## CHEERS

DEFtv opens after the fireworks and sign display to Conor Fuse entering the backstage of the Petersen Events Center. The Pittsburgh Faithful cheer wildly upon seeing the gamer and break out a loud !RANK chant. Fuse is soon joined, however, as the door opens up again revealing Malak Garland. The cheers change to heavy boos upon sight of The Snowflake Superstar before the duo make their way into the arena, duffle bags in hand. Garland trails behind the gamer, looking rather unsure of himself and his surroundings. But as Fuse and Garland make their way further into the building, an adjacent entrance door opens...

And in walks Pat Cassidy and Brock Newbludd.

Fuse immediately stops in his tracks before Cassidy realizes who's across from them and then nudges Newbludd, who was in mid-sentence about Ballyhoo Brew plans.

### **Brock Newbludd:**

Another nudge from Cassidy and Newbludd snaps to attention. He immediately flashes Conor a friendly smile before narrowing his eyes at Garland. The two parties are at a stand still until Fuse turns to see Malak Garland.

### **Malak Garland:** *[whispering]*

I'm triggered. Let's get going...

Instead, The Ultimate Gamer shifts around and takes a step forward, towards the former Tag Team Champions.

### **Conor Fuse:**

Ahoy there!

Brock likes it.

### **Brock Newbludd:**

Shiver me timbers, if it isn't Conor Fuse!

Running with Conor's pirate-esque greeting, Brock sticks a hand out with his pointer curled like a hook. Shrugging his shoulders, Fuse makes his own hook and the two shake. Cassidy stands by politely, arms folded. Malak also has his arms crossed but sports a sour face.

### **Conor Fuse:**

Look, guys, no hard feelings on our end about the battle royal. Right Mal?

Conor leans back to nudge Malak. In return, The Keyboard Warrior gives a quick disgruntled somewhat sarcastic/somewhat honest head nod.

### **Conor Fuse:**

Both of you won, fare and square and will now move on to Lindsay Troy and Henry Keyes.

Fuse shivers after saying both of their names.

### **Malak Garland:** *[under his breath]*

The former “Locker Room Leader” brings his attention back to Cassidy and Newbludd.

**Conor Fuse:**

Annnnyway, as much as we may have our differences, congratulations! Both Malak and I hope you win.

Conor pauses as Malak attempts to mouth the word “congratulations” but nothing comes out of his voice box. Pat Cassidy uses his pinky to pretend to clean his ear and he steps forward, cupping his hand around his ear.

**Pat Cassidy:**

What was that? Eh?

Newbludd leans in to whisper in his partner’s ear.

**Brock Newbludd:**

Dry throat. Common problem for mouth breathers.

Malak appears both angry and anxious at the same time somehow. Cassidy grins and pulls his hand away from his ear.

**Pat Cassidy:**

You’re a brave fuckin’ soul to try to rehab this guy, Fuse. But... yeah, thanks. The plan is to kick some Vae Victis ass. I’ll get in a shot for you.

Cassidy sneers at Malak.

**Pat Cassidy:**

But not for you, asshat.

The minor jab at Malak goes right over the gamer’s head as he nods along with passion and the two teams go their separate ways. The camera stays on Conor and Malak.

**Conor Fuse:**

I used to hate that guy, ya know? But he ain’t so bad.

Conor puts some deep thought into those who are currently bad.

**Conor Fuse:**

I really do hope they beat Lindsay and Henry. Now those two are legitimately #FakeFriends.

Garland still appears rattled but the scene changes as The Comments Section work towards their locker room.

## MV1 vs. NICKY SYNZ

**DDK:**

Our first contest tonight features two singles competitors determined to climb up the ranks here in DEFIANCE!

**Lance:**

Yes, one of them is a talented tag team specialist who got the wrestling world buzzing with his dazzling singles performance against JJ Dixon a few weeks ago... the other is trying to regain some momentum after a series of matches with Dixon also, a rising star in his own right!

**DDK:**

That's right! Let's get to the action!

♪ "Prime Mover" by Zodiac Mindwarp, covered by Synister Sledge ♪

**Darren Quimbey:**

Our opening bout is scheduled for one fall... Introducing first...

In a blaze of hairspray and bitchin' air guitar, Nicky Synz spins onto the stage to a nice little, amused pop. He hits his knees at the top of the ramp and really leans into the air guitar, biting his lower lip and twisting his face up into an as-uncomfortable-to-look-at-as-it-is-to-make expression. The lights strobe white and bright to the wycked tunes as Synz springs back to his feet and hammers the faux-frets all down the aisle, feeling every imagined note along the way.

**Darren Quimbey:**

Weighing in tonight at two hundred and thirteen pounds, he hails from Los Angeles, California and is the FRONTMAN for SYNISTER SLEDGE! **NICKY. SYYYYYYYNNNNNNNZ!**

Nicky throws up the devil horns with his left fist as his right hand continues to furiously "strum", perched halfway up a corner's turnbuckle. Some fans rock-out along with him, most likely in a somewhat over-the-top, mocking fashion.

