BUDGET CUTS

DDK:

I cannot believe it Lance! We are kicking off the brand new “year” of DEF TV not only the road in Houston, Texas but we are also going to kick things off momentarily with a Unified Tag Team championship match between the Saturday Night Specials and their most personal rivals, the Lucky Sevens!

Lance:

The Lucky Sevens called out the SNS after their win at DEFCON over Los Tres Titanes alongside Alvaro de Vargas. They demanded this match a little more than seven months since their last confrontation back at Acts of DEFIANCE! It was a bloody battle that saw the SNS having to resort to a flash pin to retain but after the fact they were absolutely mauled by the challengers.

DDK:

The twin seven footers have pointed it out time and time again. While the SNS continued to rack up wins and successful defenses, the Lucky Sevens turned up the viciousness and injured their trainers, the House. They defeated the Pop Culture Phenoms and Los Tres Titanes, putting them right back as the Number One Contenders. The SNS knew if they had those titles long enough this day was going to come and tonight, it is here. Instead of Darren Quimbey getting to make the introductions, it is the Official Spokeswoman Ophelia Sykes that is at the entryway.

DDK:

Interesting! Remember that Mason and Max Luck gave Ophelia Sykes a chance to either stay with them or get the boot after she was arrested with Pat Cassidy after DEFCON.

Lance:

That was a spectacle all on its own, but I think you might be right. It looks like she might have chosen her side.

Ophelia Sykes does not look too conflicted at the moment and she has a microphone all ready to go.

Ophelia Sykes:

Ladies! Gentlemen! With DEFIANCE Wrestling’s first show on the road, you are going to see a title change tonight!

The DEFIANCE Wrestling Faithful of Texas do not like that announcement and the thousands in the house reply with boos.

Ophelia Sykes:

Despite what Pat ... er, the Saturday Night Specials think, the Lucky Sevens are finally going to take their place at the top of the tag team division where they belong! The uncrowned champions are going to sit on the throne! They are Big Money Max! Big Money Mason! They are THE LLLUUUUCCCCCKKKKYYYY SEEEEVVVVEEEENNNSSSS!!!

She points to the stage and the house lights turn black. The lights go and three numbers appear on the screen in the form of a slot machine!

The lights come back on and the twins put up “The Winning Hand” while wearing gold-colored capes that have a message on the back in red:

MONSTERS!

The Lucky Sevens are all business as they brush past Ophelia Sykes quickly and are booed out of the building as they take on DEFIANCE Wrestling's most popular team, but they don't care. Max talks trash to the fans and Mason takes the lead with a determined look.

Lance:

Look at them Darren. They're ready to win.

DDK:

I gotta agree with you there.

The Lucky Sevens both drop their capes and then they climb into the ring. They bump fists and then Mason Luck wants a mic. Ophelia catches up to the twins and she gives up her mic for him.

DDK:

We're about to get to a match ... but Mason wants to talk?

Mason Luck:

Cut the music. Now.

When the music goes off Mason Luck turns his attention to the DEFIANCE Wrestling Faithful.

Mason Luck:

First off ... Max, what's the difference between Texas and a dumpster fire?

Max leans next to his brother.

Max Luck:

What?

Mason Luck:

A dumpster fire can create affordable light and heat.

BOOOOOOOOOOOOOOOOOOOOOOOOOOOOO!

Mason and Max bump their fists together.

Max Luck:

What? You don't like that? I'm shocked that you guys were able to keep the lights on long enough for us to even have a show here.

That gets more boos! The Lucks have had their fun.

Mason Luck:

Now that we got the fun part of the evening out of the way and get down to business, Max and I have one more loose end to tie up...

Then both of their eyes turn toward Ophelia Sykes. Sykes looks up at both of her clients with surprise.

Max Luck:

Ophelia Sykes ... we gave you until tonight to pick a side. You gave us that great intro that we deserved.

She nods.

Max Luck:

Too bad it's the last one you're ever going to do for us.

She looks up in shock.

