

Lance:

Dare I say Pleasant looks scared?!

Catching Pleasant like a deer in the headlights, Stevens boots him in the gut and sets him up for a powerbomb. Stevens lifts Pleasant up for the powerbomb and immediately starts running towards the table. But as soon as he lifts Pleasant even higher up for a tossing crucifix bomb to launch him over the ropes, Pleasant slips through and lands nimbly on his feet behind his aggressor.

Shrugging, Stevens lifts a leg back and catches Pleasant harshly in his netherberries!

DDK:

DING!

Lance:

Sound effects provided by DEFaudio studios.

Pleasant goes down to a chorus of cheers as Stevens wipes away the blood from his mouth. There's a slight smirk coming from Carla as she sees Pleasant take a low blow and not have to disqualify anyone for it.

DDK:

Oh yeah, you KNOW Carla is just enjoying this.

Shaking the pain away from his hand, Stevens looks over at Pleasant clutching his privates. Chuckling to himself, Stevens spits some blood down on the writhing Provocateur to add insult to injury. The Badass Texan holds Pleasant's legs up as he lays in a supine position. Stevens looks out at the cheering Faithful, smiles, and then STROMPS down on Arthur's privates. Lifting his boot, he does it AGAIN. And AGAIN. And AGAIN.

Pumped up from giving Arthur exactly what he deserves and then some, Stevens gives a primal yell out at the Faithful.

Scott Stevens:

FUCK THIS PIECE OF SHIT!!!

DDK:

I can't remember the last time I've seen Scott Stevens so enraged.

Lance:

If he ever wants to get back into the FIST hunt, he needs to maintain this level of aggression. Maybe not necessarily low-blowing everyone but, you know what I mean.

Pleasant writhes in agony as Stevens guides him to his wobbly feet. He takes his size XL glove-hand and slaps Arthur across his chest, leaving behind a big handprint. Pleasant's body wants to fall, but Stevens wraps his good hand around Pleasant's jaw and stops him from going to the mat. Stevens lifts Pleasant into the air with one-hand and CRASHES the Provocateur down onto the mat with thunderous force.

DDK:

One-handed Choke-Buster! Damn!

Lance:

I think everybody in the DEFplex felt the impact from that one!!

Stevens hooks a leg for a DEEP cover.

ONE!!

Pleasant. Kicks. Out.

DDK:

HOW?! We are THREE matches into this overall contest and Arthur is kicking out at one?!

Lance:

Arthur might be the biggest pile of garbage in the landfill, but nobody can deny his insane pain tolerance and resiliency.

Stevens brings Pleasant back to his feet and once again slaps him across the chest!

DDK:

Ugh, these slaps are rough. Which is odd for me to say considering this is a NO-HOLDS-BARRED match and there's a table full of torture-porn on the outside just waiting to be used.

Lance:

Agreed. Scott Stevens is leaving behind the beginnings of some serious ecchymosis, for sure.

DDK:

I w- wait, ecca-what now?

Lance:

Google it, Keebs.

Arthur is staggered as Stevens delivers yet another slap, deepening the purple formation of pain under the skin of Pleasant's chest. Stevens grabs Pleasant by his wrist and sends him to the corner opposite the rampway, near the turnbuckles where the table of death awaits. Stevens runs towards the opposite corner from Arthur, slamming his back into it, bouncing off the hard recoil. Gaining some momentum, Stevens soars from mid-ring, going for a Stinger Splash... but Arthur rolls forward out of the way, causing Stevens to crash into the turnbuckle! The force of which, and the momentum leading into it, causes Stevens to go up and over the top rope and to the outside.

DDK:

Stevens misses a Stinger splash for the second time tonight!

Lance:

At least this one wasn't into the exposed turnbuckle, which it looks like Carla Ferrari put back on at some point. She's doing such a tremendous job tonight keeping things in check between two fierce competitors!

Pleasant clutches his chest from the series of open-palm slaps as he sees Scott Stevens trying to recover on the outside of the ring. Without even thinking about it or having an ounce of hesitation, Pleasant runs and jumps up to the second turnbuckle and heaves himself over the top rope and down onto Scott Stevens with a cross-body!

Stevens rolls backwards... and stands up with Pleasant in his clutches!!

DDK:

Stevens rolled through and has him!

Stevens walks toward the table of death, carrying Pleasant in position for a fall-away slam. Using great strength,

Stevens hoists Pleasant onto his shoulders in a fireman's carry, turns around, and looks out at the boy that Pleasant frightened earlier. Giving him and his Mom a thumbs up, Stevens drops to his side with a NASTY death valley driver on the outside mat!!

"RAAAAAAAAAAAAAAH!"

Lance:

Houston... We Have a Problem!

DDK:

But he can't pin him on the outside! This is not a falls-count-anywhere match!

Lance:

True. But Stevens delivering one of his signatures on the outside will surely further serve in weakening the Provocateur.

"THIS-IS-AWE-SOME!"

Clap! Clap! Clap, clap, clap!

"THIS-IS-AWE-SOME!"

Clap! Clap! Clap, clap, clap!

As Arthur remains on the outside mat, struggling to get up from the death valley driver, Stevens searches under the ring again. This time, he's the one bringing out a black felt bag. Which is about three-times the size of the previous one Arthur brought out. The Faithful give their approval with joyous abandon.

DDK:

What in the hell... is in there?

Lance:

It's tacks again, obviously. *My* question, though, is why is it so much bigger than the last one Arthur exhumed?! And why is there a rope tying it closed?!

Sure enough, a thin rope has the opening of the bag closed. Stevens slings the heavy bag; of what could be anything from door knobs to mystery meat, over his shoulder, and climbs into the ring. Pleasant crawls towards the center of the ring, still having his bell rung from the devastating Death Valley Driver on the outside. Measuring Pleasant up, Stevens begins swinging the heavy bag above his head like a dangerous mace from Gladiator (or the Sopranos).

DDK:

Oooooooooohhhh GOD.

As Pleasant gets up, Stevens twirls once, adding extra spin and velocity to the bag, and large-steps his way towards Pleasant.

WHAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAACK!!!!

The bag explodes into hundreds of thousands of tacks, wrecking Arthur's face completely and causing him to fold like an accordion on the mat. The fans scream out in horror as the DEFIatron shows tacks covering the right side of Pleasant's face to the point where it looks like he's wearing a silver half-mask like Cyborg. One even pierces the top of his eyelid, right above his eye, which immediately begins swelling with blood.

Lance:

I'm gonna throw up. I'm gonna throw up. I'm gonna throw up.

DDK:

No you're not! Stop it!

Blood begins leaking from his eye as it swells completely shut. Stevens drops to his knees and makes a cover, hooking the leg.

ONE!!

Two- PLEASANT KICKS OUT. PLEASANT KICKS OUT BEFORE TWO!!

DDK:

The man is not freakin' human!

Arthur sits up and backward slides his way to the turnbuckles, holding the bottom ropes while looking at his nemesis.