Streaking through the entryway with purpose, MV1 stops at one edge of the stage and points a single finger towards the furthest section of that side of the arena. The fans light up and the stage lights mimic them in vivid reds, yellows, and blues. MV1 sprints to the other side of the stage and levels that same single index finger towards the furthest upper section and then pivots and works to point out every screaming fan in the building.

MV1 enters this match following that electric technical wrestling win where he just edged out JJ Dixon as well as an appearance in last weeks battle royal where he and Dixon eliminated each other!

They circle once more and this time it's Synz who arm drags MV1 over to a surprised applause from the Faithful. MV1 grins and nods before they circle each other again.

Nicky works to find a maneuver out of it and finally opts to duck down and roll forward, sending MV1 rolling over top of him – and back to his feet. MV1 charges at Nicky Synz and Synz nails ANOTHER, deeper arm drag that sends MV1 sliding into the corner.

**Lance:**

Nicky Synz came into this contest with something to prove! He doesn't have the most... favorable win/loss record in DEFIANCE and it's clear he SAW that thriller between MV1 and JJ Dixon last month and came with a gameplan.

Still on one knee, MV1 offers another polite nod - this time with perhaps less of a grin. Synz meets him with another lockup and this time, MV1 wrenches Synz into a side headlock before being shot into the ropes.

MV1 hits the far ropes – Synz springs up – and this back body drop drops MV1 up and OVER the top rope and onto the ring apron. MV1 blocks a swing from Synz. And another blocked blow. MV1 grabs Synz arm and walks up the turnbuckle with it before leaping up and off the middle turnbuckle and guillotining Synz's right arm across the top rope. MV1 slides back in the ring and capitalizes on Nicky being stunned, pulling him back to his feet by that right arm and quickly arm dragging him down – MV1 maintains control of that limb and grapevines it in the center of the ring.

Fastcountini leans over Synz, who is flailing in discomfort but not giving any indication he's ready to give. MV1 cinches the hold in a little closer, a little tighter – gritting his pearly white teeth.

**Lance:**

We've seen some early flashes from Nicky Synz thus far... can he mount some kind of offense in the face of Masked Violator #1's superior technical ability? That appears to be the question here.

**DDK:**

And now MV1 is exploiting that arm. Not good for Nicky.

The crowd starts rhythmically clapping. Nicky Synz makes the rock-and-roll devil horn hand gesture with his free hand and pumps it in the air to the beat as he starts fighting his way to his feet. Synz grabs at his right arm/shoulder and rolls to a corner where Fastcountini checks in. The camera catches MV1 showing a bit of concern as well, asking Jonny if Synz is hurt. Fastcountini professionally gestures for MV1 to give them both space and #1 quickly obliges.

Here comes Kerry again, a bit slower this time.

**Lance:**

He can't let his impatience cost him here. Let's not forget, the former SOHER Elise Ares is still one of DEFIANCE's prime wrestling stars, and should not be taken lightly.

**DDK:**

Especially when she's at the top of her game, and with the Lucky Sevens out of the arena Here comes the collar and--NO! Ares with a toe kick to the stomach!

Kerry immediately doubles over and finds himself trapped in a front facelock. Elise holds out her free arm to pump up the crowd again, but finds her own feet leaving the mat before she can commit to the DDT.

**DDK:**

SPINEBUSTER by Kuroyama to counter the DDT by Ares! Now Kuroyama flips over and hooks the legs for the pin!

One!

Two!

Ares kicks out!

**Lance:**

Still plenty of fight left in these two.

Kerry rolls out of the kickout with one of Ares' legs still in his grip. A quick, snapping dragon screw whips her hard against the mat again, keeping her dazed just long enough for the Pacific Blitzkrieg to interlock the legs.

**DDK:**

Kerry could be looking for the Cascadia Cloverleaf here... but NO! Elise gets a leg loose, and a swift kick right to the posterior sends the Pacific Blitzkrieg through the ropes to the outside!

**Lance:**

Kuroyama has been trying to put himself in a position to dominate this match-up, but Elise Ares has stopped his efforts at every turn.

The Faithful are roaring once again as Elise Ares stands tall in the ring. Outside, Kerry gets back to his feet, huffing and puffing in anger until Sonny Silver makes his way over and calms down his protege. Naturally, while they confer with each other and Knox begins the ten count, Elise hits the opposite ropes...

**Lance:**

Kerry is gradually losing his cool, and Sonny Silver can see it clearly.

**DDK:**

Well hopefully their pallaver doesn't last long, cause here comes ELISE--

Kuroyama and Silver recoil in surprise when they look up and see DEFIANCE's Leading Lady vaulting over the ropes... only to wrap herself up in the ropes with the ultimate fake out. The fans cackle as she smirks down on them while still suspended in the ropes. Kerry's face darkens even more.

**DDK:**

The Pacific Blitzkrieg's blood is no doubt boiling as the former SOHER adds insult to injury! Now Elise is holding open the ropes, beckoning him to return to the action!

**Lance:**

The Queen of Sports Entertainment Style is brimming with confidence as she holds her own in the ring against a strong and competitive athlete in Kuroyama, but it may not be wise to continue getting him riled up.

