For over three year's, Jason Reeves vision of DEFIANCE has reached its crescendo. Now the FIST, Stalker's path to distruction runs through the man who blames himself for creating the *crimson* monster in the first place.

The legendary Deacon, given a shot to redeem the mastermind of The Kabal. Two men no strangers to each other, given their battle at last year's major event.

Mute Freak vs. Mute Freak.

OSCAR BURNS vs. DEX JOY

DDK:

Welcome to Night One of DEFCON and we cannot wait to get the ball rolling on this one! I don't think we could kick off the show with any bigger of a match! The two-time former FIST of DEFIANCE Oscar Burns once again opens the show in a major way against perhaps one of the biggest rising stars in DEFIANCE, "The Biggest Boy" Dex Joy!

Lance:

This one goes back to DEFIANCE Road just after Oscar Burns was victorious over the very game Conor Fuse! Oscar was crowing about his victory when Dex Joy entered the picture and had enough of it.

DDK:

Since DEFIANCE Road, these two have gone back and forth with attacks both verbal and physical! Dex Joy put Burns through a table on 165 after Burns led him on about a match at DEFCON, only to turn around and make him an insulting offer to be his waterboy. Burns returned the favor on 166 by attacking him with his prized Golden Shovel, only to tell him no.

Lance:

Dex turned the tables on 167 by literally shoulder tackling Oscar Burns down our ramp! Burns finally accepted the challenge later that night. And on DEFtv 168, the two got into a very heated argument leading to a pull-apart brawl. Dex wants to shut Oscar Burns up, but that's a task MUCH easier said than done. Burns has not lost a match since November of last year when he metamorphosed into this arrogant, delusional man we see today.

DDK:

Dex Joy has achieved a lot in DEFIANCE. He's a former Southern Heritage Champion. A former Favoured Saints Champion. He's defeated Gage Blackwood on pay-per-view, but arguably this is the biggest match he's had in his career. Oscar Burns claims that he is DEFIANCE and whether he is loved or hated, you HAVE to put him in the conversation as a man that has been synonymous with this company. Can Dex make the most of this opportunity tonight or will Burns continue to show why he is DEFIANCE?

The camera pans out to the UNO Lakefront Arena where a PACKED hizzy (yes, I said hizzy. Deal with it) of over ten-thousand rabid-ass DEFIANTs ready to see some violence. Then to ring announcer Darren Quimbey who stands now, dressed to the nines in a dapper suit.

Darren Quimbey:

The following singles match is your opening bout of DEFCON Night One!

He pauses for the roof being blown off the show!

Darren Quimbey:

Welcome to DEFCON NIGHT ONE! This match is set for one fall! First, we introduce rapper, singer and songwriter to perform Dex Joy's theme, "Fight Back" ... KONATA SMAAAALLLLLL!!!!

One by one in the Wrestle Plex the lights go dark. Section by section of the arena the lights start to fade out. They keep going dark until there is nothing left. The lights start flickering on one more time....

BEEP!!! BEEP!!! BEEP!!! BEEP!!! BEEP!!!

The beeping continues until the man performing the theme, Konata Small, appears on stage.

Dex bumps the fist of Konata Small in mid-theme from the stage and then starts to storm down the ramp, ready for the biggest match of his DEFIANCE Wrestling career.

Darren Quimbey:

Introducing, from Los Angeles, California and weighing three-hundred forty-two pounds... he is THE LEADER OF DEX'S WRECKING CREW ... DEEEEEXXXXX JJJJJJOOOOYYYYY!!!!!!

A black singlet with the same gold and black wrecking ball with "DEX" above and "JOY" below and black shorts with the same pattern. Golden colored boots, knee pads and elbow pads! Dex stomps to the ring and asks the crowd a question.

Dex Joy:

WHO WRECKS LIKE DEX?!?!?!?

DEFIANCE Wrestling Faithful:

NO ONE!!!

After the answer back from the crowd Dex turns his back and throws a right hand...

BOOOOOOOOMMMMMM!!!!

A massive explosion of gold pyro on the ramp!

DDK:

Like we said for the top of the introductions, this is the biggest opportunity for The Biggest Boy! Can he make the most of it? DEFCON was kind to Dex last year, defeating Scrow in a match that was almost eighteen months in the making

in a Last Man Standing match to retain the Southern Heritage Championship!

Lance:

If Dex has any trepidation on how big a match this is, he's not showing it. He's been physically dominant, but if there is anyone in that locker room that you can count on skill-wise to offset any size or power, there are few who have done it better than Oscar Burns.

DDK:

Dex shed a few more pounds! Remember when he got here a few years ago? He was pushing the scales at four-hundred pounds! But over time, he has shed almost fifty pounds and taken better care of himself in order to be the top superstar that he one day aspires to be in DEFIANCE Wrestling! He's ready for Burns, mark my words!

Dex climbs up into the ring and the game face he has on says it all. He's taking this match deadly seriously. When his music wraps up, suddenly, one light shines on the stage... and a poor imitation of perhaps Burns' most hated rival... another former FIST, Scott Stevens, appears on stage holding a replica FIST title...

DDK:

...Wut?

The camera shows the Scott Stevens impersonator step into the spotlight before suddenly falling over like he's been shot. And soon, an impersonator of another former champion, Kendrix, steps into the light, then falls over. One that appears to look sort of, but not completely unlike Mikey Unlikely. Also laid out.

Lance:

What exactly is this?

DDK:

These... Well, these appear to be some of the people that Oscar Burns has victories over in DEFIANCE on his climb to the top.

Another one that looks like Cayle Murray, gone and dropped. An extra tall impersonator of Crimson Lord steps into the light... and then drops out of sight. All the while this is happening... The intro to "Ultimate Battle" by Friedrich Habetler starts to play as the camera now shows all the "bodies" of the various enemies Burns has felled over the years he has been in DEFIANCE.

And on the stage, he stands on what appears to be a rotating platform in a sparkling white robe with a golden version of the DEFIANCE fist logo emblazoned on the back while holding the Golden Shovel in the air, posing among the jeers.

DDK:

This is the most ridiculous thing I've seen Oscar Burns do. I know we're just getting started, but this already covers a lot.

Lance:

Of all the ego stroking nonsense...

Finally after a solid 45 seconds of this nonsense, the music finally starts to cut in...

♪ "Ultimate Battle" by Fredriech Habetler ♪

The lights flicker on and Burns holds up the Golden Shovel before pointing it at the ring, getting ready to talk to the camera in front of him.

Oscar Burns:

UNO LAKEFRONT ARENA... GET READY FOR FULL BOAT BURNS, BABY! FIVE STAR OPENING WHILE I

TEACH THIS FAT BULLY A LESSON! LET'S GO, GCs!

Burns then heads down the ramp, milking in the reception from the crowd as he continues raising the Golden Shovel while heading down the aisle.

DDK:

Burns was also victorious during the last DEFCON, teaming with of all people, the hated rival of his, Scott Stevens against Alvaro de Vargas and Jack Mace of Better Future. He's been the main eventer and the opener of DEFCON for this, going on his fourth appearance here at DEFIANCE's Show of Shows!

Lance:

And Burns looks confident as he ever does!

He now stands at the edge of the ramp. He twirls the Golden Shovel up, and when he plants it against the ground, a shower of gold and white pyro explodes on the stage! He climbs up the steps, wipes his feet on the apron and then steps into the ring. Dex Joy's eyes don't remove themselves from Oscar Burns as the former two-time FIST hands over the Golden Shovel, then sheds his robe. The man who calls himself DEFIANCE stands front and center in a new version of his white and gold gear. His white knee pads have the golden variation of the FIST logo. He wears golden-colored wrestling shoes and he's ready to go.