Mason Luck:

Ophelia ... you got caught red-handed fucking that idiot, Pat Cassidy which put you in this spot in the first place. You can't be trusted and now your tenure as a BFTA member is also fucked. You can call this a budget cut.

Mason inches close to his brother so they can both yell into the microphone.

Mason and Max Luck:

YOU'RE FIRED!!!!

Sykes's jaw almost drops through the mat. She tries to plead but Mason Luck takes the microphone.

DDK:

OH MY GOD!!! THEY FIRED HER, JUST LIKE THAT?!

Lance:

They gave her an ultimatum and she seemed to want to stay by their side ... but they aren't having it!

Mason points at the back.

Mason Luck:

Get the hell out of our ring ... or we'll remove you from it.

She looks at Max but he isn't listening to anything she has to say.

Lance:

Wow ... that's cold. Even for BFTA.

The DEFIANCE Wrestling Faithful mix jeers and cheers for the fact that Ophelia Sykes is being fired ... but she is still a woman being bullied by giants. She leaves the ring quickly and starts sobbing on her way out to the back. After she leaves and then heads up the ramp, Mason and Max face the crowd.

Mason Luck:

Now that there's no more distractions ... the time for talking is *over!!!* Pat ... Brock ... get your asses out here so we can finish what we started seven months ago ... *now!!!*

Max Luck:

You've seen the Main Event Monsters deliver Five Star Beatdown after Five Star Beatdown and even reached Six Star Territory! Tonight ... we go for SEVEN!!!

UNIFIED TAG TEAM CHAMPIONSHIPS: SNS Â© vs. THE LUCKY SEVENS

The Sevens both smirk arrogantly as they watch the distraught Ophelia exit the stage with her head hung low. A couple seconds pass and the Texas Faithful begin to buzz in anticipation as ring announcer Darren Quimbey enters the ring, followed closely by referee Hector Navarro. As the veteran ref orders the two menacing seven-footers to their corner, Quimbey pulls a microphone out of his tuxedo breast pocket and addresses the crowd.

He opens his mouth to speak but stops when they break out in a sudden, and deafening, chant...

SNS! SNS! SNS! SNS! SNS! SNS!

DDK:

Texas Southern University is ready for the tag team champions, partner!

Lance:

That they are, DDK! I can barely hear myself think!

Inside of the ring, The Lucky Sevens yell insults and obscenities at the crowd, which only seems to fuel the chanting even more. Quimbey raises a hand to quiet them and after a few more seconds they oblige him.

Raising his mic up again, Darren cranks up the volume a little bit louder than normal...

TSU's Health and Physical Education Arena explodes in cheers as The Saturday Night Specials walk through the double sliding doors and onto the stage with the title belts secured around their waists. The fired up duo separate and walk to opposite ends of the stage to play to the frenzied crowd before coming together at the top of the ramp. Simultaneously removing the title belts from around their waists, Brock Newbludd and Pat Cassidy defiantly raise them up high above their heads as pyro shoots off on each side of them.

DDK:

What an ovation for the champions! I think it's safe to say that the following these two men have built up has spread to the good people of Texas!

Lance:

It sure has, partner. But, SNS better have brought their game faces tonight, DDK. The Lucky Sevens are, in my humble opinion, the biggest threat to Brock and Pat's gold. They're gonna need more than moral support against these two monsters. What they'll need is everything they got.

Lowering the belts, Newbludd and Cassidy take a moment to glare at The Lucky Sevens before turning to each other. After a quick exchange of words, the fired up Newbludd slaps Cassidy in the chest and Pat responds with a slap of his own. Together, the champions turn their eyes on the ring and drop the title belts to the ground. A heartbeat later, Brock and Pat both breakout into sprints towards the ring!

DDK:

And it looks like that's what they're bringing!

Lance:

The champs bolted down the ramp like a couple of demons, not slowing down as they hit the ring!

Sliding side by side underneath the bottom rope, SNS enter the ring and pop up to their feet. Taking the briefest of

moments to spout off some trash talk to The Lucky Sevens, the champions charge ahead and jump the twin titans with a barrage of punches!

