And tomorrow a battle royal to name the new number one contenders for the FIST and SOHER!

**DDK:**

Two packed shows indeed but now let's take you to something that happened earlier today...

## MAKING THAT MONEY

EARLIER TODAY

In the late afternoon, a completely tacky-looking tour bus starts to pull up into the Wrestlers Area of the Michael J. Hagan Arena in Philadelphia, PA. Pockets of fans just outside the fence boo loudly at the arrival of the bus when it comes to a complete stop. Christie Zane is standing on the curb next to the bus.

**Christie Zane:**

DEFIANCE Wrestling fans! I'm Christie Zane and I'm hoping that we can catch a word with the new Unified Tag Team Champions, the Lucky Sevens. They are expected to be departing their new bus shortly. I'm told from my sources that they spent the main event bonus from that match with Titanes Familia to pay off this bus.

Christie continues to wait. The bus comes to a complete stop and the door swings open.

"The Pensacola Playboy" Aaron King comes out first and steps off the bus. He notices Christie to his right immediately and holds out an empty glass.

**Christie Zane:**

Aaron King! Can we get a word about the Lucky Sevens? Some are calling what happened last week a grave injustice! Will they be giving Titanes Familia a rematch? Will they ...

**Aaron King:**

Sorry, my girl, I heard nothing you just said. Can you top this off for me? I gotta get ready.

**Christie Zane:**

No. I'm an interviewer, not your bartender. I...

He puts it in her hand anyway.

**Aaron King:**

Thanks ... my guys! Let's goooooo!

Tom Morrow steps down next. He takes in the air in Philly ... and then looks like he's about to vomit. He steps off the bus.

**Tom Morrow:**

Christie Zane! Thanks so much for coming!

**Christie Zane:**

Well ... thank you for giving me this chance to interview you. The fans of DEFIANCE Wrestling have burning questions about your next defense and where things stand with Titanes Familia and ...

Morrow puts his right hand up.

**Tom Morrow:**

Nope, nope, nope, nope, nuh-uh, no way, no how, no ma'am. There must have been some communications breakdown ... clearly all on your part. I didn't invite you out here to answer your interview questions.

Christie Zane checks her phone to look for the email.

**Christie Zane:**

This email says that you were here to give an exclusive.

**Tom Morrow:**

That's right. I would give you an exclusive, not me answering your cookie-cutter first-year journalism questions. Now ...

your TWO TIME Unified Tag Team Champions! Doing something that SNS could never do! "The Big Money Monster" Mason Luck! "The Beast of the Bright Lights" Max Luck! THE!!! LUCKY!!! SEVVVVVEENS!

Max Luck is out first in a dark green and yellow plaid-striped suit and green tinted sunglasses. Mason Luck is out next in a red and yellow plaid-striped designer suit of his own with red tinted sunglasses. Between the two men they are wearing the five-title collection of the Unified Tag Titles.

**Max Luck:**

CHRISTIE CHRISTIE, CHRIS-TAYYYYYY!!!

**Mason Luck:**

Christie.

**Christie Zane:**

So what is it that you wanted to share with the DEFIANCE Wrestling Faithful, Tom?

Tom Morrow has a grin so big on his face that it can't be wiped off.

**Tom Morrow:**

All it took was one show to turn the luck of Better Future Talent Agency, Christie! Everyone's trying to be a Vae Victis Dickrider but no one was talking about BFTA until it was too late! The Unified Tag Team titles are back where they belong! Alvaro de Vargas melted Deacon's face like he looked directly at the Ark of the Covenant! Aaron King is raking in the wins himself! All good in this hood!

Mason and Max are proud of what they have done.

**Tom Morrow:**

We had that Instant Rematch Clause in our back pocket just in case this company tried to dick us over ... and dick they did but at the end of the day, we were the ones that dicked them right back to get our belts back! Titanes Familia are too busy chasing Ned Reform around like lost puppies to worry about these titles and if they ever come back for them, then we'll be ready. Christie ... here is the great news! If you would direct your attention to the side of the Triple 7 Express!

A banner pops open on the outside of the Triple 7 Express!

THE LUCKY SEVENS LUCKY LOTTERY RETURNS!!!

**Tom Morrow:**

THAT'S RIGHT!!! THE LUCKY SEVENS LUCKY LOTTERY IS BACK AND IT STARTS TONIGHT!!!

**Christie Zane:**

Hey about that ... I heard ...

**Tom Morrow:**

You heard about this? Excellent! News travels fast! Tonight, two lucky members of this DEFIANCE Wrestling roster will be drawn at random of course to earn a shot at the Unified Tag Team Titles! This isn't some rinky dink Vae Victis operation where they defend against Sgt. Safety.