Arthur Pleasant:

You... you're... gonna... HAVE TO KILL ME... to keep me down... ha... haha... HAHAHA!!!

Pleasant pulls one of the tacks out of his right cheek and pokes a hole in the top of his eyelid, nearest to the bone, allowing it to drain out. Pressing on it, he squirts a tiny stream of blood out for about a second as the DEFIATron captures it and the Faithful try not to puke as they remain aghast and horror-struck over what they just witnessed.

DDK:

Fans. I can't even describe what just happened. All I know is that I hope that the six-second delay censored that out for the people watching this at home. Cause otherwise...

Lance:

Yeah. Yeah, to all of that. Just... yeah.

Stevens looks crestfallen, thinking this one was over but to only get another one-count on the Provocateur. Getting up off the mat, he makes his way toward Pleasant, who is resting in the corner. Rolling something from side to side inside his mouth, Pleasant then spits out a tack right into the Badass Texan's eyes!

DDK:

Oh no! Stevens might have caught that right in his eye, I don't know!

Stevens reels, giving Pleasant the opportunity to pull himself up. As soon as he does, Pleasant runs towards the temporarily blinded Scott Stevens with a foot extended...

Lance:

Provocation!!

Stevens is down, but Pleasant is not satisfied yet. Retreating back into the corner again, he hunkers down and waits patiently for Stevens to get to his feet. As soon as Stevens does...

DDK:

PROVOCATION... AGAIN!!!

Lance:

This one's o- what? WHAT?!?!?

Stevens appears to be moving still as he tries to get up, and Pleasant can't believe his eyes. Once again retreating into the corner, Pleasant rips some of the tacks out of his face and throws them down in anger. Turning towards Stevens, the tiny holes all along his cheek begin to ooze blood. Paying no mind to the bleeding, Pleasant focuses on Stevens. Pleasant launches himself forward for a third Provocation, but...

DDK:

Double-S Spinebuster from the Badass Texan!!

Lance:

Neither man will stay down no matter what type of violence and pain is inflicted upon them.

"FIGHT FOREVER!"

Clap. Clap. Clap, clap, clap.

"FIGHT FOREVER!"

Clap. Clap. Clap, clap, clap.

DDK:

This is something special we're seeing here folks. This hardcore style might not be for everyone and considered garbage to certain opinions, but the passion and desire to win that the both of these men have is undeniable.

Lance:

I agree and, as I hear them chant for this match, I think the fans agree also.

Astonishingly, Stevens is the first to get up, despite getting rocked with two brutal Provocations. Pleasant begins stirring as well, with his eyelid swelling up and inhibiting his vision out of his right eye again. Crawling toward the ropes, Pleasant smiles sickeningly, with half his face oozing little trails of blood from the kiss of the tacks. With tacks scattered all about the ring, Pleasant is up. Stevens has been up, waiting for Pleasant to get to his. Pleasant staggers out towards Stevens, who is hunkered down and ready to strike.

As soon as Pleasant is close enough, Stevens leaps up for a three-quarter neckbreaker, but Pleasant shoves him off.

DDK:

The Toxic Sting attempt is blocked!

As he is shoved into the ropes, Stevens shifts his weight and position and...

SMAAAAAAAAAAAAAACK!! Stevens nails a superkick on Pleasant... who only staggers back, refusing to go down.

Lance:

Remember the Alamo from Stevens, but Arthur just refuses to go down!

Arthur Pleasant:

Th-thank you s-sir... may I have another?!

Pleasant motions, taunts even, for Stevens to hit him with it again.

Stevens obliges and hits him with another signature superkick... but AGAIN Pleasant doesn't go down!

Arthur Pleasant:

Th-thank you s-sir... may I have an-

Stevens leaps up and buries Pleasant's face flush into the tack-ridden mat with a brutal jumping cutter!

DDK:

Toxic... Cutter. Please. Please be over.

The Faithful are in awe of the performance of both competitors as Stevens rolls Pleasant over into an exhausted lateral press.

ONE!!

TWO!!

NO!!

Pleasant kicks out right after two! The fans roar with disbelief as Stevens' face on the DEFIATron tells the story of a man who doesn't know the answer to a riddle.

DDK:

Pleasant just took TWO Remember The Alamo's and a Toxic Cutter on TACKS, and he STILL kicked out?!

Lance:

I'm beginning to believe what Arthur shouted earlier. You're gonna have to kill him to beat him.

Stevens shakes his head as Arthur stands up.

Scott Stevens:

Stay DOWN.

Pleasant smiles at Stevens and collapses into the ropes to support himself.

Scott Stevens:

I. Said. Stay. DOWN.

Pleasant motions for Stevens to "bring it".

Stevens becomes enraged and makes his way towards Arthur, but the Provocateur comes at Stevens with fists a-flyin'! Stevens answers back and both men are battling each other with reckless abandon.

DDK:

I can't believe what we're witnessing right now.

Rights from Stevens.

Lefts from Arthur.

Rights from Arthur.

Lefts from Stevens.

Lance:

They are leaving it ALL out there. There's no other way to say it.

Finding the resolve, Pleasant creates some space between them and shoots a high and stiff Muay-Thai roundhouse kick that clocks Stevens across the temple. Stevens stumbles into the ropes from it, but keeps himself steady. Pleasant seizes the opportunity and lunges at Stevens with a superkick of his own that staggers Stevens. Before Stevens can collapse, Pleasant leans on him as both guys remain undeterred to put away the other.

DDK:

The sheer exhaustion both men have right now is incredible. We see flickers of energy, glimmers of revitalization but it's not enough for either man to put away the other.

Pleasant pie-faces Stevens. This seems to ignite Stevens as he headbutts Pleasant repeatedly until Pleasant spills onto the mat like a liquified version of himself. Stevens motions something to the crowd. Stevens lifts Pleasant up for a piledriver, but it's blocked. He tries again, but this too is blocked.

Aaron King anxiously awaits his "turn" at The Badass Texan as Harmen picks up Stevens. Throwing him in his direction, King muscles up Stevens with a tilt-a-whirl neckbreaker.

Lance:

After the two members of the Scourge nail their finishers on an already broken Scott Stevens, Pleasant looks out towards the table of death and begins ascending the turnbuckles until he is on the middle one. Pleasant looks at both King and Harmen and then at the Faithful, who are booing him mercilessly. King and Harmen hoist Scott Stevens up with both sets of arms underneath him, raising him up towards the ascended Provocateur. They help Pleasant by gradually sliding him into position for a tombstone piledriver.

Measuring the distance to see if it'll work, Harmen shakes his head.

Jack Harmen:

King and Harmen slide the table of death closer to where Pleasant is perched, clutching Stevens in a cradle tombstone piledriver position.

Aaron King:

The fans scream, begging Pleasant not to do it.

In one fell swoop, Pleasant leaps outwards, CRASHING down through the barbed wire, tack and glass tube-covered table in a violent explosion of wood and glass. A mist of mercury vapor clouds the wreckage around Pleasant and Stevens as the entire arena begins chanting once again at the carnage left before them.