Oscar Burns:

Bullies never prosper, GC!

Dex Joy:

Cram it up your ass, pally!

The two talk trash as head referee Benny Doyle stands front and center for this match ready to call it down the middle. Both men keep on jawjacking before he breaks them up to return to his corner.

DDK:

Here we go! Can Dex Joy get the biggest win of his career tonight when the lights are on brightest or will Oscar Burns continue his hot streak?

Lance:

We have seen Oscar keep his skills sharp by defending that Golden Shovel in a series of ten-minute bouts, but this match is not for that. These are traditional rules. Let's go!

Benny Doyle calls for the bell.

DING DING

Both Dex and Oscar carefully circle up. Neither wrestler wants to make a mistake and both men look pensive to make the first move ... and Burns does that with a quick kick to the left leg of Dex before he backs off proud that he got the first shot.

DDK:

Burns does take the first shot there, but Dex doesn't let it get to him.

Lance:

I think Burns is trying to get in his head the same way Dex did when he brought up that sore spot about not being Gage Blackwood. That win over Gage for the Southern Heritage title is what really started the rocket for Dex Joy's upward ascent in DEFIANCE Wrestling.

Oscar smiles at Dex.

Oscar Burns:

My ring, GC. My ring!

Dex Joy doesn't let it get to him. He offers up a leg.

Dex Joy:

Come on! Take your best shot pally!

Oscar also does not make a move right away. They circle up again but Oscar grabs Dex's arm and then locks in a hammer lock. Dex swings his other arm, but Oscar ducks that shot and then switches to a head lock. He swings around Dex easily and then maneuvers his way to the leg that he offered up earlier. He has an inch height on Dex and tries taking him down by the knee but Dex throws a chop to the back. Dex grabs his head and then swings Oscar around by his neck before he ends up being chucked across the ring with ease!

WRECK HIM, DEX! WRECK HIM, DEX! WRECK HIM, DEX! WRECK HIM, DEX!

DDK:

Oscar Burns tries to make the first move but it is Dex Joy who makes the first big counter! Listen to the reaction for Dex Joy tonight!

Lance:

Burns knows he won't be able to combat power head on so he tried to go low, but that backfired.

Oscar sits up embarrassed at the situation as he looks up at The Leader of the Wrecking Crew. Dex leans over and waves at Oscar, then slaps his rear end!

Dex Joy:

Kiss the fourth-best backside in DEFIANCE, Pally!

The DEFIANCE Wrestling Faithful are getting a kick out of Dex Joy rattling the cage of Oscar Burns who gets incensed.

Oscar Burns:

Stop being a clown and *professionally wrestle me!*

Dex says "gladly!"

DDK:

Joy is now trying to play some mind games with Dex!

Lance:

It's hard to rattle Burns, period, but he is doing it right now. These men do not like each other at all so they are both looking for any leg up they can get here.

Dex stands up and the two start to lock up again ... but instead it is Oscar Burns slapping Dex Joy across his face! That gets the crowd on his case and boos drop all over the arena. Oscar Burns points at Dex and demands respect from the charismatic big man. Dex smiles and returns the favor by trying to lock up with Oscar but he moves quicker than Dex and side steps into a cravate neck hold!

DDK:

Oscar Burns suckers him! Now Burns has that cravate locked in on Dex Joy.

The man who proclaims that he is DEFIANCE has the head and neck of Dex in his grasp. Oscar Burns works over the neck and he keeps Dex where he wants him. Dex tries backing into the ropes but Burns goes low to keep from being thrown off.

Lance:

The cravate locked in! He won't let go. Burns has submitted so many DEFIANCE stars with a variety of submissions. Dex is going to find any counter he can and use it.

Dex doesn't have much choice ... so he stands up and he forces Burns all the way up in the air before throwing him aside! Burns lands on his feet and hits the ropes while shocked that he was able to fight away so easily! When Burns starts to try again ...

ELBOW!!!

He gets dropped with a heavy elbow from Dex! Burns kisses the canvas and Dex kisses his bicep!

DDK:

Dex Joy has been using elbows lately since that match with Arthur Pleasant! He has worked to up his own game in the ring and his striking ability has much improved since he started using those elbows.

Lance:

The Biggest Boy is giving Oscar Burns the biggest beating right now! No technical moves by Dex here!

Dex throws more elbow smashes. He gives Oscar Burns one to the chest and then another big one to the head! He is clearly taking his time against Oscar to avoid mistakes. Dex stalks Oscar into the opposite corner.

WRECK HIM, DEX! WRECK HIM, DEX! WRECK HIM, DEX! WRECK HIM, DEX!

The DEFIANCE Wrestling Faithful are loud tonight and cheer when Dex strikes Burns with another big right elbow and then a chop so loud that it gets heard in the first few rows!

DDK:

This newer and more serious Dex might be the next step he needs to get higher in his career in DEFIANCE Wrestling!

Lance:

Dex is absolutely all about pleasing the DEFIANCE Wrestling Faithful but he is just as much all about putting in the work and getting it done!

Dex grabs the neck of Burns again and then he puts the Kiwi across the ring. He gets up and charges in with a big running splash ... but it is Oscar getting his foot up and stopping Dex. Oscar gets to breathe a sigh of relief for about 2.5 nanoseconds because Dex shakes the boot right off and then hits Oscar with another heavy elbow to the head! Oscar gets knocked silly and almost falls down, but Dex doesn't let him go down first.

DDK:

Where is Dex going to take him?

Oscar tries getting away from Dex but he gets pitched right into the air with a big hip toss right out of the corner. Burns bounces away and Dex is still having his way right now with the match. He waits on Burns as the man who calls himself DEFIANCE gets up and then runs for the big splash in the corner and gets it this time. Dex turns to the direction of the crowd and throws him out using a second hip toss out of the corner! Burns crash lands on the mat but what happens next has the whole crowd shook when Dex runs ...

RUNNING SHOOTING STAR PRESS!!!

The DEFIANCE Wrestling Faithful go ape!

Lance:

Dex Joy already holding *nothing* back for DEFCON!

Dex catches Burns in a pinning predicament after that!

One ...

Lance:

Dex Joy is a runaway freight train in that ring! When he gets going, it takes something major to stop him and so far Oscar hasn't had much of an answer for him.

DDK:

Dex has made Burns wrestle his type of match! Off the mat at all times!

Dex Joy gets the DEFIANCE Wrestling Faithful to cheer. He gets Oscar on his shoulders for the Dex-5 but Oscar is quick to see it coming and slips out behind him. An uppercut awaits Dex when he turns around. Oscar hits two more of his famed European uppercuts and then a triad of elbows of his own! His quicker strikes are enough to keep Dex dazed and then Burns unleashes another uppercut.

Burns grabs the arm of Dex and then tries using the tried and true Irish whip. Dex is still shook up from the uppercuts and elbows, but he holds his ground. Burns tries again then when that doesn't work and tries an arm wringer. He works the arm of Dex but Dex frees himself with the other hand and shoves Burns back. Burns comes off the ropes but Dex impresses many with a leapfrog. He ducks down when Burns runs off the second time and then he traps Burns with a flying crossbody on the way back!

DDK:

Incredible agility by Dex! This might be the quickest he's been in that ring we've ever seen him!

Lance:

Oscar kicks out of the cross body but before Dex Joy can make his next move, Oscar avoids Dex grabbing his leg and makes a hasty retreat from the ring!

