## MINUTE vs. MAX LUCK

**DDK:**

Welcome to DEF TV 167: Night Two! And we have a big match to kick off the show! Max Luck scored a win on UNCUT and found out he was challenged by the returning Minute! This battle between Los Tres Titanes and the Better Future Talent Agency has reheated in a big way since they have attacked LTT one by one!

**Lance:**

Minute was hurled into a garage door and ruptured an eardrum! Uriel Cortez was beaten bloody with steel steps! Titaness was attacked by ADV in the middle of the Favoured Saints title match! Minute is healed up though and ready to fight!

**DDK:**

We're not going to waste any more time! Minute tries to play David and slay the Goliath called the seven-foot Max Luck next!

Ophelia Sykes steps out from the back and the DEFIANCE Wrestling Faithful are on her like crazy!

**Ophelia Sykes:**

She does a twirl on the stage and stops to show off her rear side for an extra second! She gets some cat calls then turns to face the stage. .

We have been told because of the attacks by BFTA against LTT in recent weeks that all seconds are barred from ringside. It's Max Luck and Minute one on one tonight in a fair fight!

The music of the DEFIANCE Unified Tag Team Champions begins to play throughout the DEFarena! The type of cheers one only gets when a babyface's music hits out of nowhere comes up from The Faithful as Brock Newbludd and Pat Cassidy appear on the entrance way dressed in street clothes.

### **DDK:**

It appears we're going to hear from our Unified Tag Team Champions!

### **Lance:**

Last week, it was announced that they'll be defending those belts in just one month's time at DEFCON against the reluctant duo of Malak Garland and Conor Fuse in what has all the makings of a potential classic.

Newbludd and Cassidy, who are only sporting one championship belt each (one has to assume the other three are safe in the care of their manager, Davey LaRue), make their way down the ramp, high-fiving the outstretched hands of fans. They appear to be extra pumped up full of energy as they bound down the ramp. When they meet up with Los Tres Titanes who are on their way up, the two teams exchange a quick round of fist bumps and manly hugs before Cortez and Minute continue to walk toward the back and The Specials hop up onto the apron and into the ring. Each SNS member takes position on opposite turnbuckles as they raise their belts high to the appreciation of the DEFIANCE Faithful.

### **Lance:**

So much history between the four men who will clash over those belts, Keebs. I'm sure SNS have quite a bit to say about it.

As The Saturday Night Special's theme dies down, Cassidy eagerly motions for a mic. He raises it high, and acts like he's going to speak, but at the least second he stops and just allows the crowd to say it with assistance.

### **The Faithful:**

As he begins to cut his promo, Cassidy is pacing around the ring in circles, full of energy that he seems barely able to contain. Brock props himself up on a turnbuckle, smiling in amusement as the gusto of his partner.

### **Pat Cassidy:**

I don't think I even have to say this, do I? You know what day it is? The holiest of holy days, my friends. A day that comes but once a year. Today is...

Black Out resumes his pacing.

**Pat Cassidy:**

But I gotta be honest with ya, boys and girls... there's a little bit of a dampah on this one. What should be the greatest day of the year... has been ever so slightly tainted, hasn't it? If you were watching this show two weeks ago, you heard the announcement of who yah boys here are facing at DEFCON... it's Malak Garland and his new lackey, Conor Fuse.

**Pat Cassidy:**

Yeah, my feelings exactly. This one is interesting to me. I know that Conor Fuse has become really popular with the people...

A cheer of confirmation, followed by a "Rank! Rank! Rank!" chant. Cassidy respectfully pauses to allow the chant to happen, and when it dies down he resumes pacing and cutting his promo.

**Pat Cassidy:**

But even as he's been embraced by all of you, you know yah boy here holds a grudge. I can't help it... it's the Irish Catholic in me. Two things that ah true about us: we populate like rabbits and we never forget a slight. But even thinking about what's gone down between us... even I can't deny the year Conor's had, you know? A lot has changed since Trashcan Tim and I gave him his just desserts. Main eventing, big team ups, entertaining as hell interviews, and he's sure as shit talented inside this squared circle. I'm not stupid - I know how good he is. Hell, remember who it was Newbludd and I were facing in the main event exactly one year ago today?

Cassidy looks to Brock, who is still sitting on the turnbuckle. Newbludd makes a show of appearing deep in thought.

**Pat Cassidy:**

It was the Fuse Brothers. In what was our first ever shot at these...

He pats the belt over his shoulder.

**Pat Cassidy:**

And you know what? We lost. Big swing and a miss. No shame, either. The Fuse Brothers are maybe one of the greatest tag teams of all time. (pause to acknowledge pop of approval) Of course they are! Not only are they both fantastic wrestlers, but they're brothahs! Family. Blood. Who makes a better tag team than your family? Someone you grew up with? Spent birthday pahties with? Play fought with? Did your first wrestling moves on? Family is everything, am I right?

Cassidy stops pacing. He turns to look directly into the camera.

**Pat Cassidy:**

Family *\*is\** everything. And that makes what I'm about to say next so damn disappointing. I know it's not going to be very populah, but I've kept this to myself for a while. At last year's DEFCON, The Fuse Brothers were forced to call it quits on their team. And Conor Fuse stood in the middle of this ring (points down) with tears in his eyes as his brother walked up that ramp to spend the rest of his days in possession of a psychotic cult. And what did Conor do? The next day? The next week? The next month?

Pause. Head shake of minor disgust.

**Pat Cassidy:**

Jack. Shit.

The crowd has stopped cheering - you get the sense they're not cool with this dressing down of Conor, but they are curious where this is going. Pat Cassidy resumes his pacing as he continues.

**Pat Cassidy:**

Conor moped around for a while until he found some new friends. I'm sorry: what? Do you know what I would do if any of my brothahs or sistahs was in the hands of the Kabal? I'd burn their whole friggin hideout to the ground...

From the turnbuckle, Brock gets his partner's attention. He says something that the camera doesn't pick up, but Cassidy does.

**Pat Cassidy:**

Oh yeah... I guess someone already did that. Anyway... the point is, I have lost nearly all of what respect I had for Conor.

A noticeable round of boos from the crowd. Cassidy doesn't acknowledge.