Kuroyama takes a deep breath to calm his nerves, and stoically walks up the steps back to the apron. He goes around the ringpost to the other set of ropes, rebuffing Ares as he reenters the ring his own way. Boldly, Elise raises her hand and calls for a test of strength, drawing another pop from the crowd. Kerry scoffs, but nevertheless raises his own hand, only--

**DDK:**

DISCUS PUNCH out of nowhere from the Pacific Blitzkrieg! Ares hits the mat like a ton of bricks!

"BOOOOOOO!!"

**Lance:**

The fans are letting Kerry hear it, as he more or less baited Elise into that strike while she was looking to lock up.

Knox admonishes Kuroyama for using the fist, but Kerry tells him to get his eyes checked as it was clearly the forearm that made contact. Nevertheless, he goes for the pin and again tells the official to shut up and do his damn job.

**DDK:**

Kerry hooking the leg for the cover!

One!

Two!

NO! Elise kicks out!

**Lance:**

Shaken up by that straight blow to the side of the head, but not out of this yet.

Kuroyama lays another forearm across the back of the head to leave Elise stunned, before grabbing ahold of her by the waist and flipping her up and over hard onto her back with a gutwrench suplex! She only has a moment to writhe in pain before Kerry pulls her up again.

**DDK:**

Kuroyama has her in his clutches now... BIG vertical suplex putting her back to the mat! Kerry floats over and hooks the leg!

One!

Two!

NO! Not enough! But now the Pacific Blitzkrieg pulls her up yet again!

**Lance:**

This is the kind of dominance Kerry was waiting on. Now his strategy is as basic as it comes: keeping picking her up and dropping her on the mat until she stops kicking out.

**DDK:**

And a man of his strength and skill would have no problem doing that to someone who is a hundred pounds lighter! Elise has to find a way out of this situation, but Kerry hooks her arms and overpowers her yet again... and CONNECTS with the BLACK MOUNTAIN BOMB!!

The devastating double-underhook bomb onto the point of Kerry's knee leaves Ares yelling in pain on the mat. Effective as it is once, Kuroyama says to himself "Fuck it, why not just do that again?", and hooks Elise's arms again as he pulls her off the mat.

**DDK:**

AND ANOTHER!! GOOD GOD, that nearly broke her in half... and Kerry rolls her onto her shoulders! Could THAT be it?!

ONE!

TWO!!

KICKOUT!! Still not enough!

**Lance:**

Hand it to Elise for showing a lot of fight right now, but Kuroyama smells the blood in the water.

Ares is gassed, but Kuroyama is determined to end things as he again takes ahold of her legs and interlocks them together, twisting her over into the Cloverleaf and angling hard into her spine. Elise grabs at her head in a show of agony.

**DDK:**

CASCADIA CLOVERLEAF locked in! This could be over in a matter of moments!

**Lance:**

But Elise is fighting through it!

Urged on by the cheering Faithful, the Leading Lady of DEFIANCE claws at the canvas and inches her way to the ropes. Kerry attempts to reposition his leg to pin down her head with his knee, but ends up giving her precious inches to reach the bottom rope.

**DDK:**

SHE'S GOT THE ROPES!

But Kerry doesn't release. Knox orders a break and begins counting... one... two... three... four..... and finally makes the break himself as he pulls Kerry off of Ares. Elise is left lying limp at the ring edge, arm draped down the apron, while Kuroyama spats with the official.

**DDK:**

Break is finally made, but now things are getting heated as Rex Knox had to go WELL past the count of four before intervening himself!

**Lance:**

Kerry and Rex have been locking horns throughout this entire match. I think Kuroyama would be wise not to test the official's patience, as Rex is one who can physically hold his own in that ring.

The argument is hot but brief, with Knox reasserting his authority and Kuroyama rebuffing him by going back to retrieve Ares. Then from ringside, a voice...

**Sonny Silver:**

HEY, you overpaid nosepick! Just count to three or look for the tap!

Already fired up, Knox turns his attention to the Vae Victis mouthpiece and threatens to send him to the back. While he's turned--

BONK.

**DDK:**

WAIT A SEC!! Ares just cracked Kerry across the skull with that EMPTY BOTTLE of TRIPLE 7 WHISKEY!

**Lance:**

She must have grabbed it from ringside!

The blow of the bottle goes right to Kuroyama's head, who wobbles around the ring on whiskey legs. Ares ditches the evidence before the official turns his attention back to the action, looking just in time to see Elise rally to her feet and take a bounce off the ropes.

**DDK:**

AMETHYSTATION!! Kuroyama is OUT!!

The Superwoman Punch finishes the job the bottle started, rolling Kuroyama out flat on his back. The Queen of Sports Entertainment Style sprawls across his chest.

## MEDICAL UPDATE

**DDK:**

What we saw two weeks ago on DEF TV was vile. Dex Joy has been dealing with neck issues. But Lord Nigel knew as well as anyone that Dex Joy isn't the type of guy to back down from a fight no matter what.

**Lance:**

Two shows ago, Dex Joy was choked out by Corvo Alpha with the Alpha Clutch and Corvo won via referee stoppage ... but Dex wasn't going to sit by and let that loss stand. He has seen what Vae Victis has done lately and wanted to join in on that fight so he thought he'd fight Corvo in a rematch to put him in in the rear view ...

**DDK:**

But that isn't what happened at all. Let's take a look.