DDK:

Come on! You're DEFIANCE aren't you Burnsy?

Lance:

I don't like him but I can't blame him for taking this route. Dex has him head on. That much has been clear in this bout.

Oscar Burns wants to get away and breathe as he makes it outside the ring. He takes the moment to try and restrain himself but Dex Joy will not give it to him ... because he flies right through the ropes and then hits the WHOA-PE dive to the outside!

DDK:

Oh lord! That was the most graceful flying bus I think I've ever seen! Dex flew through the ropes sideways to hit that tope suicida!

Lance:

Dex normally leads the crowd in a “whoa” chant before hitting that move, but tonight he isn’t playing!

DDK:

The biggest opportunity of his career! He can’t afford to screw anything up!

Dex rails right through Oscar and then gets back up, but he does take an extra second to get back up first and get a few fists bumps with people from the crowd. Dex is feeling very confident right now while Oscar Burns has been blitzed with every big move Dex can concoct. He gets Burns back up and then throws the Kiwi grappler back into the ring. The Biggest Boy is ready to continue the punishment.

DDK:

Dex Joy’s confidence is an all-time high right now! He’s had Burns’ number!

Lance:

He has to be careful, though. We have seen Burns take punishment in order to make an opponent expend energy. He could be leading him on in some way.

Burns points at Dex and then to Benny Doyle, trying to beg off by saying Dex pulled his hair. Benny tells him that he did no such thing. Dex shakes his head and then starts stepping into the ropes.

DRAGON SCREW LEG WHIP IN THE ROPES!

DDK:

No! You called it, Lance! Burns grabs the leg of Dex and catches him with the Dragon Screw!

Lance:

I just had a feeling! One opening is all Burns needs. Just one. Then the match is his again!

Dex is still vertical on the apron, but not for long! Burns goes for a basement drop kick right at the knee of The Biggest Boy! He falls off the apron, but barely hangs on. Burns gets back up and throws a running European uppercut to knock him off the apron for good and knocks Dex out on the floor!

DDK:

And that’s the worst part I think Burns could attack! He goes after that leg, specifically that knee, Dex may lose a lot of mobility.

Oscar takes a moment to recollect himself after absorbing damage from Dex by sitting on the apron. He hears the boos!

BOOOOOOOOOOOOOOOOOOOOOOOOOOO!

Oscar Burns:

...URNS!

Lance:

They walked right into that one!

Dex tries standing using the ring steps as an aid, but Burns gets behind him and kicks the leg out almost from under Joy! Joy almost buckles to a knee, but Burns comes back with another boot between the eyes to get Dex on his back for the first time.

DDK:

Oscar Burns finally has the advantage ... but what is he doing now?

Burns grabs the leg of Dex and he tries to fight Oscar off, but Burns kicks his leg ... and then he slams the leg right

against the steps!

Lance:

Burns finds his opening and makes the most of it! If that leg is compromised in any way, Dex loses a lot of ground!

When Oscar sees that the referee's count is getting higher, he rolls into the ring quickly and then rolls out in order to reset the count and perhaps give himself more time to punish the Biggest Boy's leg. Dex is starting to get up and pushes Oscar away from him so he can take the action back inside the ring, but it's exactly where the man who calls himself DEFIANCE wants him to be. He jumps inside the ring and then wipes out the leg of Dex using an uppercut to the leg. That brings Dex down to his knees and then a running high knee puts him on the mat. Oscar tries to pin Dex.

One ...

Joy kicks out at the count of one but Burns shows off his skills by going right for the leg! He delivers a good stomp to the knee and then two more stomps to the foot!

DDK:

Dex kicked out rather quickly from that high knee but Oscar Burns has his game plan in mind! He's going to beat that leg and possibly the ankle to make it difficult for Dex!

Lance:

I'd expect nothing less of Oscar Burns!

The Biggest Boy tries to kick away with his right leg but Burns goes for the left. Another stomp on the ankle leaves Dex exposed to Oscar grabbing the leg and jerking it back to the mat. Burns jumps on Dex for another lateral press in mind.

Once more Dex kicks out, but Burns goes right to the leg instead. He puts a knee in the back of Dex's leg and pulls back in a low half crab.

DDK:

That was so smart! Oscar Burns making Dex use up some energy on those covers so he can go back to the leg!

Lance:

That's genius-level intellect from Oscar Burns in this ring. He's so far removed from being good I hardly recognize him but his in ring talent cannot be questioned.

Oscar is doing everything he can to pin down the tank type body of Dex Joy but Dexy Baby doesn't tap out. He manages to get himself over with a roll and then tries to kick Burns back. He does for a second, but he isn't able to capitalize off of the push right away. Oscar goes behind him and grabs the leg to the front and then whips Dex down using another painful dragon screw!

Lance:

And back to the leg he goes! If Dex can't stand, Dex's chances of winning go down drastically like an overcomplicated math problem!

DDK:

You're absolutely right, Lance! Dex shut down Burns at every chance during the opening of this match and he's now been brought down badly.

Lance:

And I think things will only get worse from this point on! Look at Burns.

He grabs the leg of Dex Joy and props it on the ropes before leaping up and then dropping a knee into the joint of Dex. The Biggest Boy's leg is punished further and he tries to bite his lip to fight back a yell. Oscar goes for the leg again. He puts the leg on the bottom rope and then looks back at Dex. Then he jumps ...

DDK:

The biggest counter by the Biggest Boy!

Before he can land Dex kicks Oscar with his good foot and he goes flying over the top rope and crashes on the ring apron!

Lance:

Excellent counter! He just propelled Burns over the ropes!

Dex tries to get up again while Oscar Burns is still trying to do the same on the apron. Dex gets up first and then goes for Oscar but the two times former FIST of DEFIANCE grabs his neck and then hangs him on the ropes. Dex rocks backwards when Burns gets into the ring and then hits a jumping enziguri kick. That knocks Dex into the ropes. Burns gets up and then pelts Dex!

And I have no doubt Oscar Burns knows that as well.

Dex is going to end it right then and there. He grabs Oscar by the side. He scoops up Burns on the right shoulder ... but Burns quickly fights his way out and lands behind him to kick the bad leg. Oscar turns around and hits a hanging neck breaker! He gets up and then stands over Dex and then works to the knee.

Tyler yells in agony, but Kuroyama is not finished punishing him as he takes him by the arm to send him the other way... but Tyler REVERSES--

CRACK!

It's Kerry's turn to scream in pain as he leans against the barricade for support. Before he can react, Kuroyama's head gets wrapped up and he's flipped further down the ramp following a snapmare, with a subsequent DROPKICK to the spine by Tyler sending him rolling down the rest of the way.

The action has finally reached the ringside area! Rex Knox is standing by in the ring, ready to OFFICIALLY begin this match, but this fight may be over before they even get there!

Lance:

As was earlier suggested, a standard wrestling match may not be enough to contain the animosity between these two.

Knox leans through the ropes and insists that Tyler take it into the ring, but his requests fall on deaf ears. With Kuroyama temporarily stunned, Fuse takes the opportunity to pull the ringside mats aside!

DDK:

Uh oh... this fracas hasn't exactly been pretty, but I have a feeling it's about to get straight UGLY! What does Tyler Fuse have planned now?!

Lance:

He's definitely looking to make good on his promise to end Kerry's career here tonight!

Kerry staggers off balance, and Fuse wastes no time jabbing him in the throat and snatching him by the head...

DDK:

C-Q-C OFF THE STEPS and ONTO THE RINGSIDE FLOOR!!