"HOLY SHIT!!"

"HOLY SHIT!!"

King and Harmen pry their leader away from the ruin, removing the barbs and some of the glass tubing from his cut-up skin.

Laughing maniacally at the site of the chaos, Pleasant motions toward his fucked up brethren.

Arthur Pleasant:

WELL DONE, GENTS!! NOW GET HIS ASS IN THE RING!!!

Harmen and King do as they're told and rip Scott Stevens' unmoving frame away from the wreckage. Stevens seems to be bleeding from a nasty slice up his arm from the barbed wire, and a cut on the crown of his scalp is pouring even more crimson DNA down his face. Dozens of tacks stick to his neck, back, arms, and legs.

Scott Stevens, in a word, is destroyed.

Both King and Harmen drag Stevens to his feet and shove his carcass onto the ring apron, rolling him just inside the ring. Pleasant then pulls the former FIST by his foot to the center of the ring. Dropping down, Pleasant makes a loose cover over the unconscious and broken Scott Stevens. Clearly proud of his despicable actions.

Jessica Reeves:

Teresa smirks as she punches Stalker in the shoulder like the Crimson Rebirth is her best friend, Stalker just stares in silence while gripping a now motionless and tired Rocko Daymon.

Jessica tries to move forward but Teresa finger shakes her backwards, while Stalker tenses up the grip on the Seattle wrestling veteran, Rocko Daymon.

Jessica Reeves:

Teresa Ames:

No magical entrance for Codename: Guardian this time around as he attempts to make a run in save! Bypassing the fallen Zack Daymon and Leo Burnett who had been some Reaper punching bags on the outside, Codename: Guardian uses the bright spotlight as a brief distraction. Charging into the ring behind the Reaper wall who is not yet picked clean by DEFSEC, Storm Shadow attempts one more death defying save!

Lance:

Guardian charges at Stalker! DROPKICK! Stalker doesn't move... he doesn't even budge!

Even while manhandling Jessica Reeves, Stalker is able to absorb the quick and hard dropkick, and as Guardian lands on his knees, he unhinges their Kendo stick off his back bringing it back full force for a MIGHTY SWING!! AND CRACK!!

DDK:

Stalker just broke the kendo stick in HALF with his forearm blocking it!!

Lance:

He seems unphased from that connection of wood shattering against his arm. Oh.. wait he seems angry now!

Teresa chose wisely to hide outside of the ring and in doing so found a perfect place to tap on some reclaimed wood. Upon doing so Stalker's eyes flush a crimson red as he charges at the masked hero of DEFIANCE!

Lance:

Stalker's acting like a methodical monster in there! Look at his red eyes, just look at them!

DEFSEC is finally peeling away for a chance to maintain order as the light crew was just unable to contend with so many 'silent' protesting Reapers.

DDK:

Guardian and Stalker lock up and Stalker's already grabbing at Guardian's mask.. Oh he's got it! Stalker's yanking at Guardian's mask!!

At Teresa's beckoning Stalker's first directive is to unmask the hero attacker as the interloper's saving attempt is thwarted by Stalker's strength.

Lance:

No... no! I can't see anything! The Kabal's Reapers are now swarming the ring apron, I can't make out ANYTHING!!

Replays show Stalker's immediate actions against Codename: Guardian were an attempt to rip the masked Hero's costume away. Just as Stalker's grip on Guardian's mask came to fruition DEFSEC storms the ring and separates both parties, tackling both Stalker and Guardian to the ground.

Lance:

The lights turn off. A huge pop from The Faithful who have been waiting for this match all night!

A raven appears on the DEFIATron first with a close up of its eye. It blinks a few times and quickly is followed by a collage of moments Scrow has been in the ring. The Faithful get louder as Scrow walks from the westside of the stage, minus Hive from the east. Scrow has white trunks, with black birds flying across the front of the trunks. Big Dex Energy takes a moment to enjoy the reception of the crowd! Though New Orleans is the home of the challenger the crowd show major love for a man that has worked to get where he is. The big popular ball of energy heads to the ring and he steps into the ring to come face to face with the challenger. He holds the SO-HER up and shows LaCroix what they are fighting for and then gives the title to the referee. Dex throws up his open hands into the air and the crowd response gets even louder.

DDK:

Maybe a clash of styles here but Dex Joy is a beast. Matt LaCroix is going to need every hold he's got to wrestle that title away from Dex!

Lance:

Dex is willing to smash through anyone to keep it! He won the title in that very manner by absolutely crushing Gage Blackwood just days before he would have held the record for the longest title reign.

With Matt LaCroix on one side and Dex Joy on the other the crowd is going insane before the two have even locked up. The bell rings.

DING DING

"LET'S GO, LACROIX! BIGGEST BOY! LET'S GO, LACROIX! BIGGEST BOY! LET'S GO, LACROIX! BIGGEST BOY! LET'S GO, LACROIX! BIGGEST BOY!"

Joy can't hide his smile but he doesn't look away from LaCroix.

DDK:

The DEFIANCE Wrestling faithful are making their voices heard! Much love and respect for both men!

Lance:

So true! And both men have fought through a lot! Dex Joy was shunned by a veteran who isn't here with the company when he first got here, battled adversity and people saying he could never compete at a high level! LaCroix has a history of being the right guy at the wrong time allowing his personal demons to take control but he has turned it around in the last couple of years!

DDK:

Both men are inspirational to say the least!

Both men meet up and for the first time they lock up. Big Dex Energy and the Louisiana Bloodletter continue to fight around the ring but Dex's size gives him an advantage. He gets Matt to the ropes but when the referee orders him to break it up Dex backs off. When he does so, he pats Matt on the shoulder and backs off all friendly like.

DDK:

Like I said nothing but respect here.

LaCroix gets off the ropes. The two men lock up for the second time and Matt tries to get Dex into another hold but the Biggest Boy shakes him off. Matt goes for the left leg of Dex Joy trying to finish what Lindsay Troy started in their match but Dex will not let him get near it. He grabs LaCroix by the side and then simply throws him through the air like a sack. LaCroix rolls up and the SO-HER champ stands tall.

DDK:

Oooh no! Matt tried going after Dex's leg that Troy had worked over a few weeks ago in that last Southern Heritage title defense but he wouldn't let him get near.

Lance:

That is what LaCroix will have to fight against. He has to stop a juggernaut that hasn't been pinned or submitted in quite some time. If Dex Joy gets going almost nobody stops him period. Full stop!

The Biggest Boy moves far away from LaCroix and isn't rushing into anything. Dex remains calm and collected but despite the recent events so does Matt. The men lock up for the third time but Matt catches him by surprise by swiftly leaping up and then grabbing Dex's left arm while both legs tie around his body so he can try and hanging kimura arm bar.

DDK:

That is a great move! Matt LaCroix trying to find a weak point and exploit it with his vast submission knowledge!

Lance:

But is it?

