DDK:

Welcome everyone! The road to DEFCON 2024 continues as we step into NIGHT TWO of DEFtv 201! 100 plus episodes since the intended closure of DEFIANCE, Lance.

Lance:

Factor in the demand for multiple nights for the past several years, Darren ... and we are looking at something more like 180, if I had to guess!

DDK:

Grand closing ... Grand re-opening ... and with STAYING POWER! DEFIANCE lives on and once again, folks ... we are back to bring you another night full of action as we move toward DEFCON 2024!

Lance:

Indeed, we have some fantastic tag team action lined up tonight as The French Connection take on Rain City Ronin! Newcomer to DEFIANCE, Coach Billingsley goes head to head with "The Cat's Pajamas" Ernie Wisdom -

DDK:

That Cat's ... what?

Lance:

That's enough of the run down anyhow, Darren! Let's get on with the show and get to some hot TAG TEAM ACTION!

THE LUCKY SEVENS vs. THE AMAZING AMARETTOS

DDK:

What a shocking return it was for the Lucky Sevens on DEFtv 200! They not only turned the tides for Rain City Ronin by helping Leo Burnett defeat DEC4L, but in the process helped them earn a rematch of their choosing against M4NTRA: by grouping them together in an eight man tag team match at DEFCON! Lucky Sevens will team with RCR against M4NTRA, Alvaro de Vargas and Tom Morrow!

Lance:

And as a warm-up match, the Lucky Sevens wished to pick a fight with any tag team that wished to step up and they got the Amazing Amarettos!

DDK:

I wonder what the Amarettos are even thinking! They had a good showing against the Hollywood Bruvs, but the Lucky Sevens are monsters first and foremost even with the side of the fans!

The voices of the Luck brothers can be heard.

Carlo is snatched up by his collar and tries to get away from Mason Luck. The tag is made to Max Luck and DEFIANCE's Twin Terrors go to work. Carlo is shot into the ropes and the brothers hit a double shoulder block. Carlo goes down and Max stands over him. He charges and he hits the Box Cars elbow drop! Max looks like he is genuinely having a great time in the ring right now after being gone for two months.

DDK:

There is the Box Cars elbow drop! Max Luck's knee has been fully healed from that attack by the Devil's Circus and Alvaro de Vargas several months ago!

Gomez Amaretto and Suzie have to watch Carlo get picked apart by Max. A knee doubles him over and a big throw puts him back in the corner. Mason Luck gets a tag and holds his hands out. He licks his hand and Max holds Carlo so he can't get away ...

He goes to his corner and tries to duck in between the ropes when Mason grabs his arm and tries to pull him out. Carlo then grabs hold of the referee and that

gives Gomez the chance to pull out a retractable magic wand that strikes Mason in the eye when the official cannot see it!

Lance:

Hey! What was that! That wasn't magic, that was cheap!

DDK:

It was cheap magic, Lance!

Carlo has finally tagged to his twin brother. Gomez steps in with Mason still blind in one eye. Gomez goes for the other while Carlo has the official's attention and puts a thumb to his other eye! Mason swings blindly quite literally and Gomez manages to move out of his way long enough for Carlo to reach over. Gomez wants the official to now pick a card from his deck and right behind him Carlo is climbing the rope to choke Mason with the tag rope!

DDK:

And if he's blind, it's gonna be harder for Mason to fight back! He can't hit what he can't see.

Makayla Namaste:

Allow me to cleanse the bad auras you've allowed to fester in this ring with a trick you can learn from my best-selling novel "The Fitness Protection Program" on sale now at bookstores everywhere.

While M4NTRA keep the official occupied, the Ronin keep their heads in the game by bringing the listless Raiden back to his feet and begin setting him onto the top rope. Meanwhile, Alexander goes unnoticed as he miraculously rises from his wheelchair and runs around to the other side of the ring. Book in hand, he approaches Madame Melton.

He even looks touched!

Butcher heads to the ring and for the first time in his career, he's slapping hands that are actually happy to be high-fived! He does as many as he can to the cheers of the Portland Faithful! He slaps the apron, then the mohawk-sporting Texan climbs into the ring. He shakes hands with Jamie Sawyers and then has a seat... but not before reaching into his back pocket.

