## MAIM EVENT MONSTERS

“Earlier Today” flashes on the screen when the camera is fixed on a white SVU styled limo pulling up to the Porsche-Arena. Another camera shows the inside of the limo where Tom Morrow along with The Devil’s Circus members Jestal and Big Kahuna Ali’i sitting on either side of him holding up glasses of whiskey preparing to toast.

**Tom Morrow:**

Boys, it’s gonna be a big night! M4NTRA are gonna get here a little bit later! Titanes Familia are out of my hair for good! To new beginnings!

**Jestal:**

Cheers mates!

They clink their glasses together, but as they are about to drink, the limo slams on its brakes and causes everyone’s drinks to spill!

**Big Kahuna Ali’i:**

Hey! Driver, what the hell!

Tom Morrow is barely able to keep his drink in his hand still.

**Tom Morrow:**

Damn it! This is top shelf whiskey! This is worth more than your yearly salary, you bum!

He looks around and peeks outside the window. The limo is stopped at the entrance to the parking lot when Tom Morrow realizes where he is.

**Tom Morrow:**

Why’d you stop, you idiot?! The entrance to the arena is up ahead! Ali’i, roll down a window!

He rolls the window down and then peeks a head out. The camera shows the outside of the limo and standing in front of it ...

MAX LUCK!!!

**Max Luck:**

TOM MORROW!!! YOU’RE ABOUT ABOUT TO BE PAST TENSE! GET YOUR ASS OUT HERE!

Max is in jeans and a sleeveless hoodie and wields a crowbar. He swings and smashes the crowbar right into the windshield! The door opens to the back of the limo and both members of the Devil’s Circus come out to confront the lone member of the Lucky Sevens. Morrow peeks his head out of the SUV limo and yells at his enforcers.

**Tom Morrow:**

End that moron’s career, guys! He and his deadbeat brother are nothing without me! They aren’t Main Event Monsters any more! They’re yesterday’s news! They’re ...

That’s when he realizes something is amiss. He dips back into his limo ...

**Tom Morrow:**

OH MY GOD!!!

Morrow shrieks because the boot withdraws and is replaced by the peering eyes of the other Lucky Sevens member, Mason Luck with a sick grin on his face!

**Mason Luck:**

THAT'S FINE, TOMMY, CAUSE WE'RE THE MAIM EVENT MONSTERS NOW! WE'RE GONNA MAIM YOUR ASS AND IT'S GONNA BE AN EVENT EVERYONE WANTS TO SEE!

He reaches through the limo with a bare hand has Tom Morrow by the wrist! He almost pulls him through the empty hole where a window used to be before The Devil's Circus get back inside and pull Tom away from Mason's grip!

**Tom Morrow:**

DRIVE! DRIVE! GET THE HELL OUT OF HERE!!! NOW!!!

DEFSec arrive in the parking lot and put up a wall between the twins and Morrow's limo! The driver of the limo BACKS on up just as Max throws his crowbar against the side window of the limo and puts a massive crack in it! The limo backs up and then peels out of the complex just as Max shouts.

**Max Luck:**

GET THE HELL OUT OF MY WAY!

He shoves one of the DEFSec members to the ground and that brings out Wyatt Bronson.

**Wyatt Bronson:**

Get them out of here! Now! Get them out of the building! You don't put your hands on my security!

**Mason Luck:**

They put their hands on us first, dip-shit!

The ruckus continues and the footage ends. The camera goes to Darren Quimbey and Lance Warner in current time.

**DDK:**

As a result of Max Luck putting his hands on a member of DEFSec Mason and Max Luck were fined and then barred from the building by management for the remainder of today's show. I don't know what Tom Morrow was thinking even turning his back on the Lucky Sevens who have been BFTA clients from the beginning of the group.

**Lance:**

I think we'll finally get answers because during the footage, i just got word Tom Morrow will be addressing the situation later tonight when he comes out here with M4NTRA, his newest star clients in BFTA!

Edward White & Associates eyes collectively move to the entrance curtain. The EveryChamp doesn't even wait for his usual music cue, he walks out almost immediately, already laser focused on the ring. We all notice the huge bandage tapes onto the side of the EveryChamp's face, covering the reportedly NASTY burn from Ed's assault with the cigar at the conclusion of Dex's title defense at the PPV. With the FIST of DEFIANCE title belt clutched in his own fist Dex Joy

The Socialite's eyes narrow as the EveryChamp continues to pace the stage area. Jane Katze gestures to DEF's head of security and its beefiest referee up on the stage.

**Jane Katze:**

Gentlemen, as we discussed.

Wyatt Bronson and Brian Slater both approach Dex and explain the deal. Dex looks frustrated as they lay out how this will work but nods in agreement without much say in the matter, he at least trusts Brian and Wyatt. He's then escorted down to the ring flanked by the two largest of DEF officials. They accompany Dex through the legion of DEFsec drones and up into the ring where Ed and company await this inevitable confrontation

Ed sniffs and tries to no-sell his annoyance at this obviously somewhat expected interruption. Dex Joy holds a hand out and he's also handed a microphone.

It's good to be back with your bestie after so many months away.