Dex tries fighting for the safety of his arm while Matt LaCroix tries to fight for the submission. But when he moves in Dex takes hold with a headlock and then breaks free so he can hit a vertical suplex to free himself!

DDK:

That was a good shot but Dex has been able to shake off any submission moves that Matt LaCroix has tried so far.

With Matt LaCroix checking the ceiling lights Dex Joy goes to pick him back up and then he sends him with a lot of force into the ropes. Matt comes back and Dex lays across the mat and when he comes back, Dex shows some amazing agility with a leaf frog and when LaCroix comes off again he gets a big meaty clothesline. The crowd is all gung ho for Big Dex Energy when he shakes the arm he just clothesline LaCroix with. He follows up and then flattens LaCroix with a big running jumping elbow drop and then leaves his elbow on his chest to try and pin the challenger.

One ...

Two ... No!

LaCroix is able to kick out after Dex's first big shot.

Lance:

That was a great series by Dex Joy not only showing speed but strength as well. A deadly combination from the former football player.

DDK:

That was for sure and that clothesline was extra vicious.

The Biggest Boy grabs LaCroix's arm. He pulls him into a pair of short arm shoulder blocks and then hoists him high in the air by his arm. Waves of pain shoot up the arm of LaCroix while he is suspended. Dex lets him fall to the mat. Matt LaCroix's arm is hurting and Dex looks to make the rest of his body do the same. He tries to run and jump again but this time he misses the big running senton because LaCroix moves out of the way.

DDK:

No! Joy got carried away too early!

Lance:

And now LaCroix is going after the leg!

He tries quickly to get himself back up and then grab for Dex's leg but before he can fully lock in a leg bar Dex is already on the ropes.

DDK:

Quick quick thinking by the Southern Heritage champion of Defiance! He knew those ropes were near and he wasn't going to let Matt LaCroix take control.

Dex is holding the ropes with LaCroix now standing tall. When Dex is back on his feet LaCroix slugs him with a strong elbow strike and then chops that are enough to stun him. Dex ends him in a corner and then LaCroix turns up the intensity by ten fold.

CHOP!!

CHOP!!

CHOP!!

DDK:

LaCroix shifting gears quickly and he is taking the fight to Dex Joy like I've seen few people do!

Lance:

He's throwing bombs!

Six chops crack Dex across the chest and he doesn't look well, but Matt isn't giving him a chance any more to fight. The Biggest Boy tries to put his guard up against the barrage but LaCroix switches to kicks and strikes the chest with several hard shots. The master of Southern Strong Style continues chipping away at the SO-HER holder then an uppercut hits him under the jaw. He has Dex stunned in a corner.

DDK:

After that massive series of strikes Matt finally has some control.

LaCroix comes back to hit another running chop and then an uppercut against Joy. He goes for another big move ...

DDK:

DEXY'S MIDNIGHT RUNNER!!!

The crowd almost does a collective spit take when LaCroix runs to the corner again but Dex fires out unexpectedly and knocks him clear through the air with his explosive shoulder tackle! The move is so strong, LaCroix bounces through the ropes and then crashes on the floor below the ring.

Lance:

I don't know if that was desperation or something else on Dex's part! Matt LaCroix turned up the fire on Joy so he countered back with the Midnight Runner!

DDK:

Such a deadly move! Normally he'll launch someone in the corner and follow up with the Jump for Joy! He's lucky he got knocked out of the ring!

Joy is left to get his bearings back as Matt LaCroix is on the floor with his bell rung. The referee starts to make a count.

LaCroix makes it back inside and the DEFIANCE Wrestling faithful give him some respect in return with clapping.

DDK:

LaCroix saved himself but Dex hasn't really given him any chances to hang onto control for too long.

Lance:

No he hasn't and that's experience as the champion. Dex has defended the title against any one and everyone that wants a shot and he has learned how to control pace and when to fight back.

Dex picks LaCroix up but when he does he gets surprised with another big knife hand chop from his challenger. The blow is loud and so is the next chop that he throws and the one after that. He tries a fourth but Dex won't stand there and take it because he grabs LaCroix on his shoulders and then he drops him down using a big fireman carry flap jack!

LaCroix eats canvas again and Dex gets up to punish Matt some more. He takes him over to the corner and then nails big elbow shots to his ribs!

DDK:

And there he goes again!

LaCroix is doubled over but when Dex grabs his arm, he breaks it off and chops him again. The shot is heard all over the arena but Dex fires back with another elbow to the ribs and then big shots across the back. LaCroix gets sent for the ride of his life with a big hammer throw across the ring that sends him crashing back first into the turnbuckle!

Lance:

Did you think you'd ever see this? LaCroix is getting *thrashed!*

DDK:

I did not! He isn't giving up, but Dex isn't letting him get too many shots in either before he comes back with another big power move.

Lance:

And Dex has a big arsenal of those types of moves. He won't run out any time soon!

The fans cheer LaCroix as Dex is about close to getting back up but when he does he gets slugged with another elbow to the ribs. Dex pushes LaCroix into the ropes with his hands wrapped around him and then he throws him back to the middle of the ring with a powerful and ring shaking belly to belly suplex!

DDK:

That was an amazing suplex. Is that going to end Matt's quest to be the next Southern Heritage champion?

One ...

Two ...

No!

LaCroix's moxie is getting the better of Joy but he is focused on keeping his title!

Lance:

LaCroix has made two attempts to win the Favoured Saints title and retain it to get to this point. He isn't about to give up his dream of winning this title now!

DDK:

Good call Lance. He has fought so long to get here since winning the Favoured Saints title and he can't afford any mistakes!

The Biggest Boy is back up and LaCroix is right behind him. Dex doesn't wait like an idiot to see if the Orleans Outsider is going to get up to his feet first. He grabs him for a fireman carry again but before he can use whatever move comes to mind LaCroix gets out and lands behind him. Dex spins right around into a hard rolling elbow right to the jaw.

DDK:

That rolling elbow rocked Dex!

LaCroix uses another rolling elbow and hits Dex a second time and that makes the Biggest Boy look a bit more daze. He swerves behind Dex and then hits a third one right on the back of the head and that seems to finally be enough for him to make some progress. Matt LaCroix goes up to the top turnbuckle and uses a big missile drop kick!

Lance:

He did it! Dex is off his feet and now LaCroix can try and go for the win and the title!

He doesn't make a mistake and hooks the near leg of Dex.

One ...

Two ...

No!

DDK:

It took three rolling elbows and a missile drop kick to get Dex into this spot but he still kicks out!

Lance:

He does!

With LaCroix now in a position to try and use a submission he decides to go after the left leg of Dex Joy again but the Biggest Boy uses his other foot and he kicks LaCroix off of the limb. The Louisiana Bloodletter does not let up so easily. When Dex is back up LaCroix comes at him again but he doesn't expect Dex to catch him ...

DDK:

Oh no! He's thinking the Dex Bomb!

Lance:

He is!