**Max Luck:**

Yeah. We fight real competition.

**Christie Zane:**

Um ... you defended the titles in Las Vegas against Titaness and Sgt. Safety.

**Tom Morrow:**

HIS NAME WASN'T SUPPOSED TO BE IN THAT DRAWING!!! IT WAS FROM A PRIOR DRAWING, BUT HERE AT BETTER FUTURE TALENT AGENCY WE DON'T GO BACK ON OUR WORD!!!

Christie Zane doesn't have enough time to pick at that thread so instead she starts going to her next question.

**Christie Zane:**

But what about the Dangerous Mix and Pop Culture Phenoms?

**Mason Luck:**

What about 'em?

**Christie Zane:**

Well to kick off the show later tonight it will be the Dangerous Mix facing Pop Culture Phenoms for a future Unified Tag Title match!

The Lucky Sevens both look down at Tom Morrow as this appears to be news to them.

**Max Luck:**

Tommy, what the hell is she talking about?

**Mason Luck:**

What title match?

Tom Morrow looks just as lost.

**Tom Morrow:**

I ... I didn't sign off on that! It's part of our Unified Tag Title contract with the Lucky Sevens! You either go through The Lucky Sevens Lucky Lottery or the champions decide who they defend against! I'll sue this company! I'll ... I'll ...

Mason bends down and he whispers something in his ear. Morrow then takes whatever message he just got and whispers to Max. All three come to some sort of silent consensus.

**Tom Morrow:**

You know what? Forget I said anything, Christie. Let them have their little match. I hope it tears the house down and it gets so many stars that Tim Tillinghast has to become an astronomer just to keep up! My boys already beat The Dangerous Mix at UNCUT 125! They've beaten the Phenoms more times than there are stars in the sky! I hope they have a great one because we refuse to give them any more press from us. Let 'em have it. The real champs will be defending the titles tonight regardless!

**Max Luck:**

Yeah! The real Main Event Monsters are Making Main Event Money, Christie!

**Mason Luck:**

That's right. Let's go.

Mason, Max and Tom Morrow leave Christie Zane in the parking lot with the scene concluding there before the match is about to begin.

Ladies and gentlemen, the opening contest of DEFtv 178 Night One is scheduled for one fall, and it will determine the Number One Contenders for the DEFIANCE Unified World Tag Team Champions! Making their way to the ring, at a combined weight of four hundred ninety-five pounds, David Fox! And the Kaiju, Mushigihara! They are, the DANGEROUS! MIIIIIIIIIIIIIIIX!

The two fan favorites tag hands along the way, David in particular soaking in the crowd reaction as a somewhat local boy, while Mushi smiles at the audible chants of "OSU!"

### DDK:

David Fox is actually not too far from the site of DEFtv this week, hailing from just across the Delaware River in a little South Jersey town called Blackwood; can he be the hometown hero and bring home a chance at championship gold?

### Lance:

He and Mushigihara are going to have their work cut out for them against the Pop Culture Phenoms, and I think the Dangerous Mix knows that.

### DDK:

Well, you definitely don't become the most decorated tag team in DEFIANCE history if you're pushovers, that's for sure.

Fox is the first to hop into the ring, stepping up onto the corner while pointing down to his mammoth teammate, who stands facing the crowd at one side of the ring, waving them over to the guardrail and, with a count of three, leading them all in a massive shout of...

## CATERING DEBACLE

As we come back from the commercial break the crowd cheers in the background as they see Scrow walking in the backstage area. The Raven's Eye looks like there is clearly something on his mind. He walks down a few hallways until he comes to the catering area backstage. Lots of food sit in numerous tin trays across a long table. A small bar near the food where a staff bartender stands making an order for Pat Cassidy.

There are a few Defiant stars eating and enjoying the conversations. Jack though seems to want to be left alone as Harmen munches on a sandwich while he leans against the wall. All the while Scrow's stare scans over the potential tag team partners for Grey, and the possibility that one or more of these Defiants could also be on Crimson Lord's bankroll. His eyes focus on Masked Violator 1 and Leyenda De Ocho two men that were recently a part of Tag Party.

**Scrow:** *[talking to himself]*

Could LDO be a partner? After his falling out with Keyes, he might want to seek revenge. Vengeance is an enticing emotion for someone like Lord. He could be working for him, and if Scrow chose him only to find out he now has friends of his own to deal with Vae Victis and it would be all at the cost of Scrow.

He continues to talk to himself.

**Scrow:**

Then there is MV1. There is no way someone as good-hearted as he is would not have a skeleton in the closet. Why else would he hide behind a mask? They both can act like nothing is up but Scrow sees right through both of them. No mask is going to trick Scrow.