Butcher Victorious: [with the crowd joining in]

BUTCH VIC... HAS THE STICK!

He smiles brightly when he hears them repeat what has been his catchphrase for a few years now.

Butcher Victorious:

And I'm ready to speak on all the things, Jamie. Let's go!

A massive ovation erupts from those in attendance as Jamie continues.

Jamie Sawyers:

I will most certainly do that. Butcher... for you, DEFtv 200 will go down as one of the most talked-about moments in two nights that were full of them. Obviously, you went into these trials with Vae Victis with the goal in mind of regaining the full-time membership that you had with the group. You managed to hang in there with the likes of some of DEFIANCE's top stars, not to mention the rising star that is Scott Hunter. You tried... but obviously things turned out different. Where has your head been at in the last two weeks?

Rubbing a hand through his beard -- and despite more cheers from The Faithful -- the air around Butcher feels dour.

Butcher Victorious:

Honestly, Jamie? You really want to know how I feel? I said it on social media... but the biggest idiot in the got-damn world, that's how I feel.

He turns to the audience.

Butcher Victorious:

I done heard all the cheers, Jamie. Them people love me cause I finally knocked Oscar Burns flat on his elitist ass! I see all them signs out there in support of what I did. "Butch Vic don't boot lick." "Butch Vic's gonna kick the s out of Vae Vic." "Butch Vic won't quit... unless you're a dick." But... I been thinking there's a part of me that don't deserve any of this praise. All I am is a man that had enough of drinking Vae Victis' Kool-Aid... hell, they forced me to MAKE all that damn Kool-Aid! All they let me make was pink flavored!

Emotionally, he presses on.

Butcher Victorious:

I spent two years under his learning tree learning how to improve my game in this ring. I got my first-ever singles title, the Favoured Saints Title. I was a nominee for Breakout DEFIANT of the Year last year... hell, I WON a DEFy Award last year! I achieved success that I ain't never had before that... but I did a LOT of things to help Oscar out and helped screw over a hell of a lot of people along the way for someone that only wanted to use me as a human shield. It took me two years, Jamie. Two damn years to finally wake up and see what I'd been doing all along. I made enemies in that locker room and if they decide they wanna come whoop my ass for anything I did, they'd be well within their right.

Jamie Sawyers:

You may indeed have to live with those consequences... but you seem ready to accept them. I think I can say that these people cheered you because they saw maturity within you. You did what was right eventually and stood up for yourself.

Butcher starts to talk, but another ovation cuts him off. He looks equally moved by what's happening... but the hint of regret hasn't gone away.

Jamie Sawyers:

After all that, we heard the exclusive on DEFonDemand that you have challenged Oscar Burns to a match at DEFCON... as of now, that challenge has yet to be answered, but what are your thoughts right now on all this going on?

He turns in his chair to face the entrance ramp.

Butcher Victorious:

After everything I had to take last week... watching Burns put my naive ass through the wringer, only to give the spot I wanted to a stranger like Dan Leo James... being laughed at by the rest of the group, there was only so much I can take. I was all fueled up on pissitivity, Jamie. The highest levels! And two weeks later, that feeling ain't gone away. These people... whatever they see in me... I'm gonna dedicate the rest of my career to returning the love and support y'all showed me... and I'm gonna start by shutting up the biggest mouth of them all!

Filled with fire, Butcher not only sits up from his chair, but he kicks it over! He leans over the front ropes and speaks directly towards the locker room!

Butcher Victorious:

OSCAR! I WANT AN ANSWER AND I WANT AN ANSWER **NOW!** YOU SAY I AIN'T WORTH NOTHING, BUT THE TRUTH WAS **YOU** NEEDED **ME!** YOU HAVE USED ME TO STAY AFLOAT FOR THE LAST TWO YEARS AND YOU WON'T BE USING ME ONE MORE DAMN SECOND!

Butcher paces around the ring.