### *DEF TV 178*

Lord Nigel steps over Dex Joy's unmoving body to a chorus of boos from the Wrecking Crew only to then walk up to the top of the steps. He retrieves a microphone from his jacket and the audible contempt only rises. DEFmed team members attempt to get in the ring but Alpha chases them all out, swinging wildly at them. Standing at the top of the ring steps in the center of the ring, with a bloody and seemingly unconscious Dex Joy at the bottom of them, his smarmy smile is at its smarmiest.

**Lord Nigel Tricklebush:**

Your passion. Your courage. Your drive.

Nigel sweeps the hat off of his head melodramatically, ostensibly a cue to Corvo to pull Dex Joy up to his knees. He does so to rising tension in the building.

**Lord Nigel Tricklebush:**

Honestly, I expected so much more... of all of it. You're a disappointment, Dex Joy. And we are finished with you.

Standing on the second step, Alpha pulls Joy up and forces his head between his legs. The Faithful groan as he lifts him up and LEAPS-

**DDK:**

JUMPING PILEDRIVER ON THE STEPS!! NO!!! That man is hurt!

Lord Nigel is resplendent atop the steps, arms held high and wide.

The video recap stops and then returns to Lance and Darren on commentary.

**DDK:**

What we've learned is this: the injuries that Dex Joy are unknown at this time and that after some time convalescing at home, Dex will be undergoing an evaluation with a head-and-neck surgeon to determine the best course of treatment for his injuries.

**Lance:**

I hope that Lord Nigel and Corvo Alpha are proud of what they've done. Sorry to be a bit unbiased here, but Dex Joy is one of the hardest working men in this promotion. He literally came from nothing to make something of himself and to have his career stunted in any way thanks to these two is disgusting.

**DDK:**

We hope to hear more on the next DEF TV once the results of that evaluation have been reported. Until then, we wish Dex Joy a speedy recovery and a safe return to the squared circle.

**Lance:**

But next we're going to take a look at this video package from The Uncut Gems! JJ Dixon, Teri Melton and Zoltan!

**Teri Metlon:**

Do you like games, MV1? I like games a lot -- especially games that the other person doesn't even know they are playing! And by questioning my intentions, MV1, now means that you are a participant in this wicked game!

Teri walks off screen as the camera remains paused, before there is some rewinding and fast-forwarding, before moving back to where JJ was earlier in the segment.

**JJ Dixon:**

MV1, I am going to start by telling you what I don't want to be. I don't want to be the villain. I don't want to be the bad guy. And I especially don't want to be the villain or the bad guy in your story. I like you and respect you a lot, MV1. I truly do. Professional wrestling is not known for its nice guys... but you are the nicest. You are a class act. You are something that everyone should want to become! And, as the world is finding out, you are just as good in the ring as you are out of it! But you're involved in a melodrama involving your former tag partner and best friend MV2 --

**JJ Dixon:**

It was not my intent to be involved in your saga. But here I am... now involved because Lord Nigel and my manager Teri Melton struck up a deal for me to take you out.

The edit flashes to Lord Nigel in his bowler hat, cackling, before turning around into 1950s film noir black and white wearing a fedora hat and raincoat, flicking away his cigarette dramatically as Teri Melton in her black bell-dress and elbow-length black gloves falls into his arms as he holds an umbrella over her head.

**JJ Dixon:**

The screen pauses again and does its fast-forward/rewind effect before pausing.

Then the jingle from "The Price Is Right" plays as the screen turns into a campy 1970s game show set ala Let's Make A Deal -- pink flamingos, sparkly decor, etc. There are three garage doors on the set. The first one are each numbered with a gaudy-colored piece of paper mache - "1" and "2." But the third door has a question mark.

From the left appears Teri Melton. She approaches the first door.

The door opens and it's JJ Dixon, dressed in a fine tailored suit with perfectly coiffed hair, adjusting his tie.

**JJ Dixon:**

And rest assured, I will not hesitate one bit - not for one second - to slam your masked skull into the canvas of the ring, into a cement floor, into a parking lot or across an opened steel chair - if it means that I get one step closer to where I will head to one day! Teri approaches the second door. And the sweaty JJ Dixon from the past several minutes appears. He looks over nervously at Teri Melton.

**JJ Dixon:**

I'm going to tell her that I want a rematch with you, but I want one on my own terms where we can see who the better man is fair and square! Maybe she sees things my way. Or maybe she jettisons me from The Uncut Gems. Maybe she torments me with some kind of psychological ploy. But that's the price I'm willing to pay if it means I stay true to who I am... which is exactly what happened tonight!

Now Teri approaches the mystery door. And JJ comes coolly walking out in his "Special Attraction" blue sequined robe.

**JJ Dixon:**

Or maybe I know exactly what I'm going to do... only I'm not telling you! Because I like games, too, MV1. I like games when the other person does not know they are the one being played with. And that's how The Uncut Gems like to play their games!

Cut to: JJ Dixon at Acts of DEFIANCE about to drop Earl Lee Roberts through a chair with Sunset Boulevard, only for Teri Melton to call him off. Then we see Teri Melton outside of JJ's locker room at ACTS.