He scans the room a bit more until he comes to David and Mushighara enjoying the food they got from the buffet. Scrow once more goes into a discussion with himself but before he does, he grabs a cup and fills it with some carrot sticks.

**Scrow:**

Dangerous Mix...that is too easy. Someone with the power of Mushi and the technical prowess of David would fit perfectly in Lord's House. Scrow can see it now. David reveals himself to be the partner of Grey, only to have Mushi want to get revenge on his partner for turning on him. Scrow drops his guard and takes Mushi for a partner, only for Mushi to also be on Lord's payroll and Scrow is left broken and beaten in that ring at DEFRoad.

He crunches on a carrot stick, and minute by minute his paranoia continues to reach schizophrenic levels. Pat has grabbed his drink and is making his way to a table.

**Scrow:**

Then there is Pat Cassidy....*[crunch]* With everything going on with him, from his sister to losing his bar. Who is to say his short temper could make him make a decision to better his career? Lord has the money, and he could make him an offer he could not refuse. Then that would leave Scrow left for dead, while Cassidy, Lord, and Grey have a drink over his prone body.

*Crunch*

*Crunch*

Scans the room once more.

**Scrow:**

Dan Leo James and Minute. Yet another man who wears a mask. What is he hiding? Minute always was a suspect in his eyes. He never fit in with Uriel and now even Titaness. Or maybe he has been a mole in their group for Crimson. Having the Unified Tag Team Champions a part of his house would bolster his ranks. Minute would be the perfect double agent. Then there is Dan Leo James, how someone can be that energetic and so eager to please makes Scrow see nothing but red flags. Maybe they both are in league to take down Titaness and Uriel?

Crunches again on another carrot stick before his eyes move to a table with JJ Dixon and Teri Melton.

**Scrow:**

Then there is Dixon and Melton. Who is to say Melton hasn't already been working for Lord in the background only way to explain JJ acting the way he has. With the financial backing of Lord and the added muscle of Grey JJ's career could soar, all at the expense of Scrow.

**???:**

Scrow.....

The voice continues to call his name but Scrow is so entranced with the catering area and all the possible "EVIL" men and women that are in this room. Oh and the guy eating a sandwich who could not possibly be a part of Lord's grand plan. Or would he? Jack Harmen was a part of The Scourge at one time.

The voice continues until finally there is a tap on Scrow's shoulder.

**Scrow:**

AYEEEEEEEE!!!!

The cup of carrot sticks flies up in the air as everyone looks at Scrow for a second he quickly turns around and sees Christy Zane, a carrot stick falls from the top of his head.

**Scrow:**

Don't do that!

**Christy Zane:**

I am sorry Scrow, you were talking just wasn't sure who you were talking to. Why are you looking at me like that?

**Scrow:**

You know something Zane, you have always seemed to be the one that interviews Scrow since his arrival in DEFIANCE.

He grabs her by the shoulders and shakes her.

**Scrow:**

You work for him! Don't you?

The entire catering room looks over at Scrow once more.

**Christy Zane:**

I don't know what you are talking about.

Scrow quickly releases his grip on her shoulders and does his best Count Novick impression as he turns to everyone in catering.

**Scrow:**

You will not fool Scrow!

Scrow runs off into the hallways, crashing into boxes and garbage cans not even paying attention to where he is running to or whatever is in front of him.

Coming back off the break, High Flyer IV enters the ring to join two other challengers, "Wingman" Titus Campbell and Victor Vacio.

**DDK:**

On September 8th of this year, Tyler Fuse "inadvertently" broke High Flyer's arm with an armbar submission. I say inadvertently because HFIV didn't tap and even though Tyler is a violent wrestler, he had no real reason to actually break the arm.

**Lance:**

...Or so we believe. But then again, Tyler interrupted Jack Harmer two week's earlier and had a lot of negative things to say about HFIV's father.

**DDK:**

Regardless, here we are ten weeks later and High Flyer is back in action. He asked to be placed in this match and the Favored Saints allowed it. HFIV's broken arm wasn't as bad as initially thought, so it was a six week recovery followed by four more weeks to get into ring shape. We'll see if this was too soon for the kid.

Once HFIV's theme song comes to a close, it's replaced by the champion's.

Campbell has the crowd going, when suddenly High Flyer IV connects with not one... not two... but three superkicks under Titus' jaw, stunning the giant. HFIV follows with a spinning back elbow smash but Campbell isn't knocked down yet so Flyer leaps into the air and grabs Campbell by the head in a tilt-a-whirl DDT.

**Ned Reform:**

Now, now, now children. That's no way to speak to Mr. Cole here.

TA Cole's eyes go wide. Wait... they were talking to him!? He sits up, ready to fight the entire arena.