Butcher Victorious:

THAT'S WHY ON BEHALF OF ALL THESE PEOPLE! ALL THESE "FAITHFUL" THAT YOU CLAIM ARE YOURS... I WILL FIGHT YOU AT DEFCON AND I SWEAR... FOR EVERY HUMILIATING THING YOU MADE ME DO AND FOR EVERY PERSON YOU HAD ME RUIN TO HELP YOU... I WILL **SHUT! YOU! UP!**

The music stops when Sonny Silver waves a hand for it to stop. Clad in a black polo with the VV logo and dress pants of his own, the surly spokesman eyes the ring.

Outside of the arena, night has befallen the city of New Orleans. The air is crisp, and the wind blows slightly as we see a napkin make it's way across the black pavement. Overhead street lamps illuminate the vast parking lot like a pattern of lightning bugs, lighting up a field at night. Buzzing from the lights can be heard, but it's hard to tell if that's the electricity or the throngs of bugs that are drawn to the light over and over again.

Occasionally the roar of the crowd inside the arena can be heard faintly. The parking lot is filled to the brim with vehicles, the yellow light bouncing off their metallic bodies. All of the Faithful sit inside. While two of their favorites linger outdoors.

The camera moves to the left and we see a steel barrel sitting on top of a handful of bricks, elevating it slightly off the ground. The barrel has seen much better days. Once a vestige used to store food, liquid, or chemicals, it's now found a second life as a heat source in the cold cold night. Fire flickers from the top of the barrel as the red and orange light bounces off a nearby vehicle. Occasional crackling comes from the barrel. Footsteps can be heard, more than a single person obvs. They get closer, and finally onto the screen come...

The Hollywood Bruvs.

Mikey Unlikely dressed in black slacks, and a black sleeveless shirt that sports his latest "Mikey Money" logo on it. His dark brown boots are not typical of Mikey's usual business attire. He has a backpack slung over one shoulder. He moves to the barrel and sets the backpack on the ground before unzipping it.

JFK, his hair wet, slicked back and drying in the warmth of the fire on the other hand sports his rather dashing new and improved Hollywood Bruvs t-shirt and dark jeans and boots combo.

The pair look at one another but the usual happy go lucky comradery isn't there tonight. There's no Gluefist™, no strippees, no, not even a frappe in sight. Tonight the Bruvs seem serious. Mikey looks into the camera.

Mikey Unlikely:

You know, we've been around DEFIANCE for a long time. Almost a decade now. When we got here, we brought the flash and flair that DEF had been missing all along. They said;

"You'll never last in DEFIANCE, it's brutal over there."

"This place is for real wrestlers."

"DEF isn't show business, it's wrestling first."

"The Bruvs would never last. They'd get killed"

We brought the Sports Entertainment to the table, and made it a staple of the DEFIANCE card. We laughed, we danced, and we fought our way into each and everyone of the FAITHFULs hearts. We paved the road in 24 karat gold for guys like Malak Garland... We paved the way for The Pop Culture Phenoms... Before Brock Newbludd was in Hollywood, we were. We're the reason that people like JJ Dixon are even allowed to be here. We changed the game. We changed DEFIANCE.

Kendrix:

Respect for this industry, respect for this company, and the respect of every man and woman who laces up their boots, and puts their body on the line for this amazing sport.

Malak Garland:

Sure, it's not like I'm fully committed to anyone or anything.

Garland nods like he's got a million other things on his mind. The lights in the arena go dark.

♪ "Tap In" by Saweetie ♪

When they come back on, Malak and Jocelyne are standing atop the ramp at the bass drop of the theme song. The hot Portland crowd voices their displeasure at the sight of the champions. Alas, much to Malak's enjoyment, he notices his opponent is already in the ring waiting for him.

Darren Quimbey:

Faithful, this match is an invite only, closed challenge for the PAPER CHAMPIONSHIP and "FIST" of DEFIANCE! Introducing the champion, being accompanied to the ring by Jocelyne Ingrid Blythe, he is fighting down from the clouds, he is the Snowflake Superstar, he is MALAK GARLAND!

Malak marches proudly to the ring, like an untouchable false god.

