## **OSCAR BURNS vs. BUTCHER VICTORIOUS**

**DDK:**

DEFCON is LIVE! And right now, we kick things off with a match that is almost two years in the making! DEFIANCE Himself... Oscar Burns! Two-time FIST of DEFIANCE, one-time Favoured Saints Champion... takes on the very man he mentored, used and abused for the past two years... Butcher Victorious!

**Lance:**

It was August of 2022 that Butcher Victorious became Oscar's protege by helping him win a fatal-four way to earn a shot at the FIST of DEFIANCE. Since then, Butcher took so many bullets, so much punishment, all in the name of appeasing Oscar, who he looked up to like an idol. For months, he wanted into Vae Victis, but it was no easy task.

**DDK:**

Butcher would eventually get his wish a year later in August 2023... pulling off a major upset in a fatal four-way for the Favoured Saints Championship, Butcher followed in Oscar's footsteps as a champion and was promoted to full-time member... that would only last a short time. Butcher was on the verge of making a fourth defense against Uriel Cortez, only to be stopped by the giant! After the fact, Butcher would lose his full-time status!

**Lance:**

From there, Butcher did EVERYTHING asked of him. He helped Oscar defeat Mil Vueltras at DEFIANCE Road. He underwent a series of matches against other members of Vae Victis with the carrot dangling in front of him that he'd be welcomed back into the group if he proved himself... but Oscar completely backtracked and welcomed Dan Leo James instead! It was then on DEFtv 200 that we heard The Headbutt Heard Round The World! Butcher pleaded, but when those pleas fell on deaf ears, he LASHED OUT and attacked Oscar, declaring he was done being used!

**DDK:**

And that leads us to right now.... Butcher challenged Oscar to a singles match to settle the score, which was accepted on his behalf by Sonny Silver. In return, Butcher was suddenly thrust into a match on DEFtv 201 against Dan Leo James, only for Burns to cost him the win and then deliver a nasty Hard Out Headbutt of his own.

**Lance:**

But despite the losses... Butcher seems more motivated than ever to finally be taken seriously as his own man. Tonight, the man nicknamed Butch Vic looks to do the unthinkable and pull off one of the biggest upsets in DEFCON history. He has displayed improved technical skill and heart despite coming up short in his past matches with Vae Victis, but tonight, he's going to need everything if he wants to overcome one of the best to lace them up.

**DDK:**

With all that having been said... let's take it to Darren Quimbey in the ring for our opening contest of DEFCON 2024: Night Two!

**DDK:**

OSCAR MOVES... NO! NO! BUTCHER COUNTERS THE UPPERCUT! HEADLOCK TAKEOVER!

With the quickness, Butcher slides over and then adjusts ANOTHER headlock... INTO THE BULLDOG CHOKE! Butcher leans up in a bridging position while Oscar has his head cranked back now! Burnsie's eyes grow wide as he scratches and claws at the mat doing everything he can to try and break free!

**DDK:**

Screaming at the top of his lungs now, Butch Vic has the hold clinched in tightly and continues to ring the neck of Oscar, doing his best to gain the submission! Not a fan is seated as he continues to hold the neck!

**Lance:**

OSCAR NEVER THOUGHT HE'D BE IN THIS POSITION TONIGHT, BUT HE IS!

DEFIANCE Himself tries to alleviate the pressure by cranking a knee back, then leaning upwards to get Butcher to loosen his grip! Oscar continues to fight and squirm, then finally gets to a knee! Oscar holds the back of his neck in pain while Butcher runs both hands over his face, looking like he's not quite sure what to do next. He looks up at the turnbuckle near him and then nods. He stands up slowly and then puts the boots to Oscar! After several boots, he starts to head to the corner and then starts to make the slow climb up to the top turnbuckle.

**Lance:**

Seething and red-faced, Oscar Burns is holding his own head in pain but stands over Butcher now.

**Lance:**

I don't think Oscar Burns counted on this much resistance from Butcher. We've heard all the talk, Keebs. We've heard Butcher say this was his one chance and that he was not going to quit, but Oscar IS going to hurt him!

The camera goes over to Butcher and the headbutt appears to have opened a wound in his forehead, causing blood to start dripping!

Oscar stands over Butcher now and drags his boot across the face of his former protege and gets massive jeers. Oscar looks out, then pulls Butcher up... only for Butch Vic to slump over. He's not moving. Benny Doyle goes to check

on Butcher Victorious to see if the gutsy underdog can continue the match.

**Lance:**

Doyle might have to make a call and end this one right now. Butcher is down and bleeding. Oscar is standing on his own two feet and this might be done.

Butcher is still slumped over on the canvas while Doyle is asking if he wants to stop.

**Benny Doyle:**

**DDK:**

He's gotta stop this! Come on, Doyle, stop it!

DEFIANCE's head referee doesn't get a chance to even inspect Butcher because Oscar picks up Butcher a second time before planting him again with a second exploder suplex!

He's turning this into a massacre! He's gotta stop!

Once again, Burns hobbles back to his feet and now he's standing over Butcher. Butcher STILL tries to move and hangs on to Oscar's trunks, forcing Oscar to pull away and then hook him again! A THIRD exploder suplex plants Butcher on the mat!

**DDK:**

This is done. This one is done. Burns could keep this up and it looks like Butcher has nothing left to give!

**Lance:**

He tried his best! He kept Oscar on his toes using offense to try and get under his skin and make mistakes, but he went too far and now Burns is out to punish him.

Oscar laughs once again and points down at Butcher. Knowing that now is the time to wrap things up, he pulls Butcher up by his mohawk. Face bleeding, he looks up at Oscar and EATS a big slap!

*BOOOOOOOOOOOOO!*

Smirking as evilly as he can, he pulls Butcher up again. He starts to set him up for the Head-Drop-O-Matic, the wrist-clutch exploder variant...

The 90s indie anthem, with the soothing vocals of Laetitia Staller, starts as the crowd boos. The DEFiatron shows French imagery -- the tri-colored flag, the Eiffel Tower, Jacques Chirac, Audrey Tautou in Amelie, croissants, Versaille, etc.

The French Connection, with Madame Melton, appear from the back. Melton, shaking off the events of the night before, still looks resplendent in her Silver Vixen hair and attire (albeit with French flag dangling earrings). Raiden is to her right, mullet/“Cause of Concussions” tank top, leg-length French-flag themed trunks with the words “French Connection” written in white cursive on the rear. “The New Flying Frenchman ” Jean-Pierre Reeves flanks The Iron Lady on the other side, wearing his beret and sparkling French flag themed gaudy jacket (with red tails) and trunks matching his partners.

## OLD TIMES

In just moments, the Twin Terrors of DEFIANCE will have their shot at revenge against the manager that betrayed them.

Those twins are walking through the halls and get a big reception from the DEFIANCE Wrestling Faithful - something that nobody would have ever guessed one year ago.

Mason and Max are wearing what has become their respective trademark look of green and red plaid suits and sunglasses.

**Max Luck:**

How do I look?

**Mason Luck:**

Like you're ready to go to Tom Morrow's funeral.

Mason tugs at his suit.

**Mason Luck:**

**Max Luck:**

Like you're ready for the wake after the funeral.

**Mason Luck:**

Good. Let's get that cocky little prick. This ends tonight. Plan B ready in case of a runner?

**Max Luck:**

All good.

Mason and Max bump their arms together and they walk towards the path to the entrance to the arena. They keep walking ...

Then something gets their attention.

Two men they are not only familiar with - but two men they main evented DEFCON with last year for the Unified Tag Team titles!

The Saturday Night Specials!

There is a cheer of recognition from the Faithful as the two teams - long, storied, and often violent rivals - come face to face. Pat Cassidy and Brock Newbludd are dressed for their match later, and the two pairs of teams come face to face. All four men look guarded if not outright angry. Finally, it's clear someone has to break the tension...

**Pat Cassidy:**

'Sup, dickbags.

The Sevens ready themselves for a response - maybe a violent one?

**Max Luck:**

Brock. Pat. Weird seeing you guys standing upright around us.

Cassidy throws up his hands.

**Pat Cassidy:**

**Brock Newbludd:**

**Max Luck:**

**Brock Newbludd:**

Mason nods along with that.

**Mason Luck:**

Yeah, probably.

**Pat Cassidy:**

I dunno... I've been in a lot of brawls, and even when there's bad blood, it's hard not to gain just a little bit of respect for a good scrap. And you're going to get yawh hands on Morrow, who literally nobody respects, so I guess what we want to say is...

Cassidy and Newbludd extend their hands.

**Brock Newbludd:**

Good luck. Get in a few shots for us. And fellas...take your time with Morrow. For how long that shitbag has been makin' everyone's lives miserable around here he should suffer a little before he's put down.

Brock gives Mason a somewhat friendly slap on the shoulder.

**Brock Newbludd:**

Make it fuckin' show. It's DEFCON, boys.

Mason and Max take a long look at two men they have batted tooth and nail for three years and changed the game for tag team wrestling in DEFIANCE.

They extend hands back to a big pop that can even be heard where they're at!

**Mason Luck:**

Trust us ... there ain't gonna be anything alleged about what we do to Tom Morrow tonight. You're looking at Public Enemy Number One ... and his twin, 1A.

**Max Luck:**

Yeah. Whoop some Vae Victis ass while you're at it. They don't get to come into our division saying they're the best team ever when they ain't been putting in the work like us. Also ...

Max looks around.

**Max Luck:**

If you need someone to take care of that stupid Cup in a big blaze of glory ... We know people.

The Saturday Night Specials nod and then walk away. The twins walk past their old rivals in order to square up with their current ones!

## THE LUCKY SEVENS & RAIN CITY RONIN vs. BETTER FUTURE TALENT AGENCY

### DDK:

Revenge has been on the mind of the Lucky Sevens for the past six months. Since the fateful night of October 4th, 2023 when Tom Morrow betrayed the Lucky Sevens in favor of M4NTRA as his top tag team, the Sevens have been driven by revenge.