BOOOOOOOOOOOOOOOOO!!!

Kuroyama slumps into a heap on the ringside floor. Tyler now finds himself struggling to pull him up and slide him into the ring.

DDK:

I don't believe it! Tyler is trying to get Kerry into the ring, looking for a quick pinfall off the opening bell!

Lance:

We might get to the match after all, but it could already be over after that devastating bulldog onto the floor!

As soon as Kerry is in the ring, official Rex Knox kneels down to check on him, but gets interrupted when Fuse yanks him by the collar of his shirt and points him to the timekeeper to ring the bell and start the match.

BOOOOOOOOOOOOOOOOO!!!

DDK:

I can't believe this! First he attacks Kerry on his way to the ring to prolong this brawl... and now he thinks he can tell the official to do his job!

Knox gets chest-to-chest with Tyler and lets him know right then he's not going to be pushed around. Fuse instead turns back to Kerry and grabs him by the leg, pulling him over to the corner...

DDK:

OH NO!! Fuse now taking Kuroyama to the CORNER POST!!

Lance:

This all began when Tyler nearly shattered Kerry's knee using a Figure Four Leglock around the steel post, and now he's sending the message to Knox that if he doesn't ring that bell, he will gladly finish the job he started over a year ago!

Mercifully, Rex gives the cue to the timekeeper.

Lance:

Right back to the figure four, but thankfully sans the steel ring post this time.

DDK:

NO!! Kerry BOOTS HIM OFF with his free leg! He knows he can't give Tyler that chance, no matter what!

Kerry rolls to his feet and charges... but Tyler rallies himself and knocks him off course with an open-palmed slap across the face. As Kuroyama reels, Fuse pumps up to the second rope in the near corner, waits for him to turn around, and jumps off...

DDK:

Here comes Fuse with a DIVING DDT--BLLOCKED BY KERRY DROPPING TO A KNEE!! And Kuroyama counters with a NORTHERN LIGHTS--NO WAIT!!

The crowd pops excitedly as Kerry powerfully LIFTS Tyler off his feet, but before he can complete the suplex, the elder Fuse brother swiftly reaches down and hooks the arms. Kerry drops him back to his feet, giving Tyler all the momentum he needs to lift the Pacific Blitzkrieg off his own feet...

Lance:

There's no way he can last like this! Tyler nearly ruined that knee once before!

DDK:

Good God, Tyler Fuse is going to CRIPPLE THAT MAN TONIGHT!! What can Kerry Kuroyama DO right now?! Does he keep on FIGHTING and put his CAREER at risk, or does he give in and live to fight another day?

Lance:

More importantly, even if he did tap, would Tyler let him loose?

DDK:

Ugh, I hate to say it, but you may be right! This is exactly what Tyler Fuse was wanting to accomplish tonight!

Kuroyama grits his teeth... mentally fights through the pain. After a few agonizing moments, he finds the wherewithal to begin shifting his body weight and rocking his position. Tyler shakes his head in protest, but can't stop Kerry from turning him over...

Lance:

Hang on, can he make the reversal here...?!

DDK:

Kerry screams as the pressure shoots into his knee again. He reaches for the ropes, but Tyler has already begun to shimmy himself back to the center of the ring. Across their tangled legs, Fuse glares at his prey like a man possessed.

DDK:

Will Tyler Fuse finally end the career of Kerry Kuroyama here tonight at DEFCON?!

Lance:

Either way this shapes out, Kerry's chances are looking bleak! His knee can't last much longer, even if he does find a way to break free!

Kuroyama reaches up to push Fuse's leg aside, but Tyler slaps his hands away. He fans his arms out to angle himself closer to the ropes, but only gives Tyler more precious inches in the opposite direction. Out of desperation, Kerry again ROLLS OVER...

Lance:

And with the DEFIANCE Faithful firmly behind him, pleading for him to fight on, the Pacific Blitzkrieg is undoubtedly determined to fight until his last breath, rather than give Tyler Fuse the pleasure of ending his career here and now!

Here we go again!

Troy flies into the ring with a scissor kick to Ames. LT has her opponent stunned as she bounces off the ropes and lands a neckbreaker, followed by a leg drop and transitions into an arm bar. Teresa attempts to find the ropes but she isn't able to because Troy rolls both of them to the center of the ring.

Whap!

DDK:

Gage Blackwood comes in with a punt kick square in LT's chest.

Dan Ryan obviously follows but Hector Navarro steps in his path. Ryan tells the referee it would be in his best interest to move out of the way but The Noble Raider jumps in-between them both and cracks Ryan across the face with a stiff left uppercut. The Murder Daddy is stunned but not out of it. He catches Blackwood upon hitting the ropes and connects with a power slam!

Lance:

All hell has broken loose again and to be honest with you, I'm surprised it took so long.

DDK:

So long? We've only had about eight minutes worth of an actual tag team match!

Ryan and Blackwood continue to brawl, working their way to a corner. Navarro is hellbent on showing his worth as a referee and a man typically good at maintaining order inside the ring so he hasn't quit on trying to break the illegal men apart.

Troy repositions herself for the armbar but then switches it into a cobra clutch! Ames taps furiously but Navarro isn't there to see it! Ryan, however, DOES see it and he tells the referee to turn around. Blackwood pushes Ryan into Navarro and forces the ref to refuse to draw his attention into the ring action until both men go to their respective corners.

DDK:

All things considered, it's not a bad strategy by Navarro. If Ryan wants him to call the match then he HAS TO go to his corner.

And Dan Ryan starts walking back to his side of the apron but Gage Blackwood does NOT return to his. He pushes Ryan, he baits him on...

And then Blackwood simply changes direction. He races towards LT.

SWOOSH!

Troy hears him coming. She drops the hold, ducks and Blackwood flies right over her with an attempt at the Gaelic Storm coming up double zeros. Gage crashes into the ropes. He pulls himself up and is met with an inside out clothesline from hell, thanks to Dan Ryan who is on the apron.

Ryan smirks, looking at Hector Navarro.

Dan Ryan:

He came at me!

Navarro sighs but ultimately turns his attention to inside the ring. Lindsay Troy takes hold of Teresa Ames' feet and might be applying a sharpshooter...

DDK:

Inside cradle by Ames!

ONE.

TWO.

KICKOUT!

And immediately Troy starts knocking the shit out of Ames with forearms to the side of the face!

Lance:

LT almost got caught, Keebs. But she's a vet. She did kick out and now she's right back to work. On mere skills alone, Teresa can't hang with Lindsay... or anyone else in the ring. Her only hope is to walk into a brief moment where Troy may let her guard down.

LT lifts Ames and hurls her into a turnbuckle. Troy charges in with a stinger splash, followed by a headlock and a bulldog. Troy sees an angry Gage Blackwood arrive in his corner so she kicks The Drama Queen over to Blackwood's feet.

DDK:

I believe Lindsay wants Gage to reach over and tag Teresa.

Lance:

Lost in the shuffle of Blackwood and Ryan consistently knocking each other around is the bad blood Lindsay has for Blackwood. She was not chosen by Blackwood's team last year to battle 24K.

Blackwood sneers at the PRIME Leader but also wants to show his worth. He does lean forward, tagging Teresa's shoulder. Navarro acknowledges the tag.

Blackwood bursts through the ropes and LT steers him into the Vae Victis corner. Blackwood puts on the brakes well before he runs into Dan Ryan again. LT with a dropkick... it knocks Gage a foot closer. She hits Blackwood with a reverse exploder suplex and flies into the ropes... looking for Queen's Gambit-

But The Noble Raider pops to his feet and catches LT with a hammer throw! Lindsay crashes into the ring ropes... Blackwood hits the ropes on the far end and drills the legend with his missile dropkick, the Royal Tattoo.