**Lance:**

Oh my word...Vae Victis is *here*. And Lindsay Troy is *back*.

**DDK:**

The Queen of the Ring and former two-time FIST of DEFIANCE has been out of action since July when she suffered a rib injury in a title defense against Dex Joy.

**Lance:**

Vae Victis returning to full strength isn't good, Darren. For anyone.

The Besties make their way to the ring, and the Amarettos are NOT happy. They can be seen talking amongst themselves and yelling at Troy and Keyes.

Once the former FIST and SOHER enter the ring, the lights come up and their music cuts. Henry has his eyes locked squarely on Carlo and Gomez. Lindsay looks around at the Faithful with a smirk and a nod before turning her attention to the Magic Twins.

Needless to say, the Amarettos are enraged by this interruption.

**Carlo Amaretto:**

What is the meaning of this? You two are being SO, SO unprofessional right now!

**Gomez Amaretto:**

Yeah, do you have any idea who we are? The two of us are absolutely...

The twins draw in deep breaths.

**Carlo & Gomez Amaretto:**

AAAAMAAAAZZIIIII--

*Ka-PONCH.*

Henry clocks Carlo with a right cross! Then a knee to the mush! And Keyes BIEL THROWS CARLO OVER THE TOP ROPE TO THE OUTSIDE! Gomez looks on in shock until Lindsay Troy CLUBBERS the back of his head with a massive lariat, dropping him to the ground! Keyes and Troy stomp stereo mud holes into the fallen Gomez!

**Lance:**

This is completely uncalled for! We need help out here!

**DDK:**

I wonder if this means what I think it means...

**Lance:**

I'm getting word now, Wes Ingram and Antonio Prince are going to be OK, and it seems that the two Co-Consuls of Vae Victis blindsided them backstage. Can we get help out here? I'm serious! These two aren't supposed to be out here!

**DDK:**

It doesn't look like the cavalry's coming to stop Vae Victis, Lance...

*BOOOOOOOOOOO!*

Keyes rolls under the bottom rope to stalk the man he casually threw like a sack of potatoes out of the ring a few

moments ago. Troy has casually rolled across Gomez's left leg, gained control, and has a gnarly kneebar locked in. Gomez taps frantically, but there is no referee, because this is no match.

Unfortunately for Carlo, Keyes has closed the distance and in fact has the back of his head firmly in his grip. The Kraken pulls back on that hair, keeping Carlo writhing on his feet, as he screams in his face.

**Henry Keyes:**

I'M WAITING FOR THE PRESTIIIIIGE, BOYYYYYYYS!

With that, Keyes drops a sledgehammer of a forearm across Carlo's sternum, releasing his hair and dropping him to the ground in agony. In the ring, Gomez is still in kneebar hell. Troy finally releases the hold, only to grab the double underhooks. Gomez, hobbling on one good leg, can't put up enough of a fight, and soon he's PLANTED with a crushing Final Judgment.

*BOOOOOOOOOOOOOOO!*

There's a lot of garbage in the ring, guys. A problematic amount of garbage. Burger wrappers are sticking to the talent.

Keyes unceremoniously delivers two Coins to Carlo on the outside before turning his attention to the ring. He locks eyes with his Bestie. It's time for the grand finale.

Keyes rolls into the ring. He and Troy reach out their forearms to each other and engage in a hyper-elaborate series of moves, twists, bumps, and fives that is the Occasionally Patented Handshake For Besties. Keyes sees the dead and/or dying Gomez in the ring and gives him a few loving paws to the cheek to try to rouse him. It's useless.

Using his considerable strength, he hoists the dead weight of this magician upright and does his best to steady him on his feet. The Besties nod to each other.

**Lindsay Troy and Henry Keyes in unison:**

GET IN LOSER, WE'RE GOING HEADHUNTING!!

In a flash, Troy and Keyes strike in unison - Troy roundhouse kicking high, Keyes sweeping low...

*SMASHHHHHHHHHHH!*

**Lance:**

CAN SOMEONE PLEASE COME OUT HERE??

Vae Victis are so very pleased with themselves as Stranger Fruit blares throughout the arena speakers once again. We've lost the ability to measure the boos in a way that makes rational sense.

**Lance:**

If these two are saying what I think they're saying...this could be a real problem for DEFIANCE's long-lauded tag team division.

**DDK:**

How dare these two form a tag team NOW? Haven't these maniacs done enough damage to DEFIANCE over the last couple years??

Troy and Keyes are exceedingly pleased with themselves and bump fists. Troy whispers something in Keyes's ear which sets him off to point and scream at some random fan in the front row - she cracks up as his forehead vein bulges.

Fuck.

We cut to commercial.

**COMMERCIAL: DEFIANCE ROAD 2024**

## CHEER UP, BUTTERCUP

**DDK:**

I'm being told one of our camera crews picked up an interesting situation earlier today right here in this very ring before the fans were let into the building, Lance.

**Lance:**

When DEFIANCE rolls into an arena, once the ring is up it's impossible to keep wrestlers out of the thing. Like flies on day old cheese.

**DDK:**

Vivid analogy, partner. Lets go to the footage, shall we?