**Pat Cassidy:**

He didn't fight for his brothah. He let Malak Garland win, and now he's stuck under the thumb of that bitchass snowflake. And Conor sure as hell should've known that stipulation was a bad idea. Cause Malak always plays his games, doesn't he? He always snakes out his win even when his back is against the wall. Except of course...

A smile. Cassidy leaps forward on the top rope, looking directly into a ringside camera.

**Pat Cassidy:**

Except for that time he tried to pull his bullshit with The Saturday Night Specials, and we said "not today" and kicked his ass. And rest assured, Garland, with Conor by your side or not... at DEFCON, we're coming to kick your ass again.

A pop from The Faithful! They were uneasy about the Conor bashing, but can get totally on board with talking crap about Malak Garland. Cassidy grins as he hands the mic over to Brock Newbludd, who hops down from the turnbuckle to address the people.

**Brock Newbludd:**

You damn right we are! Listen, I ain't gonna sugarcoat things. I'm not lookin' forward to watching Conor walk down the aisle at DEFCON holdin' Malak's pocket like a prison bitch. That's no bueno. But, this shit between us and Garland is more about gold. It's personal. Cass is right, family is everything. For some people, it's the one you were born into. For guys like me...

Newbludd lowers the mic and points the finger out to the crowd. He then glances at his partner and hikes a thumb towards him.

The Faithful cheer in appreciation at Brock's words while Cassidy can't resist such a perfect time to give his friend some shit. This certainly doesn't look like the cohesive, fun-loving unit that we're accustomed to seeing from the Pop Culture Phenoms.

**DDK:**

There has been some slight tension the past few weeks, akin to the types of frustrations all families have, Lance. We've seen this before... I'd say much worse in the past.

**Lance:**

Last DEFtv, it appeared that Klein was willing to leave the D and his fellow PCP members to fight off Cerberus without him, before he came to his senses. But he's got that same look he had then Darren. He's not the same man without Dani by his side...

Tapping the microphone, the Queen of Sports Entertainment Style cuts off both the music and the commentary team with a smile from ear to ear. Spinning the mic around between her fingers, she waits for the Faithful to calm down before she looks directly into the camera from beneath her LED sunglasses.

**Elise Ares:**

**Elise Ares:**

Yeah but like... what else am I supposed to say? Boxmen? Kleintelle?

**The D:**

Klein stands behind them, arms crossed. He hunches forward his shoulders. Flex notices, and decides to out flex in response. The two look imposing.

**Elise Ares:**

But uhhh... this isn't about them. Or us! This is about Klein! You see Klein, pal, buddy... we know that we haven't been the best teammates or friends for you that past couple of months.

**The D:**

There were times you probably needed us more, and we were too busy trying to become DEFIANCE Tag Team champions for a record setting third time. As the man who would have been your best man, I'm sorry for our inactivity. We shoulda been there for you more, as friends.

Klein's demeanor softens a bit. Flex continues flexing.

**Elise Ares:**

**Klein:**

That's not English.

The Leading Lady of DEFIANCE remembers that she's fluent in several languages and you can see the gears turning in her head as she tries to remember languages that she doesn't know.

**Elise Ares:**

Portuguese?

**Klein:**

It's French.

**Elise Ares:**

UGH, I KNOW FRENCH!

**The D:**

They have great salad dressing.

**Elise Ares:**

And wh...

**Klein:**

Guys. Before you go one step further... I swear to God if this is another stupid Netflix movie...

Klein runs his hands through his blonde hair and starts to pull at it as the D and Elise look at one another, a bit deer caught in headlights.

**The D:**

It... it'll stream on Hulu in Malaysia...

Klein grabs the bridge of his nose and sighs, shaking his head from side to side.

**The D:**

What's the matter buddy? Sinus headache? Migraine?

**Klein:**

D, what are we doin' here?

**The D:**

Well, if you'd let me finish! Elise, drum roll!

**Elise Ares:**

Truck monkeys! NOW!

The lights dim in the arena and a spotlight falls onto the side interview stage. After a crescendo, the tarp is lifted and tossed aside, to reveal a large standee of Klein, holding a box in his hands. Above him is a large logo, "MAN IN THE BOX." At his feet, framing Klein is "The Life of Klein" with a few logos tacked on to the bottom: Netflix, Blu-Ray, HD-DVD. A digital release date of March 10th, 2026 is displayed. There is initially no reaction so Elise instinctively begins to clap and the Faithful cheer along out of pity.

**Elise Ares:**

This is totes a HUGE deal, so we wanted to make sure we did it big and we did it RIGHT. We've put out feelers about who should play you and I'm thinking current Klein is James Van Der Beek and child Klein could be one of those Sprouse twins.

**The D:**

They're still kids? Lucky for us! We could use both of 'em, shoot 12 hour days, save like, thousands.

**Klein:**

STOP!

Klein grabs the D by the lapel of his jacket and lifts him off the ground with one hand. The D looks shocked.

**Klein:**

What the HELL are we doing D?

**The D:**

The - the jacket...

Klein scoffs, letting the D go as he lands on his feet. The D tries to undo the wrinkles and straighten himself out. Klein just shakes his head.

**Klein:**

Listen, D. I don't want to see a movie of my life. I've already lived it once.

**Elise Ares:**

Special K, honey, baby we didn't know. We just know you're focusing really hard at this wrestling stuff, and we see that. We recognize that.

**The D:**

We recognize you. We just want to pump you up, because we know you want a crack at the FIST one day. So, we just wanted to show you how special you are and show how much we appreciate you. We're going to do everything we can so you two can be our equals now!

Klein coughs.

**Klein:**

Equals? Even when you're tryin' to be nice, you gotta insult us. You know who else had a habit of doing that?

Klein leans forward. Flex is genuinely curious who he's going to mention.

**Klein:**

Mikey Unlikely.

Heavy jeers. The D tries to plead his case nonverbally as Klein continues.

**Klein:**

Here's the thing, I don't need you to tell me how special I am. I already know it. I show it, every time I'm in the ring. Since losing Dani, the only thing I have left is that ring, and I'm putting all my energy into becoming a machine. I have a new goal now D. It's to be the greatest wrestler DEFIANCE has ever seen. Better than Cayle. Better than Oscar. I'll be the FIST. It's just a matter of when.