### Lance:

And while that was going on, M4NTRA made enemies of the Rain City Ronin by cheating them out of the victory at DEFIANCE Road. That same night, the Lucky Sevens defeated Morrow's hitmen, the Devil's Circus but Alvaro de Vargas returned. He threw a fireball in the face of Mason Luck while the Circus attacked Max's knee.

### DDK:

And tonight all the actions committed by M4NTRA, ADV and Tom Morrow against both the Sevens and Rain City Ronin might come home to roost if they have their way. It was Leo Burnett who overcame a one-sided match against DEC4L to earn any type of match they wanted against M4NTRA in a DEF Road rematch; shockingly, they chose an eight-man tag team match with the Sevens as their partners against M4NTRA, ADV and Tom Morrow!

The Beast of the Bright Lights has been grounded by the likes of M4NTRA. Declan tags Nathan again and they fight with Max to get the big monster to his feet. He tries to fight them off with fists, but Alvaro de Vargas gets in a cheap shot! Declan and Nathan both take the official's attention. And that allows Tom Morrow to get the retractable baton out for a second time and then strikes at Max's leg a second time!

**Lance:**

Another shot with that baton! And Morrow ditches it again! If this match didn't start the way it did, the referee would have checked Morrow!

**DDK:**

You can feel this momentum change now! The Sevens and Rain City Ronin had control, but now BFTA have the four-on-one advantage over Max Luck!

Nathan grabs the leg of Max and ties it up into the ropes. Alvaro tags himself in as Nathan is doing the work and then throws a big boot into the tied-up knee! The heaviest hitter in BFTA's vast arsenal attacks Max's leg and pulls it against the rope. Max is trying to fight him off but Alvaro retaliates with many shots to the exposed knee. Another big knee knocks the wind right out of his chest. Once Alvaro has winded him, he runs back to taunt Mason Luck.

**Alvaro de Vargas:**

You can't save your brother, pendejo!

Alvaro hits a running lariat into the corner at Max Luck and he has knocked the wind out of Max Luck. A second running lariat in the corner stuns Max Luck. When he falls to his knees in the corner, he hits a big rising knee strike that collides with the jaw of Max!

**DDK:**

That's the Abajo Vas knee strike! Alvaro de Vargas has made many people feel that knee strike!

Max is on the canvas face down when Alvaro turns him over but he stops when he sees that Tom Morrow wants a tag.

**Lance:**

Oh now he wants in! How brave Tom is!

Alvaro doesn't look like he wants to tag in that moment, but when Tom demands it, he gets it. He tells Alvaro to hold him and then he does as Tom goes up top. He jumps off the top rope with lots of air but very little grace and he hits a top rope splash on top of Max Luck! Mason Luck screams from his corner and he wants in with both Zack Daymon and Leo Burnett grabbing his arm and trying to keep him from going in the ring.

**DDK:**

Morrow just hit a top rope splash on Max! No way will the Sevens live this down if Morrow's team wins!

Morrow counts and lays on top of Max!

One ...

No!!!

Max kicks out!

**DDK:**

What an embarrassing loss that might have been for the Sevens and Ronin! Max kicks out!

Tom Morrow stands up and he gets into the referee's face. He tells him that he had a three-count, plain and simple. He jabs points into his chest. M4NTRA join in and they all start to scream at the ref.

**Nathan Eye:**

Tommy! Behind you!

**DEC4L:**

Look out fam!

Morrow turns around and gets locked into the Winning Hand by Max Luck! A huge reaction bursts out from the DEFIANCE Wrestling Faithful! Morrow is screaming with his head being crushed by the giant palm of the Beast of the Bright Lights ... but then Makalay Namaste grabs hold of Max's foot. Max turns around and throws Tom away. He reaches through the ropes and tries the Winning Hand ... but DEC4L has tagged in and he picks the knee of Max Luck! That gets lots of booing from the Faithful!

**DDK:**

That could have ended so, so badly for Makayla Namaste! Declan has been smitten with Makayla and just came to her rescue ... he follows with the Red Line kick! He gets another cover!

One ...

Two ...

Leo Burnett comes to the save for his team and jumps Declan!

**DDK:**

That was a close one! That was so close!

**Lance:**

I think they realize they have a window to end this! Nathan wants the tag!

DEC4L tags Nathan and the two get ready to end things here once and for all on DEFIANCE's biggest stage! The hungry tag team wait on Max Luck for him to get to his feet. Nathan then gets Max on his shoulders!

**DDK:**

This aided fireman carry cutter ... they call this the M4NTRA Code! It's how they defeated the Lucky Sevens when Tom Morrow turned on them!

But Max begins to fight! He slips behind Nathan Eye and pushes him into Declan, making the partners collide! Max's knee gives him trouble and he falls to his other knee in pain.

**Lance:**

Max Luck has a chance to make a tag! Mason is ready! The Ronin are ready!

Max makes the tag to Leo Burnett and the place comes unglued for the arrival of Rain City Ronin!

**DDK:**

Here comes Burnett! Of all people in this match, the Iceman is on fire!

Leo Burnett climbs through those ropes and hears the people come to life when he flies at Nathan Eye and takes him down with a running shoulder block. Declan gets up and he tries to cut off Burnett, but he moves past him and comes back off the ropes with a running shoulder block.

**Lance:**

He's running through M4NTRA like Exlax!

**DDK:**

And here comes Nathan Eye!

Eye tries kicking off Burnett's head with a big boot, but Leo moves. Eye comes back off the ropes into a spine buster! He doesn't get to do the tag due to Declan sneaking up on him with a cheap shot against the back! Declan spins him around and throws chops against Leo. Declan tries a Play of the Game ...

**DDK:**

Play of the Game ... no! Leo pushes him away. He comes back and hits a big tilt-a-whirl backbreaker to get rid of Declan!

**Lance:**

Nathan is the legal man! Tag made to Zack Daymon! They've got Nathan!

The Rain City Ronin come together ...

Leo Burnett's double chickenwing face buster combined with Zack Daymon's Sick Burn, Bro! Daymon pushes Nathan Eye over and the fans count for the cover!

But at the last second, Alvaro de Vargas comes in and breaks up the cover with a stomp!

**DDK:**

That was crazy! The Faithful can't believe it!

**Lance:**

But here comes Mason Luck!

Leo Burnett goes after Alvaro with a kick and then tries to german suplex Alvaro, but ADV drops him with a Scorcher Kick!

**Lance:**

There's a Scorcher Kick ... but Mason Luck tags in!

He tags Zack Daymon, then The Maim Event Monster steps inside and the two monsters start trading punches back and forth getting the DEFIANCE Wrestling Faithful on their feet!

**DDK:**

I feel bad for the official having to try and get any sort of order right now! He's lost all control!

Alvaro scores a headbutt on Mason Luck and then tries to hit his famed Ardiendo pile driver. He tries to lift the seven foot Mason up first but he gets picked up and dropped with a back body drop first! Alvaro is picked up and then locked in the Winning Hand! He holds onto the Winning Hand then charges forward to push Alvaro over the ropes and get rid of him in the ring!

**Lance:**

Mason ditches Alvaro!

**DDK:**

But Declan tags in! Declan tags in!

Declan steals the tag from his partner and Makalya hands him the book! He charges in with the referee distracted by Tom Morrow on the outside and hits him in the back with the book!

**Lance:**

No! Mason gets struck with Nathan Eye's metal-plated book! Play of the Game!

**DDK:**

DECLAN BRINGS DOWN MASON LUCK WITH THE BOOK AND PLAY OF THE GAME! THAT'S HOW THEY DEFEATED THE LUCKY SEVENS!

Declan has a chance to make the cover, but Tom Morrow wants the tag. Declan looks unsure of himself but when Tom reassures him, he makes the tag!

**DDK:**

TOM MORROW WANTS THE GLORY! HE WANTS TO PIN ONE OF THE LUCKY SEVENS AT DEFCON AFTER THE REST OF BFTA HAVE DONE ALL THE WORK!

Morrow swings with the baton towards Leo Burnett, but Burnett blocks it and twists Morrow's arm making him drop the baton and throws him to the mat! ## EDWARD WHITE vs. PUNCH DRUNK PURCELL

### DDK:

It's been a heck of a night so far! We're just about halfway through Night Two of DEFCON and we've got the age-old story in professional wrestling: the rich man versus the blue collar man. The first man to hold the FIST of DEFIANCE, "The Socialite" Edward White, takes on the BRAZEN rookie that's been making waves, Punch Drunk Purcell!

### Lance:

This all started on DEFtv 198. Ed White had come up short in his bid to become the FIST of DEFIANCE and declared an open challenge, riffing on the Era of Everyone Open Challenges laid out by Dex Joy. Unexpectedly, out came BRAZEN's then-Onslaught Champion Punch Drunk Purcell... and to the shock of the world, it was Purcell who PINNED White after White tried to buy him off as an enforcer!

### DDK:

Since then, things have gotten personal between the two. It sticks in White's craw that he got embarrassed and pinned by the BRAZEN rookie! He set up an Onslaught Title match on 200, only for Purcell to get jumped in a three-on-one assault. Purcell would retaliate on DEFtv 201 by driving a bulldozer into some of Ed White's property on the future golf course that used to be the playground Dex donated money to!

### Lance:

And it doesn't stop there, believe it or not! Just days ago at a live BRAZEN event at DEFCONCON, the new BRAZEN Champion... and newest member of Ed White & Associates, Felton Bigsby... would cost Purcell his title to "The Problem Solver" Adrian Brody. After all this, I'd expect that unlike the Burns/Victorious match that kicked off the show, we won't be seeing any headlocks!

### DDK:

I bet not! And now that you know the story, we take the action to the ring with Darren Quimbey for the next match!

The camera goes to ringside with Darren Quimbey dressed in his Night Two best!

### Lance:

He's knocked out some of DEFIANCE's biggest mouths and he'll look for one mor... HEY! SERIOUSLY?! Already?