The footage starts with the camera obviously sitting on the edge of the ring apron. The view we have is a huge cup of Starbucks with the name "Chris" written on the side. The camera man's coffee isn't what's important however- the two men in frame smack dab in the background are. Gage Blackwood and Bronson Box, the Scottish duo affectionately dubbed "Boxwood" by the Faithful, are far enough away that we can't hear what they're saying but it's obvious they're in an intense discussion. One of the other cameramen makes mention of the discussion and without a word "Chris" moves his coffee, picks up his camera from the edge of the apron and slowly moves around the ring, closer to the two Scotsmen and their rather animated conversation.

**Bronson Box:**

- because I've F[censored] lost a step, boy'o! I'm not livin' up to my end of our bloody bargain, now am I? Am I embarrassin' myself, Gage? Ned F[censored] Reform? You scraped me off a barstool in Edinburgh by pure happenstance, lad, and convinced me I had some length of rope left for this work but what if yer' wrong? Aye? This? This sort of self doubt?! THIS AIN'T- blast it, this aint Bronson Box.

Box says the last bit quieter through intensely gritted teeth and an almost desperate look in his bloodshot brown eyes. Gage Blackwood is one tough customer, but you can tell there's genuine respect behind his eyes for the Original DEFIANT. Gage claps a hand on Boxer's shoulder.

**Gage Blackwood:**

That little prick lived his entire adult life makin' up degrees and fancy titles to make himself feel important. Made a baw juggler out of himself on a nightly basis. That's how everyone saw him. Until the day he crossed paths with Bronson Box- and that ruthless son of a bitch made little Neddy stand up and take his licks like a bloody MAN.

Gage smiles as he says the words. Box is still clearly frustrated at his situation, but he doesn't seem to disagree with the sentiment.

**Gage Blackwood:**

It's like I told ya months ago, yeah, pickin' ya' up off that blasted barstool and pointed, Oscar Burns is delusional. This is the company YOU defined, that YOU gave a soul. Bein' Bombastic is well and good, but you're the bedrock of DEFIANCE, as far as I'm concerned.

The Wargod closes his eyes and sighs-

**Bronson Box:**

This just ain't a position I'm used to bein' in, lad. Back on my heels and all, I can't-

A voice from behind them pulls both members of Team Boxwood's attention.

**Malak Garland:**

LOTS TO UNPACK HERE. LOTS TO UNPACK HERE, INDEED.

Malak Garland saunters down the ramp of the empty arena. He stops to smile and point as if he's "rehearsing" a vintage wrestling trope otherwise known as a simple interruption. Malak, smug as usual, is holding his Luchador mask

in one hand as he climbs into the ring. What follows is nearly comical as Gage and Box look truly astounded by the sheer impudence from the Snowflake Superstar.

**Malak Garland:**

Gents, now before you get your knickers in a twist, just know that I come in peace. Now, I just arrived at the arena and I was doing my traditional Nick Saban “winning” walk around the venue because, let’s face it, I’m an elite talent that has truly conquered the world of wrestling, when I heard this nonsensical commotion taking place down by the ring so I had to come out here and see it for my own lived experience because, let’s face it again, I am the head of the locker room committee.

Garland’s smirk goes nowhere. Seeing a riled Blackwood and a pissed off Box, Garland decides now is the perfect time and the best course of action to unpack his own selfish, very unsolicited, Googled advice on how to be a better wrestler.

**Malak Garland:**

Seeing that I have become an expert professional wrestler in various formats and styles, including but not limited to Lucha libre, haha–

Garland raises his mask before stowing it away.

**Malak Garland:**

I figure I should come out here and educate you two on what winning wrestling looks like. Box, I see you’re seething at the teeth right now. Probably still trying to come to grips with your critical loss to my dear friend, The Good Doctor. Kudos to him by the by but you know what, Bro-Box, typically good wrestlers can avoid feeling the way you do by winning matches, not losing them. Am I right? Maybe you just need to look through a different lens to gain clarity and perspective.

If Box’s lunchbox sized fists weren’t balled before, they sure are now. The Original DEFIANT’s mustache twitches as his lip curls into a snarl.

**Malak Garland:**

Listen, I’m proclaiming that I have finally realized my dream, fulfilled my spirit quest at ACTS and therefore, it’s time for me to give back to this industry. My Lucha persona will be stashed away for another time for now, when the situation is right, but I think I need to focus on “filling my bucket” and acquiring more “tools for my toolbox” for now.

Gage’s eyebrow twitches at the “catchy” slogans. We can almost hear Bronson’s been clenching-

**Malak Garland:**

So here comes your opportunity, boys. I’m here to announce that I’m opening my very own School for the Gifted. I’ll be the professor seeing as I’m the expert. Professor Expert. Professor Ex for short. I’ll be looking for trainees to mentor, tutor and develop and I’m so glad I’ve found my first two students who are entirely green and sorely in need of the help, right here!

Malak wastes no time by walking over to Box and Blackwood to slap a pair of TRAINEE badges across the pectoral section of their respective shirts.

**Malak Garland:**

TRAINEE NUMBER ONE AND TRAINEE NUMBER TWO! ENLISTED!