Blackwood marches around the canvas. The fans cheer as he stares into Dan Ryan. Gage shoots him double middle fingers before going to the top rope.

Lance:

Gage is not one to fly often.

Blackwood measures LT. He's going for the diving headbutt...

Lindsay SHOOTs to her feet, runs all the way up the ropes, taking hold of Gage and connecting with a Spanish fly! Once again, the crowd cheers and both man and woman are down!

Dan Ryan is itching for a tag... Teresa Ames is nowhere to be seen after rolling off the apron when Blackwood tagged himself in.

Upon replays, the Queen of the Ring met the mat hard, too. She's a little dizzy but Blackwood is reeling the most. LT looks over and sees Ryan's hand extended. She nods and begins to crawl towards him...

Suddenly, Dan Ryan feels something on his feet. He can't reach over as far as he'd like. He looks down. He sees the crusted, bloodied face of Teresa Ames, hugging at his boots.

Teresa Ames:

You're a nice strong man, I-

SWAT!

Ryan lifts his leg, to which Teresa is able to hold onto and he kicks her off. She goes flying into the guardrail. The Murder Daddy turns back to the ring-

And eats a Gage Blackwood elbow to the side of the head!

While DR was attending to Teresa Ames, Gage jumped to his feet, stomped on LT and found a spot in front of Dan Ryan, sending him to the floor below.

However, instead of turning back to Lindsay Troy, The Noble Raider steps through the top and middle rope and leaps into the air. He punts Dan Ryan in the side of the head! The legend is stunned but not out of it. He rebounds by opening his right palm and absolutely crushing Blackwood across the chest with a palm strike. Hector Navarro, once again, tries to restore order.

DDK:

Oh no...

Lance:

Look behind you, Lindsay!

As Troy stands, Teresa Ames slides into the ring and holds her ASMR spit saliva microphone. The Queen of the Ring stumbles into The Queen of ASMR.

THUMP.

DDK:

Ames hits Troy square between the eyes!

Still holding the microphone, the clever and unstable Comments Section member shoots through the ropes in a suicide dive, mic in hand.

THUMP!

DDK:

Ames catches Dan Ryan with the mic! Now she's telling Gage to get back into the ring!

The Scot raises an eyebrow, although he does re-enter. He sees Lindsay Troy is out cold, chest-up, center of the ring. He glances over to Teresa... and then down at Troy, trying to make sense of everything.

Teresa Ames:

I LOVE YOU. BE MINE, BE MINE, BE MINE.

Pause.

Ames' demeanor changes to a very unstable look.

Teresa Ames:

PIN THAT FUCKING OVERRATED, OVERHYPED BIMBO!

Blackwood sees the mic in Ames' hand. He sees a trickle of blood on it. Then he sees there's blood on Lindsay Troy's forehead. He doesn't know what to do. Luckily, or maybe unluckily for him...

He doesn't have to do anything.

DDK:

ROLL UP BY LT!

ONE.

TWO.

SAVE BY TERESA!

Quicker than a cat, Ames slides into the ring and breaks up the count. She begins stomping wildly on LT while Blackwood gets to his feet. He pushes Ames, knocking her away from Lindsay. Then he snatches the ASMR mic out of Teresa's hands.

Gage Blackwood:

I fucking told you... STAY OUTTA MY WAY.

Ames flips her hair back and bats her eyes.

Teresa Ames:

I love it when you're angry.

Blackwood would say more but he's turned around and straight into a knock out punch by Dan Ryan! The Ego Buster is PISSED. He, too, has a small trickle of blood from his forehead, thanks in part to the microphone shot by Ames. Now, however, he encloses on his target.

DDK:

Teresa asked for this...

But Gage Blackwood finds a second wind and jumps on top of Ryan's back with a sleeper hold, his secondary finisher, The Soul Breaker.

Lance:

For a big man, it's going to take a HELL of a grip by Blackwood to render Ryan unconscious!

Dan IS fading but slowly. Either way, he decided to throw all his force backwards and crush Blackwood's body between the mat and himself. The hold is broken!

Ames scrambles to her corner as Ryan collects himself on a knee. He needs a moment since the sleeper took a lot of his oxygen away. Teresa jumps up and down in her corner.

Teresa Ames:

I'm the last one STANDING!

She cackles and the crowd boos.

Teresa continues to bask in her glory until she realizes Ryan's standing.

Troy's standing.

And Blackwood's standing.

Navarro can shout all he likes but Dan Ryan isn't going back to his corner. Vae Victis stares at The Noble Raider and he looks back at both of them... Blackwood hits the ropes, runs at LT and DR and ducks an attempted double

clothesline. Gage hits the next set of ropes and explodes forward with a crossbody block but Troy and Ryan catch him...

DDK:

Hold on a second! I believe Teresa Ames made a blind tag! She's perched on the top rope!

Ryan and Troy drop Blackwood to the canvas, not hitting the move as Ames comes flying through the air and is completely decapitated by a Dan Ryan clothesline!

Nevertheless, Gage Blackwood takes the opportunity to work Troy into a rolling prawn hold pinning combination!

ONE.

TWO.

THREE.

But no bell rings or referee counts because Blackwood is not the legal man!

Troy kicks out regardless as both combatants are on their feet. Blackwood realizes what's taken place and sees Dan Ryan coming for him. Ryan clotheslines both himself and Gage over the top rope. LT recognizes The ASMR Star as the legal wrestler. She leans over to lift Ames up...

Teresa with a low blow!

...Which does nothing.

Ames looks up at LT with a goofy looking grin.

Teresa Ames:

Oopsie, that's right!

Troy rolls her eyes.

Lindsay Troy:

Yeah.

She drags Ames to her feet but the coy Comments Section member attempts CTRL-ALT-ASLEEP...

Misses!

DDK:

LT has worked Ames into the Koji clutch!

Gage Blackwood hops onto the apron but Dan Ryan pulls him off. Teresa screams a blood curdling cry, she's trying to hold on. Blackwood and Ryan are once again going shot for shot, working their way up the ramp. At the top of the ramp, the litter Teresa was on sits off to the side. Blackwood tries to throw Ryan into the structure but DR reverses it... Blackwood crashes into it instead. Ryan comes racing in but Blackwood moves and Ryan's arm CRUSHES the top of the litter, denting a massive hole in the side of the door.

Inside the ring, Ames is struggling mightily.

DDK:

Ames is nowhere near the ropes! She's dead to rights!

The Keyboard Queen can't hold on anymore. She rapidly taps the mat and Hector Navarro calls for the bell.

DING DING DING**Darren Quimbey:**

The winners of this match... Lindsay Troy and Dan Ryan... Vae Victis!

Blackwood and Ryan have vanished to the back as Lindsay Troy discards Teresa Ames a few seconds after the bell sounds. She stands and Navarro raises her arm. Troy walks to the edge of the ring and collects cheers from the crowd before replays show, recapping the reclaimed wood spot, bathroom brawl and parts of the match. Troy exits the ring and marches up the rampway with plans to find what Ryan and Blackwood are up to. Once she arrives at the top of the ramp, she hears a scurry of someone behind her...