Before Purcell can even reach halfway down the ramp he's CLOBBERED from behind by Ed White's enforcers the big seven foot former mob enforcer Nicky Corozzo and the current holder of the BRAZEN Star Cup and as of last Saturday the brand new BRAZEN Champion "Houston Strong" Felton Bigsby. The two enormous men are through the curtain and on Punchy before he even registers their presence. A neck popping lariat to the back of the head from Bigsby sends Purcell rolling down the rest of the rampway.

BOOOOOOOOOOO!

**Lance:**

Oh come on!

**DDK:**

The bell hasn't even rung yet, for Pete's sake!

As a very satisfied looking Bigsby and Corozzo stalk after Punchy the crowd pops as three mystery men in BRAZEN branded athletic gear leap over the rampway barricades and intercept Nicky and Felton before they can lay any more hands on their boy.

RAAAAAAAAAAAAAH!

**Lance:**

Purcell brought some backup, Darren!

Punch Drunk Purcell's BRAZEN running buddies "Mellow Yellow" George Othello, Antonio Prince and Punchy's usual sparring partner Wild Logan Barry collectively peel the two brutalizers off from their attack on PDP. The three young men more than hold their own, they slowly but surely push the two Ed White aligned villains back up the ramp... all five men vanishing behind the curtain!

Purcell struggles to his feet and staggers towards the ring. He looks over his shoulder slightly with a little coy smile, tapping the side of his head as he rolls under the bottom rope. Stopping to kneel at the ropes and catch his breath.

**DDK:**

Punchy just outsmarted Ed's Associates right out of the gate!

Seemingly ready to go, Punch Drunk gets to his feet and slaps the nearest available turnbuckle pad and roars towards ramp-side "LETS GO" to a huge raucous reaction from the gathered Faithful.

Edward takes his time down the ramp, waving and flashing his toothy plastered on smile to the hordes of angry DEFIANCE fans lining the guardrails. As this continues Jane having sufficiently softened Purcell up drops down and locks on her contrived Golden Gate Guillotine submission maneuver around Punchy's neck. Finally at ringside, Ed scales the ringsteps... stopping for a little light stretching against the ringpost.

**Lance:**

Is he for real with this?!

Purcell struggles in vain against Jane's ripped, toned thighs and their vice-like grip.

Referee Rex Knox to his credit is trying his best, but what is DEF's littlest referee to do? He waves his arms and chastizes Katze at the top of his little lungs but he might as well be the size of a flea the mind the submission siren is giving him. Edward FINALLY steps through the ropes only to commence with a little shadowboxing.

**Lance:**

This is absurd!

**DDK:**

Typical Edward White. He knows throwing out an advertised match on pay per view is bad form, so he's taking advantage of the situation referee Knox is in. Enforce the rule of law... or disappoint thousands of paying members of the Faithful.

Ed finally nods confidently to Jane and she immediately releases the hold and rolls to ringside where she pops back on her high heels and takes her usual position in Edward's corner. Purcell crawls breathlessly towards the ropes only to be met with several sharp boots from Edward White.

Ref Knox sees this as good a time as any and points over towards ringside.

**DING DING!**

**Lance:**

It seems ridiculous to say this match is "just starting" but here we are...

The first stretch of action, spoilers, is all Edward White. The Socialite continues the assault Jane started on Punchy's head with more sharp heels across the side of the gourd. Purcell crawls desperately up the ropes as Ed switches to forearms and straight punches... and still Punchy powers through, until he's standing once again. Frustrated at Purcell's resilience Ed doinks the former boxer in the eyes with two fingers causing Punchy immediate discomfort.

**Lance:**

What is this a Three Stooges movie?

As PDP staggers back against the ropes Jane reaches in and grabs a boot tripping Punchy slightly and he falls forward directly into...

**DDK:**

Laissez-faire Headbutt from Edward White!

The audible clonk of the two men's heads colliding is cringeworthy. Purcell surprisingly seems less affected by the maneuver than Ed himself.

**Lance:**

Is Punchy Samoan?

**DDK:**

Nope, he just has a boxer's noggin, partner!

The Socialite takes a few steps back holding his head, shocked that his opponent is still standing. Now with both men on relatively equal footing for the first time tonight, they start trading blows. In a fair fight it becomes clear to anyone watching Punch Drunk Purcell would get the better of the much older Ed White nine times out of ten... but sadly, this isn't a fair fight.

Jane Katze hops on the apron, immediately getting the attention of referee Knox. This distraction allows Ed to reach in his pocket and produce a handful of white powder that he tosses directly into the face of his opponent.

BOOOOOOOOOO!

**Edward White:**

YOU THINK I GIVE ONE SINGLE DAMN WHAT YOU PEOPLE THINK?

Ed gives the Faithful the ol' double bird before turning his attention back to Purcell who is desperately trying to clear his blurred vision, his face still covered in white powder. As Jane hops down off the apron, referee Knox turns and immediately admonishes Ed. The look plastered on the littlest DEFIANCE ref's face speaks volumes about how frustrated he is with Ed White and Associates already in this matchup.

**DDK:**

Ed White in complete control now after that underhanded tactic!

**Lance:**

Like the man says, by any funds necessary... and I don't figure a handful of baby powder is much of an expense. At least I hope it's baby powder.

Ed kicks Purcell around and works him over with a little ground and pound once he has him back on the mat. Purcell shows just how deep his well is as he takes everything Ed throws at him, never once showing any signs of giving up, never once retreating. After each and every vicious assault from the former FIST of DEFIANCE, Punchy gets back up... or at least tries to.

**Lance:**

Come on Punchy!

One particularly notable rally during this stretch comes when a still very near blinded Punch Drunk Purcell gets Ed cornered against the turnbuckle and assaults The Socialite with a series of lightning quick hooks, jabs and bodyshots that leave Ed White reeling. Purcell tries desperately to capitalize on the opening.

RAAAAAAAAAAAAAAH!

The positive energy is short-lived.

**BOOOOOOOOOO!**

Jane Katze again makes her presence felt as he's back up on the apron yet again arguing with referee Knox. On the backstep, trying to escape any further physical abuse Ed backs right up into the back of ref Knox... still not seeing quite clearly Punchy rears back and lets loose a wild right hook.

Ed ducks out of the way... ref Knox miraculously ducks too... but Jane? Jane does not.

RAAAAAAAAAAAAAAH!

The pop as Punch Drunk Purcell's fist makes unintentional direct contact with the chin of Jane Katze is absolutely deafening. The submission siren collapses down onto the apron and then down to ringside where she lays clearly more than a little dazed.

**Lance:**

Hot damn!

Edward White's eyes go wide as he watches his girl Friday go down for the count. Purcell has been handed a bottle of water by some kind ringside stagehand in the interim, dumping its contents in his face clearing away any remnants of Ed's power spot from earlier. Punch looks at Ed with violent intent, cracking his knuckles... White tries to beg off but to no avail as he's assaulted by a wall of flesh with the punching power of an avalanche.

**DDK:**

Purcell just won't relent, partner!

**Lance:**

What toughness! He knows this is the biggest opportunity he's ever had in wrestling, he's not going to fumble the ball, Darren! Not here, not at DEFCON!

Punch Drunk levels Ed with a Bald Bull headbutt bringing the multi-millionaire to a knee.

**Lance:**

Little receipt from earlier!

**DDK:**

And far more effective! Bet Ed's ears are ringing after that one!

As Edward wobbly gets to his feet he's met with a brutal charging clothesline... showing a level of resilience we weren't sure he had anymore, Ed immediately wobbles again to his feet only to be met with ANOTHER charging clothesline. And yet again a near comatose Ed White gets back to his feet. Punchy switches things up and just LAUNCHES himself towards Ed...

**DDK:**

KING HIPPO! Punchy with the wild running body attack!

The Socialite flies backward, falling through the ropes to ringside.

**Lance:**

Here we go, Darren! Punchy's on a ro... OH FOR THE LOVE OF PETE!

**BOOOOOOOOOO!**

From out of the crowd directly behind Edward emerges a slightly bloodied and bruised Nicky Corozzo and Felton Bigsby. The Judge bleeding from a gash on the side of his head, Houston Strong with a trickle of blood from his nose. Neither look at all pleased.

**DDK:**

This spells disaster for poor Punchy! Lets, yes indeed, lets cut backstage to...

We get a shaky camera shot as the backstage crew approaches the three broken bloodied bodies of "Mellow Yellow" George Othello, Antonio Prince and PDP's sparring partner Wild Logan Barry. All three looking worse for ware... Logan Barry especially, having been clearly HUCKED through the nearby window of one of the arena's offices!

**Lance:**

Good lord, someone get those poor boys some medical attention, STAT!

We cut back to the action out in the arena. Nicky has rushed to Jane's side as she's just started to clear the cobwebs from Punchy's unintentional right hook to her perfect jawline. Edward slides back into the ring and grabs referee Knox by the collar and goes about yammering about anything and everything. Pointing down at "poor Jane" screaming about the "injustice of it all"... at the same time Ed goes about this pantomime of outrage the new BRAZEN Champion Felton Bigsby slides into the ring and WAFFLES Punch Drunk Purcell with a lariat...

**Felton Bigsby:**

TOUGH LUCK ABOUT YO' ONSLAUGHT TITLE, BITCH!

As Felton laughs and leans back in the nearest available corner, Punchy roars at the insult and charges the BRAZEN Champ getting caught by a lightning quick, back shattering One-Armed Side Slam from Bigsby.

**DDK:**

A trademark move of Bronson Box, partner! He was trained by the Wargod during the onset of Bigsby's career, that training... and bad attitude... clearly shining through here!

Punchy is quick back to his feet, the two huge beefy men clash in the center of the ring and begin trading heavy overhand shots. Ref Knox finally loosed from Ed's grasp on his shirt collar in the corner turns and immediately gets in the middle of the two men and into the face of Felton Bigsby, ordering him to vacate the ring.

**Lance:**

I get not wanting to throw out a match people paid money for, but JEEZUM CROW! This level of interference is ridiculous, Keeps!

**DDK:**

I have to agree with you partner, if this was say Mark Shields officiating this match I'd call shenanigans...

**Lance:**

You don't think Rex Knox is on the take, do you?

**DDK:**

I sure hope not, one Mark Shields is more than enough... but with Edward's financial resources and connections within the front office? Anything is possible, partner.