The sudden and completely unwanted physical contact by placing TRAINEE badges on his underlings ignites a rage within Boxwood that can almost not be contained. Garland acts like a magnet for Bronson’s aimless bloodlust, albeit oblivious as the Keyboard King over-confidently exits the ring. Gage peels the sticker off his shirt and wads it up in his fist. He looks over at his tag team partner-

... who’s smiling?

**Gage Blackwood:**

Ahh. Well- asked and answered. You wanted someone to take yer' frustrations out on- this one has had it comin' fer ages.

**Bronson Box:**

Aye. He'll do, boy'o- he'll f[censored] do-

The Original DEFIANT cracks his knuckles as Gage Blackwood hucks the balled up TRAINEE badge to ringside with a snarl.

**Ophelia Sykes:**

You're right. I'm so sorry. I forgot how important YOUR career is.

A beat. Pat might not ALWAYS be the brightest guy in the room, but he can tell by her tone that he is in danger.

**Ophelia Sykes:**

You have no idea what it's like to work your ass off and still be considered a joke. A person who gets spoken to the way I was spoken to tonight. Not you. Not pAt cAsSiDy. You could be out there literally pissing on yourself and it would just be hilarious, right? You can do whatever you want and everyone loves you. And me? I have the nerve to dress in a way that makes me feel good about myself, and I'm just a big [BLEEP]ng joke, right? Carrying around this belt?

**Pat Cassidy:**

Babe, I...

**Ophelia Sykes:**

Nah. Why don't you go out and celebrate your big win? You've earned it.

With that, she turns and storms off. Cassidy pauses for a minute before running his hands through his hair. He turns and screams out in anger as he kicks a nearby barrel.

**BZZZZZZZZZZZZZZZZZZZZ!**

Back to the live action shot. Both Cassidy and Ophelia look angry that the footage has seen the light of day. Cassidy turns to Christie with anger in his eyes.

**Pat Cassidy:**

What the [BLEEP] was that!?

**Christie Zane:**

I... I don't know. It wasn't on my runsheet. Maybe ask the truck...?

Cassidy snarls as he turns and marches off camera, leaving Christie and Ophelia. Sykes curls her lip as she steps closer to Zane threateningly.

**Ophelia Sykes:**

If you had something to do with this, you and I are having some words.

And then she goes before Christie can respond. Zane turns to the camera, clearly flustered.

**Christie Zane:**

I... let's cut somewhere else.

## FAVORED SAINTS: URIEL CORTEZ (C) vs. KLEIN

### DDK:

We've got ourselves a real HOSSFITE, as Angus liked to say coming up next with big stakes attached... namely, The Favoured Saints Championship! The new champion, Uriel Cortez, defends the title against Klein, who recently reunited with The Pop Culture Phenoms!

### Lance:

It was back at Acts of DEFIANCE when PCP defeated Flex Appeal for their record third Unified Tag Team Championship! Klein had enough of the cheating ways of Flex Kruger and Kyle Shields and reunited with his family! Tonight, Klein has a chance to bring home gold, but it's going to be a tall order.

### DDK:

It was back at UNCUT 148 when Uriel Cortez defeated Butcher Victorious in an open challenge to claim the coveted Favoured Saints Championship, just shy of Butcher's fourth and final defense needed to bank a shot at the Southern Heritage Championship. After successfully defending the title on UNCUT 149 against Eric Dane Jr in relatively quick fashion, he has three to go. Will Uriel Cortez successfully defend the title or will Klein bring home more gold to PCP?

Klein holds all five titles out to the German Faithful, just as the D emerges from the back.

### Scott Hunter:

I am of course speaking of... ANGELA MERKEL. I mean, raising taxes? What's up with that??? Who even does that? That would be like if I went to the local skating rink (that is a place where teenagers rollerskate to the hits of Madonna and Def Leppard and it is always 1985) and I just walked in and raised the prices for raisinettes from twenty five cents to twenty six cents. I'm sure I don't have to tell you how that would stick in a person's craw. What I am saying is,

Angela Merkel is a bad person, and also a terrible skater. But mostly what you need to know is that she is a terrible person.

Scott looks hurt, then confused, then vacant, and then he blinks and shakes himself out of his own reverie.

**Scott Hunter:**

I forgot what I was talking about. Oh wait I remember! Despite Angela Merkel putting her evil dried up little devil hands in everybody's business, including my own!... I was still able to defeat the Masked Violator number one. That guy was straight unadulterated poop! He was more like Masked Violator 'number two', if you ask me. Obviously he was not prepared for my death defying leap off of an elephant onto his child-like frame, which is yet another move that I have innovated! No one has ever jumped off of an elephant to crush a tiny little masked man in a wrestling match and you can look that up on Wikipedia.

Scott suddenly and strangely holds up a finger.