It's Teresa Ames, like a true horror movie villain, NOT DEAD YET. She comes SCREAMING like a maniac up the ramp, limping but wanting MOAR. She claws at Troy's back before LT turns around and LEVELS the ASMR Artist with a right hand. Then she turns to the litter... grabbing Ames by her hair she walks Teresa over and throws her on top of the vehicle. LT meets Ames up there. The crowd is asking for it as Teresa struggles to rise.

From the roof of the litter, Troy positions her for the package piledriver.

CRRRAAAASSSSSHHHHHH!!

DDK:

Troy hits Thy Kingdom Come THROUGH the roof of the litter!

Both women fall through the roof as DEFSec come to check on them. LT is doing much better than Ames, obviously, but she's still mangled in the debris.

THANK YOU LINDSAY!

THANK YOU LINDSAY!

In the end, Teresa gets what she deserves for manipulating this tag team match from the start!

DEFSec help Lindsay Troy out of the litter as DEFCON goes to a commercial.

FOR THE FIST

FIST of DEFIANCE

Crimson Stalker (C) vs. Deacon

FIST OF DEFIANCE: CRIMSON STALKER Â© vs. DEACON

Lance:

This story has been two years in the making. Upon joining Defiance, the Deacon immediately ran into problems with Victor Vacio.

DDK:

That's right. And at Maximum Defiance in 2020, the Deacon thought he'd dispatched Vacio to go make hot sauce, but while the Mute Freak continued in the ring, Vacio continued to look behind the scenes, even hiring "The Idol" Terry Anderson to do some sleuthing and learn why the Deacon spent all his waking time at a hospital.

Lance:

You'll know Terry from his relations to the other person in this story - Jason Reeves, the Stalker, who at this time had just entered Defiance in a feud with the irreplaceable Scott Douglas.

DDK:

Terry & Vacio found out in black & white exactly why Deacon was there. In violation of every HIPAA violation known to mankind, Vacio took that secret and taunted the Mute Freak for weeks, eventually putting it high above the ring, with a ladder as the only way to reach it. A Ladder match, with the winner holding whatever secret Deacon needed to keep hidden.

Lance:

If you watch the match though, you'll notice - Vacio never went for the secret during the ladder match, focusing on punishing the Deacon until the Mute Freak finally ended the match

DDK:

And he thought his torture, but the next UnCUT, Vacio revealed why he never went for the secret. He had a secret of his own.

Lance:

Enter Stalker. For weeks, we'd heard of the coming of the KABAL. We'd already seen their machinations as Stalker worked to bury all the heroes. What we didn't know was that Vacio WAS a member of the Kabal. Vacio had not hired Terry Anderson, it'd been Jason Reeves' mysterious benefactor.

DDK:

Stalker came clean, but he made Deacon come clean as well - Jason Reeves told the world that Deacon's late son, Jack, had been suffering through cancer.

Lance:

The Kabal were not going to be fighting the Deacon alone. No, the Deacon joined up with Defiance veterans, Lindsay Troy and Henry Keyes, two friends defending Defiance against the incursion of the Kabal.

DDK:

I can't say Deacon was defending Defiance.

Lance:

Me either - the Mute Freak was out for blood.

DDK:

He got his pound of flesh, but the team lost, signaling the rise of the Kabal.

Lance:

The Deacon wasn't done though. He wanted Stalker, and more importantly, Jack wanted to see his dad take that evil Stalker down.

DDK:

That's right, Jack got to be a part of this story, leading straight into last year's DEFCON when Deacon and Stalker met, not in a ring, but a Mausoleum match, where the first one to escape the Mausoleum would be the victor.

Lance:

The Deacon won, Jack being able to see good triumphant before losing his battle.

DDK:

Jack's story was as much a part of this as either man, the Kabal, or anything else. Defiance opened their doors to a young man, letting him see his father, the Deacon, rise to the occasion one last time.

Lance:

Let me tell you, the loss of Jack still reverberates in that locker room. So many people played their part to give that young man a triumph, and one of those men, Jason Reeves, had a story of his own to tell.

The cameras switch to a montage of video clips that showcase the infamous Ambulance Crash showcasing a 'beam' of light in the back dark alleys of Wrestleplex. The original hardcore icon, Jason Reeves, stomps his way through the debris only to see Deacon gone from the crash, followed by the Casket Match that transported Jason Reeves to the Mausoleum match, the one in which Deacon destroyed his enemy, leaving him to only be resurrected to what we know today as 'Crimson Stalker'.

DDK:

The story of Crimson Stalker doesn't stem from simply a man who ascended to becoming our FIST champion all on his own.

Lance:

Not at all, Darren. In fact The Kabal had quite a hand in the power that Jason Reeves has what now appears to be complete control of. After everything they did to Stalker, he returned to DEFIANCE in a much stronger and lethal form, ripping through DEFIANCE like a Black Sword.

The video package switches to The Kabal locating Jason Reeves in the ruins of the Mausoleum, followed by the studies upon him, experiments, and his escape through The Kabal Lair. Quickly, the videos show Crimson Stalker's rise as he rips apart many of DEFIANCE's top talent to earn a chance against Gage Blackwood for the FIST championship.

DDK:

Earning his opportunity to face Gage Blackwood, Crimson Stalker survived a hellacious beating, only to deliver one himself to Gage Blackwood, beating the former champion so badly that the match led to a stoppage.

Lance:

Although he didn't actually pin Gage Blackwood, many would agree Jason Reeves definitely helped change the man. Regardless of how he won the belt, he quickly adapted his focus or at least... lack of focus.

The events of the past few DEFTv's quickly play on the screen, starting first with Stalker's off the leash showing at DEFIANCE ROAD's Press Conference. Next shows the burning down of The Kabal Lair, followed by Jason Reeves' 'Riley' Fueled attack against Hallmark Journey dressed as Deacon and Magdalena.

DDK:

Deacon's pursuit over the past few weeks was more about helping stop what he felt responsible for creating.

Lance:

I don't think Crimson Stalker is able to be helped, not after what we saw last DEFTv.

Chris Trutt's interview with Crimson Stalker is shown with the 'Play Me' Recorder hanging from Jason's neck. In a series of quick clips it shows Deacon's involvement in trying to not only protect and guard the safety of DEFIANCE's legends but also that of Jason Reeves. This backfired by costing the pair the match.

DDK:

I was not expecting Jason Reeves to speak, much less show full control over whatever he has inside of him that makes him so different from the 'normal' version of Stalker that we all know... and hate.

Lance:

Perhaps we will learn more tonight... after the build up of nearly a year... we are about see a rematch from last DEFCON with the main difference being the FIST championship is ALSO on the line! No Mausoleum this time!

DDK:

Unless they drag themselves there again! With a match under Stalker's RULES anything is possible, let's get to the ring!

Darren Quimbey:

WELCOME Ladies and Gentlemen to the MAIN EVENT OF DEFCON NIGHT 1!! This is a SPECIAL STIPULATIONS 'STALKER'S RULES' MATCH for the FIST CHAMPIONSHIP!!

Cameras pan out all over Lakefront Arena as the Faithful stand up in anticipation for this rematch of DEFCON 2020, between two men who have literally gone to a MAUSOLEUM and back. The lights begin to dim as the moment of the night creeps upon the audience's skin like a Stalker watching in the dark. It's time.

♪ Gregorian Chant begins ♪

The arena goes dark but not silent, the Gregorian Chant being drowned out. One golden spotlight hits the top of the rampway to reveal Chris Shepherd.

Chris Shepherd:

For nearly a year, the Deacon thought he knew his mission - Protect his family. Make the Kabal... disappear.