**Lance:**

Especially in DEFIANCE during DEFCON weekend! The stakes are just so high!

With Knox and Purcell both focused for the moment on getting Felton to vacate the ring both miss Edward slinking up behind Punchy... as the former boxer turns around he's greeted with one of Edward White's signature "maneuvers" one Darren Keebler just loves calling.

**DDK:**

COCKPUNCH FROM ED WHITE! Damnit!

Purcell goes cross eyed from the pain and drops to his knees as his poor, tender groin is assaulted for the second time tonight by Edward White & Associates.

**Lance:**

HOW IS THAT MOVE LEGAL?!

Edward quickly hoists his opponent back to his feet, tucks the head, grabs Punchy by the back of the trunks and PLANTS HIM.

On one side of the ring we see Felton Bigsby... on the other, finally on her feet, we see Jane Katze side by side with her tag team partner and long time friend and protector Nicky Corozzo. All three of Edward's Associates have the ring effectively surrounded. Clearly bolstered by the situation, Edward turns to Purcell as the boxer is getting to his knees and waylays him with some wild forearms for good measure.

**Edward White:**

NO PAY WINDOW FOR YOU TONIGHT, SON! NO SIR! THAT GOT-DAMN PAY WINDOW? IT BELONGS TO ME, YOU FAT IDIOT! YOU HEAR ME YOU CURTAIN JERKIN' FOOL? HUH?!

More forearms and boots from White...

Punchy absorbs each and every one as though he was being clobbered by an eight year old... inch by inch Purcell rises to his full height. Not once do Punchy's wild, wide eyes leave his adversary. Edward White is at a loss as nothing he's dishing out seems to have any effect on the former BRAZEN Onslaught champion.

One has to wonder what's next for Purcell, but for now, we've got to turn our attention towards the remaining matches of the night, including one of the biggest of our entire weekend... Tyler Fuse vs. Conor Fuse to determine the next ACE of DEFIANCE!

## 100% COMPLETION

We go backstage to the DEFCON interview backdrop where Jamie Sawyers stands beside Tyler Fuse. Tyler is to Jamie's right wearing plain black trunks, black boots and black wristbands. His hair is a little longer than normal and it is slicked back, while his beard has grown substantially since four weeks ago.

### **Jamie Sawyers:**

Tyler, in just a few moments, for the first time ever, one of the most anticipated matches will take place on this very show. Tyler Fuse vs. Conor Fuse, brother vs. brother, for the ACE of DEFIANCE. Do you have any final thoughts?

Tyler leans forward as the typically stoic elder Fuse looks like he's going to speak.

Until Conor walks into the picture. The Faithful cheer as he stops on the opposite side of Jamie. Wearing his usual lime green attire, this specific DEFCON outfit is glossy. Glossy lime green tights with a white line running down the left side of his leg. Lime green sneakers, a shooting sleeve across his left arm and his trademark lime green "C" bandana.

Conor has a wide smile across his face. It's clear the energy inside of him is bouncing around and ready to blow. He adverts Jamie's attention and speaks into the mic.

### **Conor Fuse:**

That's right! One-on-one for the first, and maybe last?, time ever!

Conor looks his brother up and down.

### **Conor Fuse:**

Bro. It's been a ride. From our first DEFCON match... being on the fWo developmental roster right before it closed... from our battles with Gulf Coast Connection, The ToyBox and Stevens Dynasty [Conor gives a grossed out shiver at that last name]... Comments Section and Malak Garland specifically... then off we go in our own directions, our own campaigns. Finally coming to a climax, as we both fight tooth and nail to see who can reach the top of the mount-

Tyler places his hand over the microphone and steers Jamie's hand back towards himself.

### **Tyler Fuse:**

Nice pep talk, you're quite the little hype machine.

Conor nods and says a "thank you", perhaps not catching the subtle tone suggesting Tyler's not going to end with something good to say.

### **Tyler Fuse:**

You have been successful, so very successful. I'm also talking about DEFIANCE beyond. Three time High Octane World Champion. I'll let their current ticket sales speak for themselves but when you were an active member of the roster it was a competitive organization.

This time it's Tyler who looks his sibling over from head to toe.

### **Tyler Fuse:**

My brother, the annoying loudmouth gaming manchild, was a three time WORLD Champion. And in DEFIANCE, you've held your own, too. Defeated the legendary Deacon in your first significant singles match. That high strung, never-shut-the-hell-up, reply-to-your-own-discord-post attitude shot you up the... !ranks.

Tyler grins.

### **Tyler Fuse:**

He stops.

Shakes his head.

**Tyler Fuse:**

[Hey, wha' happened?](#)

Tyler pats Conor on the chest.

**Tyler Fuse:**

Titles don't make wrestlers, so don't think I'm coming full blown shallow at you. But when the next step **is** on the line, you've come up a little short each and every time.

Tyler stops, as if inadvertently asking Conor to correct him if he's wrong. Conor doesn't.

**Tyler Fuse:**

Will you get there? Yeah, you will. You're too good to be kept down for so long. I have no doubt that one day you will become the FIST of DEFIANCE.

Conor raises his eyebrows as if to say "thanks man"!

**Tyler Fuse:**

But here's the kicker. It ain't going to happen right now.

Those same eyebrows drop in a hurry.

**Tyler Fuse:**

Now? Well, bro, for the past couple of years I've been wandering around in the no man zone. A David Fox here, a Kabal there [his own shiver at the thought]... then I found Jack Harmen. I **murdered** Jack Harmen. Do you see your hero on television anymore? I ended his career. I ended Flying Frenchie's career.

Tyler reveals he's been holding onto the bloody beret. He places it on his head with an evil grin and wink.

**Tyler Fuse:**

So now I will end my long winded speech.

Tyler stares directly into Conor's eyes.

**Tyler Fuse:**

After Conor Fuse's four solid years of fandom, capturing everyone's attention and becoming the NEXT BIG THING... I wonder what's going to happen when "the forgotten brother", the one from way down the card... deep within the pits of The Kabal...

**Tyler Fuse:**

Tyler walks off.

**Tyler Fuse:** *[off-camera]*

Think about it, bro. Oh, and goodluck tonight.

Conor stands with his hands on his hips, staring directly at the spot where his brother made the initial remarks.

The Power-Up King slowly looks over to Jamie Sawyers. At first, Conor seems sad... maybe even a little angry.

But then he smiles and lightheartedly tussles Jamie's hair.

**Conor Fuse:**

Maybe my brother can go fuck himself.

Conor winks at Jamie and walks off.

Believe it or not, this is not the first time both brothers are competing for the ACE of DEFIANCE in the same match. May 25, 2022, almost two years ago in a multi-man ladder match.

### Lance:

Replays show Conor absolutely eats the guardrail and breaks a part of its structure. Tyler shakes the cobwebs out of his head as he remains on both knees, then he robotically turns around and marches towards Conor.

The younger Fuse looks up at him.

**Conor Fuse:**

Dude...

Puppy dog eyes appear upon his face.

Until they suddenly vanish. Conor's demeanor is replaced with something more sinister, perhaps resembling his initial singles run versus The Deacon.

**Conor Fuse:**

IS THAT ALL YOU GOT!?

OOOOOOOOOOHHHHHHHHHHH!

Without blinking an eye, Tyler grabs Conor and tosses him straight into the ring post!

*BING!*

Conor's head hits the post and he flips inside-out before smacking the ground. Tyler marches over, scoops Conor up and Irish whips him with **BOTH ARMS** into the steel steps across the way.

*SLAM!*

Conor doesn't move. He lays right beside the steel steps as Tyler walks over-

*WHAM!*

Drop toe hold by Conor, Tyler's forehead goes into the top of the steps!

Conor rolls around on the mat, still clutching his leg. He looks over at Tyler who reveals he's been slightly busted open.

Conor gets to a knee.

**Conor Fuse:**

Conor stands on his good foot.

**Conor Fuse:**

Conor places both feet under him and screams into the rafters.

**Conor Fuse:**

GOOOOOOOOOOOOOOOOOOOOOO!!!!

He charges Tyler but Tyler catches him and delivers a sidewalk slam, distributing his brother's back across the steel steps.

WHAM!

**Lance:**

I could hear that from here!

Tyler runs a hand across his forehead to check for blood before he grabs Conor and rolls him into the ring. Tyler follows.

The elder Fuse slowly stalks Conor crawling on the canvas. Tyler cracks his head to the right, cracks his head to the left...

Rolls his head around his neck.

He pulls Conor onto both feet, forcing The Ultimate Gamer to stand on that bad leg.

**Tyler Fuse:**

Sorry, bro.

Tyler cranks his arms back-

But Conor smacks him across the shoulders.

It was a really light slap, though.

Too light.

Tyler raises an eyebrow.

**Conor Fuse:** *[grinning through excruciating pain]*

WEAPON GET.

Before Tyler can even think, Conor leaps up, grabs the OG Player by the head and runs up the turnbuckle padding. He pushes off with his right leg, flips in mid-air...

And lands CQC, Tyler's finishing move!

**DDK:**

THAT'S IT! IT'S OVER!

The Faithful stand as Mark Shields slides into position and makes the count!

ONE!

TWO!

HARD, ALBEIT LAST SECOND KICKOUT!

Tyler suddenly has Conor in a crossface!

**Lance:**

Tyler's second wind!

It's clear, however, Tyler is struggling. He doesn't have the crossface perfectly locked in, although Conor isn't that close to the ropes, either. The Power-Up King slides across the canvas, trying to drag Tyler with him.

**DDK:**

This move does not work the legs, obviously. But it's what Tyler had available to him at the time.

**Lance:**

Look at Conor moving across the canvas! He can't do it well. Once his left knee gave out, it affected so much. He's only pushing off his RIGHT leg!

**DDK:**

That's a terrific observation, partner.

Conor slowly moves across the canvas, nowhere near the speed at which he'd like. Finally, only a foot or two away... he pushes off the mat...

And snatches the bottom rope!