**Scott Hunter:**

And another thing you can look up on Wikipedia!!! I am now officially four and oh in DEFIANCE, and no one has ever done that in the history of this company. I continue to break records... then cassette tapes... and eventually CDs. I also do things no one else has ever done! I will soon be going for my unprecedented fifth straight win. This is a streak that is so amazing, so unlikely, so awe inspiring, so unmatched... that it basically makes Cal Ripken, Jr. and his streak look like a hobo playing a harmonica, which is how Blues Traveler first got together. But even though John Popper looks a lot like Bobby Dean, he is not a wrestler and will therefore also never be able to match my record. Whoever wants to try and end my undefeated record, I dare you to come out to the ring next week and prove me wrong or else I will be forced to do something drastic like spilling coffee on someone to get something started. That is a classic bad guy move, and although I have been known to tell a friendly joke now and again, I'M THE BAD GUY.... DUH. Now...

Scott clasps both hands together and puts them behind his back.

**Scott Hunter:**

Before I go, I want all of you lovely Geraniums to know that I am looking forward to seeing the rest of your wonderful country and I will do my absolute best to not be the stereotypical ugly American while I am here, and by that I mean that I am actually very handsome and only occasionally have a bad hair day. Either way, I know I will make this company and most importantly... myself... proud. Good evening to you all, and may I leave you with this traditional Geraniman greeting...

**Tom Morrow:**

Excellent question, Christie, excellent question. To be blunt ... Mason and Max Luck are two of the most destructive forces that I have ever managed. Yes they destroyed a lot of my enemies and I took great delight in that! Yes, they brought in a lot of money to me and Better Future Talent Agency. Yes they are one of the most talented tag teams I have ever had the pleasure of managing in my twenty years of doing this ... but they are two of the most demanding and dangerous men that I have ever met. There were many conversations behind closed doors where I had to keep them calm. I had to keep them under control I had to be at their beck and call. I did everything for them! When they got cheated out of their very first crack at the Unified Tag Team titles against the Comments Section, I helped them get to where they should be as this promotion's most efficient killers! When their tempers got them *fired* from DEFIANCE Wrestling, it was *me* who not only got them *rehired*, I made them wealthy! I made them *main event stars*! I made them Unified Tag Team champions twice over!

But then he turns to face Christie.

**Tom Morrow:**

But the *very* second that Mason Luck put his hands on me to make a match with M4NTRA possible ... Threatening *me* to make that match happen. Telling *me* what I needed to do for them. That's when I knew they had to go. They are brutes. They are powerful. They are strong ... but Mason and Max Luck had the gall to threaten me. The second that they questioned me and my career-altering advice was the day they spat on everything I did for them. Time and time again, I put my career, my name, my livelihood and my *life itself* on the line for them! But then Mason Luck ... he *tapped* to Bronson Box at Maximum DEFIANCE! I gave them chance after chance and they failed! Those ungrateful SOB's tried to put their hands on me! So I had their contracts with BFTA terminated and had them put back on standard DEFIANCE contracts! Good for them, but not for the money that they were getting with *me*!

He throws an arm around both Nathan and Declan.

**Tom Morrow:**

But these men ... these men, two of BRAZEN's finest athletic specimens are going to be the very backbone of this company for years to come! That is why M4NTRA is now my team! ## AN UNLIKELY RETURN

Back to the arena.

The ring has been done up. It's an all-too familiar setup for the DEFIANCE Faithful: the canvas has been covered by a light purple rug. There is a tall black bookshelf in the corner. A houseplant in another corner. A large oak desk with black office chair facing toward the entrance way. And a large psychiatrist-like couch in the very center of the ring.

It's the set up for Ned Reform's Office Hours segment, and the German Faithful are buzzing.

The lights in the arena take on a purple hue as The Good Doctor's theme begins to play. Reform milks the suspense for a moment and takes a few extra seconds before marching through the curtain. He's dressed in khaki slacks and purple polo. There is a small white bandage over his nose, but by the looks of him, he's not in any pain. In fact, the Sage on the Stage is all smiles as he cockily struts right up to the top of the ramp. He looks directly into the camera, his grin widening, and the camera man is close enough that the mic can pick up what he says...

Ned Reform's ACTS of DEFIANCE was a story of extreme ups and downs. He did. But later in the night, when he couldn't help but boast, he got knocked right on his rear end by of all people the returning Mikey Unlikely! Ned went from pinning a legend to being put in his place by the longest reigning FIST of DEFIANCE in history!

**DDK:**

Teri's expressive eyes open with optimism as she flutters around the stage, gesturing her hand wildly into the air, as if she is reaching to the heavens.

**Teri Melton:**

All I ask for in return is for you to love me as much as I love you all! For you to adore me as I do you all! For you to show me the same devotion that I do for you all! But there, in my time of pain, my suffering, MY PATHOS...

Teri pauses with her hand held high in the air, as she looks skywards. Then she slowly moves her hand down to her hip.

**Teri Melton:**

They... they turned the channel.

Her face meets the camera and her glare turns wicked.

**Teri Melton:**

Nearly one million households were watching DEFIANCE TELEVISION Episode 131 to start the evening of August the 23rd in the year of our lord 2023. But.. but as I found whatever strength I could muster in the depths of my yearning soul to fight not just for myself and my dignity, but selflessly for all of those at home... in the toughest battle of my lifetime, a lifetime of infinite battles... that... that number dwindled down to a mere... a mere 859,000 households...

Teri once again falls to her knees, her hands cupped as she beats them across her chest, openly bawling.