DDK:

The Saturday Night Specials haven't forgotten about what The Lucky Sevens did to them, Lance! They're not bothering waiting for a bell!

Lance:

Get out of there, Darren!

Running towards the ropes, the terrified ring announcer quickly escapes from the ring while referee Nevarro immediately screams for the two teams to break it up. Neither of the four men acknowledge the referee's existence as they continue to brawl with Brock and Mason trading blows while Pat and Max do the same. The crowd is absolutely frenzy as this show is off to a hot start!

Brock unleashes right hands to Mason to one side of the ring. On the other Max hits Pat with a chop across his chest. Pat fights back with jabs from both directions and then gets a kick to his leg to bring the tower closer to his level. Pat throws another two good punches and then gets met with knee into his stomach. Max throws Pat into the empty corner where a pair of clotheslines stop him in his tracks.

DDK:

It looks like after a hot start, both Mason and Max Luck might have the upper hand! Mason slams Brock's face into the turnbuckle!

Lance:

And now the twins are in control!

Max locks eyes with Mason across the ring and then the brothers nod. They switch places and charge past one another. Max tries a big boot on Brock, but Brock moves and Max gets his leg caught on the top rope! Pat moves out of Mason's way and Mason catches nothing but the corner. Brock nods to Pat and the two double team Mason with jumping knee strikes that take the giant over the ropes!

DDK:

No! Brock and Pat focus on Max and get him out!

Mason runs at both Brock and Pat and tries the two-for-one special with a double clothesline. Both members of the SNS duck and the Unified Tag champions hit a pair of clotheslines on their own to get the other giant out! The Houston fans are all in a frenzy now with the champions in control!

Lance:

The SNS have cleared the ring ... but has a bell even sounded?

DDK:

... No I don't think it has! This issue is personal with these teams. Real personal!

Brock and Pat both have a moment of their own to read each other's minds and head to the floor. Pat Cassidy runs off the ring apron with a running axe handle to Mason followed by Brock jumping and running off the apron with knee drop to take him off of his feet!

DDK:

The Saturday Night Specials wipe out Mason Luck! This might be the best chance that they have to survive a direct confrontation with the twins by singling them out!

Lance:

And Pat and Brock know it!

The two work over the stronger of the two twins. He tries to fight and he stuns Pat with an elbow but Brock is already there on top of him right after with another succession of punches. The three men are fighting at ringside ...

DDK:

LOOK OUT!!!

Mason sees what's coming and shoves Pat and Brock away and when they turn, Max Luck runs inside the ring and he clears the top rope with a running plancha that wipes out the Saturday Night Specials!

Lance:

Max Luck used that dive on DEFCON and he uses it again to wipe out the Saturday Night Specials.

The crowd experiences shock and awe and can't believe what just happened! A quick succession of replays from angle angles start to play.

DDK:

Max is the first person up. He's trying to get to his brother.

Mason looks angry and then pulls Cassidy up from the floor to punch him in the face and he almost goes down if it isn't for falling against the nearby barricade. Max picks up Brock and starts dragging him by the head, walking Newbludd up the ramp and peppers him with some hammer blows to the back to make sure doesn't go anywhere!

Lance:

The bell continues ringing, but none of the four men are paying much attention to it. Mason Luck and Pat Cassidy take their fight into the audience. Mason takes Pat up, but he punches him in the arm as many times as it takes to keep Big Money Mason from hitting whatever he tries to hit.

DDK:

Max and Brock fighting their way up here!

Lance:

Max Luck is trying to put Brock through the staging set-up!

Max drives his knee into Brock's stomach and then puts him over a shoulder. He gets an idea to play lawn dart with Brock but Newbludd gets out behind him and then pushes Max into the steel first!

Brock just saved himself from being put right into the staging!

Lance:

Mason Luck and Pat Cassidy ... we're trying to get a camera on them!

Big Money Mason and Black Out have fought their way close to one of the concession stands towards the back of the venue. Mason controls the fight with more knees. He wants a claw to the face and tries locking it in while pinned against the front counter of the stand!

DDK:

He's trying to fight that Winning Hand! The Saturday Night Specials are no stranger to how deadly those claws are once they sink in!