**Ned Reform:**

After all, I don't feel the same about all of you. I can not tell you how excited I was to learn that DEFIANCE was traveling to a city with such rich history related to our great nation! The cradle of liberty! The literal birthplace of freedom! I was beside myself with joy...

The smirk returns.

**Ned Reform:**

...so you can imagine my disappointment when I discovered we were NOT traveling to Boston, but instead to the land

of the overweight, greasy, cheese steak munching hillbilly.

*BOOOOOOOOOOOOOOOOO!*

Reform gets off the stool and begins to walk around the ring, looking directly at the people and really enjoying getting them going.

**Ned Reform:**

Oh, did I hit a nerve? Well, I sincerely apologize, children. I promise you this: if you close your mouths, open your ears, and pay attention to tonight's edition of Office Hours... you all might someday be able to scratch and crawl your way up to being more than just a second-rate New York City.

Hoo-boy. As the jeers intensity, Reform sidesteps a bottle thrown in his direction. His eyes nearly bug out of the sockets and he points into the Faithful.

**Ned Reform:**

SECURITY! SECURITY! That man tried to assault me with a deadly weapon! Yes! Right there! In the Flyers Cap! Yes, that's the one! Remove him AT ONCE! I say REMOVE HIM! He cannot cross that line!

Reform is leaning over the top rope, nearly falling out of the ring to point. Cole is behind him, scowling and making threatening gestures. Although the camera never focuses on the person in question, we can track Reform's eyes as he watches the scene unfold. When a smile breaks out and the people start to boo, we can pretty much infer that Ned got his wish. He returns to the center of the ring, smiling smugly and re-adjusting his bowtie.

**Ned Reform:**

Now, I...

And then he's hit right in the head with a plastic soda bottle. He stops. His face goes stoic and a vein on his bald head appears. Cole leaps out of the ring to the front row and begins to yell at whoever was responsible for that. Reform cracks his neck.

**Ned Reform:**

...are we not going to be able to do this today?

*BOOOOOOOOOOOOOOOOOOOOOOO!*

**Ned Reform:**

Very well. Perhaps you are, for the first time ever, truly unworthy of my performance. Let's go, Levi.

The Sage on the Stage turns as if he's going to exit... and then he freezes. Smiles. Turns his body back toward the hardcam.

**Ned Reform:**

And that's what you cretins and Neanderthals want, is it not? Well, Dr. Ned Reform is not here to please you. Dr. Ned Reform is here to educate you. And so we shall... as Philadelphia, despite your status as literal pieces of human garbage, you are all present for history... as tonight is the SECOND EVER edition of Office Hours!

*BOOOOOOOOOOOOOOOOOOOOO!*

**Ned Reform:**

Now, two weeks ago you saw as I began to change the life of young Teresa Ames. Her treatment is on-going, children, and while we have much work to do... I'm happy to report that Ms. Ames is making immense progress. We've recently had a breakthrough, you know. But... but tonight is not about Ms. Ames. No, after what we witnessed on this very program last week, I have decided that there is someone else who desperately needs my assistance. No... make that a pair of people. I must confess, I do not make it a habit of clinically working with married couples...

Reform turns to a side camera in a brief aside as his tone changes.

**Ned Reform:**

...because quite honestly, who wants to listen to how two people have decided to slowly destroy their lives?

Back to the hardcam, back to the professional tone.

**Ned Reform:**

...but tonight, I will make an exception. For you see, there are two people in the back who believe that their facade is working. That they have pulled the wool over all our eyes. They would like us to believe that their union is some magical Shangri-La - a perfect relationship between two soul mates that the rest of us would only be so fortunate to partake in.

Reform makes a disgusted face.

**DDK:**

Does he... does he mean who I think he means?

**Ned Reform:**

But it's a sham, my fat Philly friends. An act. For you see, this relationship is on the rocks. In serious trouble. They're trying to hide their strife, but they cannot conceal the truth from me. But fear not: Dr. Ned Reform is here to help, and when I am done with tonight's interview, this pair will be once again on the road to reconciliation. So, in that spirit...

Reform gestures to the entrance.

**Ned Reform:**

Please offer a warm welcome to tonight's guests... URIEL CORTEZ AND TITANESS!!

**DDK:**

Is Ned insane!? Two weeks ago, he cost Uriel and Titaness the Unified Tag Team Championship by throwing coffee in Titaness' face... and he's really going to willingly invite them out here?!

**Lance:**

Ned is no fool, although sometimes I think he wants us to believe that he is... I have a feeling there might be a plan at work here.