Dex tries to throw LaCroix up in the air for the bomb but the First Favoured Saint of DEFIANCE manages to leap up and over Dex which gets the DEFIANCE Wrestling faithful going! Dex turns and then tries an elbow again but Matt beats him to it with a big knee to his chest. The blow makes Dex see stars again. That gives LaCroix the opening he needs when he shoots behind Dex ... and hits a German suplex to the cheers of the crowd!

DDK:

He did it! He lands the suplex!

Lance:

And he's not stopping there!

The Orleans Outsider sees Dex starting to try and stand after the suplex so he nails another uppercut and then drops him on his head with a big DDT. Once Dex hits the mat, it's time for another cover.

One ...

Two ...

No!!!

The kick out is clearly at two, but that does not stop LaCroix from his next move. Dex is now crawling on his knees after everything that Matt has hit him with so far.

DDK:

Dex kicks out again but LaCroix already has another bullet in the chamber.

Another running elbow to his face knocks Dex down and then the crowd pops hard as he goes to the top rope again. He gets himself ready ... and then he takes off the top with an amazing moonsault that hits his target!

Lance:

Spot on Darren! He hits the big moonsault! Is that going to be all for Dex Joy's fighting SO-HER title run tonight!

One ...

Two ...

No!!!

Now Matt LaCroix is left in surprise that he didn't get the three count!

DDK:

Three big moves but three different two-counts! LaCroix may have to adjust his strategy. He's gotta stay on Dex!

Lance:

If he gives Dex any more opening that won't be good.

The DEFIANCE Wrestling faithful are enjoying the match and keep up the chants!

"LET'S GO, LACROIX! BIGGEST BOY! LET'S GO, LACROIX! BIGGEST BOY! LET'S GO, LACROIX! BIGGEST BOY! LET'S GO, LACROIX! BIGGEST BOY!"

LaCroix tries to go for Dex's leg again, but he still won't let him get near it and kicks himself free using his other leg. Dex tries to get up but Matt now takes control with a big series of elbows. Dex counters back with another elbow shot to the ribs and makes LaCroix hunch over in pain. Joy is on the ropes again and it looks like another Dexy's Midnight Runner is in mind but LaCroix counters back by hitting a drop kick right to Dex's left knee! The beast goes down in a heap!

DDK:

There it is! He hits the knee! Big Dex Energy might have gotten his lights dimmed earlier but he won't be running at all if he gets the knee!

Lance:

After those nearfalls, you can feel things going back LaCroix's way now! That was a great move by the former Favoured Saints champion.

A suddenly amped Matt LaCroix shoots the leg immediately and Dex Joy powers Matt off, sending him hard to the canvas, but he hangs on! The Faithful can't believe it as LaCroix rolls the leg of Dex Joy and lifts it into the air before sending it down hard knee-first back onto the mat under his boot. Dex screams out in pain as LaCroix grabs the leg again, but Joy in full survival mode manages to escape again!

DDK:

Matt LaCroix is older, slower, and weaker than the man across from in the ring tonight, but there is no doubt in anyone's mind that if he can get Dex Joy on the canvas he goes from being physically inferior to an ice cold killer.

Lance:

Dex has to do whatever it takes to make sure he doesn't give Matt the opening he needs! Grab the ropes! Go outside! Do not let LaCroix get you on the canvas!

Matt LaCroix stumbles backwards, taking under a second to bite his lip through his own pain and grabs the ankle of Dex Joy once again who is crawling towards the ropes for a break. He's just a foot away from the ropes when he suddenly stops crawling and instead screams out in pain as Southern Strong Style is just stomping away at the leg. Lifting and smashing. Lifting and smashing. Lifting and...

DDK:

PEACEMAKER!

Lance:

Dex needs to get to that rope right now!

On cue, Dex Joy uses his inhuman strength to pull Matt LaCroix to the ropes with the deadly heel hook/knee bar combination locked in deep. The rope break is called for but the Louisiana Bloodletter knows what's at stake here and refuses to release the hold!

LaCroix breaks the hold right at five and collapses onto his back, almost as if he immediately takes the toll of his sudden burst of energy. Meanwhile, Dex Joy is wincing on his side holding his leg in what appears to be intolerable pain. Hector Navarro checks on the champion to see if he is able to continue the match.

DDK:

Dex Joy is too strong to be contained, Lance, but the damage might already be done!

Lance:

And it took every bit of energy Matt LaCroix had left too! Once Hector counted to five it looked like Matt's soul left his body.

DDK:

We're back on an even playing field here! Who is going to rise up and take advantage of the situation?

The champion waves off the official who turns around to see Matt LaCroix dizzily pushing himself up to his hands and knees. Dex has to use the ropes to try and pull his massive frame up off the canvas, giving the smaller challenger a chance to find his sea legs first. Despite a warning from Navarro, Matt goes in to grab the champion but eats a quick

elbow that staggers him. LaCroix responds with a quick kick to the knee that looks like it would've floored Joy, but he was still holding onto the ropes which bend mightily under his colossal body.

Lance:

The ropes may keep LaCroix from doing a submission, but it also makes Dex a sitting duck! He needs to find a way to make some space from the challenger and get back into control.

Dex can't find a way to gain separation as LaCroix does manage to pull him away from the ropes before using his leverage to irish whip Dex Joy into the corner. However, along the way, Dex's knee gives out and he stumbles awkwardly before face planting a few feet away from the turnbuckle. Worry crosses the faces of the Faithful as he drops and Matt LaCroix measures his prey, backing into the opposite corner. Grabbing onto the ropes behind him and leaning forward, DEFIANCE'S First Favoured Saint has Dex Joy in his sights for Destruction In Spades, DIS.

DDK:

Like a wounded animal, Dex Joy has no choice but to try to escape! Matt LaCroix is lined up with the killshot!

Lance:

As Joy gets up to one knee, LaCroix fires out of the corner like a bullet and leaps into the air for his quick striking shining wizard, but he's caught! The Faithful roar as Dex Joy plucks Matt LaCroix out of the air like a football and uses his awe-inspiring strength to get up on one leg and powerbomb LaCroix into the bottom turnbuckle!

DDK:

GOOD GOD!

The Faithful are in a panic, sensing the end is near, causing adrenaline to pump through the veins of the crippled champion. He hops and stumbles back to the middle of the ring, where he does the closest thing he can to a run before using his good leg to power through into a running cannonball!

Lance:

Matt LaCroix limply collapses to the canvas on his side as Dex Joy grits his teeth together holding dearly onto his injured leg. Feeding on the excitement of the Faithful, the champion gets up to a four point stance to leap onto the challenger for a pin, but at the very last second LaCroix rolls over under the ropes and falls onto the concrete floor on the outside, leaving the Biggest Boy to grab nothing but the ropes and watch his victory slip away.

DDK:

Dex goes and then he picks up LaCroix, but before he is able to get anything going, The Louisiana Bloodletter grabs the bad leg of Joy just before he can get up and Dex shakes him off once again... but LaCroix again manages to hold on as he hits the canvas! Matt then wraps the leg of Joy around his own and begins to stomp repeatedly as the champion yells out in pain. Navarro looks for a submission but the champion won't give up!