Cheers from the crowd as Klein nods in appreciation.

**Klein:**

Now... you two?

Klein says, pointing at Elise and the D. Elise is annoyed that she was pointed at and nonverbally complains to the D, who understands.

**Klein:**

Elise Ares, future FIST potential... hell you had Mikey Unlikely beat! You should've been the champion already! The D, future FIST in waiting. But the question for you two wasn't when... it was always... IF.

Boos. Klein shakes his head and continues.

**Klein:**

And I guess now we know the answer. We know what you chose. You chose to putz around here with stupid Netflix movies being could've would've beens. This is just predictable meaningless trite shit! I mean Elise, you were the SoHer champion for a YEAR. 3 years ago. D? Yeah, you beat Cayle, you beat Oscar, once, and not when it counted.

**The D:**

You better not say something you're going to regret.

**Klein:**

How could I regret the truth?! You guys just lost the Tag Team championship and came out drinking like "OH WHOOPS, NO BIG DEAL! PCP RULEZ WITH A Z."

**The D:**

We'd never use a Z.

**Elise Ares:**

Unless it came back into fashion. Then we totes would.

**The D:**

Well duh.

**Klein:**

This is EXACTLY what I mean! What are your plans to get a tag title shot? Just wait and see? Do you guys even WANT to be champs? Do you even want to be the FIST? Cause if you're here and you're content never being a champion again, I don't know why you're wasting my God damn time. Am I the only one who actually gives a shit!?

Elise takes a step forward towards Klein as the Faithful stay remarkably silent.

**Elise Ares:**

When things started happening with you and Dani... you isolated yourself from US.

**Klein:**

Oh come on, you never liked her!

**The D:**

That's not fair.

**Elise Ares:**

We tried to be there for you but YOU didn't answer our texts. YOU didn't show up to meetings. YOU were too busy and now you're going to turn around and blame this all on US?! Were we not "serious enough" about a FIST to be a part of your life when you were so far up Dani's ass that we were fighting 24K alone?

The crowd gasps as The D steps in before Klein can respond.

**The D:**

She tried, Klein. I've tried. We've both tried and sometimes things just don't work out but that doesn't mean that we've given up.

**Klein:**

Sure, Sure. Keep deflecting. It's what you're best at. Listen, if you want to prove to me, the Faithful, yourselves that you still have what it takes to be competitive in DEFIANCE and you're not just here for the free Netflix plugs and a couple drinks, then prove it. DEFCon. Us versus you. Flex in the Box vs. PCP.

Flex stands up proud behind Klein and nods, flexing further.

**Klein:**

And when we beat you, we'll show you we're not just your equals, but your superiors.

The D's mouth drops and the Faithful gasp once again as Elise steps in.

**Elise Ares:**

Excuuuuuuse moi?! Our superiors? Klein I'ma let you finish but we're the greatest tag team of all time. No one in DEFIANCE has held the Tag Team Championships for more days than us. No. One. In DEFIANCE has held the Southern Heritage Championship longer than yours truly.

**The D:**

You... You didn't really let him finish... Look, this seems more like a conversation we need to have in private. K? Lis? The kids and Flex don't need to see their heroes arguing at the dinner table.

Motioning towards the Faithful, The D moves his head like he's going to take everyone backstage. Flex looks confused for a second.

**Klein:**

Sorry D. But I laid out the challenge. We aren't backing down. We don't have anything for DEFCon. I'm pretty sure you just RSVP'd LOTS OF DRINKS, so, at DEFCon, if you can't beat us, your not even EQUALS.

Klein leans into the D and stares him deep in the eyes.

**Klein:**

Flex and I leave PCP.

**Elise Ares:**

You can't do that!

**The D:**

What in the world has gotten into you, Klein? A few weeks ago everything was fine and now suddenly we're Mikey Unlikely in the Sports Entertainment Guild? Elise just rattled off all of our accomplishments... is that not successful enough for you?

**Klein:**

You know what you told me six or so years ago that pulled me outta retirement and put the box back on my head? You told me we were going to take over DEFIANCE.

The D nods his head in agreement, motioning to all of the Faithful who begin to cheer as if to support The D's case and get everyone back together.

**Klein:**

And that's EXACTLY what's wrong. Taking over DEFIANCE isn't about movies, crowd support, t-shirt sales, and product placement contracts. DEFIANCE is about WRESTLING. Getting in that ring and fighting with anyone who thinks they're better than you and proving to them that they are WRONG. Taking over DEFIANCE means holding the FIST of DEFIANCE... and KEEPING the FIST of DEFIANCE. It means WINNING the TAG TEAM TITLES, not by CHEATING mind you, TWICE, which is what you two did... Even still, once you had 'em... then it's all about NOT LOSING THEM. You didn't take over DEFIANCE. You failed. You failed at DEFRoad. You failed last week, and you're failing now. And I'm sick of failing.

**Elise Ares:**

You know what Klein, if you think you can do a better job than us... FINE. You're on. If you think you're better off without us then if you can beat us you can leave and do whatever it is that you think you can do better than us. But you won't. Tonight in the main event, I'll be taking on Arthur Pleasant.

The Faithful boo at the mention of the Plaguebeast.

**Elise Ares:**

I want you to take a nice good look at what you're getting yourself into when I beat the Plaguebeast. That's the Elise Ares that you want? That's the Elise Ares that I've ALWAYS been. I'm not a hasbeen, I'm a still-is and always-was. Watch and LEARN. Then at DEFtv 168, if you want your "big chance" to prove that you're better than me... you can have it.

**Klein:**

Yeah. Good. And good luck tonight.

The Queen of Sports Entertainment Style flips the microphone towards Klein and walks off the stage as "Live For The Night" by Krewella begins to play. The D shakes his head in disappointment, looking at the standee of Klein, then back and Klein again, and then walks off behind the Leading Lady of DEFIANCE. Klein says something to Flex drowned out by the music before the camera catches Klein saying to Elise right before she disappears "Oh, and I'll watch. I've been watching for years."

**DDK:**

Well that didn't go as expected.