*RRRRRRRAAAAAAAHHHHHHHHHH!!!!*

Tyler drops the hold at TWO while his head and hands fall to the mat. Both men need a moment to recover as the crowd cheers them on.

**DDK:**

We knew it was going to be a battle, I thought it was going to be a war. We're seeing this unfold before our eyes!

Conor rolls to his right and Tyler rolls to his left. Both brothers seemingly mirroring one another's movements without even knowing. Both arrive on a knee at the same time, then a foot, then completely upright...

Tyler with a hard left hand to Conor.

Conor replies with a left hand of his own.

Thus, the two brothers go shot for shot.

And shot.

Shot. Shot. Shot.

Working the arena into a frenzy!

Finally, it looks like Tyler is getting the better of the two. Tyler ducks a left hand, rolls across Conor's back and delivers an implant DDT. Tyler stands, throws his hair back and peers into the bleachers.

Boos return. He no-sells.

**DDK:**

What in the hell is Tyler doing?

**Lance:**

Ummm... going to the top rope?

A typical no man's land for the former FS Champion, Tyler waits for Conor to roll onto a knee.

A smirk crosses Tyler's face as he squeaks out...

**Tyler Fuse:**

Weapon... Get.

Conor raises an inquisitive eyebrow.

**Conor Fuse:** [mumbling to himself]

Bro, you can't say that. You have to smack me on the shoulders and-

Tyler leaps off the buckle when Conor gets on his feet.

HEAD STOMP!

The crowd GASPS. Tyler hooks a leg.

ONE!

TWO!

KICKOUT!

**Lance:**

I was so impressed with Tyler's vertical. That's NOT something you see him do every day! He's grounded, he's a technician.

**DDK:**

Well he ALMOST beat his brother.

Tyler looks over to Mark Shields and smiles. But it's a sarcastic smile. A smile suggesting, perhaps, he shouldn't have played by Conor's rules.

He should just stick to his own.

Tyler peels Conor off the mat and then hurls his younger brother towards the ropes but before the gamer can even bounce off them, Tyler follows in hot pursuit. He chop blocks Conor in that bad left knee.

Back to the OG gameplan.

Conor goes down like he's shot. The crowd boos heavily as the view of Conor falling and Tyler standing behind him, dead-eyed locked on his brother's left leg, weighs heavily amongst The Faithful.

Tyler unloads. More ANGRY STOMPS of DOOM. He's ruthlessly working the knee, despite Conor's cries of pain.

Tyler drops to the mat, grabs the knee and then drags Conor towards the ring posts.

**DDK:**

He's not going to... there's no way...

The crowd knows what's coming.

**Lance:**

He put Kerry Kuroyama on the shelf for a full calendar year with this! TWICE!

Tyler shouts at Mark Shields to mind his own business and, unfortunately, the referee's incompetence comes into play when Mark decides he better scope out the good looking singles in the front few rows.

Tyler wraps Conor's left knee around the ring post. He slithers under the ropes and to the floor below. He wraps Conor's other leg around the post. Then he starts to position his own...

He lets go.

He hangs.

The figure four off the ring post!

Tyler tugs at Conor's right leg while applying much needed pressure on the left.

**DDK:**

Tyler's going to dislocate Conor's knee if he keeps this up!

**Lance:**

Brotherly love is out the window in competition, Keebs. Conor is learning this lesson. Hell, Tyler is learning it!

Mercilessly, Tyler pulls and pulls. He's seething as he hangs off Conor's feet, not even touching his back to the floor. Mark Shields asks some lady if she's single, she proceeds to give him the middle finger and hugs her likely boyfriend. Mark asks if threes are considered company over overkill and where they'd like to meet when the show is done.

Conor tries to sit up. He's got both hands across his face, ripping at his hair and mouth. The Power-Up King places his palms against the bottom buckle and pushes back as hard as he possibly can.

**DDK:**

The time is ticking. If Conor can't get out of this soon enough, it's going to be over!

Conor screams into the rafters as he pushes off... but barely moves away from the ring post.

...

...

And finally Mark Shields clues in. He starts a five count!

**DDK:**

Mercy!

The count reaches FOUR when Tyler drops the hold, rolls into the ring-

And shoves Mark Shields.

**Mark Shields:**

Bro!

Tyler shakes his head. Hands on his hips, he scoffs at the referee.

**Tyler Fuse:**

Christ, Mark. I told you to do something else!

**Mark Shields:**

Bro. Bro, yeah man, I know. But I have to call the match, too!

Tyler can't f'n believe it.

Meanwhile, Conor holds his left knee as a couple of tears run down his face.

**DDK:**

I think he's done, Lance. I think Conor's lost this one. I don't like the look of his knee.

The crowd is trying to will Conor Fuse to his feet, while his elder and pissed off brother continues to see red, fuming at the referee.

Conor slams the mat with his left fist. He pulls his head up and wipes away the tears of pain. He shoots to his feet, well, his one GOOD foot, as he hops around and tries to move forward.

**Conor Fuse:**

HEY! HEY, TYLER!

Conor demands his brother's attention.

**Conor Fuse:**

I said lets...

He tries to suck back the pain as best as he possibly can.

**Conor Fuse:**

FUCKING...

As he hops up and down, he hammers his chest and screams in Tyler's direction.

**Conor Fuse:**

GO!!!!!!!!!!

Conor upgraded LFG to actual words now.

Tyler snarls and charges at Conor but Conor leaps up and lands on his only leg, avoiding the tackle. Conor cries loudly as he places his left leg down, too, and readies for Tyler to charge once more.

**BOOM!**

Double knee facebuster (codebreaker) by Conor!

*RRRRAAAAAAAAAAAAHHHHHHHHH!!!*

Tyler shoots into the air and lands perfectly on his back in the very middle of the ring!

**Lance:**

Oh my god!

**DDK:**

Conor used his knees, BOTH of them, as an offensive weapon!

But Conor won't cover. He shakes his head no. He starts hammering his bad knee again. A few more tears roll down his face. He is significantly hurt.

But ALSOOOO...

He will not quit!

**DDK:**

Conor's as tough as they come. He's showing it. The guy had his arm dislocated mid-match during a World Title contest in HOW. We all know what Arthur Pleasant did to him last year and yet Fuse came back and ran Pleasant out

of town! There's no putting this kid down, even when you think he's DOA...

**Lance:**

I hear you, Keebs. I believe!

Hopping up and down, the younger Fuse looks over to the top rope.

**DDK:**

Still, with everything I just said... there's no way Conor does this!

**Lance:**

Oh yes there is!

**DDK:**

He's in no condition! But he's going to do it anyway, isn't he?

**Lance:**

Yep!

In a torment of pain, Conor hops towards a corner. Clearly he can no longer jump directly onto the top buckle. Instead, he has to climb. Something so foreign to the guy.

**DDK:**

This is taking longer than normal!

**Lance:**

No kidding. Conor's usually up there in a second and that's not an exaggeration!

The "good" Fuse slowly maneuvers himself around the buckle to face his brother. Still on 1.5 legs, he looks into the rafters and says a serious prayer, unsure if he's going to pull it off.

**DDK:**

JUMP! DO IT! HURRY!

Conor goes for it.

DARK.

PHOENIX.

SPLASH.

10/10 landing.

The arena is unglued! Conor rolls his head back and breathes a sigh of relief as he hooks a leg.

**DDK:**

NEW ACE OF DEFIANCE!

ONE.

TWO.

KICKOUT!

The gamer's eyes bug out of his head as he looks up at the referee, wondering what the hell just took place. He can't believe his elder brother survived! Nobody can, not even Mark Shields!

**Mark Shields:**

Holy fuck, dude. Maybe you're not meant to win this!

Conor slams the mat. He probably didn't hear Mark, he didn't really need to, anyway. The Ultimate Gamer continues to grapple in agony as he rolls into a corner of the ring. He looks at the top buckle and he slams the padding.

**Conor Fuse:**

Power up.

Conor hobbles (significantly hobbles) over to a second corner. He whacks the top of that buckle.

**Conor Fuse:**

Power up!

The former Tag Team Champion uses the ropes to guide him towards the third buckle. Of course, he slaps the top of it.

**Conor Fuse:**

POWER UP.

And then the gamer makes his way to the fourth and final buckle. He hammers it as hard as he can. He hammers it over and over and over and battle cries into the rafters.

**Conor Fuse:**

POWER UP!!!!!!

Conor sees Tyler getting to his feet...

But then Tyler falls back down.

Conor watches Tyler trying to get back up again.

But falls back down.

Conor can't help but stay in the corner for another moment or two as he processes the information. The Second Player looks concerned.

Tyler tries to stand up. This time, however, he's barely on his knees. He looks glossy eyed and DOA.

Conor looks conflicted. He takes a moment and then sprints forward, leaping into the air and directing the heels of his sneakers into Tyler's skull.

**HEAD STOMP.**

Thump.

But Conor doesn't land on anything.

Just the mat.

Tyler creeps up from behind him. All of a sudden, he doesn't look as hurt or DOA as originally intended.

Tyler rolls Conor up into a textbook small package!

Mark Shields counts.

ONE.

TWO.

THREE!

The crowd is shocked as Conor kicks out, one millisecond too late.

***DING DING DING***

**DDK:**

Is it over!?

The air is sucked out of the arena but no theme song plays. Referee Mark Shields exits the squared circle and finds Darren Quimbey. The two converse, as Darren nods and then raises the mic to his face. Meanwhile, inside the ring Tyler stoically rests in a corner while Conor sits, rocking slightly back and forth in the center of the canvas.

**Darren Quimbey:**

The winner of this match... and the NEW ACE of DEFIANCE... TYLER FUSE!

The crowd boos. Tyler doesn't express any emotion. Conor, on the other hand, is devastated.

♪ "300 Violin Orchestra" by Jorge Quintero ♪

Mark Shields takes the ACE of DEFIANCE chip and slides into the ring. Tyler pulls himself upright with the use of the ropes, snatches the chip from Mark's hand and then walks to the center of the ring, looking directly down at his brother.

Tyler's theme music shuts off.