There's no music tonight. No fireworks. No "RISE". It's Uriel Cortez in his ring gear, ready for a fight with Titaness not far behind him. The now-former Unified Tag Team Champions start heading to the ring with a purpose. Ned Reform shoots them his plastered-on smile... but when he realizes they ain't smiling back...

**Ned Reform:**

Now, uh... hold on just a minute... let's not be rash...

**DDK:**

This is the first time we've seen or heard from Titanes Famiila since The Lucky Sevens stole the title back with that suspect Instant Rematch clause in their contract! Cortez had one chance to tag out to Titaness to possibly fight back... but it was Ned Reform who, like we said earlier, threw coffee in Titaness' face!

Cortez steps onto the ring apron, but TA Cole quickly rushes at the big man and goes on the attack! Cortez shoves him back and then steps into the ring. Titaness tries to slide into the ring behind her husband... But she gets her leg grabbed!

**Lance:**

Hey! That's Teresa Ames!

Ames CRACKS Titaness over the back with a steel chair! Cortez turns to see what's happening as Titaness kneels over in pain, but that allows Ned Reform to clip the giant leg of the titanic Titanes Familia leader! He and Cole jump all over Cortez and attack him with boots and fists to keep the giant down!

**DDK:**

This was a blatant set-up! We know Ned was up to something when he heated things up, but this was arson by calling them out!

Teresa Ames has a chair in hand and swings again... but before she can, a blue and gold blur zips down the ramp and flies right at her!

**Teresa Ames:**

Shit, guy, shit!

The Cute N Qwerty Girl goes tumbling on the ringside floor as Minute kips up on the outside to loud cheers from the crowd!

**Lance:**

IT'S MINUTE! CORTEZ AND TITANESS WALKED RIGHT INTO THE TRAP, BUT MINUTE OUT HERE TO EVEN THE ODDS!

The luchador nods at Titaness, who slides into the ring! Reform tries to stop Titaness, only to get SPEARED to the ground and pummeled with right hands!

**DDK:**

Titaness all over The Good Doctor! And now Cole THROWN out of the ring by Cortez!

Cortez BLISTERS Cole with a huge clothesline and then knocks him over the top rope! Reform is able to shove Titaness off of him long enough to get out of the ring before The Titan of Industry can pull him down!

**Lance:**

Great plan by Reform, but they didn't count on Minute being here tonight for backup!

Reform growls under his breath while TA Cole tries to help both he and Teresa Ames back up a bit. Reform is forced to watch as The Titan of Industry and The Show of Force kick over the set! Titaness pump kicks the bookshelf right over, sending The Good Doctor into a frenzy while Cortez grabs the couch... AND THROWS IT HALFWAY UP THE RAMP!

**Ned Reform:** *[faintly because he's off mic]*

THIS IS A PLACE OF HEALING YOU NEANDERTHAL!

**DDK:**

Today, Ned Reform picked the wrong time to antagonize Titanes Familia!

**Lance:**

He sure did! Now Titanes Familia are totaling the set!

Cortez then upends the carpet and chucks it outside the ring. The set has been reduced to proverbial rubble as Uriel demands a microphone. He snatches one and turns his attention to Reform and company.

**Uriel Cortez:**

Get me a referee and get me a body... NOW.

The Philly Faithful erupt! Reform, Cole and Ames watch on while Cortez paces. Minute and Titaness watch the big man move.

**Uriel Cortez:**

Clock's ticking... I get someone in this ring NOW... or we take this fight OUTSIDE the ring and you all go to the hospital. We're not fucking playing, Doc.

**DDK:**

Is he going to do it?

The Good Doctor seems to have regained his original mic.

**Ned Reform:**

You, my knuckle dragging friend, have made a terrible mistake - and a powerful enemy - today! I was going to SAVE YOUR MARRIAGE, YOU FOOL! But instead... fisticuffs! Very well! You'll rue the day you stepped in the ring with...

Ned steps forward... then behind TA Cole.

**Ned Reform:**

LEVI COLE! Mr. Cole, give this man a thrashing that he won't soon forget!

Cole looks a little unsure of this, especially how foul a mood Titanes Familia appear to be in. Teresa Ames also watches behind The Good Doctor as they carefully follow the big man to the ring. None other than DEFIANCE's largest referee, Brian Slater, comes down to officiate things letting the crowd know a match is happening!

**Lance:**

Looks like this is happening! We've got an impromptu match between Uriel Cortez and TA Cole coming up... RIGHT NOW!

Cortez and Titaness share some off-mic words and a kiss while Minute watches from his corner. Ned Reform and Teresa Ames both also watch on from their corner with Reform feeding words of encouragement to TA Cole, talking him up against the big man. Brian Slater gets ready and checks on both men to make sure they're ready...

## **URIEL CORTEZ vs. TA COLE**

**DING DING**

The All-American charges forward and tries to go on the attack quickly...