**Lance:**

That's pretty safe to say, Darren. Looks like we have the Pop Culture Phenoms vs. Flex In A Box at DEFCON. If Flex In A Box win, the Pop Culture Phenoms are no longer a stable but a tag team.

**DDK:**

Klein has been serious and focussed lately, shunning those around him to focus on his career. He's a passionate sort, and he's right. You need to be constantly accomplishing, growing, to eventually become the best in the business.

**Lance:**

But that doesn't mean you have to throw away your friends in the process.

**DDK:**

No, but I want my friends to push me to be my best self. And you can't tell me that PCP right now are their best selves.

**Lance:**

We'll see later tonight when Elise Ares takes on Arthur Pleasant.

## **FAVORED SAINTS CHAMPIONSHIP: CORVO ALPHA Â© vs. LDO**

**DDK:**

Before we head to the ring, let's paint a picture...

**Lance:**

Paint-away!

**DDK:**

Don't mind if I do... Corvo Alpha made a stunning appearance at DEFIANCE Road almost two months ago where he put his own body at risk in an effort to remove one of DEFIANCE's hottest, most popular stars in the guise of Henry Keyes. And remove him, he did...

A series of still frames cycle on our screen, showing the dramatic fall of Alpha and Keyes off a balcony and into/through stacks of production equipment that seemingly exploded on impact. The last frame is that of the aftermath; Alpha, face smeared black, on both knees at the foot of his handler, Lord Nigel Trickelbush. Behind them both, DEFmed appears to be checking on the lifeless body of Henry Keyes. The shot returns to our announce team.

**DDK:**

We are hearing that Henry Keyes remains in guarded condition under the care of his personal medical team and while a challenge was made to Corvo Alpha for DEFCON on behalf of Henry Keyes by Lindsay Troy... well, I have to admit that even / am a little skeptical.

**Lance:**

Let's not forget that Henry Keyes had been through a war with ADV moments before the attack we just saw. A fireball to the face, driven through a table... it was a miracle he could even stand up after such an onslaught... and then Corvo happened. You say you're skeptical, Keebs, I personally think that if Lindsay Troy says that Henry Keyes will be at DEFCON, then Henry Keyes will be at DEFCON. Whether or not he SHOULD be, given his condition, is another argument entirely.

**DDK:**

Fair point. Just two weeks ago on this program, Corvo Alpha made his DEFTv debut and shocked the world once again by capturing the Favored Saints Championship. In the meantime, one of Henry Keyes's closest friends, BRAZEN star Leyenda de Ocho, has been steadily making a name for himself - even winning the BRAZEN Star Cup a week ago at Clash of the BRAZEN and, really Lance, this match seems it's been destined to go down ever since DEF Road.

**Lance:**

Both men may have captured gold in recent weeks but let's be honest... It's Leyenda de Ocho who has the mountain to climb in this match.

Leyenda de Ocho bursts through the curtain to a hot crowd reaction. He pauses atop the ramp to pump a fist in the air, brow furrowed with determination and focus.

**DDK:**

No smiles tonight, Lance! LDO is all business!

**Lance:**

You know it! You have to think he sees this match not so much about the Favored Saints Championship... this is all about his good friend, his Captain, Henry Keyes! For LDO, this is about retribution, pure and simple!

LDO tags a few hands on his trot to the ring. He slides under the bottom rope into a kneeling position. Nodding his head with appreciation towards the ultra-supportive faithful, Leyenda de Ocho pops to his feet and bounds to the middle turnbuckle, colorful lights pulsing all around him.

Impassioned, he barks back at the crowd and works to fire them up. And hyped, they are.

**DDK:**

I'd wager that this ovation is just as much for Henry Keyes as it is for Leyenda de Ocho. This crowd wants retribution, too. The DEFIANCE Faithful want Corvo Alpha to answer for what he has done—

The curtain parts and it is Lord Nigel Trickelbush who glides through it. The faithful greet him with jeers and boos. Cradling the Favored Saints belt, Nigel carefully doffs his bowler cap towards the camera for a moment before continuing towards the ring, a false smile pasted on his pasty face.

**DDK:**

It... looks like it's just Nigel, Lance! I don't see Corvo!

The music growls as Lord Nigel ascends the ring steps with an odd courtliness. He rests the belt on a corner turnbuckle with measured reverence and produces from his coat pocket an ornately carved oak microphone with a brass windscreen. The music dims as the lights come back up. LDO stands center ring as Lord Nigel approaches him with that same manufactured smile.

**Lance:**

Oh, wonderful. Lord Nigel has a mic.

Arms folded across his chest, LDO is unimpressed.

**Lord Nigel Trickelbush:**

Lord Nigel adjusts the hat on his head, changes which hand holds the microphone, and narrows his eyes back at LDO.

The camera captures the anger twisting LDO's mask as he stares a hole through Lord Trickelbush, crowd seething around them both. With a bony hand, Lord Nigel points towards the Favored Saints Championship perched on the corner.

**Lord Nigel Trickelbush:**

My Champion will carry that prize to DEFCON... he will stand in this ring and wait for a challenger that will NEVER, EVER come... he will wait for Henry Keyes. We will ALL be disappointed... and he will carry that prize OUT of DEFCON. As for you...

Nigel takes a step forward, eyeing LDO up and down.

**Lord Nigel Trickelbush:**

Well... it comes for us all.

**WHACK!!!**

And without warning, Corvo Alpha is here. Blindsiding LDO with a forearm shot to the side of his head, the luchador spills out of the ring and onto the ringside floor. Lord Nigel absconds to the outside of the ring, opposite the action, carefully tending to the Favored Saints belt in his arms.

Referee Benny Doyle leans out of the ring, urging LDO to get back in so the match can begin – but Corvo has other plans.

And just like every other “damn” time, Corvo Alpha is all over him, following his prey outside the ring and just clubbing, bludgeoning him! Leyenda de Ocho may not get a match after all! Corvo Alpha wants to take him out! Just like he did to Henry Keyes!

Hurling LDO into the ringside guardrail, it collapses with a BANG, sending fans scattering for safety. Alpha doesn't hesitate. ~♪ "Only One King" by Tommee Proffit ~♪

BOOOOOOOOOOOOOOOOOOOOOOOOM!