On cue, Chris Shepherd is gone moments before the golden spotlight splits to two sides of the edge of the stage area. Chris Shepherd stands within the glow of one; Magdalena takes in the crowd beneath the second light.

Magdalena:

The Deacon thought he had accomplished that-

The stage area opens up and a box, easily the size of a small car, elevates out of the hole. Chris walks back to the front of the box. He opens it up to reveal an empty space before closing it again.

Chris Shepherd:

But sometimes, the situation changes dramatically.

Chris taps his staff on the ground three times, each "hit" booming through the arena. On the third one, the bottom of his staff glows golden. He holds it by the top & puts his staff in front of the box, and like a shadowbox, a robed silhouette stands where nothing had previous been.

Magdalena:

And when those who would burn down the world change...

The robe morphs, spreading out and growing before becoming almost mechanical in design.

Magdalena:

Well...(snickers) We gotta change with it.

Abruptly, the box sides explode out with sparks & flames to reveal the Deacon on a custom made Harley Davidson chopper. The engine roars, drowning out the the Gregorian Chant, which abruptly switches to-

♪ "The Resistance" by Skillet ♪

Deacon rolls the chopper out of the box and onto the ramp, then stalls, roaring the engine a few more times before Magdalena walks beside it and climbs on the back. As Skillet blares, the Deacon rides the Chopper to the ringside area and around the ring, letting the engine roar multiple times.

DDK:

It's been over a decade since we've seen a Deacon entrance quite like that. These entrances, especially for the bigger shows, were legendary, but this one may have trumped them all!

Is it just me or would Jason Reeves already be walking to the ring by now?

The question falls on deaf ears for a few brief moments as the cameras focus on the rampway, no Crimson Stalker, no Reapers, no Kabal members. No one is coming to the ring. Benny Doyle is standing next to Deacon and Magdalena who's on the ring steps, they are all waiting in silence as the Faithful's patience starts to run thin!

Crimson Stalker Jason Reeves:

It's your BLOOD's fault that my Wife is dead!

Blood trickling down Deacon's back, the Mute Freak lays lifeless on the mat. Magdalena no longer screams or pounds, she prays, and questions how the Deacon will ever survive this night. Getting the Deacon by the head, Stalker points at the turnbuckle, ripping at Deacon's hair and pulling his head back before charging at the turnbuckle.

Bullseye!

Deacon's face goes straight to the turnbuckle, the Mute Freak bounding back, blood immediately starting to flow from his forehead. Stalker bends down and screams!

Crimson Stalker Jason Reeves:

It's your BLOOD's fault that my Wife is dead... did you really think I would not seek you - for how you ripped us apart?

DDK:

Jason's covering Deacon for the first pinfall attempt of the night... Doyle is unsure if he wants to even continue this match... he saw what happened between Blackwood and Stalker...

ONE.....

TWO....

NO! Deacon with a shoulder up!

Lance:

How?? How is he able to move still?!

Crimson Stalker seems disappointed with Deacon's persistence, lifting the big man up once more the two wrestlers meet face to face, Jason presses his face against Deacon.

Crimson Stalker Jason Reeves:

Now... Now it's time for my blood to change you forever! Just like yours changed mine....

DDK:

What in the world does Jason keep babbling about? His blood? Deacon's blood didn't make Jason what he is, The Kabal did. Everything has been The Kabal's fault but Jason's focus is only on the one man trying to help him.

Lance:

I think Stalker's simply blind with rage at this point... NASTY closed fist punch to Deacon's face! Stalker hooks the Mute FREAK! FRONT FACING RUSSIAN LEGSWEEP!

Deacon's head and neck collide with the ring! The size difference between both men makes the impact of the move far greater on Deacon. Jason rolls on the mat to get away from Deacon, slamming the mat in the process of standing up again. Looking outwards towards the Faithful and then downwards at Deacon, it appears Jason is sizing Deacon up for something sinister.

DDK:

Jason just took off the Crimson Mask!

Jason almost starts convulsing in the middle of the ring, building up the 'Sanguine Saliva' that he has used in the past. Deacon's pulling himself up using the ropes, looking for a moment to collect himself but Jason's moving in slowly. Benny Doyle steps further back, knowing full well that the last referee dealt with that was anywhere near Jason during this 'demonstration'.

Lance:

Deacon's trying his best to steady himself, Magdalena can't look, Jason's hovering behind Deacon... waiting for him to turn!

SANGUINE SALIVA!!

DDK:

Deacon throws his palm up in protest!!

Jason's blood spit attempt is countered, almost like a Guardian stepped in. The Faithful cheer as Jason's face becomes covered in his own blood. Stumbling backwards, Jason's void-like look disappears for a moment as he stares through the blood dripping down his face.

Lance:

Deacon surges forward, hooking Stalker by the waist and under his arm while distracted... RELEASE NORTHERN LIGHTS SUPLEX!!!

Crimson Stalker's body ricochet's across the mat, bouncing towards the turnbuckle face down as the inhuman horror villain looks to finally be at a small disadvantage! The Faithful erupt in cheers at the exchange as Deacon slowly paces

himself up, wiping away his own blood from his face, he looks down at the reigning FIST champion.

Lance:

Deacon pulls Jason from the corner and flips him around, going for his first pinfall attempt of the night!

Deacon presses himself against Jason Reeves, as much about stopping Stalker as trying to defeat him.

ONE....

TWO....

NO!

DDK:

Stalker barely moved, but it was enough to lift his shoulder, Deacon sits back on his knees as Jason sits up...

Jason holds his head in agony, looking to the side at Deacon, his face painted in his own Sanguine Saliva.

Crimson Stalker Jason Reeves:

I hate you for what they did to me....

Deacon takes his own mask off the lower half of his face, flinging it out of the ring.

Deacon:

I ... not gonna hate you anymore... Ja-

Jason's mouth snarls as he springs forward at Deacon who is still on one knee.

Lance:

HEADBUTT FROM Stalker!!

The Mute Freak hits the mat, holding his face in surprise as he rolls to the side in pain. Stalker moves up to one knee, his eyes very much 'present' and in the moment. No longer was he the crimson beast but rather the man DEFIANCE first came to know.

DDK:

Stalker's moving a bit differently here! Swooping in on Deacon before he can roll away... KICK to the back of the head! AND ANOTHER!

Bending over, Jason grabs Deacon once more, pulling him up in the center of the ring Stalker uses ALL of his power to Irish whip Deacon into the ropes! Jason drops for a toe hold but DEACON grabs the ropes to stop himself from going forward! The Faithful stand up in anticipation, eager to see Deacon's next move!

Lance:

Jason's early reaction to the move catches him flat footed as he's standing back up now and moving in towards Deacon! BIG BOOT TO JASON'S FACE!

Jason moves forward, attempting to ignore the pain, but is met with another big KICK!

DDK:

Stalker stumbling here to one knee as Deacon is fending him off with his long powerful legs! The Mute Freak pulls off the ropes, Jason's back up on both feet..... HUGE CLOTHESLINE!!

The sweeping and spring boarded Clothesline nearly decapitates Stalker, as the reigning FIST champion hits the mat with thunder. Deacon looks down at Jason and shakes his head. With a heave, he yanks Stalker to his feet before

putting Reeves between the Deacon's knees.

DDK:

Here we go!

The Deacon hoists Jason up and into position for the Altar Call (Crucifix Powerbomb), but Reeves squirms, dropping to the mat then quickly rolling to the outside of the ring. Frustrated, the Deacon goes to the edge of the ring and steps over the top rope. Jason Reeves tosses a folding chair straight into Deacon's bloodied face, staggering the Mute Freak Giant back onto the mat. Frantic, Jason Reeves reaches under the apron again, pulling out a ladder.