The screen pauses again, and it returns to JJ doing his Hindu Squats and counting - 751, 752, 753 - with Zoltan supervising Teri coolly walks in from the right hand of the screen, cigarette holder in hand as JJ continues in the background.

**Teri Melton:**

**DDK:**

JJ Dixon and Masked Violator #1 is shaping up to be a rivalry to remember. And speaking of rivalries...Coming up next is a heavyweight battle between two men, both BRAZEN graduates, looking for a win tonight. We've seen recent issues between Titanes Familia member Dan Leo James and the former champion powerlifter, "Strong AF" Allen Fosters.

**Lance:**

Strong AF has told The Faithful that he doesn't like how Dan Leo James came up. He alleges that it was favoritism by Uriel Cortez, Minute and Titaness who helped him get on the main roster when that couldn't be further from the truth. Strong AF called out Dan Leo James after his Battle Royal play-in victory two weeks ago, but it was Dan Leo James who eliminated Strong from the Battle Royal itself, leading to tonight!

**DDK:**

Based on this animosity, it's going to be a one-on-one match between James and Strong, but before we do that... we've got a split screen where Jamie Sawyers will be speaking briefly with both men before the match tonight. Both men have some things they wanted to get off their chest, so now let's go to Jamie Sawyers backstage. Jamie?

Backstage we go with Jamie Sawyers.

**Jamie Sawyers:**

Thank you, Darren and Lance. We're about to hear from our competitors for the next match. First, let me introduce from Titanes Familia... Dan Leo James.

**Jamie Sawyers:**

Two weeks ago, you alleged that Dan Leo James didn't work his way onto the main roster. But I have to say I disagree. He won his spot by winning BRAZEN's Ascension Battle Royal, which was open to BRAZEN's roster at large... a match you were also in. What do you say to that?

Dan smirks with an "oh, snap!" look while Strong AF isn't pleased by the question.

**Strong AF:**

Sure. You know what, Jamie? That's true. He won and I didn't... but let's not pretend this punkass wasn't already being prepped for a spot on the main roster long before that match. He just made it official with that win. Dan Leo Dickrider here spent the last year cozying up to the rest of Titanes Familia and wanted to get famous off them. I don't do that cause I'm not an ass-kisser. I show up. I throw people around. I kick ass. That's how a guy like me gets noticed. And in a few minutes, that's what I'm going to do to you, Danny. I'm going to show you that \*I\* should be spotlighted and featured in this company. Not you.

Strong AF chuckles.

**Strong AF:**

Dan Leo James runs a hand over his jaw.

**Jamie Sawyers:**

**Dan Leo James:**

Your name might be Strong AF, but bud, you sound whiny AF, you're sounding a little jealous AF and you're definitely DUMB AF if you think any of that is true!

The Faithful cheer him on as he continues.

**Dan Leo James:**

I haven't told a lot of people this, but I'll say it now so that everyone knows... My own family shut me out because I wanted to be a wrestler instead of taking handouts from the family business. They were willing to give me a six-figure job working for their software company, but that's not what I wanted to do. I want to do what we're doing now cause I don't want anything easy. I was a three-sport athlete in school and worked for all that. I'm six-foot seven, but I want to use these physical gifts for something greater than myself. I want to entertain people that pay to see us. I want to make sure they have a good time. I want to set a good example. I want to WRESTLE!

I'm young, but I'm not stupid, Allen. I hear what people like you have to say. Sorry I started out in this business a lot earlier than you did. Sorry that yeah, I had two left feet and I'm working on that every day. I'm sorry that unlike you, I know how to make and KEEP friends. But the one thing you're gonna be REALLY sorry for... is underestimating me.

Danny starts to unstrap his microphone from his shirt...

## RED DEAD REDEMPTION

Before the main event, the cameras catch up with Jamie Sawyers alongside Conor Fuse... and Malak Garland in the distant background.

### Jamie Sawyers:

Conor, tonight in the main event it's you against Vae Victis' newest member, Clay Byrd. My understanding is you and Clay know each other well and have a history of issues between you two.

Conor nods along like everything is correct and cool. Once Jamie finishes his statement, The Ultimate Gamer looks behind him and waves Malak closer. However, The Snowflake Superstar doesn't budge. Fuse gives a "whatever" shrug before addressing the interviewer.

### Conor Fuse:

That's right, Jamie! We *do* know each other... and he *has* issues with me. You wanna know what they are?

Jamie isn't sure how to answer. It was rhetorical anyway because of course Conor is going to explain.

Fuse adds a big, wide, mischievous grin.

### Conor Fuse:

I beat him.

Conor pats Jamie on the back.

### Conor Fuse:

Clay's a very bitter man, bro. I beat him in HOW and he got the sads. I also Head Stomped his ass outta the battle royal he wasn't in two weeks ago so huh, yeah, go me.

Conor taps his left index finger on his nose, seemingly in deep thought.

As Conor mentioned in his previous interview, these two have a history. The fans are roaring... VV don't look happy. Butcher glances over at Malak, as if Conor taking Garland's move was The Snowflake's fault.

Clay isn't down, he's merely stunned. It's going to take MOAR to get Clay on the mat.

And yet Vae Victis aren't planning to find out. Sonny Silver power walks down the rampway and jumps onto the apron.