Fire erupts from either side of the stage and coming out from the back in street clothes - a pair of black jeans, red Adidas sneakers, a sleeveless hoodie is the man called Alvaro de Vargas. He throws the hoodie back and...

BOOOOOOOOOOOOOOOOOOOOOOOOM!

Another blast of fire from either side of the stage, eyes hidden behind red-tinted sunglasses and a scowl to match. He looks out to either side of the jeering stage and smiles from behind his sunglasses. He takes them off and hands them to Morrow, all without taking his eye off Dex Joy. When he reaches the ring, he steps inside... and goes right after Dex! Both men exchange fists as the bell rings!

**DING DING**

**DDK:**

Here we go! First time ever! Dex Joy versus Alvaro de Vargas! And both men starting off in a very physical way!

Alvaro comes at Dex with big right hands and then even throws a big kick to the face to back The Biggest Boy into a corner! He goes at him some more with the right hands and then a stiff corner clothesline!

**Lance:**

Wow! And it's ADV getting the better of the first exchange! He's got The Biggest Boy reeling!

Alvaro throws a hefty pair of knees into Dex's frame.

**Alvaro de Vargas:**

Be right back, pendejo.

He runs across the ring in a familiar attack when he repeats his corner clotheslines... but when he comes back, he doesn't expect Dex to be firing right out of the corner with a STIFF running body attack out of the corner!

**DDK:**

ADV likes that barrage of running corner clotheslines, but Dex had a counter for it!

Dex Joy gets cheers from the Faithful before he picks Alvaro up and BLASTS him with a nasty elbow smash! He hits one more to the ribs and throws him into the ropes. He does a dropdown and when ADV comes back, he gets SMASHED with a cross body block! The Faithful cheer as he goes for a cover!

*ONE... TWO... NO!*

**DDK:**

ADV kicks off, but so far, Dex in control!

**Lance:**

Morrow is sweating bullets right now. The Lucky Sevens failed earlier to take out Los Tres Titanes, but right now he and ADV need to focus on Dex!

Dex picks up ADV and goes for a powerbomb.. And he gets ADV up in the air! But knowing what's coming, de Vargas frantically punches away at the head of Dex until he lets go and lands on his feet. He rakes the eyes of Dex, then comes off the ropes with a HUGE running discus clothesline that knocks Dexy Baby over in one big shot!

**DDK:**

What a massive discus clothesline by Alvaro! He's got Dex off his feet and that might be one of the few times someone has done that in one shot!

**Lance:**

It took a lot of speed and force, but he did it!

The Biggest Boy tries to get up and get out of ADV's path, but when he goes to a corner, ADV finally lands the big running clothesline he wanted earlier in the corner, then grabs Dex by the arm and then pulls him out of the corner. He twists him around and then drops the big man with a hangman's neckbreaker! Dex falls to the mat and Alvaro goes for the lateral press!

*ONE... TWO... NO!*

Dex's shoulder goes up and ADV's face goes >:(

**DDK:**

Kickout by Dex! It'll take a lot more than that to keep him down!

Dex gets to his knees, so ADV gets back to his feet and fires a pair of STIFF clubbing forearms to the back. Dex fires back with a stiff elbow of his own to the stomach of de Vargas and tries to stand, then whips him to the corner.

Dex Joy whips ADV across the ring... but ADV shows incredible athleticism by flipping over the corner to land on the outside, Flair-flop-style! Even Morrow looks shocked and when Dex runs at ADV, he peppers Dex with a headbutt from the apron. Dex is stumbled when ADV goes to the top rope and hits a flipping senton off the top onto the standing Joy!

**DDK:**

OH, GOD! FLIPPING SENTON FROM ADV!

The Faithful actually cheer for the move, but ADV doesn't care and goes right into a cover on Dex!

*ONE... TWO... NO!*

Despite the amazing move, The Biggest Boy's big shoulder rises off the mat!

**DDK:**

ADV has been surprisingly dominant in this last stretch! Not too many people are able to physically overpower a man like Dex, nor show athleticism like that! ADV is scary in that ring.

**Lance:**

Agreed... and he goes from that high-flying move... right to going at Dex with punches on the mat!

Indeed, Alvaro goes wild with a flurry of shots while Dex is down. Referee Benny Doyle orders him to stop, but ADV does no such thing until Morrow yells at him from the outside to stop!

**Tom Morrow:**

No! Go for the win, Al! Work him over, then pin him!

ADV snaps out of his anger and then tries to pick Dex up. He throws another knee to the head of Dex, but Dex continues to rally back! He throws a few elbows to the gut, but once again Alvaro cuts him off at the pass with a big right. He hits a few jabs, then spins into a discus punch to knock Dex down! De Vargas shakes his hand, but does a pose with his arms out to show how much of a Bad Guy he is!

**Lance:**

Alvaro de Vargas... he's a bad guy, all right.

**DDK:**

Another stiff shot by ADV! He's come here to win tonight! This would be among the biggest wins in his DEFIANCE career if he pins Dex tonight!

He picks up Dex by the neck and then takes a moment to hoist him on his shoulders. It takes him a couple of tries, but he DOES get Dex on the shoulders for the Cuban Missile... but Dex kicks free! He slips behind de Vargas and hits him with a HUGE release german suplex!

**Lance:**

Big power move by Dex! He takes ADV over with the release German suplex! This is Dex's chance to make the comeback!

**DDK:**

ADV realizes how big a chance this is! Dex, a former Favoured Saints and one of the more dominant Southern Heritage Champions in history with a number of big wins! Gage Blackwood, Deacon, Scrow, Tyler Fuse all fell to Dex in that reign!

Dex goes back up and then hits a pair of big shots that rock ADV as he stumbles backwards. Morrow freaks out as Dex whips ADV across the ring. ADV does the flip over the ropes like before and pops the crowd a second time, but Dex does something amazing when the tank of a man leaps to the nearby ropes and flies off with a inside springboard lariat to knock ADV off the apron!

**DDK:**

What agility by Dex! And I don't think he's done!

Dex scans the rowdy sea of Faithful... er, Dex's Wrecking Crew and starts a "whoa!" chant that builds with the run.