Lance:

This is an interesting call back.

DDK:

To what?

Lance:

What we thought would be the end of the "Jack saga" was a ladder match, but it was just the beginning.

DDK:

Reeves back in the ring, and now he's got YET ANOTHER weapon. This is bad news for Deacon!

Jason picks the ladder up as Deacon slowly pulls himself up by the ropes. With a surge of speed, Reeves takes the ladder straight into Deacon's midsection, doubling the Mute Freak over before Deacon drops back to the mat in the fetal position. Jason then sets the ladder up and starts to climb

Lance:

This is seriously bad news for the Deacon.

Satisfied with his head, Jason stops and turns--

DDK:

Deacon is UP!

Or at least, Jason tries to turn, the Deacon running up behind him on the fifth run, hooking Jason Reeves into the Crucifix Position again.

DDK:

Reeves can't just wiggle out of it this time!

The crowd pops as the Deacon hoists Stalker fully and then DROPS!

DDK:

That's it! Stalker is DEAD!

Stalker might have been dead, but his carcass bounces off the mat and tumbles out of the ring. Exhausted, the bleeding Deacon lays on the mat, the same mat Magdalena pounds as the crowd starts their latest HOLY chant.

Lance:

Pins are only good in the ring though. The Deacon has to get Stalker back into the ring, but the Mute Freak may be out of gas.

Magdalena goes near Stalker, looking at him to see if he is, indeed, still alive. She shouts at Deacon, and a moment later, the Stalker pops back up VERY much alive. His head snaps toward Magdalena. His lips turn into a snarl. His body pushes up, drops back down as he holds his elbow, and then with a scream he pushes the rest of the way up, his

stalking eyes locked on Magdalena.

DDK:

She needs to get out of there FAST!

Stalker takes one staggering step toward her, then another, then a-

DDK:

MY DEATH IS GAIN!!!

The Deacon hits the far ropes and then races across the canvas before launching himself up and OVER the top rope before colliding into an unsuspecting Jason Reeves, the full weight of Deacon's 320 pounds crashing both of them to the mats outside the ring! Of course, we get another HOLY chant. The crowd's got this whole schtick pretty well practiced after tonight!

Slowly, the Deacon rises to his feet, then grabs and rolls Jason Reeves under the bottom rope & into the ring. The Mute Freak crawls into the ring as well, making the cover.

ONE!!!

TWO!!!!

DDK:

JASON REEVES GRABBING THE BOTTOM ROPE!

Lance:

The Deacon is in disbelief!

DDK:

As is the crowd! Both of these men have taken SO much punishment tonight.

The Deacon starts to stir. Stalker starts to stir. The Deacon gets to one knee. Stalker gets to a knee. The Deacon pulls himself up by the ropes. Stalker pulls himself up by the ropes. The Deacon staggers forward. Stalker turns to find his prey. The Deacon throws an elbow. Stalker falls against the ropes and rebounds, throwing an elbow of his own. The Deacon staggers back a step and then steps forward to throw another elbow. Stalker falls against the ropes and rebounds, throwing an elbow in response. The Deacon staggers two steps back and then steps forward, throwing another el-

Lance:

Reeves swivels behind the Deacon and is on the Mute Freak's back. He's going for his sleeper variant! Deacon is fighting it off, trying to keep those arms up to keep it from being locked in.

DDK:

Not sure how long the Mute Freak can keep up those blocks! Reeves is fighting for it hard, working his arms into there and-

The Deacon hoists Jason Reeves straight up in the air in an almost reverse Crucifix Powerbomb position. Jason's shocked face shows a moment before Deacon sends it, and Jason, directly onto the exposed turnbuckle Jason had removed earlier.

DDK:

Reeves down! Deacon with the cover!

ONE!!!!

TWO!!!

THREE!!!!

DING DING DING

DDK:

He's done it! The Mute Freak has done it!

Benny Doyle rolls out of the ring, looking to acquire the FIST Championship from where it last landed, Quimbey meanwhile goes on to announce the winner.

Darren Quimbey:

The WINNER by the result of PINFALL! AND NEW DEFIANCE FIST CHAMPION..... THE DEACON!!!!!!

The Faithful's cheers grow even louder! Magdalena is on the outside, dropping to the mats in disbelief from the emotions of it all, not only has Deacon defeated Crimson Stalker but he is DEFIANCE's new FIST Champion!

Lance:

The Faithful are absolutely tearing the house down in excitement, the ending, I don't think they believe that it just happened but it did! I believe it. I saw it... Deacon... he's done it!

DDK:

Stalker... Stalker is sitting up.

The moment of celebration is soon cut into a more somber and silent moment as Crimson Stalker is now standing, staring daggers and blocking the path of Benny Doyle.

Lance:

Stalker snatches the FIST championship from Benny! Oh my... come on. It's over, Jason. Leave it in the ring.

Caked in bloody, tired eyes, Jason Reeves shoulders slump him all the way down to the center of the ring. Benny Doyle moves to raise the arm of Deacon who is now standing in the far corner awaiting his now 'beaten' nemesis.

DDK:

What is he doing?

Lance:

I... I think he's staring at the reflection of himself in the championship... the scars of tonight, the past year, everything he's done for the past 12 months. It's playing before his eyes right now.

DDK:

..... What?

The moment drags on, Jason Reeves staring into The FIST Championship, unmoving while Magdalena moves in to stand behind Deacon. The desire to celebrate suspends in the air for the Heroes as they await Jason Reeves next move.

DDK:

I really hope he just...

In a flash, Jason Reeves shakes his head no to himself in anger, gripping the title like a weight. Once more, he turns to face his 'maker'.

Lance:

Oh no he's moving towards Deacon... he... he... is extending his hand..?

A shocking move to the Faithful and those around The Deacon, but not as shocking to the new FIST Champion himself. A nod comes from Deacon as Stalker says something more, this time more of a whisper, shared only by the two combatants. The Deacon extends his own hand and the two briefly clasp arms. The Faithful let out a loud pop as Jason Reeves hands over the FIST championship to the new champion.

DDK:

I can't believe what I'm seeing. Is Deacon nodding towards his motorcycle? No way...

The man known as Jason Reeves, former Crimson Stalker, former Kabal Leader, former FIST Champion, stares towards the Harley Davidson and then looks back at Deacon. They share a nod once more before Jason Reeves heads towards the ring ropes. Celebration ensues in the ring for Deacon and company as Stalker finds his way to Deacon's Harley Davidson Chopper. Giving it a once over, the former Black Sword of The Kabal turns back once more to look at the ring, Deacon is now celebrating with Magdalena and the arrived Chris Shephard as the Faithful's focus turns to their savior.

Lance:

A change of the guard and possibly a way for Jason to escape the Kabal once and for all? I don't know what words were exchanged between the two men before Deacon suggested Jason take the chopper, but perhaps there is more to their story than we know?

DDK:

Story or not, I'm thrilled that we have a respectable champion, Crimson Stalker was nothing but an animal off the leash and that was a dangerous road for DEFIANCE to be on, I'm so grateful we have finally corrected the course!

The cameras pan out to a ring full of celebration, Deacon grasping The FIST Championship in his hands while the fans shower him with appreciation. In the distance, the departing former champion rides off into the shadows underneath the rampway as the DEFCON logo appears on screen.

Lance:

See you all tomorrow night at DEFCON Night Two! This has been a wild one!!

THIS.

IS.

DEFIANCE.