Lance:

And ... oh no! Brock and Max!

Brock grabs Max and looks like he's going to try a DDT but Max is too powerful and he throws Brock up in the air before he drops him on the steel! Brock hits the steel with a dull clang and Max is fuming mad now. Back at the concession stand, the Winning Hand gets applied to Pat! Thinking quickly he feels his hand on the counter and grabs an open cup of beer off to throw in Mason's eyes! Mason's eyes sting and he lets go of the hold! Pat is hurting, but he climbs over the counter for a sheet pan and then clangs Mason over the head with that as well!

Her eyes fill with anticipation as she reads the next message.

Drink cups, peanuts, and popcorn start raining down from the crowd in reaction as the beefy boys of DEFSec are able to pull The Kabal's attack dogs off of Minute and back into the opposite corner.

DDK:

It's about time!

Lance:

Darren, I have to imagine this won't go unanswered.

DDK:

I should hope not! While DEF Security clears the ring, I'm being told we are headed backstage with ADV and Tom Morrow

Cut to backstage.

ONE STAR

Backstage.

Tom Morrow in a wheelchair and neckbrace.

Alvaro de Vargas next to him, arms folded.

Tom Morrow:

Texas! The Lone Star State! Seeing the people out there, Al... I agree. I agree with it all.

He smirks.

Tom Morrow:

...Because out of five stars possible, I'd give this shithole just one star, too.

Boos erupt from the crowd watching like a volcano.

Tom Morrow:

Earlier tonight... Jack Mace got EXACTLY what he deserved by Alvaro de Vargas. BAM! BAM! BAM! Chair shot all across his body! Everything he did to me at DEFCON, Alvaro repaid in full! But right now, we're here to talk about two things. First, the ACE of DEFIANCE Special. Al, take it away.

Alvaro de Vargas is dressed in his ring gear.

Alvaro de Vargas:

The ACE of DEFIANCE belongs to ME! I am THROUGH with letting petty little pendejos stand in the way of mi destino! Too long, I've settled grudges. I've dealt with people being jealous of my natural gifts. Now it's time to put gold around the waist to match that!

Morrow nods beside him... then winces because of his neck "injury."

Alvaro de Vargas:

Siete de las estrellas más brillantes... seven rising stars... but the other SIX of you will learn why *I* am El Sol Dorado! Let's run them down, Senor Morrow.

Tom Morrow holds up one finger as Alvaro speaks.

Alvaro de Vargas:

El pequeño copo de nieve malacho Malak Garland. The bitchy little Snowflake who's only achievements are being carried by other wrestlers and holding a title made of actual fucking paper! Your mouth don't make you a star like me... it makes you un objetivo... a TARGET.

Morrow with two fingers.

Alvaro de Vargas:

And his new little pendejo sidekick, Conor Fuse. You're a little kid and unlike you and copo de nieve, I WON at DEFCON! I will drop you on your head one more time, pendejo, and unlike your pretend fireballs in your shitty little video games... mine are real.

Now three.

Alvaro de Vargas:

Tu hermano Tyler Fuse, the older brother in a neverending goth phase. Mr. "Don't Care About Winning Titles" will continue to not win titles when he's in this match with me. The ACE is MINE. You've hurt people, Tyler and you've got a small list going, but something other men are used to hearing around someone like me comes around... mine's

bigger!

Four fingers.

Alvaro de Vargas:

Rezin... the pendejo that looks more like a catalytic converter thief than a wrestler. I don't give a shit about punk rock because it sounds like guitars fucking. Pareces la basura que paso por encima and you will continue to be stepped on.

Five.

Alvaro de Vargas:

Dr. Ned Reform... you profess your intelligence but if you were TRULY smart, you'd do well to stay out of my way. Hay mucho espacio en mi lista de víctimas de quemaduras para agregar una más. Plenty of room on the Burn Victims list for one more...

Six fingers. And Alvaro can't hide a smile.