*WHOOOOOOOOOOOOOOOOOAAAAA!*

Then takes flight with an AMAZING suicide dive through the ropes, WIPING OUT Alvaro de Vargas on the outside!

**DDK:**

The Whoa-pe connects! Dex is living up to his moniker! He's wrecking Alvaro!

Dex Joy sits up first and then grabs Alvaro by his neck and his pants to throw him back inside. ADV tries to get away while Dex climbs the apron. Morrow tries to intervene, but Dex sees him coming and he shoots a murderous look at the manager of ADV.

**Lance:**

Morrow might have been up to no good there, but Dex stopping him cold.

**DDK:**

But it's enough for ADV to come back and hit a cheap shot! He grabs Dex and tries to push him to the ropes, but The Biggest Boy puts the brakes on and sends El Sol Dorado to the ropes... then POPS HIM UP FOR THE DEX BOMB!

**DDK:**

Dex Joy calls out to the crowd and get cheers from the Wrecking Crew! He picks up ADV in the fireman's carry position... but before he can hit the Dex-5, ADV elbows Dex in the side of the head and then slips out the back door. He runs at the ropes, but Dex takes him out with a big clothesline! The crowd cheers as Dex has the pressure firmly on Alvaro and then runs the ropes...

**Lance:**

NO! Alvaro catches Dex by the throat!

ADV then does a kip-up from the ground WHILE his hand is around Dex's throat! The giant ADV then tries to hoist Dex up, but he fights off the chokeslam! Dex successfully fights it off, but when he charges at ADV... ADV moves... but Benny Doyle doesn't! Doyle gets bowled right over by Dex thanks to ADV shoving him!

**DDK:**

No! No! ADV sends Dex into Doyle!

Dex can't believe his unintentional folly, but when he turns around, ADV hits a huge Abajo Vas knee strike and Dex gets dropped to the canvas! The crowd jeers when Morrow sees his chance and waves for something...

## CONOR FUSE vs. PAT CASSIDY

### DDK:

Welcome back to this St. Patrick's Day DEFTv folks! Up next is a match that was booked earlier tonight when "Black Out" Pat Cassidy of The Saturday Night Specials takes on Conor Fuse... sadly, Comments Conor of The Comments Section. If Cassidy wins, his partner Brock Newbludd will be granted a singles match against Malak Garland at DEFTv 168.

### Lance:

The tag team champions had some rather candid words for both of their DEFCON challengers earlier tonight, and it's safe to assume that tensions are running high.

♪ "Drink" by Alestorm ♪

The fans are on their feet for the second time tonight thanks to the Unified Tag Team champions The Saturday Night Specials! "Black Out" Pat Cassidy appears first, walking through the curtain with a slow stride. Both his arms are outstretched as he struts, almost as if he's pretending to be an airplane. But like... a cool strutting airplane, you know? Almost like a person of questionable moral character. He takes three or four steps toward the center of the stage before raising his arms high with a smirk. Behind him appears his partner, Brock Newbludd who drops down to a knee, turns sideways, and points to his partner with two outstretched fingers.

Cassidy had some not very kind words for Conor earlier tonight, Keebs. I wonder if this match is going to get more personal than we'd expect.

A quick fist pound by the tag champs is followed by Cassidy's aggressive stride to the ring. Up the ring steps, through the middle rope, and up to a turnbuckle with both hands raised high to the adoration of the fans. Brock takes position on the outside, clapping for his partner along with The Faithful. Pat gets down off the top rope, unlocking his tag team championship belt from around his midsection. He leans out of the ring, handing his belt off to a ringside attendant. Pat points to the belt and then points to his fist, seeming to indicate that if something happens to the belt there will be hell to pay. Cassidy then moves into a corner, arms rested on either side of the top rope as he glares toward the entrance with concentration.

On the rebound he charges back but Ares manages to dodge again, this time lowering the rope leaving the Plaguebeast to topple over the ropes and onto the floor on the outside of the ring.

**DDK:**

Elise is doing everything she can here not to be touched by Pleasant and you have to wonder how long she can keep this up!

**Lance:**

She's noticeably faster, Darren, and she's using it to her advantage!

**DDK:**

Arthur is right back up to his feet already, what do you have to do to keep this guy down?

**Lance:**

And ELISE IS ALREADY IN THE AIR!

Pleasant turns around and immediately is struck by a tope con giro by Ares! Both competitors go crashing to the concrete floor and the Leading Lady of DEFIANCE immediately pops up and throws her arms into the air, trying to get the Faithful behind her. What is really behind her is Arthur Pleasant shaking off the massive blow and getting back up to his feet.

**DDK:**

Tope con hilo and he looks inconvenienced!

**Lance:**

RUN!

Almost as if she could hear him, Elise immediately takes off running with Pleasant following her in pursuit. Around two corners they go before she gains enough of a lead to dart into the ring. Pleasant follows but Ares is already back out of the ring on the other side. Her eyes are wide as Arthur taunts her to get back into the ring and Mark Shields begins to count. Ares paces back and forth, beginning to game plan when the Faithful begin to stir.

**DDK:**

It looks like we're going to have company?

Klein walks out into the arena carrying a couple of folding chairs followed by Flex Kruger. Elise rounds the corner to see what's going on, ignoring the taunts and the count, as Klein and Kruger make themselves comfortable at the top of the aisle.

**Lance:**

It looks like Flex In A Box wants to get a better look at just how seriously Elise Ares is taking their confrontation from earlier.

Ares begins to scream from ringside asking what they were doing before suddenly she's being lifted from behind by her hair. Screaming, Mark Shields tries to get Arthur to release the illegal maneuver but the Plaguebeast takes the entire slow five count to lift the Queen of Sports Entertainment Style off the ground by her hair and onto the apron, dragging her into the ring. Shields admonishes Pleasant for the sake of keeping his job, but Arthur knows and ignores the warnings jumping onto the prone PCP member raining down a series of fists and forearms before she manages to grab the ropes and shove him off with her feet.

**DDK:**

Elise maybe should have had a rope break there but... I guess not?

**Lance:**

Mark Shields is quick to tell Ares to get off the ropes though! She can't even get back up before she gets a warning.