**DDK:**  
You're going to have to try harder than that!

Hector Navarro screams at The Silver Lining, although the referee keeps his focus on the men in the match. Hector sees Silver from the corner of his eyes but refuses to give into VV's shenanigans.

Although this TRIGGERS The Snowflake of all people, who suddenly shows a sense of confidence as he marches right past Vae Victis and down the rampway.

**DDK:**  
What's Malak doing!?

**Lance:**  
I think Garland's coming to intervene!

Meanwhile inside the ring, Clay tries to shake off the knee smash and Conor is also recovering from the severe beating and subsequent exertion it took him to carry out the latest combo of moves. Although Fuse is slamming short-arm shots into Clay's temple.

Reaching the bottom of the ramp, Malak Garland takes a DEEEEP breath before jumping onto the apron and shoving Sonny Silver.

**Malak Garland:**  
I hate you, too! Get out of here and leave my friend alone. YOU'RE TRIGGERING ME!

Sonny looks down at his impeccable suit, stunned that this little dweeb put his hands on him. Suddenly, Malak PUSHES Sonny off the apron, catching Vae Victis' mouthpiece by surprise and sending him for a tumble to the floor!

The crowd roars in support! Everyone's beside themselves-

And then Clay Byrd CRUSHES Malak Garland with a Texas Lariat!

Saliva spills from Clay's mouth as he mouths off in Malak's general direction. Then Byrd turns around and right into a Resolution DDT by Conor Fuse!

Now Butcher Victorious is making his way down to ringside. Fuse knows he needs to hurry so he collapses onto the turnbuckle padding. Unable to leap up directly, Conor climbs to the top rope to measure Clay Byrd.

Once Butcher arrives at the bottom of the rampway, he slides into the ring. And yet... Hector Navarro lowers himself so Butcher slides DIRECTLY into Hector's knee when he enters the ring. Butch Vic goes down like he's shot, an MDK blow, as Navarro pushes the Vae Victis lackey out of the ring. Conor is ready to strike from the top rope but sees Sonny is up and mouthing off in Conor's direction.

The crowd cheers again as a groggy Malak Garland rises from a heap! The Mega Troll walks over to Sonny and pushes him from behind!

But Silver stumbles into the apron, inadvertently smacking the ropes in the process and causing Conor to jump off them to save himself from falling. Fuse didn't hit an aerial shot. Instead, he turns around and sees Clay Byrd getting up.

**DDK:**

Hey hold on a second here!

During this kerfuffle, Hector Navarro's back was finally turned from the action.

...And no one saw Henry Keyes working his way down to ringside. Before Conor jumps off the top rope, Keyes slides Clay Byrd a lead pipe from under the ring. Clay holds it across his forearm as he bounces off the ropes...

TEXAS LARIAT.

**DDK:**

Damn.

Clay eyes Malak as he flips Conor around and hooks a leg.

***DING DING DING***

The crowd boos as Darren Quimbey gets on the microphone.

**Darren Quimbey:**

The winner of this match... Clay Byrd!

## AN OFFER YOU CAN'T REFUSE

Immediately after the winner's announced, Keyes throws Garland into the ring and Sonny enters as well, drilling the snowflake with a clothesline himself.

Malak's discarded beside his "buddy" Conor Fuse as the jeers continue to reign down.

Finally, The Queen of the Ring emerges from her perch at the top of the ramp, alongside Oscar Burns and Kerry Kuroyama, the only three who didn't become involved in the match any further. Lindsay has a mic in hand and a look of enjoyment on her face.

**Lindsay Troy:**

Let's all give Andy Stitzer a round of applause for the valiant effort here tonight!

BOOOOOOOOOOOOOOOOOOOOOOOOOOOOO!

While the Faithful make their displeasure known, Sonny, Oscar, Kerry, and Henry all clap sarcastically. Clay wipes the sweat from his brow and glowers at Conor, who is still on the mat. The FIST, the Pacific Blitzkrieg, and the Man Known as DEFIANCE approach the ring apron. Oscar makes a move like he's going to hit Malak, only for the Keyboard King to instinctively hit the deck and protect himself. Burns sneers and boots him in the stomach anyway.

**Lindsay Troy:**

Would someone please give Conor a hand up? We're not heathens here.

Clay picks The Power Up King off the canvas and flings him to the outside next to Malak Garland. Sonny holds open the ropes for Burns, Kuroyama and Troy to join their teammates. Lindsay gives The Texas Behemoth a pat on the back for a job well done before standing next to Keyes to address the crowd again.

**Lindsay Troy:**

Now then...we have some very important business to attend to, so I'm going to need all of you to pipe down for a few minutes while your better speaks.

Of course, the Faithful do just the opposite.

BOOOOOOOOOOOOOOOOOOOOOOOOOOOOO!

**Lindsay Troy:** *(ignoring them)*

Two weeks ago, we all had the pleasure of witnessing a battle royal to name number one contenders to my and Henry's title. And, despite the fact that Oscar totally should have won and it's BS that he didn't, it was nonetheless a spirited contest! I speak for all of Vae Victis when I say that I'd like to ask our future opponents if they'd join us out here.