The announcers stay on radio silence as Tyler merely stares down at his brother, and Conor looks up at him while holding his bad knee.

Surprisingly, Tyler offers his hand.

Conor looks at it. Then he looks down at his knee. Back up at Tyler. Knee again. Tyler. Knee. Tyler. This could take a while.

Conor closes his eyes, grabs Tyler's hand and is helped to his 1.5 legs.

Some of the crowd cheers as Conor leans forward and whispers something to his brother. Tyler nods in return and exits the ring as he walks up the rampway while his theme song resurfaces.

Conor claps for the elder Fuse but stops to point down at his knee, trying to make the best of it with a lighthearted "you're a dick" comment. Tyler looks to say something along the lines of "I know" before reaching the top of the rampway and exiting completely.

Tyler's theme song closes.

And a round of applause for Conor Fuse begins.

**DDK:**

He tried. He's come so very close a number of times. It has to be heartbreaking for the guy.

**Lance:**

Oh absolutely. You can see it on his face!

Conor claps to the fans, thanking them for their support.

Fuse slowly limps towards the ropes, as Mark Shields tries to help him out-

Just then, SCOTT HUNTER comes racing out from the back dressed in street clothes, with a ridiculously gaudy

sequin jacket on over a Twisted Sister tour t-shirt. Conor stops where he is by the ropes with Mark Shields holding him steady, a frown coming across his face.

**Lance:**

What the hell is this goofball doing???

**DDK:**

Well... he's been interacting with Conor Fuse the last couple of shows for no reason that I can imagine. I really don't know...

Scott reaches the ring apron right under where Conor is standing and surveys the situation. He looks up at Conor, then to Conor's knee, then up at Conor, then to Conor's knee. It feels like we just did this. Then, an idea flashes across Scott's face. We can tell it's an idea because there is also smoke coming from his ears.

Scott reaches into his jacket pocket, wipes some glitter away and pulls out what appears to be a band-aid.

**DDK:**

Oh God, what is this? What is this?

There is some murmured laughter as Scott takes the band-aid, peels off the backing, and then applies it to Conor's injured knee.

**Lance:**

That better be non-stick or that's gonna hurt like hell when Conor pulls it off!

Conor is not amused, and somehow Scott gets the message, holding his hands up, begging off.

The lights come up as the music keeps playing. Cecilia flips her hair back and smiles a deep smile toward the ring. Behind her, Dan Ryan stands in all his glory with all the flashing lights reflecting off his dark sunglasses. He stares up at Conor in the ring.

Conor's mouth drops open slightly, and he blinks, not really believing what he's seeing.

## DEFCON AGAIN

Christie Zane stands in front of a DEFCON banner, mic in hand. Dressed for the occasion, she smiles into the camera. On either side of her stands Brock Newbludd and Pat Cassidy - The Saturday Night Specials. They're dressed for their upcoming match and eager for battle. Noticeably, Cassidy sports the remnants of a shiner on the same eye that Henry Keyes targeted several weeks ago.

### Christie Zane:

Brock, Pat - we are moments away from your showdown against Henry Keyes and Lindsay Troy of Vae Victis. At DEFtv 201, we saw the pair launch what can only be described as a brutal attack against you both, with noticeable viciousness toward you, Pat.

Cassidy waves dismissively.

### Pat Cassidy:

Please, Zane. You think that was a big deal? When I was thirteen, I snuck into O'Malleys on Archdale and got my ass beat by the forty-year old O'Malley brothers. When I was nineteen, I took out six [BLEEP]in' [BLEEP]bags at a Umass Frat party before the other fifty-four took turns slamming my head into the pavement. Hell, two years ago The Lucky Sevens showed my [BLEEP]ing arm in a car door and gave me this wonderful steel plate.

Cassidy holds up his left forearm.

### Pat Cassidy:

Point is Christie - getting my ass kicked ain't no thing. At this point it's like breathing the air. What Keyes did to me was like a 6.8 on the Pat Cassidy scale, and I'm pretty sure my Aunt Molly kicks harder. The only thing these fools never learn is if you're gonna put me down, you'd better make sure I stay there. All they've done is piss me off... and they're about to find that out.

Nodding his head in agreement, Newbludd puts a fist up and Cassidy bumps it. Christie looks up at him for her next question.

### Christie Zane:

Brock, it's been almost a year since you've competed in the ring after having major surgery on your lower back. Tonight, SNS reunites on the biggest show of the year, in a match where anything goes and anything can happen. I can imagine there's a lot of pressure on you right now. Where's your head at in these final moments?

### Brock Newbludd:

Still attached to my neck, Christie. Which is something you might not be able to say about Troy and Keyes once your boys are done with them tonight. And as far as pressure goes, you're damn right I'm feeling it. This moment is one that I've been working towards since the first day of rehab and nothing was going to stop me from being here.

Newbludd points a finger at the camera and smiles.

### Brock Newbludd:

Good luck.

The buzzing inside of the arena intensifies as the cameraman backs up a few steps to capture the entirety of the bright logo.

The two adrenaline fueled partners bump fists and begin to weave their way through the rabid crowd. It's a hectic scene as they move through the sea of Ballyhooligans. One female fan manages to get ahold of Cassidy and plants a kiss on his cheek. Behind him, Newbludd has somehow procured two full glasses of beer and he raises both of them up high in the air as he trails his partner. INVITE YOU TO  
THE BESTIES MURDER PARTY**

It's not Wednesday, but that's not stopping the pink and blue beacons from FLOODING the arena. Lindsay Troy and Henry Keyes step out, and boy are their ... party outfits? ... **EXTRA**.

They are wearing a matching set of long pink ... robes? ... with white and blue sparkly tiger stripes and trains that extend far behind them to the curtain's entrance. On their right shoulders is a large blue fabric detail; at first glance, it looks like an ornate flower, but upon closer look it's actually a pile of fluffy pancakes. On their eyes? Gigantic pink, black, and gold shades that glitter under the lights.

This is a look more apropos for the Met Gala. The fabric choices are angular. The pancake poofs are inconvenient for maneuvering. But god damn is it **FASHION, SWEETIES**.

Sonny Silver is behind them in a deep pink suit that we wouldn't call "tasteful," but it's certainly less garish than the outfits Keyes and Troy are donning.

**Sonny Silver:**

Don't even bother opening your mouth, Quimbey, you already know the drill. We have no time to waste, ladies and gentlemen, because this is DEFCON!! The Besties in the World, the Co-Consuls of Vae Victis themselves, "The Queen of the Ring" Lindsay Troy and "The Kraken" Henry Keyes would like to welcome you all to...the BESTIIIIIIIES MURDER PARTYYYYYYYYYY!"

As they make it to the ring, Keyes and Troy exchange a glance and share knowing smiles that turn sinister in a hurry. As if they were warm-up pants at a basketball game, both Keyes and Troy grab their outlandish...overcoats?...at the chest and pull, which removes them in an instant to reveal their actual fighting gear - crown imagery for the GOAT, gears and tentacles for the Pancake Man, all in pink and blue and white.

Sonny Silver decides that this is a party best viewed from backstage and he makes his exit. Troy saunters in the direction of Brock Newbludd, eyes narrowing at the prospect of One Of Two Planned Murders At This Party. Keyes and Cassidy sprint at each other!

Before the last ring of the bell finishes echoing things explode in the ring as Cassidy and Keyes charge at each other. **Lance:**

Cassidy and Keyes are wasting no time! They're both throwing absolute bombs at each other!

Meanwhile, Brock Newbludd and Lindsay Troy lock eyes as they approach each other with raised hands. Troy flashes Newbludd her signature smirk and Brock mocks her with a smirk of his own while also giving her a cheer-inducing pair

of middle fingers. Slapping a shoulder, Brock beckons her in and she obliges, leading to a stiff collar and elbow tie-up.

**DDK:**

Newbludd and Troy jockey for position in the center of the ring while across from their partners continue to hammer on each other with neither man taking their foot off the gas.

As Brock uses his strength advantage to drive The Queen into the nearest corner, The Kraken cracks Cassidy with a resounding chop that sends Cassidy stumbling back into the ropes.

**Lance:**

Thunderous chop from Keyes and Black Out is dazed! Now, The Kraken's winding up...

Taking a quick step back, Keyes winds up and unleashes a high-velocity spinning back elbow aimed at the side of Cassidy's head. The Scrapper from Southie's street fighting instincts kick in and he ducks underneath the elbow, retaliating with a solid knee to Keyes' midsection. Doubling him over, Cassidy follows up with a well-placed elbow to Henry's neck.

**DDK:**

Precision elbow by Pat Cassidy. He drove it squarely into the back of Keyes' neck.

**Lance:**

That it was, partner, the back of the neck is a tender spot on any competitor, even one as tough as The Kraken.

While Cassidy follows up with a flurry of smacking forearms to Keyes' back, Lindsay Troy slips free from the corner with a quick go behind on Brock. Pushing Newbludd forward so that he bounces chest first into the turnbuckles, The Murder Buzzsaw winds up and nails him squarely in the lower back with a STIFF kick.

**Lance:**

It didn't take the cagey Queen of the Ring to target Newbludd's surgically repaired back, which was a huge question mark coming into DEFCON. It's been almost a year since Milwaukee's Beast has been inside the squared circle taking shots like that.

The blow causes Brock to grit his teeth in pain and grab the top rope to steady himself. Smelling blood in the water, Troy doubles down on her efforts and nails him with a second kick, this time bringing Newbludd down to a knee.

After finishing off his barrage of right hands by dropping to his knees and cracking his keeled-over opponent with an uppercut to the jaw, Cassidy pops back up to his feet and reaches for the stumbling Keyes. In a sudden burst of adrenaline, The Kraken charges forward and catches Cassidy with a surprise lariat. Pumping his legs, Keyes keeps pushing forward and both men flip over the top rope courtesy of a cactus clothesline!

**DDK:**

Keyes and Cassidy are up and over and...wait...they both landed on their feet!

Now down on the floor, Keyes's eyes go wide in surprise at Cassidy still being upright and he immediately lashes out with another lariat and hits nothing but air after a last-second duck by Cassidy. Popping up behind his rival, Cassidy grabs Keyes by the back of the head with both hands and promptly smashes his face into the ring apron.