Elise gets halfway up to her feet before she eats a knee right into her ribs. She doubles over in pain before being yanked up by her hair again and shoved into the corner. Another need to the midsection followed by a back elbow and no signs of Mark Shields getting involved before Elise rakes Arthur across the eyes and stumbles out of the corner gasping. Shields administers a warning as Pleasant grabs Elise from behind and throws her into the ropes. The Leading Lady of DEFIANCE runs up the ropes before launching backwards and landing on Arthur's shoulder and flipping him with a hurricanrana!

**DDK:**

Elise Ares trying to get back into this one!

**Lance:**

She knows she can't let Arthur Pleasant take control or this one might be over!

Pleasant is a bit dazed as he pulls himself up to his feet to eat a dropkick that knocks him right back down. Elise jumps on top of him with a front face lock, but doesn't weigh enough to keep Arthur grounded. Her knee strikes do little to keep Pleasant from getting back to his feet and throwing her across the ring. She rolls and begins to get back up when she suddenly eats a knee to the jaw, forcing her head to bounce off the turnbuckle. The crowd groans with the impact but the Plaguebeast rains down a barrage of knee strikes and hammerfists. Lifting Elise up in the corner, Pleasant backs up before running back in with a leaping elbow strike to her skull. Ares begins to slump forward but Arthur catches her and lifts her up to the top rope.

**DDK:**

Pleasant is going high risk here, he appears to have a plan to administer the maximum amount of pain, looking to make a statement of Elise Ares here.

**Lance:**

He says he's no longer provoking, Darren. He's showing it here. This is just a brutal assault!

**DDK:**

Elise is in a bad spot for sure, and here comes Arthur!

As the words leave Keebler's mouth, Pleasant begins to ascend to the top rope, appearing to be settling up a superplex or a top rope brainbuster. Elise realizes the situation she's in and begins to fight back, stalling Arthur before he returns the pleasantries (get it?) with a savage head butt that sends Ares reeling backwards and almost falling off the ropes. Leaning all the way back against the pole, Elise is helpless as Arthur grabs her head and puts her into position but the Leading Lady of DEFIANCE rakes the face of the Plaguebeast once again!

**Lance:**

Ares is digging deep and showing some tenacity to her skeptical stablemates at ringside!

**DDK:**

Arthur falls off the top rope!

Landing awkwardly but on his feet, Tim Tillinghast's favorite subject stumbles around as Elise Ares stands up and gets balance. Once she does, she spins and lands on her feet going for a moonsault when Pleasant dives and slams his fists down on the ropes causing Ares to fall straight down onto the top turnbuckle. However, the momentum sends her hanging down with her feet hooked into the top turnbuckle in a tree of woe position. Arthur regains his sight and a sadistic smile crosses his face as the Faithful begin to panic. He walks over to Elise and stands right next to her and runs his hand down her leg, then her stomach, as she tries to shove him away.

**Lance:**

Ohhh no. This is uncomfortable. Someone needs to step in here.

**DDK:**

What's he planning to do here?

The Plaguebeast picks his target and goes for a baseball slide into the face of Ares, but he misses, sliding to the outside of the ring buying her some time. But he doesn't! Pleasant manages to grab her head on the way out and has her locked into a terrifying modified dragon sleeper! She frantically tries to kick her legs, attempting to break free through muffled screams. She reaches out as the crowd stirs once more screaming at Mark Shields to break the hold. The DEFIANCE official drops down to the canvas to check on the hold.

**DDK:**

He's halfway outside the ring, this has to be a rope break, right?

**Lance:**

It looks as if he's looking for a choke?

Elise flails her arm towards her stablemates sitting at the stage area, who watch on sharing a word with each other. Shields signals there is no choke and the Faithful erupt into boos as Pleasant locks in even harder. Ares grabs the rope, shaking it in her final moments of fight before it appears her arm goes limp. Pleasant begins to scream at Mark Shields to signal for the bell but can't be heard over the jeers of the Faithful, which suddenly turn into cheers as Flex Kruger goes flying out of his seat!

**DDK:**

THAT-A BOY, FLEX WAY TO G...

Flex Kruger stumbles and faceplants into the aisle as his chair is snatched up and The D comes sprinting down to ringside.

**Lance:**

HERE COMES THE D!

Pleasant's screams are even more drowned out by the roars as he frustratingly releases the hold as The D comes charging in with a steel chair. Ares tumbles head first onto the mat as Arthur runs away from The D who continues to threaten him with a chair. Pleasant jumps up on the apron and pleads for Mark Shields to throw him out, but The D answers by unfolding the chair and sitting down as Flex Kruger glares into his back from behind him.

**DDK:**

Arthur Pleasant debating hard to get The D throw out from ringside here.

**Lance:**

Thrown out for what? Obviously he's just having a seat!

Mark Shields simply shrugs and lights a cigarette as Pleasant gets into the ring in protest. Arthur walks over to the seemingly unconscious body of Elise Ares and looks over at The D at ringside. He smiles as he makes eye contact and begins to lower himself into a kneeling position but Ares rolls him up!

ONE!

TWO!

THREE!

**Lance:**

NO WAY!

**DDK:**

That was only two!

The Faithful begin to celebrate before they realize Pleasant got out and Ares looks back at Mark Shields in disappointment. Mark never drops his cigarette as he flashes another two to confirm for Elise as Arthur immediately grabs her from behind. Lifting her up into the air in a back suplex position, he tries to drop her backwards but she lands on her feet. The Queen of Sports Entertainment Style grabs the head of the Plaguebeast from behind and leaps forward, dropping him, neck first across the top rope.

**Lance:**

CUBAN NECKTIE!

**DDK:**

Suddenly Elise is back into this match!

Even battered and bruised, recently returned to consciousness, the Leading Lady of DEFIANCE takes time to dance for the crowd on the ring apron before pointing up into the sky signaling for Amethystation before lowering it and pointing back at Klein and Flex Kruger. The D gives a standing ovation outside the ring as she jumps up to the top rope right as Arthur Pleasant rises and she sails off the top rope!

**DDK:**

AMETHYSTAT-

**Lance:**

-NO!

**DDK:**

PROVOCATION! ELISE IS OUT!