**Teri Melton:**

I... I thought you people loved me!! I thought you people... my public... adored me! I... I thought you people needed me! Well, I was wrong. I was DEAD wrong!

Teri's voice drips with malice as she coldly rises to her feet.

**Teri Melton:**

For you people...you never wanted me. You never loved me. You never cared about me... You only... you only wanted to say my catchphrase!

Teri stomps again on the floor so it echos as she swings her arm to emphasize the next words.

**Teri Melton:**

WELL, NO LONGER! Because the Teri Melton you thought you knew lays broken, shattered, a wounded dove, unable to fly as free as she once did because of your treatment of her! Because in my time of tumult... YOU CHOSE TO LEAVE... And now, the Teri Melton you once knew IS DEAD! SHE IS DEAD!

Her wicked glare frames directly into the camera continues as she again puts her hand into a fist.

**Teri Melton:**

BUT I AM ONCE AGAIN REBORN! AND FROM NOW ON YOU MUST ALL ADDRESS ME AS...

She eyes the spectrum of the earth and lets out a wide smile!

**Madame Melton:**

MADAME MELTON!

The now renamed Madame Melton stares down each and every single member of the fictional audience.

**Madame Melton:**

So whom have these people flocked to like the sheep they are to seek a hero? Whom have these people chosen as the one who inspires? The one they watched and celebrated and venerated that evening whilst I was crucified? The one who stole the mantle as America's Sweetheart, the one they indore instead of me... MEEE... MEEEEEE!!!!!!!

She holds her hand out and casts her eyes higher with each cry of me. Then, after a highly dramatic pause, Teri's now

vengeful eyes stare directly at the "audience" before her.

**Madame Melton:**

Is you, Dan Leo James... They chose you, Dan Leo James, over me...

Teri chuckles in shock and dismay that one could possibly reject her.

**Madame Melton;**

Well, Mr. Leo James... You will learn a cold, hard truth. These fans? These... fickle ... people who now chant your name, who now wave your flag, who now sing your praises? They will realize that I love them more than anyone else. And once they realize the futility of the one they left me for... once they see the one they left me for unable to stand, unable to love and unable to...

Melton laughs as she blows out a cloud of smoke as she jabs the cigarette holder at the camera.

**Madame Melton:**

See and breathe! They'll come crawling back. An eye for their eyes, Mister Leo James. But that's just a start. Next comes your dignity, just as they took from me!

Madame Melton stares out at the "audience" once again, taking a step upstage.

**Madame Melton:**

And My Gems... MADAME MELTON'S MOST PRECIOUS GEMS... will destroy you and your Familia in in ways that only I can imagine, as no one has suffered the burden of life more than yours truly -- THAN MADAME MELTON! And you... YOU AND THE ENTIRE WORLD... WILL ALL RUE THE DAY WHEN YOU BETRAYED ME! THE ONE WHO LOVES YOU THE MOST! And no one is safe because Madam Melton's Most Precious Gems are EVERYTHING EVERYWHERE ALL AT ONCE!! And every single last one of you will soon learn why....

Teri's eyes are now filled with utter madness. She starts to cackle.

**Madame Melton:**

MADAME MELTON!

And cackle.

**Madame Melton:**

IS READY!

And cackle.

**Madame Melton:**

FOR HER CLOSEUP!

Madame Melton continues her maniacal cackle, tilting her head up highly as she does, her hands pointing upwards to the sky as her laugh never ends.

The spotlight suddenly cuts off even as the wicked laughter remains.

**COMMERCIAL: BRAZEN**

## CHALLENGE TO THE END

Off the commercial break, the scene switches to outside the arena as a camera crew and Jamie Sawyers move towards a man who's standing at the back door entrance. The Faithful boo when the camera shows a clearer picture... of Tyler Fuse.

**Jamie Sawyers:**

Tyler, a moment?

Jamie asks, while Tyler doesn't reply at all. However, Fuse also doesn't say no, so the cameraman puts himself in the correct position and Jamie stands beside the wrestler.

**Jamie Sawyers:**

What are you doing here? You're always hanging outside entrances. It's... it's almost the end of the show. You know this, right?

Tyler robotically shifts his head towards Jamie and then back towards the camera. For now, it looks like he'll play along.

**Tyler Fuse:**

I was waiting for my "friends" to arrive.

Tyler lets out a sarcastic sigh.

**Tyler Fuse:**

But I was told they won't be in Germany until next week.

Sawyers nods along, although it looks like he doesn't understand.

**Jamie Sawyers:**

ACTS of DEFIANCE, you had everyone you wanted in that tag match. High Flyer IV, Flying Frenchie and the man you've had an ongoing blood feud with for a while now, Jack Harmen. Yet you tagged out immediately and never reentered the match. Dare I ask... why?

Fuse gives a very quick roll of the eyes.

**Tyler Fuse:**

I assessed the situation.

A long pause follows.

**Tyler Fuse:**

It wasn't the right time.

Fuse slowly creeps his eyes back over to Jamie. It's a most unwelcome look but before Sawyers can wrap it up, Fuse surprisingly continues.

**Tyler Fuse:**

I changed my mind. I'd rather stick to my original plan.