Darren Quimbey:

His opponent, already in the ring, is TA Horrigan!

Horrigan preps himself for the match to come as Malak disrobes the belts from his shoulders and climbs into the ring. Mark Shields, of course, is there to get things officially underway.

Lance:

So Malak gets to face TA Horrigan in this "invite" only match and if that wasn't enough, Horrigan gets the "jobber" entrance. Such disrespect even for one of Ned Reform's men.

DDK:

What's more conspicuous to me is the fact that Malak first fought TA Cole and now he's facing another one of Ned Reform's assistants here tonight. Something smells fishy.

DING DING

Malak and Horrigan circle each other before locking horns. Garland is quick to shove his opponent down. The Source of Envy gets into Mark Shields' ear.

Malak Garland:

My challenger knows this is for BOTH the Paper title and the FIST, right?

Mark nods along eagerly as Jocelyne watches with intent from ringside.

Malak Garland:

Okay, good. Just making sure because I am a double champion at the moment.

Garland puts the boots to Horrigan who eventually fights to his feet. Malak throws the challenger off the ropes and lands a thunderous side slam!

Lance:

Cover!

ONE!

NO!

Horrigan kicks out so Malak comes right back with an armbar.

DDK:

TA Horrigan lifting Malak into the air!

He lands a modified sky high slam, breaking Malak's armbar hold!

Lance:

I'm sure Ned Reform would LOVE it if the second time's the charm for one of his beloved TAs to bring home some gold.

Horrigan stays on offense as he delivers a delectable belly splash to Malak!

ONE!

TWO!

KICKOUT!

Malak manages to kick out with authority. The two men find their way to the corner where Horrigan delivers a crackling knife edge chop! Malak returns the favor! On the instep, Malak uses his hips and is able to deliver a rolling belly-to-belly to Horrigan!

DDK:

Seeing Horrigan has a bigger frame, Malak was able to throw his opponent more horizontally than anything else!

Lance:

Still lots of velocity behind that move!

Garland is quick to put on an ankle lock and watch Horrigan squirm. The champ shouts at the underpaid TA.

Malak Garland:

TAP OUT! THIS IS JUST A GLIMPSE OF WHAT I'M GOING TO DO TO dExY bAbY!

Horrigan turns and has a chance to kick Malak in the face but he oddly doesn't. Instead, Malak turns the tables and gets the ankle lock right again.

Lance:

Horrigan might be in a bad way here!

The teaching assistant with a GPA better than you finally gets to the ropes. Mark contemplates counting.

Mark Shields:

So sorry, Malak, but I'm going to have to ask you to break the hold.

Garland and Shields banter back and forth for what seems like an eternity, the whole while with Horrigan still feeling the pain from the ankle lock and an evident lack of a five count in place. The fans begin to beg for the hold to be broken and Mark FINALLY clues in to start counting after a while.

Lance:

Malak finally releases the hold!

Horrigan clutches his leg as Malak zones in on the attack. He drops a couple elbows and a few knees on the targeted limb and then showboats to the crowd.

Malak Garland:

Do you see how smart I am? I can target specific areas. Picture TA Horrigan's ankle as Dex Joy's **NECK** bAbY!

Like a man crazed, Malak headbutts the boot covered ankle of TA Horrigan. Eventually, Malak claws at the shoelaces of the boot before removing it entirely.

Malak Garland:

I'm going to end his career but like, you know what I mean!

Garland wraps around into a figure four leglock! Horrigan is too close to the ropes though so he's able to grab them.

Malak Garland:

Mark! DON'T YOU DARE FORCE ME TO BREAK THIS HOLD RIGHT NOW! I AM ON A ROLL!

Shields looks on as he's feeling the pressure from the fans!

DDK:

This is ridiculous! Mark Shields should be doing his job right now instead of comforting TA Horrigan in his pain!

Lance:

One has to wonder, especially Dex Joy, is this what awaits him at DEFCON!? Mark Shields is the prescribed referee for the main event. Is this how he's going to act? Completely in favor of Malak and there's nothing anyone can do about it!?