The high velocity single-leg drop kick leaves both fighters on the mat. Ares is sprawled out not moving an inch as Pleasant rolls over onto his stomach, crawling towards the PCP member. It appears he's going to reach out for a pinfall but instead he pushes himself up to a push-up position and looks at the Faithful shaking his head no.

**Lance:**

He has the opportunity to put this away, Darren, and instead he's decided this needs to last a little longer.

**DDK:**

If you have a chance to finish off an opponent of Elise Ares' caliber you need to do it. This is just an insane choice.

**Lance:**

I wouldn't expect anything less from Arthur Pleasant.

Instead he lifts the head of Elise Ares up off the ground and begins raining targeted strikes right above the line of her acrylic mask before ripping the mask off and hurling it towards The D protesting at ringside. Mark Shields gives Pleasant a warning but he continues to pummel the non-shielded face of the former Southern Heritage Champion. The Faithful loudly protest as the Plaguebeast smiles from ear to ear as blood begins to trickle down the forehead of the Pop Culture Phenom. He turns her face around to show The D, Klein, and Flex Kruger before planting her into the mat with a DDT. As he rolls her over you can see a blood stain from the impact.

**DDK:**

Alright, this is enough. Mark needs to stop this match.

**Lance:**

For blood? I agree this doesn't look good but...

**DDK:**

He's let the rules get pushed a little too far here. Usually when someone is bleeding they are at least fighting back. Elise isn't even moving.

As if she could hear, Ares reaches her arm out only to receive a couple of stomps from Arthur Pleasant. He places his boot on her chest and stands on her and Shields mercifully begins a count, unintentionally from Arthur.

ONE!

TWO!

Elise rolls over to break the count and the Faithful partially cheer but partially groan. She has some fight left in her.

*"Please stay down!"*

*"Please stay down!"*

The Faithful chant as the Plaguebeast can be heard screaming into her ear "LISTEN TO THEM. STAY DOWN!" as he pulls her up by the hair. While not a crimson mask so to speak, a trickle of blood continues down her face as she tries to fall over. He doesn't let her. The D walks around to the side of the ring to try and pull her out but Pleasant kicks him away as Klein and Flex continue to watch from the stage. Pleasant tries to whip Ares into the ropes, but she stumbles and falls to the ground. Laughing, the Plaguebeast stalks Elise as she crawls across the ground. She reaches out to the ropes to pull herself back up, trying to protect her face and he rips her away from the ropes and eats a back elbow right into his nose.

**DDK:**

Ares is not backing down here, Lance. She's still trying to throw offense.

**Lance:**

Not sure how smart that is, but it's admirable if anything!

Pleasant snarls and goes back in towards Ares who spits blood right into his eyes. The Faithful roar as he stumbles back blinded. Elise uses everything she has to jump up onto the second rope and leap back with a flying superman punch right to the face!

**DDK:**

AMETHYSTATION!

**Lance:**

She's still in this match?!

The Faithful explode as both competitors lay on the mat. The D slams his fists down on the apron trying to rally Elise back up to her feet. Mark Shields throws his cigarette down onto the canvas and stomps it out before starting a count. As he screams out one, the Queen of Sports Entertainment Style digs her nails into the ground and begins to crawl towards Arthur, until The D screams for her to follow the sound of his pounding fists instead. Shields continues to watch for movement from Pleasant, which gives The D the chance to close his chair and slide it into the ring, just barely missing the heel of the DEFIANCE official.

**DDK:**

The D trying to seal the deal!

**Lance:**

She should've gone for the pinfall!

**DDK:**

Pleasant's pain tolerance is unreal. Maybe they're thinking they need to be better safe than sorry?

The chair slides into Elise's fingertips just as The D hops up onto the apron and tries to get into the ring. Quickly Shields breaks the count and gets into the face of the D-Lister as he appears to be trying to help his tag partner. Ares gets up to her knees and grabs the chair as Mark Shields throws The D out of the match! The Faithful boo as Pleasant begins to reach his feet and the Leading Lady of DEFIANCE staggers around with a steel chair in hand. Waiting. Stumbling forward, Arthur Pleasant hears Ares make her move over The D and Mark Shields screaming at each other on the other side of the ring.

**Lance:**

OH NO!

**DDK:**

PROVOCATION INTO THE STEEL CHAIR!

The D's face drops as he watches Ares collapse into a heap and Pleasant shove the chair outside of the ring on the other side. His protests stop as Arthur grabs the former DEFIANCE Tag Team Champion and locks her into a guillotine. Her lifeless body swings back and forth helplessly as Mark Shields has no choice but to call for the bell.

***DING DING DING***

The bell rings but Pleasant continues to apply pressure, his teeth grinding together as he locks her in tighter and tighter attempting to send a message to the rest of the DEFIANCE roster. Mark Shields tells Pleasant to release the hold but he barks back like a cornered animal.

**DDK:**

The match is over! Let her go!

**Lance:**

I don't know what he's trying to accomplish here, Darren, but he's facing at least a fine!

**DDK:**

Are you two just going to sit there or are you going to go help your stablemate?

DEFsec sprint past Klein and Flex Kruger, who continue to just watch from the stage before The D slides into the ring. He begins to tug and pull at the arms of Arthur Pleasant, who at first ignores that he's even there until a kick to the side of the head knocks him out of his hypnotic state. Pleasant drops Ares and staggers before trying to lunge at The D but security grabs him just in time. Holding both men back from each other, The D is forced to watch as Pleasant takes Ares' blood from under his arm and wipes it across his chest like a victory mark before he leaves the ring.

**DDK:**

Arthur Pleasant was out of control tonight, Lance. Someone needs to step up and show him a thing or two about the honor and respect of this sport. I don't care if it's a staff member or someone in the locker room. There are lives at stake every night you step into this ring.

**Lance:**

He's made a career out of being dangerous, Darren, but he might've taken it too far tonight. If he's willing to go in that hard on Elise Ares, a wrestler who he's never really even interacted with in an exhibition match, what's he going to be willing to do at DEFCON?

As this conversation happens, The D checks on Elise along with the medical team. She appears to be awake once again but very disappointed with the outcome. So, it appears, are Klein and Flex Kruger who simply pack up their one chair and leave the arena shaking their heads.

## THE LAST WORD