Alvaro de Vargas:

Oooh... and Henry Keyes, el dirigible pirata... I said all I needed to when I burned your face, beat you all across the WrestlePlex and generously allowed Corvo Alpha my sloppy seconds. You of all the other pendejos... you know the ACE BELONGS TO ME! Because I am EL SOL DORADO! AND THIS MATCH... EVERYTHING REVOLVES AROUND ME! THE ONE STAR! THE BRIGHTEST STAR!

ADV lets out a side smirk.

Alvaro de Vargas:

Ver esta noche. That brings me to subject number two... Watch what I do to Kerry Kuroyama. He's tough. One of the toughest in DEFIANCE ... pero yo soy el más fuerte! Tonight, I beat him... then next week... I beat all of you!

Black.

Off the commercial break, the scene is on Lance Warner and Darren Keebler.

DDK:

Folks, after DEFCON Gage Blackwood was [viciously assaulted](#) in the parking lot by two unknown attackers. The events were captured on our security cameras and revealed at last week's UNCUT. I'm being told, the medical condition of Gage Blackwood is not good.

Lance:

Correct, partner. Gage suffered a separate shoulder and a core tear of one of his shoulder muscles. He also suffered a concussion and other various injuries. All this being said, I'm told Gage Blackwood will be out for a significant period of time. Looking at something around six months to a year.

DDK:

Awful news.

Lance:

For a guy who always was proud of being able to work through pain and wrestling injured, this gutless attack was something he is unable to quickly come back from.

DDK:

We wish Gage Blackwood an extremely speedy recovery. We hope his attackers and motives are understood, soon.

KERRY KUROYAMA vs. ALVARO DE VARGAS

DDK:

It's been an EXCITING two nights! We're on our first show on the road with our UNCUT: ACE of DEFIANCE Special next week. One of those seven competitors is in action in our main event when Alvaro de Vargas takes on none other than "Seattle's Beast" Kerry Kuroyama!

Lance:

The former two-time Favoured Saints Champion took a narrow loss to Tyler Fuse at DEFCON while Alvaro was on the winning side of a six-man tag against Los Tres Titanes. ADV had some pointed words for both the other ACE of DEFIANCE competitors as well as Kerry, but Kerry will make him eat every word.

DDK:

After that sudden defeat to Tyler Fuse, Kerry Kuroyama is looking to rebound and if he defeats ADV tonight, he could perhaps make a last-minute case to be included in that ACE of DEFIANCE match! Either way tonight, two of DEFIANCE's rising stars take the main event! We go to Darren Quimbey for the intros!

To Quimbey we go for the last match of Night Two!

Darren Quimbey:

The following contest is set for one fall and is your main event of the evening! Introducing first, from Seattle, Washington... he weighs in at 246 lbs... the Pacific Blitzkrieg, **KERRY KUROYAMA!**

♪ "Cause" by Human Impact ♪

House lights come low as green and white strobes light up the stage. The music builds until the Pacific Blitzkrieg makes an epic entrance through the curtain to a massive ovation from the Faithful! After a moment to pose at the head of the ramp to allow for a fireworks display going off behind him, he makes his way to the ring.

DDK:

Kerry looks as serious as I've seen him. DEFCON left a sour taste in his mouth and a win here tonight would be a great palate cleanser.

Lance:

ADV has been on top of his game especially since he settled that grudge with Henry Keyes. I'm looking forward to this.

Kuroyama tears off his silver-with-green-trim robe before sliding into the ring and bursting up to his feet. He calmly awaits the appearance for Alvaro de Vargas. But first, he gets Tom Morrow wheeling himself out onto the ramp in a bright red suit, matching red neck brace and his BFTA Bluetooth headset switched on. It's plugged into the arena.

Tom Morrow:

Despite my brush with near-death being TRAPPED in a cage with that wild animal, Jack Mace...

Cheers for the beating Morrow received. He's not happy with that interruption, but he continues.

Tom Morrow:

...I'm still alive! So suck it down, all of you rednecks! I'm here to introduce your NEXT ACE of DEFIANCE! He stands six-foot eight and weighs in at 274 pounds! EL SOL DORADO... **ALVARO DE VARGAS!**