**DDK:**

As Lindsay Troy just alluded to, The Saturday Night Specials are on a collision course with Vae Victis. Thanks to the battle royal two weeks ago, on the the final DEFIANCE show of the year Pat Cassidy will be challenging Henry Keyes for the SOHer while Brock Newbludd will be gunning to become FIST of DEFIANCE against Troy.

The Saturday Night Specials appear from the back dressed in street clothes. While they do take a moment to acknowledge and play to the roaring Ballyhooligans, their demeanor quickly shifts to one of both caution and confusion. They walk to the ring without any of their usual fire and pomp, but instead standing shoulder to shoulder bracing themselves for a potential Vae Victis onslaught... but it never comes. Instead, the VV members all wait

patiently for the former tag team champions to join them.

**Lindsay Troy:**

C'mon boys, we're not going to bite. We just want to have a little chat.

Cassidy and Brock, who have stopped at the bottom of the ramp, look at each other with suspicion as their theme fades away. Instead of entering the ring, they break formation, with each member of the tag team walking around a different side of the ring. They continue to make sure their backs never face Vae Victis, but the stable remains in the ring as jovial as ever. The Saturday Night Specials meet up again on the other side of the ring by Darren Quimbey's table. They both help themselves to mics before slowly and cautiously climbing onto the ring apron and then entering the ring - all with their defenses still well up. The FIST of DEFIANCE smiles widely now they have finally joined her.

**Lindsay Troy:**

Now then. Let me congratulate you two on your efforts at DEFtv 178. I think we can all agree that the finish had us on the edge of our seats.

She looks back at Vae Victis for confirmation and they all nod their heads...except for Butcher Victorious who looks confused at what the Queen is saying. Next to her, Henry Keyes smiles knowingly.

**Lindsay Troy:**

And really, what better way for us to return to New Orleans and throw the doors open on the new Ballyhoo Brew than to face off against its two proprietors. That is, unless you both want to join us instead?

The crowd boos this proposition, but Cassidy and Newbludd again simply look at each other. Brock shrugs while Cassidy raises a questioning eyebrow.

**Lindsay Troy:**

You see, the boys and I are all in agreement that we need to add a tag team to our ranks. An established, proven, *winning* tag team that aren't a couple of dimwitted lugs with bad haircuts and a shitty catchphrase. Seriously..."Luck Around and Find Out?" That sounds like something Butcher came up with.

She shakes her head, disgusted. Meanwhile, in the background, Butcher's just happy to have gotten name-dropped. Despite himself, Cassidy cracks a smile at that one.

**Lindsay Troy:**

If you join up with us, you'll have the backing of the most dominant stable in DEFIANCE since the Blood Diamonds. You need help evening the odds against the Lucky Sevens? We'll be there. You want Tom Morrow's head on a platter? We can make it happen. I think Clay would get a kick out of decapitating him...you saw what he did to Conor a few minutes ago. And, let's face it, I *know* you guys don't really like the little nerd. He's like a fruit fly....persistent and annoying and refuses to die. The alternative, of course, is you saying no and Henry and I splitting your heads open like watermelons in a Gallagher act, may he rest in peace.

At the final threat, SNS' guard goes back up. Lindsay smiles sweetly, as if she never gave the warning.

**Lindsay Troy:**

So what do you say? Might even recapture some of that ol' Drunk and Disorderly magic from SHOOT Project, eh Pat?

Cassidy nods slightly before looking at Brock. They look at the crowd, who jeers and gives them a bunch of thumbs down. Cassidy turns to the FIST, raising his mic up.

**Pat Cassidy:**

Well, hell. That's... that's quite the sales pitch, wouldn't you say Newbludd?

**Brock Newbludd:**

It's mighty tempting, buddy.

**Pat Cassidy:**

I mean... not gonna lie. The idea of a bunch of people watching our back to counter Morrow's never ending parade of clown shoes isn't the worst idea in the world, you know?

**Brock Newbludd:**

Shit... maybe the original Ballyhoo would still be standing if we had an extra pair of eyes or four making sure nobody messed with us.

Cassidy nods. He begins to pace a little, really starting to work this out.

**Pat Cassidy:**

And shit... I mean, look at this talent pool!

He stops pacing and gestures to each member of Vae Victis as he begins to heap praise.

**Pat Cassidy:**

You've got Oscar Burns... the standard bearer. The guy who has bled this company for as long as I can remember. He \*is\* DEFIANCE, right?

*BOOOOOOOOOOOOOOOOOOOOOOOOOOO!*

**Brock Newbludd:**

Oh yeah. And what about Kerry? Dude, you're a machine in that ring. Bonafide beast. Badass, even.

Brock then gestures to Clay Byrd.

**Brock Newbludd:**

And what about this big hoss? Holy hell, I've seen bruisers, but I sure as shit wouldn't want to be on the opposite side of a bar fight from this guy.

Cassidy nods in agreement and then looks to Butcher Victorious.

**Pat Cassidy:**

And Butch Vic... is also here.

Despite this promo not heading in a direction they're enjoying, the fans get a laugh at that one. Butch Vic, bless his heart, just looks happy to be included. Oscar Burns gives him an encouraging tap on the shoulder. Cassidy turns to look into Henry Keyes'... eye.