**Lance:**

The Kraken's been stunned and Cassidy follows it up with a side Russian leg sweep, driving the back of Henry Keyes's head into the floor!

At the same time, inside of the ring, Lindsay Troy grins as she takes a few steps back and watches as Newbludd pulls himself up with his back turned in the corner. Resembling a cat ready to pounce on unsuspecting prey, The Queen of the Ring waits for the perfect moment to strike and charges in.

Letting out an audible grunt, Milwaukee's Beast prevents Keyes from following through with the suplex and pushes with everything he has. The sudden shift in momentum forces Keyes to bring Cassidy down to the floor. The second his feet touch the ground, Black Out hits a snap suplex that sends Keyes crashing into the barricade!

The stiff strike nearly sends Brock flipping over the ropes and a second roaring elbow finishes the job, sending him over the ropes and down on the floor.

**DDK:**

Troy caught Newbludd clean with both those shots!

Crashing to the floor, Milwaukee's Beast manages to pull himself up with the ring apron and staggers drunkenly as he tries to shake the cobwebs out. Troy's eyes light up at the sight and she immediately sprints towards the opposite set of ropes. Bolting across the ring with a full head of steam, The Murder Buzzsaw baseball slides underneath the bottom rope and latches her legs around the stunned Newbludd's head. Violently twisting her body in the air, Troy sends Newbludd flying face-first into the barricade!

**Lance:**

Beautiful sliding head scissors by Troy! Newbludd ATE the barricade!

Pushing herself up with a grin, Troy moves in towards the laid-out Newbludd only to be blindsided with a forearm to the head by Cassidy. The blow causes her knees to buckle and Black Out quickly follows up by lifting Troy off her feet.

**DDK:**

Cassidy saves Brock from further punishment by cracking her with that steel-plated forearm of his and now he's got her sky high for an atomic drop!

Suddenly Cassidy turns towards the barricade and steps towards it, dropping Troy as he does.

**Lance:**

Uh oh.

Unable to react quickly enough, Troy is helpless as she lands split-legged on top of the barricade!

OOOOoooooOOOOOOoooo...

With Troy straddling the guardrail, Cassidy pumps a fist to the crowd as he steps back and lines up with her. Before he can follow through with taking her head off, Cassidy is grabbed from behind by Keyes. Rear waist lock applied, The Kraken sends Cassidy flying with a release German suplex!

Troy's shaking the cobwebs out from that steel plate-assisted forearm shot as she gingerly slides off the barricade back down to her feet. With Cassidy down for the moment, she calls Keyes over to help her deal with Newbludd.

**Lance:**

Whatever Lindsay is thinking here, it's not going to be good.

Brock had been slumped against the barricade himself, and as Henry stomps over the Besties in the World each grab one of the Innovator's arms. With a mighty heave, they yank him off his feet and send him careening into the ring steps!

**CRASH!!!**

Keyes is looking to hit something big here.

**DDK:**

Devastating knee drop from Keyes, targeting Brock's back! Newbludd is in some serious pain right now.

The Faithful cheer in approval at the failed pin, causing Troy to smirk arrogantly as she drags Brock off the mat. Keyes beckons for his partner to feed him and she obliges by irish whipping Newbludd his way. Catching him, The Kraken delivers his signature tilt-a-whirl backbreaker, leaving Brock writhing in pain on the mat.

**Lance:**

Nobody delivers a backbreaker with as much impact as Henry Keyes. Newbludd just learned that the hard way.

On the outside of the ring, Cassidy begins to stir after being rocked with The Kraken's German suplex as Vae Victis circles around Brock like a pair of hungry wolves. Keyes moves in and roughly grabs Brock by the back of the head to begin to bring him up to his feet. As he does, he points to a corner and Troy smiles maliciously as she makes her way over to it. The Queen of the Ring quickly unties the middle turnbuckle pad and tosses it down to the floor.

**DDK:**

Lindsay Troy just removed the turnbuckle pad to expose the steel underneath it. This isn't looking good for Newbludd.

Troy quickly exits the corner and the second she does, Keyes puts all of his considerable strength behind an irish whip that sends Brock careening towards the corner. Milwaukee's Beast SLAMS into the turnbuckles and immediately cries out in pain as his lower back collides with the exposed steel!

**Lance:**

Vae Victis is relishing every second of this.

Keyes wastes no time in following up as he races in and drives his shoulder into Brock's gut, causing his back to smash against the turnbuckle for a second time. Roughly yanking Newbludd out of the corner, Keyes spins Brock around while Troy sprints along the ring apron and begins to climb up. ## FIST of DEFIANCE: DEX JOY (C) vs. MALAK GARLAND

Even after all that, there's still that classic DEFIANCE DEFCON buzz in the arena as everyone knows there's only one last conflict requiring resolution. It also happens to be the biggest one remaining. You know, for all the marbles. The mist in the upper sections of the arena is thickening, signaling an epic night has been had up until this point but the moment everyone has truly been waiting for has finally arrived.

### DDK:

Faithful, this is your DEFCON main event!

All the lights in the arena soften except for the lights and screens on the left side of the entranceway. The CGI footage of snow falling on the video boards that's been playing all night gains vigor, indicating who is about to arrive. Suddenly, a women's basketball team storm the stage. They're all bouncing orange basketballs, blowing their whistles and wearing special "RUIN THE STORY" Malak DEFCON shirts. Then, a woman who closely resembles none other than Fergie from the Black Eyed Peas takes center stage.

His gear is hidden under a sparkling blue robe adorned with feathers and the finest fake jewels available. The women pick up their intensity in terms of basketball dribbling as Fergie belts out the classic lines to MALAK-LICIOUS (so delicious). Garland soaks in his grandest entrance of all time, looking out towards the sea of unamused people. There's an undertone of groans throughout the arena as Malak makes his purposeful march, step by step down the ramp as the basketball girls shake their booties for all they're worth. The back of his robe says 'RUIN THE STORY' in beautiful handwriting.

**Lance:**

Well now I've seen it all, Darren.

Malak stands at the bottom of the ringside stairs. He calls over to Mark Shields who is already in the ring. Garland demands Mark hold the ropes open for him and everyone watches as the zebra pries a big opening between the ropes. Fergie is relentless with busting moves as Malak climbs into the ring. He does a little warm up lap before reaching his arms out to the sky, imagining everyone chanting his name. In reality, he's unpacking so much heat there's no need for a microwave within a one hundred foot radius of the arena.

**Darren Quimbey:**

Fergie finally wraps up her song before blowing a kiss towards the ring and walking off. Malak is meticulous with checking the ropes for flexibility and staying limber.

ONE!

TWO!

**DDK:**

DEX IS UP!

Not only does Dex get up but he does so with Malak in his clutches!

**Lance:**

DEX DRIVEEEEEEEEEEE!

SLAM!

The Faithful watches on as Dex smashes Malak's back into the canvas but he can't make the cover right away. He clutches his neck in immense pain. The fans try to will him on but the crawl to a cover is daunting at best.

**DDK:**

He's almost there!

**Lance:**

Just a little further!

Dex throws his arm across Malak's beating chest. Mark Shields counts.

ONE!

TWO!

TWO POINT NINE NINE NINE!!!!!!!!!!

**DDK:**

HE ALMOST HAD IT!

**Lance:**

The amount of time it took Dex to crawl over and pin Malak gave the challenger JUST enough time to recover. Another microsecond and this match would have been over.

Things seem to hit another gear as both men, tired as dogs continue to push each other. Malak slaps Dex. Dex retaliates with a package piledriver!

**DDK:**

THY KINGDOM COME! That's Lindsay Troy's finisher! That's who Dex Joy BEAT to become champion!

Somehow, Malak springs up in almost BETTER condition than before the piledriver!

**Lance:**

What in the world is going on here!?

Malak, with all his might, whips Dex Joy into a crucifix powerbomb! Everyone is stunned at the feat of sheer strength and determination!

**DDK:**

ALTER CALL! That's Deacon's finishing move! The same man who defeated Malak to retain the FIST when Garland last challenged for the belt at MAXDEF 2022!

Now it's Dex who gets right back up and nails Malak with a high impact DDT!

**Lance:**

EVENFLOW! STALKER'S MOVE! They are one-by-one going through the previous FIST of DEFIANCE champions finishers!

The odd ode to champions of the past continues as Malak pulls his broken skeleton to his feet. He screams before lunging at Dex and crushing the champ's skull with a running double knee shot.

TO.

THE.

NECK!

**DDK:**

GAELIC STORM!!!

**Lance:**

UNBELIEVABLE!

Joy looks out cold. Malak waits. Mark watches. So does everyone else.

**DDK:**

Is this over!?

JOY!

JOY!

JOY!

JOY!

The hometown crowd GETS BEHIND the fallen CHAMPION and gosh do those chants work their magic. Somehow, some way, Dex Joy pushes his body off the canvas. Infuriated, Malak runs towards Dex once more.

**DDK:**

Incoming!

With each step Malak takes, a fond memory shoots through his mind. He remembers stepping foot in a DEFIANCE ring for the first time. He was green. He was new. He was the most fickle crybaby known to man. Him and Cyrus took on Thugs 4 Hire in his very first match at DEFCON 2020. Now, four years later he finds himself charging towards the FIST of DEFIANCE, Dex Joy, in the title match to decide all title matches.

WHACK!

**DDK:**

I TRIGGER!

Pin.

ONE!

NOOOOOOOOOOOOOOO!

**Lance:**

A ONE COUNT!

The arena nearly comes UNGLUED! Blood, both running and crusty, stains Dex's face. The champion surges. Malak covers up. Dex grabs Malak and swings him into the corner. Now it's the champ who is running towards the challenger! With each step Joy takes, moments of Dex's early career shoots through his mind. It might have seemed like nothing at the time, but on a late November night in 2019, Dex Joy secured his first ever victory in DEFIANCE on UNCUT, and just like what he is doing now, he downed his opponent, Cristiano Caballero with-

**DDK:**

DEX'S MIDNIGHT RUNNER!