Horrigan gazes at Malak through gritted teeth.

Mark Shields:

Okay, I am going to start counting now before you really hurt him!

Malak Garland:

Horrigan! Let go of the ropes! Come on! Make me look good! I am a double champion after all!

TA Horrigan looks at the ropes his white knuckles are clenching and then back to Malak who looks like he has no intention of letting the move go. Garland does a good enough job of keeping the legs locked in and trying to pull both men back towards the middle of the ring.

DDK:

What's going to happen!?

When push finally comes to shove, TA Horrigan **let's go** of the ropes. Everyone is left in shock and awe. Malak turns it on and pulls them to the middle of the ring.

Malak Garland:

NOW I'M GOING TO MAKE YOU TAP, TAP, TAP OUT DEX JOY! TAP OUTTTTTT!

Lance:

Has Malak Garland **gone mad!**?

Jocelyne Ingrid Blythe is loving what she's seeing. She smirks like the evil underling she is as Horrigan reaches for his intertwined legs. Suddenly, Horrigan finds his boot within arms reach. He grabs it and thinks about swinging its heavy sole towards Malak's head but the champion sees it coming and decides now is the time to break the hold.

Lance:

Resourceful move by TA Horrigan there!

With Malak on his feet and taking stock of a hobbled TA Horrigan, the Keyboard King can take a breath of relaxation. He feels supremely confident in his chances now.

Malak Garland:

TA Horrigan! You fought valiantly, I'll give you that! Your keeper should be proud, however, it is time to "go home" so, give me the boot. Go on, hand it to me.

Garland's hands are outstretched, expecting Horrigan to just comply. The fans erupt, assuming Horrigan knows the best choice for him is to NOT give the deranged Malak Garland his boot. Mark Shields is unintentionally overselling the moment, because he's an idiot, as his eyes are nearly bulging out of its sockets.

Malak Garland:

Do it. Give me the boot so I can swat you.

Horrigan hesitates.

Malak Garland:

You know it's *worth* it.

Then hands the boot to Malak who wastes no time with smacking Horrigan over the skull with the hard edged heel of it!

BOOOOOOOOOOOOO!

The fans are left paralyzed and pissed as they watch Malak pin TA Horrigan.

Lance:

Why would he GIVE Malak his boot!?

ONE!

TWO!

Malak pulls Horrigan's shoulder up. That gets some extra heat. Malak wags his finger to the crowd, indicating that's not the finish his architectural mind had initially envisioned. Malak goes back to the figure four one last time. TA Horrigan is sluggish at best with his motions as Malak froths at the mouth, berating Mark Shields to call for the bell and his subsequent tap out victory.

DDK:

This is sick. Malak Garland is nuts. Everything is set up to cater to him. It's truly his world and we're just living in it.

Mark turns and calls for the bell without really checking for a tap out.

DING DING DING

Darren Quimbey:

Here is your winner and still both PAPER Champion and FIST of DEFIANCE, MALAK GARLAND!

The Armchair Mouthpiece dismounts TA Horrigan and grabs his belts. Just as quick as he entered with Jocelyne Ingrid Blythe, he looks to depart with a purpose.

DDK:

Well call it whatever you want but Malak "wins" his invite only, closed challenge, matching Dex Joy yet again. I gotta say though, Lance, this feels like such a farce. I mean, he's parading around with the belt. He faced both TA's in both matches. His opponent's seemed to have numerous openings and for whatever reasons, they failed to capitalize on them! Something is definitely going on.

Lance:

Not to mention Mark Shields is an absolute snake.

Malak and Jocelyne are met by Cyrus, Teresa and Siobhan at the top of the ramp as they all embrace in a warmth hug. TA Horrigan rolls out of the ring, clutching his ankle.

PAYMENT

Suddenly a large shriek breaks out in the crowd as everyone spots DEX JOY rumbling out on stage. Like a freight train with a purpose, he SHATTERS Cyrus Bates in the back, sending the rest of The Comments Section RUNNING!

Malak moves so fast that yes, he even drops his titles at the top of the ramp.

DDK:

IT'S DEX JOY!