Lance:

Dex Joy is NOT human, Darren! I'm convinced he'd kick out of a car crash!

Frustrated, the Orleans Outsider wraps the good leg as well and begins jumping into the air and slamming both of Dex Joy's knees hard into the mat with his entire body weight in a mexican surfboard type of lock. Joy weathers the storm, seething in pain but not quitting as LaCroix slams his hands into Dex's kidneys making him instinctively throw his arms back. Hector Navarro immediately turns and demands for the match to be ended and the Faithful roar in appreciation.

DDK:

Leg drop!

Panic covers the faces of the other 24K members as the big man hurls Perfection into a free corner. Deacon charges in with a splash attempt but Perfection ducks and shifts to the center of the ring. Witherhold kicks Deacon in the chest and looks for a snapmare takedown but Deacon doesn't budge.

Perfection tries again-

No.

The crowd starts another I BELIEVE chant behind the legendary giant.

DDK:

Deacon takes Perfection by the neck... he's looking for a chokeslam... NO! Perfection escapes, a rake to the eyes follows and off the ropes James goes! ANOTHER big boot by Deacon! THIS TIME THE CHOKESLAM CONNECTS!

On the apron, Blackwood smacks Harvey on the shoulder. Harvey smacks Burns on the shoulder. Everyone nods.

Immediately, the DEFIANCE members enter the ring, race across the canvas and simultaneously dropkick Cayle Murray, Kendrix and Mikey Unlikely off the apron!!

DDK:

DEACON WITH THE ALTAR CALL! I CAN BARELY HEAR MYSELF THINK!

Mikey is the next to enter and Oscar Burns knocks the FIST for a loop with a European uppercut! This is followed by a sling blade from Blackwood!

DDK:

Murray and Mikey are discarded... Jay's looking for the Wake Up Call... NO! Kendrix rolls Jay into a small package! HE'S GOT THE TIGHTS, THE TIGHTS!!!

ONE.

TWO.

KICKOUT!

YYYYEEEEEESSSSSSSSSSSSSSSSSSSSSS!!!

DDK:

Blackwood and Burns were too busy working their way to their corner! Luckily, Jay Harvey escapes the pin!

Both legal men are up. Harvey blocks a right fist from Kendrix and positions/connects with a release snapdragon suplex! Jay hits the ropes...

WAKE.

UP.

CALL.

DDK:

OH MY GOD!!!

The arena counts along, LOUDLY.

ONE.

TWO.

Darren Quimbey:

KENDRIX has been **ELIMINATED!**

DDK:

WE'RE DOWN TO A FOUR-ON-TWO!!!

Mikey's face is in shock and awe as Mark Shields rolls Kendrix out of the ring. Cayle, on the other hand, can't wait. He slides into the ring RIGHT AWAY!

DDK:

WAKE UP CALL AGAIN!

ONE.

TWO.

SAVE BY MIKEY!

The sigh in the Wrestle Plex is a NOISY one, with everyone buying into a potential FOUR-on-one! The second Mikey gets to his feet, he's ejected out of the ring via Gage Blackwood.

DDK:

Jay Harvey tags Deacon!

But before The Deacon can peel Cayle Murray off the canvas, he sees Perfection and Kendrix helping Mikey Unlikely to his feet on the outside. He points to Cayle in the ring, holding one finger up. Then, Deacon points to the outside where the rest of 24K is present and holds up three fingers before thumping his chest and races to the far ropes.

DDK:

No. No, Deacon, don't do this...

I BELIEVE

I BELIEVE

I BELIEVE

Deacon hits those ropes, rebounds with the momentum across the ring and then performs a crazy plancha, landing across all three members of 24K, knocking them out!

HOLY SHIT!

HOLY SHIT!

HOLY SHIT!

DDK:

DEACON WENT AIRBORNE! WHAT A LEAP... OF **FAITH!!!**

Lance:

This is the level of commitment the match needs! It doesn't matter WHO walks out with the FIST of DEFIANCE as long as it's NOT MIKEY UNLIKELY!

Blackwood and Burns can't believe it as The Faithful are worked into an absolute shitshow! Deacon is DOWN and OUT. Cayle Murray slides out of the ring and clubs Deacon in the back of the head with a forearm. Somehow, somehow, the former FIST works the big man into the ring.

DDK:

Dragonscrew to Deacon's knee! Cayle's looking for a submission of some kind... might be an STF...

Blackwood charges in but Cayle shows he was playing possum by popping to his feet, stunning Gage with a kick, chinbreaker and then discards his fellow Scotsman out to the floor!

Jay Harvey and Oscar Burns are next to enter. Cayle eats an uppercut from Burns but Kendrix appears at the last possible second, significantly hurting. This draws Jay's attention, as Harvey clobbers Kendrix! Both men go up and over the top rope...

DDK:

Cayle Murray has rolled up Deacon. Murr has BOTH FEET ON THE TOP ROPE FOR LEVERAGE!

Lance:

LIFT YOUR HEAD UP, MARK!! DON'T YOU DARE COUNT THIS...

ONE.

TWO.

THREE!

Darren Quimbey:

DEACON has been **ELIMINATED!**

DDK:

Dammit! Oscar got there too late! He was staying on guard for anyone else entering the ring!

Lance:

Deacon was REALLY struggling after that plancha!

Burns is declared the next legal man by ref Mark Shields (since he's in the ring already) and Cayle Murray hooks him into The Incredibly Painful & Extremely Powerful Flaming Death From Outer Space... OF DOOM!

DDK:

ANOTHER ROLLUP!!

ONE.

TWO.

SAVE BY BLACKWOOD!

Gage makes his way to his corner and Jay Harvey meets him there. On the outside, Mikey is slowly making his way back to the 24K side. Perfection has been taken backstage, suffering what looks to be an injury at the hands of Deacon's plancha. Kendrix is laid out, hard, thanks to Jay Harvey and hasn't moved since.

DDK:

So it's three-on-two... but it might be three-on-ONE very soon! Oscar Burns and Cayle Murray have found a vertical base and stand across from one another. Burns is egging Cayle on...

Lance:

And Cayle's not thinking straight. He's irate at what's happened so far!

Murray moves towards Burns but Oscar throws a knee up and catches Cayle under the chin! The fans pop as Burns hits the ropes and hammers his right knee against Murray's jaw for x2. "Twists and Turns" deadlifts Cayle into a German suplex and a bridge pin!

ONE.

TWO.

KICKOUT!

Murray's on the attack first, perhaps using the three count as a way to recover. Cayle blasts a stiff boot across Burns' face and positions Oscar into a suplex. Although Burns blocks the first attempt, Murray lowers his base and connects with a snap suplex instead.

DDK:

Murray with a Pele kick, inverted atomic drop and off the ropes he goes... **POWERSLAM BY BURNS!**

Burns leaps forward and tags Gage Blackwood! The crowd cheers in support of The Noble Raider who makes his first appearance in the match. It's a consistent display of clothesline after clothesline, as Cayle tries to get to his feet but he's denied.