But in a rare spot for TA Cole, Cortez picks him up off the ground with ease and muscles him right into the nearby corner!

**DDK:**

This one starting out fast! Two of the bigger men in the locker room!

**Lance:**

Cortez isn't playing around! After how they were screwed out of the Unified Tag Team Titles and Reform's part in that, none of Titanes Familia are in a good mood.

With The Faithful behind him, a fired-up Cortez goes right to the midsection with a big pair of knee strikes, then grabs Cole by the neck...

**THWACK!**

A STIFF chop comes down across the chest of Cole! He tries to slink away from Cortez and holds his chest in pain, but Cortez is right behind him. He muscles Cole into a corner overlooking Ned Reform and Teresa Ames. Ames watches the giant while Reform watches his heavy get attacked...

**THWACK!**

A second chop brings Cole to a knee! Reform winces in pain and holds his own chest while he watches The Titan of Industry control the match. He picks up Cole off the mat and pushes him to another corner. Cole tries to fight his way out, but Uriel grabs him by the throat and then pushes him back...

**THWACK!**

The double-handled Chop of Ages knocks Cole down to the canvas in one big shot, echoing throughout the arena!

**DDK:**

The Chop of Ages! TA Cole is already down!

**Lance:**

In singles matches, Cortez can pace himself but he doesn't look like he's interested in putting on a "banger" so much as banging Cole's head from pillar to post!

Lance's read of the situation appears to be the correct one! Cortez signals for the 218 Powerbomb and he gets ready to set things up. Teresa Ames sees Titaness and starts rushing her way.

**Teresa Ames:**

We could have been great together, you giant hussy! Shit guy, shit, we could have ruled the world!

Titaness isn't interested in hearing any of her babble and chases her down. Slater yells at the two to break it up... but it allows Ned Reform to grab the leg of Uriel to stop the powerbomb attempt!

**DDK:**

No! Come on, Slater, look!

Minute chases off Ned Reform from the corner, but the distraction bears fruit when Cole goes low and picks the leg of Cortez! Cortez falls to a knee and TA Cole sees his chance to strike.

**Lance:**

TA Cole going low on Cortez! If he can get him on the mat, he can stop him!

Cole tries to grab Cortez when he's hobbling on a leg, but Uriel blocks with a back elbow. Cortez shakes the pain out in his leg, but before he can do anything... Cole grabs him! **RELEASE GERMAN SUPLEX ON THE TITAN OF INDUSTRY OFF THE ROPES!**

**DDK:**

OH, MY GOD! WE FORGET HOW STRONG COLE REALLY IS! HE JUST SUPLEXED URIEL CORTEZ!

Minute and Titaness are both stunned! The Philly Faithful don't believe it either and even Cole for a second, until Ned Reform tells him to focus on the attack! TA Cole nods and as Cortez is trying to stand, Cole goes to the second rope. He takes flight with a diving bulldog off the middle rope and faceplants the Titanes Familia leader!

**DDK:**

The Release German and now the diving bulldog! Can Cole score the upset?

Cole has to wrangle Cortez on his back, but he eventually does so and right into a lateral press!

*ONE...*

*TWO... NO!*

The Titan of Industry powers out! Cole stays on him and clubs away at him with a number of elbows to the chest before switching over to the leg he clipped earlier. Uriel tries to fight out, but Cole kicks away at the leg!

**DDK:**

Like you said earlier! Hold Cortez in place on the mat and Cole can do the most damage!

The former college wrestling standout continues to work the leg and tries a leg lock, but Uriel uses his free leg to push him to the ropes! Cole catches himself, but before Cortez is able to fully rise, another chop block from Reform's loyal heavy catches him! Cortez comes down again! Reform and Ames watch the action and The Good Doctor looks mighty proud while Titaness and Minute show genuine concern.

**Lance:**

Cortez tried to get out, but that leg being worked on!

Cole grabs the leg and kicks away again, but Cortez isn't making it easy. He tries to fight, but Cole stomps him in the chest multiple times to wear down the giant. When he tries to get up still, Cole picks him up again. An uppercut or two find their mark on Cortez's jaw before Cole grabs him by the side... **BELLY-TO-BELLY SIDE SUPLEX!**

**DDK:**

GOOD GRIEF! HE DOES IT AGAIN! I DIDN'T SEE THE MATCH GOING THIS WAY AT ALL!

**Lance:**

That distraction by Reform and Ames earlier in the match turned the tide! It's been almost all Cole since then!

Cole doesn't make the cover, but instead goes after the grounded giant's ankle into an unrefined, but effective ankle lock!

**DDK:**

And to the ankle! If Cortez can't stand, he'll be a giant target for Cole!