Another long pause.

**Tyler Fuse:**

One on one.

Fuse looks dead into the camera.

**Tyler Fuse:**

One at a time.

He gives his neck a crack.

**Tyler Fuse:**

We are in Germany, Jack. This is one of the very first locations of DEFIANCE and I think it's a great way to end your career. So here's what I was going to propose in person. But since you've kept me waiting... I'll go a different route.

Tyler raises three fingers.

**Tyler Fuse:**

One: next week, UNCUT 150, I want your son one-on-one. Submissions only. I will break his arm for the third time.

Tyler drops a finger.

**Tyler Fuse:**

Two: Flying Frenchie. You're as big of a legend as Jack is, and I'd like to finish you off as well. Once I'm done with the kid, I'll open the doors for your swan song.

Tyler drops a finger.

**Tyler Fuse:**

Three: Jack Harmen, DEFIANCE Road, anything goes. There will be a winner and this is where our story-

Tyler backtracks to correct himself.

**Tyler Fuse:**

Sorry, YOUR story... comes to an end.

Tyler glances over to Jamie.

**Tyler Fuse:**

There's your interview. Have a good one.

Fuse walks off as DEFtv heads inside for the main event.

Weak finish, there.

**DDK:**

Typical.

Vic slides into the ring and drops his microphone at Quimbey's feet like a complete asshole. As his music fades, the air in the room shifts as expectation mounts.

The hard camera sweeps the building, searching for the champion as the murmuring intensifies. Ultimately settling on a shot in the crowd opposite the entryway, a silhouette falls across a concourse arch before beginning to stomp down the concrete steps.

**Darren Quimbey:**

And his opponent! From Parts Untold, weighing in tonight at two-hundred and fifty-eight pounds!!

Like a traffic light offering a bold warning, the stark yellow of Alpha's facepaint is easy to follow down to the ring through the rush of Faithful. He leaps over the rail, pink strap in tow. Tossing the belt into the ring ahead of him, Alpha follows it in, ending in a primal squat center-ring.

**Darren Quimbey:**

He is the reigning and defending SOUTHERN HERITAGE CHAMPION!! Call him... **CORVO! ALLLLPHAAA!!!**

Bolting to his feet with the SoHER raised overhead to an ovation, Alpha's crazy eyes scan the crowd. A wild man in a strange land.

**DDK:**

These two are far from strangers! The last time they clashed, it was for a different title. Butch Vic would retain what was then his Favoured Saints Championship by disqualification when other members of Vae Victis interfered on his behalf. To say that there is bad blood and unfinished business between these two would be a gross understatement!

**Lance:**

Butcher would soon lose that Favoured Saints Championship to Uriel Cortez and, just a few weeks later, Corvo Alpha would capture the Southern Heritage Championship, ending the historic and oppressive reign of Henry Keyes at ACTS of DEFIANCE! I hesitate to mention that Butch Vic is one of the few competitors in this sport who holds a pinfall victory over Corvo Alpha, just because of how ludicrous it was!

**DDK:**

Yes, a pinfall victory that *again* involved Oscar Burns and Vae Victis intervention!

Carla Ferrari proudly hoists the Southern Heritage belt overhead to a torrent of flashbulbs as Alpha and Victorious edge closer together.

***DING DING***

Corvo and Vic eventually find themselves nose-to-nose. A smudge of the canary-yellow paint smudged across Alpha's face transfers to Vic's nose. He swipes it off angrily before swatting and **SMACKING** Corvo clean across the face with his other free hand.

In a flash, Alpha's arm daggers out, and he snatches Vic by the throat. Eyes-bulging, Vic's panic-stricken face says it all as Alpha applies pressure, muscles in his forearm and bicep tensing.

**DDK:**

You might say that "Butch Vic is in DEEP—"

Suddenly, Vic KICKS, nailing Corvo where it counts. Alpha crumbles to the mat as the fans groan. Referee Carla

Ferrari steps in to admonish Vic as he leans against the ropes, gasping for air.

**Lance:**

This match was almost over before it started but Butch Vic goes low and resets the board! We know what's at stake for Vic! It's more than JUST the Southern Heritage Championship! If he can't win tonight, Oscar Burns says Vic is OUT of Vae Victis and he's back to being a bag boy! He is going to do whatever needs to be done to win this match!

Alpha struggles back to his feet, urged on by the fans.

Vic collects himself and charges across the ring. Springboarding off of the middle rope, Vic turns mid-air and hits Alpha with a FLYING CROSSBODY! But Alpha CATCHES him!

**Lance:**

The resiliency & strength of our new Southern Heritage Champion on full display on the first leg of DEFIANCE's world tour!

Shifting Vic's weight to place him on his shoulder, Alpha SMASHES into the corner turnbuckle with Vic before turning and SLAMMING him in the middle of the ring! Alpha pushes an elbow across Vic's jaw on the mat as Carla slides into position!

*ONE!*

*TWO!!!*

Vic desperately shoots a shoulder up and Alpha plows forward, yanking Butch upright.

**DDK:**

Alpha with a modified GUTWRENCH SUPLEX that just PLANTS Vic!