Lance:

Great tag by Burns, showing real teamwork here. You know Gage wants his hands on Cayle for revenge from their match two weeks ago!

DDK:

Blackwood Irish whips Murray into the ropes... a dropkick to Cayle's knee gets him down. Blackwood grabs Cayle's knee and slams it into the canvas as hard as humanly possible!

Blackwood applies a Boston crab!

Lance:

Murray is dead to rights!

Suddenly, Mikey enters the ring but so do Burns and Harvey! Although the FIST IS able to nudge Blackwood off Murray, the two DEFIANTS ensure that's all he can do before working the champion to his corner!

DDK:

NO!!! MURRAY WITH AN INSIDE CRADLE AND A HAND FULL OF BLACKWOOD'S TIGHTS!

ONE.

TWO.

KICKOUT!

Lance:

I thought it was over!

DDK:

Well it wasn't the Incredible Death Rollup pin... or whatever you want to call it. This was a true inside cradle!

As Burns and Harvey turn around to see the end result, an enraged Blackwood pulls to his feet, kicks Murray in the chest and bounces off the ropes.

DDK:

GAELIC STORM- NO!

Lance:

Murray dodges it! That's twice in two weeks he's been able to do so!

With everyone back in their respective corner, Blackwood tries to kick at Murray again but he's met with a low blow!

DDK:

Of course Mark Shields didn't see it!

Lance:

Now Cayle's attempting this STUPID looking chokeslam!

DDK:

It IS stupid! Cayle is a tremendous wrestler and now is not the time to be denying the audience of what you can do inside the ring!

Lance:

Well... it's not HIS FIST to lose!

Murray attempts the worst looking chokeslam in the world but Gage holds onto the arm and plants Murray back on the mat!

DDK:

STEP OVER TOE HOLD... INTO AN ANACONDA VICE!

Jay Harvey and Oscar Burns enter the ring before Mikey can even think about it. The FIST looks on, hesitantly putting one foot through the top and middle rope to "test the waters" but Burns and Harvey stand side-by-side. Mikey pulls his foot back.

Meanwhile, behind the DEFIANT wall, Murray screams in pain as Blackwood sinks the hold in, as deep as he can. Mikey tries to put his foot into the ring again. This time he comes close enough to bend down and almost go through the ropes himself.

Burns and Harvey cross their arms.

The Faithful are deafening as Murray raises his hand... AND TAPS!

DDK:

MARK SHIELDS! GOD DAMMIT, MARK! He's too busy watching what will happen between Mikey, Burns and Harvey THAN DOING HIS ACTUAL JOB!

Lance:

Murray's tapping but it's not in the record books!

Blackwood drops the hold, walks over to Mark Shields and spins him around.

Gage Blackwood:

Aye ya filthy baw juggler, PAY. ATTENTION.

The Noble Raider goes back to Cayle Murray. This time he applies his sleeper finisher, The Soul Breaker.

DDK:

Instead of making Murray tap, he's gonna KNOCK HIM OUT INSTEAD!

Lance:

That might be too much to ask of Mark Shields. Raising a guy's arm three times...

Mikey realizes he has no choice. He HAS TO jump through the Burns and Harvey Wall of DEFIANT. The only problem is...

They go to him first.

DDK:

BURNS WITH AN UPPERCUT TO MIKEY AND HARVEY CHOP BLOCKS THE FIST DOWN!

Perfection and Kendrix are out from the back to a chorus of boos.

Lance:

You had to figure this would happen AGAIN.

DDK:

This match is nonsensically chaotic. No surprise, just saying.

Perfection can barely walk and Kendrix's ribs are taped. Nevertheless, the second they approach the ring apron...

DDK:

Harvey with a baseball slide takes out Perfection! Oscar dives through the top and middle rope with a shoulder block to Kendrix!

The four men brawl, although it's all DEFIANCE getting the upper hand. Jay discards Perfection by throwing him shoulder-first into the steel steps before looking into the ring and seeing Mikey Unlikely FINALLY make it to Gage Blackwood and kick Gage in the small of his back.

DDK:

Mikey hits Blackwood with a whiplash DDT!

The Natural One races back into the squared circle and ejects Mikey Unlikely immediately. Harvey goes to his corner, leans forward and sticks his hand out as far as possible.

Jay Harvey:

C'mon Gage, tag me!

Blackwood shakes the cobwebs out and although Cayle Murray is knocked out beside him... looking over to his enemy, Jay Harvey, Gage nods and crawls his way towards the DEFIANT corner.

TAG!

Blackwood falls out of the ring in the process.

DDK:

JAY HARVEY IS LEGAL!

Low blow, Cayle to Jay.

Another school boy rollup.

Handful of tights.

Cayle had nothing left. From the anaconda vice to The Soul Breaker, his last ditch attempt was another low blow and roll up but he couldn't get it done. We're down to THREE DEFIANTS against the FIST of DEFIANCE! THAT'S ALL WE HAVE LEFT!!

As Mark Shields tries to see Cayle Murray out of the ring, Mikey Unlikely enters.

But he doesn't come in alone.

DDK:

Lance:

I don't think I've ever heard you swear.

DDK:

Stressful times, Lance. THIS is their opportunity. A three-on-one... there would NEVER be better odds in the history of, dare I say, WRESTLING where the champion is at a disadvantage such as a three-on-one!

Lance:

Well, we're still down to two-on-one! Those are good odds, too!

DDK:

And those odds will start with the man who Mikey Unlikely DEFEATED for the FIST of DEFIANCE to begin with... Oscar Burns!

The scene switches to Perfection, who hasn't moved from being thrown into the steel steps and Kendrix, who's being helped to the back by three referees.

Lance:

I really think it's down to Mikey Unlikely and ONLY Mikey Unlikely now! Needless to say Cayle hasn't moved since being eliminated, either!

"Twists and Turns" Oscar Burns stands in the center of the ring, looking directly at Mikey who's on the outside, bottom of the rampway. Mikey looks to his left... to his right... he sees no one.

Mikey Unlikely: *[whispering to himself]*

Yeah, sure, I got this.

But he doesn't look confident at all.

WE LIKE GRAPS

WE LIKE GRAPS

WE LIKE GRAPS

DDK:

GET INTO THE RING, MIKEY. BE THE FIST OF DEFIANCE YOU SAY YOU ARE... AND LOSE THE CHAMPIONSHIP BACK TO THE MOST DESERVING FIST OF ALL TIME!

Lance:

You are very worked up, my friend!

DDK:

Well!?

Lance:

Oh, I am too. Let's go Mikey! Get in there!

Once again, it's Oscar Burns who goes to Mikey Unlikely first. Burns blocks a right hand from Mikey, who was immediately on the defense. Burns grabs Mikey by his tights and runs him into the apron and through the bottom rope.

Into Gage Blackwood...

WHAM!

DDK:

THE ROYAL TATTOO! Blackwood was waiting for Mikey!