The Titan of Industry is in clear pain, but The Philly Faithful are loud in their support of Titanes Familia!

*LET'S GO, CORTEZ! Clap Clap clap-clap-clap. LET'S GO, CORTEZ! Clap Clap clap-clap-clap. LET'S GO, CORTEZ! Clap Clap clap-clap-clap.*

Minute and Titaness both play to the crowd to keep going while Cortez lunges up and uses his other leg to keep Cole away! Cole scoots back, but quickly is on his feet. He charges Cortez, only to get caught from the side, then THROWN across the ring with a massive atomic throw! Cole hits the mat and arches his back in pain while Uriel takes a knee and tries to fight through the pain from Cole's recent attacks.

**DDK:**

Cortez didn't expect this kind of resistance from TA Cole, but now he's back in the game. He's gotta turn things around!

**Lance:**

I still don't know why Reform thought this was a good idea!

Cortez is the first to get up, but TA Cole still feels the suplex. He isn't far behind Cortez, but when he does get up, he's greeted by a big clothesline! Cole is dazed, but tries to stand only to walk into another huge clothesline. When Cole tries to pop up a third time, Cortez whips him into the corner. He tries to run, but the leg slows him down and allows TA Cole to move out of the way. Cortez hits nothing in the corner, but when Cole charges, Uriel catches him in his arms, turns, and then throws Cole with a massive fallaway slam!

**DDK:**

The Titan of Industry back in the driver's seat! It looks like he's calling for the 218 Powerbomb again!

When Cole tries to get to his knees, Uriel grabs him by the singlet straps and right into the 218 Powerbomb again. Ned tries to get on the ring apron, but Titaness has has enough and SNATCHES him by the leg to pull him off the apron!

**DDK:**

No more interference by Reform!

Uriel tries his luck for the 218 Powerbomb... but before he can, Cole goes right back to the leg again with another kick. He tries another suplex on the shoulder, but before he is able to hit it, Cortez kneels down and strikes Cole with a surprise big man headbutt!

**Lance:**

Headbutt by Cortez!

He drives a boot to Cole's gut and turns to face Ned Reform. Reform has a look of worry on his face when Cortez has Cole up...

**DDK:**

218! THIS ONE IS OVER!

Cortez PLANTS TA Cole into the canvas with the modified one-shoulder powerbomb and hooks a leg in case Cole tries to give him more trouble.

## SAFETY PLANNING

The scene switches to backstage where Conor Fuse sits with Malak Garland in The Comments Section locker room. The fans cheer, likely because of Conor but then the camera pans over to reveal they have a special guest with them.

Sgt. Safety.

Even though DEFtv is in hard nosed Philadelphia, every member of The Faithful clearly supports the underdog and typical fan favourite in the Sergeant.

It seems like the three men are in mid-conversation about how to handle Safety's upcoming FIST match versus Lindsay Troy in the main event later tonight.

### **Malak Garland:**

Yes, so you should cheat whenever possible. Always cheat. The easy way is the good way is the important way, okay? Remember what I did to you so many moons ago? I'll do that to you again but like, multiply that by five if you decide not to cheat.

Safety has his safety notebook out and nods along, jotting down points from Malak's speech. Conor Fuse, however, shakes his head no. He gives Malak a disappointed look.

### **Conor Fuse:**

Dude, cheating? I thought we've been through this. No cheating! The FIST of DEFIANCE is on the line! Yes, it's important... it's extremely vital. It is THE achievement in wrestling, I get that. But you can't cheat or you'll forever look at your trophy case as something that is tainted.

Safety starts making lines through his notes and implementing the ideas Conor's talking about.

All while Malak looks at Fuse with an expressionless face as if nothing the gamer said registered.

### **Malak Garland:**

So?

The Character Formerly Known as Player Two rolls his eyes as Garland turns his attention back to Safety.

### **Malak Garland:**

Lindsay Troy is a soccer mom sour patch princess so you'll need to think outside the safe space box. There is no low a soccer mom won't go. Like soccer moms literally live vicariously through their children. And right now that former fWo hackjob nimrod is living through the FIST of DEFIANCE, rediscovering the yOuTh she doesn't have and the old lady bags under her eyes she does.

Conor can't help but give his head a shake.

### **Conor Fuse:**

Resentful much?

Doesn't matter, Malak can't hear him.

### **Malak Garland:**

Plus she's got her annoying, needy, dependants.

Safety keeps scribbling notes down at an intense rate.

### **Malak Garland:**

Anyway, definitely leave a weapon or two under the apron. Easy access, easy use, easy victory.

Conor isn't buying it.

**Conor Fuse:**

And how is the Sergeant going to get to the ring before his match and place weapons underneath there?