The thunderous body splash in the corner echoes throughout the arena, if not, the entire land. A mellow Malak Garland falls to the canvas like jelly.

**Lance:**

This battle has been incredible!

Dex hooks a leg.

ONE!

TWO!

**DDK:**

Malak counters with a small package!

ONE!

TWO!

NO!

The crowd is ood and awed as both men rise to their feet. They smash into each other, shoulders first like a pair of stubborn rams. No budge. Then they clothesline each other like a couple of angry apes. Neither falls. Then they shoot off the ropes and both hit crossbody blocks, knocking the wind out of each other! They clutch their respective ribs as they rise up, looking to go at it once more.

**DDK:**

RELENTLESS PACE! THESE TWO ARE LEAVING IT ALL IN THE MIDDLE OF THE RING AND EVERYONE HERE IS LOVING IT!

Dex swings wildly and Malak ducks it, comes up and grabs the champion in a full nelson from behind.

**Lance:**

Malak deposits Dex to the mat, head first YET AGAIN!

An elbow drop gets followed up with a senton splash and then Malak locks in his FOMO camel clutch!

**DDK:**

THIS IS HOW HE BEAT FLYING FRENCHIE!

**Lance:**

But one of his goons isn't here to make Dex Joy tap out.

Mark Shields slides into a critical position, asking if Joy gives up. There is no quit in The Biggest Boy. Joy's arms are trembling as he tries to power himself out of the latest predicament he finds himself in.

**DDK:**

DEX LOOKS LIKE HE'S IN A BAD, BAD WAY!

He tries to claw at Malak's grip with his fingers but it's of no use. The fans refuse to give up though.

**Lance:**

HE'S CRAWLING!

Carrying the weight of a snowflake on his back, Dex makes it to the ropes where he collapses on the middle rung. Mark Shields ensures a clean break occurs. Malak finds himself on his rear, legs bent, arms hugging them and wondering just what will it take to put Dex Joy out of his misery. If that's even possible at this point.

Dex gazes back at Malak from over his shoulder. He's lost a lot of blood and fought with more valor than most. He watches intently as Malak wipes the gloss from his face. The challenger's moppy hair is all over the place.

**DDK:**

I TRIGGER! Malak just skewered Dex's face with his knee once more!

It's not enough. Malak grabs Dex by the arms and pulls him up for more.

I Trigger. Again.

I Trigger. The third in a row.

Malak shouts to the stars.

**Malak Garland:**

I'M [EXPLETIVE] GOING TO END YOU! RUIN THE STORY!!!!!!!!!!!!!!!!!!!!!!

I TRIGGER!

THE FOURTH AND FINAL TIME!

The last time Malak plunges his knee into Dex's neck, he lets his leg linger there until the champion's body peels itself from his kneecap. It's almost dead quiet now. An abundance of devastation, worry and concern consumes the crowd like an AVALANCHE. Malak smirks. He stumbles backwards and points at Dex Joy. He then looks at Mark Shields and winks as if he's 'got this.'

**DDK:**

This isn't looking good!

**Lance:**

I-I don't think Dex can defend himself anymore but it looks like he STILL wants to fight!

Garland rushes in with another I Trigger.

BLOCKED!

**DDK:**

WHAT!?

He tries again.

Blocked AGAIN!

*RRRRRRRRRAAAAAAAHHHHHHHHHHHHHHH!*

**DDK:**

HERE COMES DEX JOY!

HE ROCKS THE CHALLENGER WITH A LARIAT OUT OF DESPERATION!!!

**DDK:**

LARIAT! LARIAT! DEX JOY HITS THE LARIAT! HOW THE HECK IS HE STILL GOING?!

**Lance:**

I THOUGHT WE WERE ON OUR WAY TO A NEW CHAMPION, BUT THINK OF WHERE WE'RE AT! THINK OF WHO HE'S FIGHTING FOR! EVERYONE!

Malak stays down and that means Dex goes up! He goes slowly. His neck feels like sand has been poured into his joints and like it's on searing- hot fire!

**DDK:**

THE JOY BUZZER!!! THIS WON HIM THE SOHER! THE FIST OF DEFIANCE! IT PUT TROY OUT FOR THREE MONTHS! HE DEFEATED ED WHITE! NED REFORM! AND I THINK WE'RE ABOUT TO SEE MALAK GARLAND ADDED TO THE LIST!!!

The Biggest Boy makes the biggest leap ...

**JUMP FOR JOY!!!**

He misses.

THUD!

**Lance:**

MALAK ROLLED OUT OF THE WAY!

DEX CRASHES TO THE CANVAS!

**DDK:**

NO WAY! MALAK HAD ENOUGH TIME TO MOVE! AND HE'S BACK UP!

Malak sees his chance and seizes it.

I TRIGGER!

The Snowflake Superstar collapses to his knees, but it's clear that Dex Joy is somewhere between dream street and the land of nod! He doesn't even know where he is when he gets up but that gives Malak one last chance to finish things!!! The DEFIANCE Wrestling Faithful can't believe it!

I TRIGGER TO THE BACK OF THE HEAD!

The most vicious, unprotected shot delivered yet!

**Lance:**

ANOTHER I TRIGGER! ANOTHER I TRIGGER TO THE BACK OF THAT NECK FOR GOOD MEASURE! WHEN WILL THIS STOP!? MALAK HAS GONE MAD!

ALL DEX CAN SEE IS BLACK!

MALAK HAS TO ROLL HIM ONTO HIS BACK!

AND THE PEOPLE ARE WATCHING IN HUSHED AWE!

MARK SHIELDS SLIDES IN FOR THE COUNT, SMASHING HIS HAND DOWN ON THE CANVAS IN DRAMATIC FASHION!

ONE!

TWO!

**THREE!!**

**DING! DING! DING!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!**

Stunned.

Silence.

Mark Shields calls for the bell. It all happens so quickly. A moment you look forward to for so long and it happens so fast. Within three seconds, to be exact. Dex Joy lays there, out cold. The unthinkable has just happened.

**DDK:**

UN-UNREAL!

## HELL HAS FROZEN OVER

The match is over.

Energy slowly dissipates from the arena.

The unthinkable has indeed happened.

Malak sits up, still glistening in sweat. His breathing is heavy as Dex Joy remains downed and off to the side.

### **Darren Quimbey:**

Faithful, the winner of this match and **NEEEEEEEEEEEW** FIST of DEFIANCE, Malak Garland!

Quimbey's voice echoes through a hollow arena of Faithful. Garland can't help but smile. He chuckles to himself for a few moments in disbelief that he just accomplished the greatest goal of his career before noticing Mark Shields walk over to the edge of the ropes to retrieve the championship belt. To retrieve HIS championship belt. His eyes watch intently as his newly won prize is brought to him like a butler serving the most delectable cut of steak on a platter to a VIP.

### **Mark Shields:**

Here you go, Malak. It's yours. I am so damn proud of you. Can I go home now?

### **DDK:**

Well, I never thought we'd see the day. He did it. Malak wins. We lose. It took MANY I Triggers to put Dex Joy away and let the record show that Dex was DEFIANT to the end, putting up an INCREDIBLE fight!

### **Lance:**

That was an insane match, Darren but now that Malak is champion, you and I should think about putting in our two weeks notice tomorrow.

Mark Shields gladly extends the belt outwards at Malak who simply shrugs it off. Malak gets up and brushes the belt out of the confused referee's hand all in one fell swoop, much to the surprise and then the resentment of the remaining crowd who didn't make an immediate beeline for the exits. Many of the fans are trying to file out of the arena as quickly, quietly and somberly as possible due to the level of embarrassment they just suffered. A few small children wearing Dex Joy apparel are crying as their parents are trying to pick up the pieces of a shattered night. A desecrated night. A RUINED story. Yet most are able to make a free run to the exits. Meanwhile, in the ring, Malak walks AWAY from the richest prize in wrestling, in favor of his phone which is sitting innocently for him on the apron.

### **Lance:**

That's not disrespectful at all or anything. Especially considering the three types of hell both men had to endure to get to an outcome tonight.

Malak needs to satisfy his desire to doom scroll as he is given the ring to himself after a masterful performance. The belt waits for him on the canvas as if it has become a piece of meaningless luggage instantaneously. Instead, the Snowflake Superstar is enamored with his electronic device. He's on HIS time now, after all. Malak stares blankly at his phone as he oddly doesn't have any interest in celebrating.

### **DDK:**

This might just be the saddest, darkest day in the history of DEFIANCE. What just happened, Lance? This is crazy.

Everyone left in attendance are on their feet. Many with hands on their hips and disappointment on their faces, trying to figure it all out. It's as if they've all been collectively punched in the gut. Some attempt to shout obscenities until they notice Malak is completely oblivious to them, within the safety of his phone bubble. This was not the ending anyone ever expected or dreamed of. The dream, the reign, the era of everyone has now become a RUINED nightmare.

### **Lance:**

I am truly speechless, Darren.

The broadcast shot cuts to an exterior blimp view of the arena. At first, a few slow pyrotechnics go off from the roof followed by rapid fire, celebratory explosions of JOY that light up the night sky. Walking pedestrians can be seen filing out of the arena when each firecracker explodes in open air. Meanwhile, a double feature shot eventually cuts in, showing Malak Garland unmoved from his doom scrolling position. Expensive fireworks continue to fill the air as this awkward moment carries on. Malak just continually swipes at his phone as the show is over and the last few people leave the arena with sadness in their hearts and fear on their faces. Garland neglects touching the belt at all. The crescendo of fireworks comes to a head as big, loud, booming rockets set off in the air.

**DDK:**

Sadly, we're out of time. We'll see you all next time, if there is a next time.

The DEFIANCE signature chyron flashes as calm chaos has injected itself in the very lifeblood of DEFIANCE. What will come of this new championship reign? Do we even want to know? The only thing we know for sure is that Malak Garland is the NEW FIST of DEFIANCE.

Shit, guy.

Shit.

**THIS.**

**WAS.**

**DEFIANCE.**