The Noble Raider dusts his hands off and walks back to his corner.

Lance:

See, THIS gets real interesting! Burns and Blackwood are on the same team but if one of them pins Mikey Unlikely THEY are the FIST of DEFIANCE and the other, despite surviving, IS NOT!

DDK:

This is Mikey's only hope now! It's all he can pray for... that Burns and Blackwood, who've had MANY differences in the past, are not able to co-exist and decide for themselves on who gets the pinfall!

The Faithful are HOT as Oscar Burns slides into the ring and nods at Gage. Oscar takes hold of Mikey's waist and throws him into a belly-to-belly suplex. The crowd, once again, erupts!

Stomps follow, working the FIST of DEFIANCE all the way into a corner. Burns looks at Gage Blackwood...

And happily walks over to him with a tag.

DDK:

Wow...

Blackwood picks up Mikey and drapes him across the corner.

CHOP.

WOOOOOOOOOO.

CHOP.

WOOOOOOOOOO.

CHOP. CHOP CHOP.

Mikey's chest is purple by the time Blackwood is done with him. Gage hip tosses Mikey to the center of the ring, walks over to Oscar Burns and tags him back!

DDK:

So far, it's actual teamwork! Each man is giving up a chance at the FIST by tagging out!

Lance:

We'll see what happens when a pinfall takes place!

Burns connects with the back-crack-a-ma-jig, a belly-to-back lift into a backbreaker before tossing Mikey to the ground like an insignificant object.

DDK:

Again, IF Burns and Blackwood can co-exist, Mikey is in TROUBLE. He's in the ring with two of the hardest hitters DEFIANCE has ever seen.

The Technical Spectacle whips Mikey to a corner. As the champion ricochets off the padding, he's met with a stiff as shit knee to the side of the temple! And although it doesn't put Mikey on the canvas... the hard out headbutt CERTAINLY does!

Burns looks over to Blackwood. Gage gives a nod of approval.

DDK:

Burns is going for the Head-Drop-O-Matic... Mikey is trying his BEST to wiggle away...

Lance:

Dammit, Mikey breaks free!

A stumbly FIST of DEFIANCE falls backward into the ropes and leaps towards Burns with a high knee-

DDK:

BURNS CATCHES HIM... POWERSLAM!

Sweet as Knee Drop follows!

DDK:

Lance:

OH BOY!

The arena comes out of their seats as Mikey moves his foot a mere INCH for referee Mark Shields to show his worth

and make the correct call!

Lance:

I don't know what I'm stunned about... the fact Oscar slipped up and made that pin too close to the ropes or the notion GAGE BLACKWOOD stood in his corner and allowed this to happen!

DDK:

It looks like they have an agreement!

"Twists and Turns" drags Mikey Unlikely to the center of the ring. Hoping to apply The Graps of Wrath, Mikey pokes Burns in the eyes and slithers away...

To the wrong turnbuckle.

DDK:

BLACKWOOD HITS MIKEY WITH A LEFT HAND! In comes Oscar Burns... NO! Burns eats a back elbow from Mikey!!! And Mikey... MIKEY IS LOCKING IN A SLEEPER HOLD ON OSCAR!!

The FIST of DEFIANCE's eyes meet Gage Blackwood's. Mikey has a shit eating grin on his face as he hooks his right arm around Burns' neck and hops onto The Technical Spectacle's back! Burns falls to a knee and then to the canvas floor completely!

DDK:

This goes back... MONTHS! Mikey Unlikely was furious at Gage Blackwood for debuting a sleeper finisher and thought HE could do one better!

Lance:

Mikey's won matches with this thing, Keeps! HE'S GOT BURNS DOWN AND ALMOST OUT!

Mark Shields slides into position and looks to raise Oscar's hand-

Mark Shields:

Mikey Unlikely... out.

Mikey Unlikely... the FIST of DEFIANCE.

Gage looks up from the mat at referee Mark Shields.

Gage Blackwood:

I'M LEGAL, RIGHT!? RIGHT!?!?!?!?

Eyes bulging out of Gage's head, hands trembling, the Edinburgh native screams at the typically incompetent Shields who once again outlines what he saw.

Mark Shields:

The announcers stay on radio silence as Mark Shields hands Gage Blackwood the FIST title! The Wrestle Plex is bedlam as Blackwood gets to his feet, glances at the belt and then holds it above his head for another MASSIVE pop! Mikey's DOA. The rest of 24K aren't around. Oscar Burns is only slowly coming to on the canvas...

Finally, the announcers break their silence.

DDK:

GAGE BLACKWOOD HAS DONE IT! HE'S ENDED THE REIGN OF MIKEY UNLIKELY!

Replays showed that as Mikey applied the sleeper hold, Burns' right arm moved forward and Blackwood tagged it. Whether or not this was a purposeful move by Oscar Burns isn't known at this time.

Lance:

What an insane match! 24K were downright OWNED from bell to bell!

Blackwood stomps around the ring, parading the FIST of DEFIANCE. The cameras switch to Mikey Unlikely, dazed and confused, being helped to the back.

While the fans cheer in unison, Blackwood walks to the edge of the ring and asks for a microphone. Only when he brings the mic to his mouth, does Gage's theme come to an end and the fans quiet down.

IT'S COMING HOME

Gage Blackwood:

Aye, this has been a long time coming.

Blackwood takes a pause, looking at the gold in his right hand.

Gage Blackwood:

Five years ago I joined DEFIANCE as a frustrated, misguided individual. I lost the first three matches of my DEFIANCE career. Back-to-back losses against Gunther Adler made everyone question my abilities.

Blackwood holds the title in the air.

Gage Blackwood:

Blackwood kicks the bottom ring rope with passion.

Gage Blackwood:

Not an entertainer! The reign of terror is finished. GAGE BLACKWOOD IS THE FIST OF DEFIANCE. I am finally DEFIANT!

Blackwood walks to the center of the ring, lays the title flat out in front of him and takes a knee.

Gage Blackwood:

I will defend this title. There is no challenge I won't run from. If I have to plant my "ex-wife" with two knees, I'll gladly do it. DEX JOY, you made me look silly in my Southern Heritage Championship defense. I have not forgotten.

Blackwood stands, pointing to the back.

Gage Blackwood:

Anyone who thinks they're deserving, I'll give you my best. Gage Blackwood shows up every day. You may like me or hate me but I will fight you fair. Damn sure, pal, I'll knock you out, too.

Blackwood lifts the title and drapes it over his shoulder.

Gage Blackwood:

The company's full name is DEFIANCE *Wrestling*. It is not DEFIANCE Entertainment. We are not a watered down product. Every single bampot in the back is welcome to try me out otherwise.

Blackwood drops the mic. He storms to a corner, climbs and raises the title above his head... as the scene momentarily switches to Oscar Burns, on the top of the rampway, eyeing the new FIST of DEFIANCE down with a slight nod of his head.

The DEFIANCE signature appears in the bottom right hand corner as the broadcast team takes it home. Blackwood rubs the title with his palm.