Garland stops to think about this...

...Then carries on with other ideas.

**Malak Garland:**

Low blows work.

Fuse face palms.

**Conor Fuse:**

Low blows?

**Malak Garland:**

Yes.

**Conor Fuse:**

With Lindsay Troy.

**Malak Garland:**

Yes.

**Conor Fuse:**

With LINDSAY TROY.

Looooong Malak Garland pause.

**Malak Garland:** [deadpan, clearly not getting it]

Yes.

Sgt. Safety continues to write until Conor walks by and places his hand overtop of the notepad, stopping him.

**Conor Fuse:**

You don't have to get **all** this...

Safety raises his head to look at the gamer and then crinkles his face with confusion.

**Sgt. Safety:**

I don't?

Fuse takes a deep breath.

**Conor Fuse:**

No, dude.

**Sgt. Safety:**

But I want to win.

Conor pats Safety on the back and then takes a seat beside him.

**Conor Fuse:**

Look, I know you do. I want you to win, too. Even Malak wants you to win... which is really weird because PAUSE, elephant in the room, this snowflake over there broke your nose last year and made you sip outta a straw for six months, plus he pulled the life support power cord on you in the ICU and nearly made you die but [trying to move on quickly] ANYWAY REGARDLESS WHATEVER, we're gonna back you, up until the point you make it out to ringside because then, apparently, everyone else is banned. ...Or so I've been told.

Fuse takes a moment to glance back at Malak and then over to Safety.

**Conor Fuse:**

Just do the best you can. Do it honestly. Who knows, you could surprise yourself. You could surprise everyone!

Sgt. Safety scans his notes. Then he closes the notepad and gives himself a fist pump.

**Sgt. Safety:**

Okay, thanks guys! I'm going to get ready but I appreciate all the help!

Garland gives a weak, almost sarcastic thumbs up, likely not enjoying the whole heart-to-heart talk Safety had with Conor. In return, Fuse gives a genuine smile and Safety exits their locker room.

Conor brings his attention back to Malak.

**Conor Fuse:**

Dude, you gotta chill with the cheating stuff. I'm telling ya, none of us have to cheat to beat Vae Victis, The Specials, The Dangerous Mix... PCP... fucking fans Wrestling organization (fWo) for all I care.

Garland's shook.

**Malak Garland:**

Why bring fWo back up!?

The Ultimate Gamer slowly runs his hands through his face in frustration before replying.

**Conor Fuse:**

I was kidding, I know you hate that shit. Listen, Mal, you and I are in the FIST/SOHER tournament tomorrow. I got your back and I know you'll have mine. I also know we can easily be the last two standing and from there... I'd be honoured if you beat me and go for the FIST of DEFIANCE.

Malak raises an eyebrow. He's definitely caught off guard by this comment.

**Malak Garland:**

Really?

Conor nods.

**Conor Fuse:**

Yeah dude, really. I know you can't stand Lindsay. I'm indifferent with her, we used to be friends elsewhere. But no cheating, Malak! We give it an honest effort inside the battle royal tomorrow and I promise you we can go far.

Fuse picks up his backpack before making an exit from the locker room.

**Conor Fuse:**

Further than you think we can.

Conor exits as the camera zooms in on a contemplating Malak Garland. DEFtv goes elsewhere.

I'm guessing not!

Wes stands on the middle buckle to try and make himself bigger against Mason Luck. Mason replies by grabbing his face with the Winning Claw! He holds the iron claw on for the count of four in corner and then he throws Wes off the middle rope at four and a half!

**DDK:**

Mason tags Max. Max steps into action for the first time and Wes Ingram is limping into a corner. Max charges with a full head of steam and he crushes Ingram in the corner with a splash. Max palms the back of his head and shoots him off to the opposite end of the ring. Another splash gets him. Ingram falls but Max Luck is ... rooting him on?

**Max Luck:**

Here's your chance kiddo! Shoot for the stars!

Max picks him up for a suplex and holds Ingram in the air. He walks over calmly to his corner and tags Mason. Mason steps in and Max hands off Ingram right to Mason! Neither man let go of the hold!

**DDK:**

This is surreal strength from the Lucky Sevens! They are a true force to be reckoned with between the ropes!

**Lance:**

They sure are. Love them or hate them.

Mason is still holding Ingram and he walks around the ring with him. Mason finally decides after fifteen full seconds to just let him drop! Ingram is hurt and Mason offers Paul Dunson a chance to make a tag.

Paul decides that as much as he wants to be one half of the Unified Tag Team titles, a true main event caliber tag title, and decides instead it isn't worth the hurt. He shakes his head. He starts to leave ... but Tom Morrow stands in his way.