Vic urgently rolls out of the ring and, again, Alpha is quick to follow.

**Lance:**

Butch Vic with the RAKE of Alpha's eyes! But Corvo is undeterred! DROP TOE-HOLD FACE FIRST INTO THE RING STEPS by Butcher Victorious! Alpha just got domed at ringside!

Scrambling back into the ring, Vic hauls himself to his feet using the ropes. Ordering Ferrari to speed through the mandatory ten count, she side-steps him, largely ignoring him. Before she reaches 3, Alpha is using the ring apron to find his footing and the bottom rope to pull himself back into the fight.

Just as Alpha rolls into the ring, at 5, Vic starts dropping in a brutal flurry of boots. Powering through it, Corvo bullies and pushes Vic stumbling backwards into a corner where Alpha starts laying in stiff knees and blistering elbows. One after another. Another combination after that.

Alpha steps back just as Vic charges forward and Corvo uses the momentum to HEAVE Vic overhead in a crude belly to belly suplex!

The moment Vic gets half-vertical, Alpha BLASTS him with a running boot that may or may not have adjusted Vic's dental veneers in his mouth.

**DDK:**

Butcher Victorious just got DECAPITATED and Corvo Alpha isn't done yet! He hauls Vic up, precariously perching him seated on that corner turnbuckle!

The crowd buzzes as Alpha charges across the ring to the far turnbuckle, turns to measure Vic, and then BLITZES back towards Vic and LEAPING with a FLYING FOREARM SMASH to Vic on the turnbuckle! Butch Vic tumbles

backwards OFF the turnbuckle and lands in a horrific heap on the ringside floor! Corvo nearly overshot, grabbing the top rope just in time to keep him from spilling out of the ring himself! Riding a wave of adrenaline, Alpha climbs to the top of the turnbuckle, maniacally surveys the screaming horde of fans before standing upright and SOMERSAULTING off the top rope onto Vic at ringside!

Both men lay in a broken mound on the ringside mat as Ferrari slips out of the ring to check on them both. The mob applauds the effort, the front row specifically barking encouragement to a stirring Southern Heritage Champion. Corvo pulls Vic up by his hair and tosses him in the ring, fast behind him.

Vic finds a knee and Alpha charges, hitting an impactful RUNNING BULLDOG, taking whatever wind was left sputtering out of his sails.

**DDK:**

Alpha is in full control! Just layering on the pain at this point! Stacking the hurt square onto Butcher Victorious! Being pulled back to his- WHOA!! ROLL-UP BY BUTCH VIC!!!

*ONE!!*

*TW-!!*

*KICKOUT!!!*

**Lance:**

Vic almost stole another one! How?!

**DDK:**

You've got to give the little weasel his due! He is in the spot he is in, in some part, due to his uncanny ability to survive the impossible, to live to suck another day! Butcher Victorious is persistent!

Vic is delirious and exhausted, up to a knee. Frothing and furious, Alpha storms back up and fires a SIDEKICK at Vic-

**Lance:**

NO! Vic moved Ferrari into the line of fire!

**DDK:**

Carla is down! She got grazed by that kick from Corvo Alpha!

Alpha stands over Ferrari, confused and surprised. He never notices the changing mood of the room as heads crane towards the entranceway and a bloom of frustration and disappointment takes root in the crowd.

*BOOOOOOOOOO!!!!!!*

**Lance:**

What the— OSCAR BURNS!!

Burns slides into the ring and quickly pauses to offer Vic a swat-of-encouragement. Just as Alpha turns to face his old foe, Burns charges and *CRACKS* Corvo with a JUMPING ENZIGURI!!!

*BOOOOOOOOOOOOOOOOOO!!!*

**DDK:**

the pink strap of the SoHER across his heaving chest. After a moment, he rolls out of the ring and throws a leg over the guardrail - pausing long enough to take in the cheering crowd, many of whom are clapping him on his sweaty back and shoulders.

**Lance:**

The values of Mil Vueltas couldn't let him stand idly by and watch Oscar Burns be HIMSELF in Stuttgart tonight and steal another win! And in the meantime... With this loss... Butcher Victorious is no longer an official member of Vae Victis?!?

**DDK:**

That's what I heard, too! Back to carrying water and bags for them!

The camera settles briefly on Butch Vic's fluttering eyes as he is slowly brought to by Carla and a handful of DEFmed. Meanwhile, Oscar sits up, then looks back with HATE in his eyes at the luchador, then shifts to stare at an unconscious Butcher!

**Lance:**

Did he ever stop?

Alpha raises the belt overhead one last time as he melts into the fans.

**Lance:**

Oscar Burns throwing his weight around comes back to haunt him and Mil keeps him from running interference... but more importantly, Corvo Alpha STILL your Southern Heritage Champion, meaning Butch Vic, is no longer part of Vae Vic... tis!

**DDK:**

What a show we've seen tonight and this is just the first part of our tour across Germany for the remainder of the year! For Lance Warner, I am "Downtown" Darren Keebler! We will see you next week... LIVE for our special 150th episode of UNCUT! Good night!

One final shot of Corvo Alpha proudly among the people, raising the Southern Heritage Championship high overhead!