**Pat Cassidy:**

And that leaves the man here, huh? From swashbuckling buckaroo to one-eyed killer, right? I've been in the ring with you... I know you're tough as shit. One of the toughest I've ever squared off with, to tell the truth. And you might be one of the few people on the roster that can see through Conor Fuse's nice guy act and see that he's a shitty guy to have in your corner when the chips are down. So as much as I was looking forward to our battle and walking away with that belt right there... maybe you're a guy I'd rather have watching my back instead?

The crowd boos. Newbludd nods and turns to look at Troy.

**Brock Newbludd:**

What about our FIST of DEFIANCE, buddy? The "Queen of the Ring"? That's not just a gimmicky tagline, is it? You've been topping Top 100 lists and winning titles since the Bush administration. Sure as shit you're a certifiable legend. And you've got the biggest prize in the whole game.

Brock looks to the FIST.

**Brock Newbludd:**

And there's a huge part of me that wants to step up to the plate at the end of the month and prove that I'M a certifiable legend. That I'M worthy of wearing the title that everyone wants. But is that the right play? Looking around this ring... you run a tight ship, lady. Cass told me what it's like playing for team Troy from his time in the SHOOT Project. I also gotta figure that with all these people in your corner, it's looking more and more like your time on top isn't coming to an end anytime soon.

The crowd boos.

**Brock Newbludd:**

And hell, we're not even talking about the biggest reason to join this group here...

Brock and Pat lock eyes.

**Brock Newbludd & Pat Cassidy:** *(at the same time)*

More people to pick up the tab!

The High Queen DEFIANT smirks at this.

**Lindsay Troy:**

Sure guys. Butch has got you.

In the background, the VV lackey starts shaking his head furiously until both Sonny and Oscar slap him a la Mark Harmon in NCIS. Butcher cries out with an "OW!" before finally nodding in agreement.

**Brock Newbludd:**

So shit, dude, I guess we've got our answer. There's all these reasons to throw the VV shirt on, isn't there?

**Pat Cassidy:**

Sure as hell is.

Cassidy then snaps his fingers and his eyes go wide as if something just occurred to him.

**Pat Cassidy:**

Oh wait! We forgot the most important point about what would happen if we did join!

The Saturday Night Specials both turn to look their would-be stablemates in the eye.

**Brock Newbludd:**

We'd have to team up with a bunch of total assholes.

AND WITHOUT WARNING, THE MICS GET DROPPED AND THE SPECIALS ATTACK AND THE CROWD GOES WILD! Cassidy starts throwing right hands at a caught unawares Henry Keyes while Brock spears Lindsay to the ground and rains down forearms. The fan favorite tag team gets some really solid shots in until the rest of Vae Victis snaps into action. Brock gets pulled off by Clay and a huge meaty right hook dazes him. Cassidy gets a European uppercut from Burns that rocks his world. From there, it's all Vae Victis as the group just hammers on The Saturday Night Specials with kicks and punches as Butch Vic prances around the ring cheering his best buddies on.

SNS has absolutely no chance of defending themselves here!

**Lance:**

You have to wonder if The Specials thought this offer was even legit or if this is the outcome they expected all along.

The continued stomping of SNS continues when...

*RANK! RANK! RANK!*

**DDK:**

Conor Fuse is stirring!

On the outside, the Power Up King has gotten to his feet... and he more or less drags Malak Garland up with him. Conor sees the SNS stomping going on in the ring, and he points for Malak to go help. Garland shutters in fear, so Conor grabs him up the scruff and rolls him under the bottom rope! Conor follows suit... and he begins to hammer away on Oscar Burns! Malak cries out in anxiety but he does decide to help out, throwing kicks and forearms at Butch Vic.

**Lance:**

Conor and Malak join the fray for the save... but the numbers are still too much, Keebs.

Conor has some success... until he turns into a Clay Byrd boot that nearly takes his head off. Fuse bounces off the ropes and stumbles right into a Hard Out Headbutt from Oscar Burns that drops him to the mat.

This leaves Malak Garland as the final man standing.

Against all of Vae Victis.

Will he run? Will he charge? We'll never know, because just as it dawns on him that he is surrounded, he gets hit from behind by a stiff Henry Keyes forearm, and when he doubles over, Keyes sweeps the legs causing him to fall forward... in perfect position for the big swing.

**DDK:**

The Airship Spin!

Vae Victis clears a circle in the center of the ring as the Snowflake Superstar goes for a wild ride. Keyes gets in at least twenty rotations before releasing and sending Malak to the mat in a heap of confusion. The fans continue to boo (and a few decide to hurl some of their garbage at the ring) as Clay Byrd lifts a hurting Pat Cassidy to his feet, only for Keyes to boot him in the gut and bring him down to his knees. Cassidy gets not one but two COINS and he crumbles to the canvas. Likewise, Brock Newbludd is stopped cold with Thy Kingdom Come.

**DDK:**

Conor Fuse and Malak Garland found themselves on the wrong side of Vae Victis tonight... and then after refusing to join the group, The Saturday Night Specials were victims of the same!

**Lance:**

Who can stop these guys, Keebs? They just tore through four of DEFIANCE's most popular wrestlers like they were made of cloth.