Being sandwiched between Jocelyne and Siobhan, Malak watches from a safe enough distance as The Biggest Boy simply looks DOWN. The crowd ERUPTS as they see the Paper title and FIST at Dex Joy's feet. Malak begins to weep, imagining what Dex is about to do. The moment becomes too much for him so they bolt down one of the side openings until they're out of sight. Dex Joy does nothing but stand there. The crowd is losing their minds.

Lance:

The champion has returned to RECLAIM what's his! But what's even more interesting is the fact that Malak left his hollow paper belt there in surprise!

Joy reaches down and grabs the Paper title first. He holds it up. The fans boo but not at Joy, they're booing at what the belt represents. Chants of 'CUT IT UP' ring throughout the Portland Faithful.

DDK:

Remember exactly what Dex Joy said on the defcom last week ... he promised that he was going to reclaim his title! And he made a promise about what he would do if he got his hands on Malak's coveted Paper Title!

Joy hesitates no longer ...

HE RIPS THE PAPER TITLE TO SHREDS!!!

DDK:

THE PAPER TITLE IS NO MORE! DEX JOY IS THE SHREDDER!

Lance:

Over a thousand days as Malak's pretentious reign just got torn into a thousand pieces!!!

Portland has lost it! He's not done though. Joy looks down once more and in one fell swoop, he hikes up his beloved FIST of DEFIANCE back over the rightful shoulder where it belongs! Suddenly, footage of Malak, Siobhan and Jocelyne hightailing it out of the arena appears on the tron. Dex Joy exits the stage and he heads back up the ramp to go right after Malak and company as the full feed goes backstage.

Malak Garland:

Come on! We gotta get out of here! I need my beauty rest if Mark and I are going to beat Dex Joy at-!

As if some movie magic happens, Dex Joy cuts off the trio and he looks like he's in a mood to put some people deep into the ground.

Malak Garland:

Dex! Hey! dExY bAbY! Good to see you! Hey look, you got your belt back! That is like so amazing. Such a good unpack for you. It's a much better looking tool in your toolbox for sure! You know what? Keep it. I won't need it. Not right now, anyways. Well, look at the time. I best be moseying. Later, gator!

Garland tries to step past Joy but is blocked.

Dex Joy:

Oh no, pally ... I'm gonna beat your ass right here and right now and then I'll tear your crybaby ass into as many pieces

as I just did your belt!

Dex shoves the FIST HARD into Malak's face but only for a brief moment. Suddenly, Cyrus Bates attacks Joy from behind with a chair! Joy slams the concrete concourse hard and Garland flips a switch from naked and afraid to strong and confident.

DDK:

No! The Comments Section! He won't have them to do his dirty work at DEFCON so Malak is making sure they do it now!

Malak is the bastion of confidence.

Malak Garland:

Hey dExY bAbY, keep your belt. For now. I'll take it real soon because your days are numbered.

The team of Teresa Ames, Cyrus Bates, Siobhan Cassidy and Jocelyne Ingrid Blythe all begin getting their shots in!

Malak Garland:

Oh yeah, ha ha. Almost forgot. It's not quite DEFCON yet so I'm cashing in all my cheap shots right now!

Bates disengages to take an envelope from Malak.

Malak Garland:

Take this to Ned Reform and tell him, "thanks for everything." And when you're done with that, we're going to the local arts and crafts superstore. Daddy has a belt that needs refurbishing!

Bates takes off ... but as Siobhan swings for another slap, Dex is finally back up!

Lance:

Dex is back up! He's back up and he wants Malak Garland!

Malak Garland sees Dex pushing back Siobhan Cassidy and Teresa Ames when he realizes he needs to go! The rest of the Comments Section flee as Dex limps upright, but looks ready to hurt somebody!

Dex Joy:

DEFCON, MALAK!!! WE'RE GONNA SETTLE THIS ONCE AND FOR ALL, YOU CHICKEN SHIT!!!

The DEFIANCE chyron flashes as Dex charges into the night to go after the man that will try to take the championship at DEFCON!

THIS.

IS.

DEFIANCE.
